Looking Backward

1923—FORTY YEARS AGO

Miss Myrtle Helgeland of TRF won top honors in breadbaking at the Minnesota state fair.—M. N. Benson was named manager of the People's Co-op Store.—A total of 380 students were enrolled in Lincoln high school.—Harvesting of 800 acres of sugar beets in the TRF area was getting under way. —Mrs. C. A. Robbecke left for Yakima, Wash., after a visit here with her daughter, Mrs. G. W. Booren.

1933—THIRTY YEARS AGO

Pennington county residents voted 1399 to 1114 against repealing the 18th (prohibition) amendment. —Mrs. Oscar Smith succeeded Mrs. J. M. Bishop as head of the local Legion auxiliary.—The First National bank, which had been operating on a restricted basis since the bank holiday last spring, was placed in receivership by the comptroller of the currency in Washington, D. C.

1943—TWENTY YEARS AGO

Joel B. Nyquist of Warren is opening a machine shop in TRF.—Lt. Donald G. Nelson, son of Mr. and Mrs. A. T. Nelson of River Valley, was reported killed in the Near East.—Rev. V. L. Peterson, pastor of the First Baptist church, resigned to accept a position with the Midwest Jewish Mission in St. Paul.

1953—TEN YEARS AGO

The Shrine Oriental band of TRF, headed by Russ Embury, participated in a meeting of the Midwest Shrine assn. in Minneapolis.—A quota of $12,154 has been set in the Community Chest drive opening Oct. 5.—More than 100 officials from 15 towns attended a regional meeting of the League of Minnesota Municipalities in Zion church.—Roy Langevin was reelected secretary of the Northern-Region Firemen's assn. at a meeting in Crookston.

Over the past fiscal year, Minnesota residents have contributed about two million pounds of American farm abundance to the world's needy through CARE, including enough dried milk to make 6½ million glassfuls.

PUBLIC OPINION

Editor
Thief River Falls Times
City
Sir:

By now I should know that your allergy to Civil Defense is one that defies both diagnosis and cure. However, your recent editorial compels me to inject another needle in a never-say-die attempt.

Undoubtedly you have been exposed to the findings of the Congressional Committee headed by the Honorable F. Edward Hebert on the subject of fallout shelters. Their original attitude of indifference and outright hostility was perhaps almost as myopic as yours. Yet, after extensive, tolerant hearings, they endorsed a program to bolster the nation's defense posture.

Survival of the civil population must be an obvious requisite in supplying the military with the tools of protection and reprisal in the event of armed conflict. This was incontrovertibly proved in World War II. It will be immensely more important in a future war. Its feasibility has been sanctioned by the President, the Department of Defense, the Governor's Conference and innumerable federal, state and local organizations.

The attitude of inevitable defeat, inevitable mutual destruction, felt by so many Americans, is not compatible with the spirit of this country in surviving a host of crises throughout our history. It ill becomes us now. We fervently pray for lasting peace but we should not let new and awesome weapons make us cower in abjection.

Civil Defense is a necessary part of any government on any level. It is: by legislation. It should also be by the voluntary enlistment of every citizen concerned with the preservation of the Republic.

We are forced to concede that we have not been totally successful in our efforts to date. This does not tarnish the righteousness or integrity of the Civil Defense program. More and more people are emerging from the lethargy of indifference. This change is most healthy and most welcome.

Sincerely your,
Ken Gustafson

Marvin L. Kline Is Given Prison Term

Sentenced to 10 Years In Sister Kenny Fraud

Marvin L. Kline, former executive director of Sister Kenny Foundation, and five co-defendants tried for fraud were sentenced to prison terms of up to 10 years Friday in Minneapolis.

Judge Edward J. Devitt of U. S. District Court also ordered fines of up to $17,000.

The six were convicted last June of conspiring to defraud the foundation in a direct mail fund-raising scheme netting them millions of dollars.

The sentence of Kline, a former Minneapolis mayor, was for 10 years and will run concurrently with a 10 year term he faces in Stillwater Prison. That earlier sentence followed conviction in Hennepin County District Court in connection with the same case.

Judge Devitt called the defendants "greedy... avaricious... unscrupulous conspirators."

'64 International Odd Fellows Meet in Minneapolis

Oakford Schalick, the sovereign grand master of the International grand lodge of Odd Fellows, announced, at the 1963 convention of Odd Fellows in Louisville, that Minneapolis has been chosen for the site of the 1964 convention.

James Lombard, director of concerts and lectures at the University of Minnesota, has been chosen general chairman of the convention. This is not a new undertaking for Mr. Lombard as he was also general chairman in 1948 when the international convention met in St. Paul.

This convention will bring approximately 2,500 people to Minnesota from every state in the Union, Canada, Australia, New Zealand and Europe.

M. & O. Paper Co. Cites Efforts vs. River Pollution

Outlines Campaign at Hearing Held August 28 at International Falls

Modernization and improvement plans of the Minnesota and Ontario Paper Company include many projects associated with the company's multi-million dollar effort to reduce the discharge of waste materials into Rainy river.

Mando president Robert Faegre, appearing at a public hearing of the International Joint Commission at International Falls Aug. 28, described the following major improvements now in the planning, engineering or construction stages:

Installation of an additional steam boiler designed to use as fuel all bark produced at International Falls and Fort Frances mills.

Rebuilding a Fort Frances facility for the more efficient separation of bark and waste wood from mill water.

Providing facilities for recovering and storing for reuse the major part of fiber now being lost to the river from the Insulite mill.

Modification of the Falls sulphite cooking chemical plant so as to utilize in operations somewhat over half of the calcium carbonate currently discharged to the river.

Connection of remaining Falls mill sanitary sewers to the municipal treatment system, and connection of Fort Frances mill sanitary sewers with municipal treatment plant now being constructed.

Mando engineers have found many ways to reduce losses in recent years. Process improvements have resulted from installation of fiber save-alls, improved screens, defibrators, stock thickeners and more effective recirculation systems. A costly bark recovery system in operation for many years, while not completely effective, has kept a great quantity of bark from entering the river. Millions of gallons of sulphite waste liquor have been put to use as road binder.

In the area of domestic pollution Mando, as the principal taxpayer of the area, is sharing a major part of the cost of construction of municipal sewage plants.

Plummer Bows to McIntosh 28 to 20

Plummer Holds 13 to 0 Lead During Second Half

The McIntosh Macs rallied in the second half to defeat the Plummer Cardinals, 28 to 20, in a Tri-County conference football game played at Plummer on Friday.

The Cardinals, with Marv. Walter scoring a pair of touchdowns, one on a 48-yard run, held a 13 to 7 lead at the intermission. Plummer held a 13 to 0 lead late into the second period when the Macs' Tom Hegge scored a touchdown and added the conversion point to pare the Cardinals' lead to one touchdown.

McIntosh marked up a pair of touchdowns, and added the conversion points, to take a 21 to 13 lead in the third period.

Early in the fourth period Plummer's Mike Wichterman, playing fullback, broke loose for a 46-yard touchdown run, and when Walter added the conversion point, the Cardinals trailed by one point, 21 to 20. But McIntosh came back to "insure" the game by scoring a touchdown, on a pass play, late in the period.

Walter, who is one of the district's finest and strongest runners, gained 155 yards in 19 carries to lead the Plummer attack.

Plummer will play the Oklee Bobcats at Oklee on Friday, Sept. 20, with kickoff time at 1:30 P. M.

Gospel Series at Assembly of God

"Message for America" Team Will Appear Here

Special Gospel meetings at the Assembly of God Tabernacle in Thief River Falls will begin on Sunday and feature the Message for America" team, a group of four persons formerly engaged as rock and roll entertainers in nightclubs and on radio and television. The series of meetings will continue nightly through October 6.

Rev. Lowell Lundstrom, director of the team, formed his own dance band at the age of 14 and was rising in popularity when he made a decision to go into the gospel ministry. He is a composer of gospel songs and is considered to be a dynamic speaker.

Other members of the team are Lowell's wife Connie, his brother Larry and Lolf Giroux. The public is invited to attend the services which will be held every evening except Monday at 8 p. m.

Half Pints Appear At Oklee Festival

Bridgeman Half Pints of Thief River Falls made an appearance at the Oklee Fall Festival on Sunday, September 15, according to Mrs. Richard Bergland, director. They are also being readied for a performance at the Bridgeman Creameries open house which is scheduled for mid-October in this city. Since the opening of school, the practice schedule has been cut to but one practice a week, this on Tuesday evenings.

Defer Artificial Ice Plant for Roseau Arena

Installation of an artificial ice plant in the Roseau Memorial Arena will have to wait another year, it was reported last week. Planning for the plant ran into difficulties when certified engineering by an experienced United States firm was sought. Contact has been made with several such organizations, but delays have made construction postponement certain because of time factors involved, the Arena Committee reports.

Deer Hunting Zones Are Announced

The Minnesota Conservation Department today released a map showing the six different firearms zones established for the 1963 deer hunting season.

The firearms season will start Saturday, Nov. 9, when hunting opens in all six zones. One, three, five or nine days of hunting are available, depending on the zone being hunted. Some zones are open to all legal firearms while others are limited to shotguns with single slugs.

Shooting hours are from sunrise to sunset each day for both firearm and bow-hunters.

A state-wide archery season will run from Sept. 28 through Oct. 31. Bow-hunters will be able to hunt in all zones established for the November firearms season. A late season archery hunt will permit hunters to take deer by bow and arrow from Nov. 30 through Dec. 22 south of U. S. highways No. 10 and No. 210 and state highway No. 39.

A hunter is entitled to only one deer whether he hunts with firearms, bow and arrow or both. The deer may be any age and of either sex.

There is one area in the west central part of the state that is closed to firearm deer hunting and to any form of deer hunting during the November firearms season. It will, however, be open to archery hunting from Sept. 28 through Oct. 31 and again from Nov. 30 through Dec. 22.

Zone 1 in the north and northeastern part of the state will have the longest season—nine days. This area consistently produces the most deer, attracts the largest number of hunters and has the highest success ratio.

The state deer herd enjoyed a relatively mild winter with the result that the deer population is at a high level. Last fall hunters took over 95,000 deer and state game officials say that with favorable weather, this year's take could go over the 100,000 mark.

Archery hunters will be allowed to wear camouflage clothing during the early bow season (Sept. 28-Oct. 31) as well as during the December bow season, but all hunters, trappers and those assisting them must wear blaze orange or red clothing during the season open for firearms deer hunting.

This regulation also includes bow hunters, firearm deer hunters and small game hunters afield during the firearms deer season.

About 5 tablespoons of peanut butter will provide a third of a day's protien needs.

Supreme Court Voids Reduced Duck Limits

The Minnesota Supreme Court Wednesday issued a writ preventing the state conservation commissioner from lowering the duck limits.

Under the writ, issued at the request of the Duck Hunters Association of Minnesota, Commissioner Wayne Olson must give state duck hunters limits of four per day and eight in possession instead of the three and six limits he has ordered.

The court ordered Olson to appear at a hearing at 2 p.m. Sept. 23 to show cause why the writ should not be permanent.

Lucian S. Strong, Minneapolis, president of the Duck Hunters group, said his organization, which has a mailing list of 1,100, took the action not only "on behalf of our own members but also of the thousands of duck hunters throughout Minnesota who are incensed by the regulation arbitrarily issued by the conservation commissioner."

Olson in announcing the regulations earlier, said he had lowered the limits to protect the breeding stock for next year.

Mandt Torrison, St. Paul attorney and former legal counsel for the conservation department, said in the Duck Hunters petition to the supreme court that Olson does not have the authority to lower the limits.

Torrison pointed out that Minnesota statutes specifically forbid the commissioner from exceeding the federal regulations but do not enable him to cut the duck limits.

Newfolden Trips Baudette 19 to 13

Nordics Score Winning Touchdown Late in Game

Coach Sheldon Elseth's Newfolden Nordics, on Terry Strandquist's one-yard plunge over the Bear's goal-line late in the fourth period, broke a 13-all tie and gained a 19 to 13 win over Baudette in a "Top-of-the-State" conference game played at Baudette on Friday.

Newfolden will open their home schedule this week when, on Friday afternoon at 2 p. m., they meet the Argyle Eagles in a conference game.

Baudette, coached by Art Anderson, is rated as one of the stronger teams in the conference, and the Bears played up to this rating in their game against Newfolden. Baudette held a 7 to 0 lead at the halftime intermission, and a 13 to 7 lead early in the fourth period.

The Nordics, on a pass from Jerry Strandquist, on a quarterback sneak, added the point, the game was in 7-all knot.

The Bears, who gained a total of 318 yards to the Nordics 295 yards during the game, scored on a pass play early in the fourth period. The conversion point was missed and the Bears held a 13 to 7 lead. Jerry Strandquist broke loose for a 73-yard scoring jaunt to tie the game at 13-all, and when the Nordics' conversion-point play failed, the game remained at 13-all.

The Nordics recovered a Baudette fumble with four minutes of game time remaining, and capitalized on this "break" by driving for a touchdown, to win the game, 19 to 13.

Keeping Score with "Huck" Olson

A Surprising Performance

Sandy Stephens, the former Minnesota All-American quarterback, and who was dubbed the "paper All-American" because of his inept play with the Montreal Alouettes of Canada's Eastern football league, turned in a splendid performance on Sunday.

Given his release by the Montreal club, and paid off on his three-year contract, Stephens was picked up by the Toronto Argonauts of the Eastern league. Sandy, because of his weight problem, had earned the nickname of "Minnesota Fats", but he played an excellent game as Toronto defeated Hamilton, 15 to 7, before 30,000 fans in Toronto. He pitched a pair of touchdown passes, kicked a conversion point, added a single when a field-goal attempt was wide, and had a brief spell on defense.

It is probable that Stephens will become a valuable asset for the Toronto club, and it wouldn't be surprising if his many detractors in Canada will be forced to "eat crow". Perhaps the chief factor in Stephens' lack of inspiring play when he was with the Montreal club was that he was given a three-year no-cut contract when he signed with the Alouettes, a club of years ago. No wonder Stephens waxed fat!

And the Winnipeg Blue Bombers dropped another game, losing by a 32 to 26 score to the Ottawa Roughriders in an interlocking league contest played at Winnipeg on Saturday night. Coach Bud Grant's defending Canadian football champions will have to make a strong rally to reach the playoffs. Said Grant: "We've won seven in a row before, we can do it again."

Golf Finale

The local golf season will be officially concluded on Sunday when the Thief River Golf club is host to its annual "Snoball Special" shortstop golf tournament.

The championship flight will tee off at 9:00 a. m., and the golfers in this flight will compete in a 27-hole medal play competition. All the other flights will be contested on a nine-hole match play basis.

The local course remains in excellent condition, and the greens are remarkably keen. So it's the last call for the golfers who enjoy the trials and tribulations of tournament golf, especially when the weather becomes rough and tough. And that's the forecast for Sunday.

Want to Bet?

I noticed an item in the Fargo paper that reported the pitching performance of a youngster in Little League play in Moorhead. This young pitcher, named Helmer Ness hurled a no-hitter.

I'll make a modest wager that Helmer (Great Northern Ole) Ness will make a claim that this young Helmer Ness is a grandson, or great grandson, of Ole's. And that young Helmer inherited his pitching skill from old Helmer.

But all kidding aside, this young Helmer Ness is a grandson of Ole's, being the son of Noly Ness. And he did hurl a no-hitter.

And speaking of wagers. Those four playboys, three of whom can be termed aging playboys, are a bit concerned about the sawbucks that they have wagered that the New York Yankees won't win the American league pennant by fifteen games.

Game and Fish

The sharptailed grouse and ruffled grouse hunting season opens on Saturday, Sept. 21, at sunrise, and there doesn't appear to be much enthusiasm exhibited by the local nimrods. Except for the hunters who had made intensive scouting forays into the heavy cover, with wide-ranging dogs, and have spotted a covey or two. These hunters are emphatic in their opinions that there are plenty of birds. Well, we'll see on Sunday night how these boys have fared.

But the pike fishing is showing some encouragement. A week ago, Jimmy Anderson and Lenny Hellquist trolled the waters of Stony Point on Lake of the Woods, in Manitoba and Minnesota portions of the lake, and they reported a limit catch of walleyes. That is, they had both a Manitoba and Minnesota limit.

And this past weekend, Orvis Olen, who has been headquartering at Morson, Ontario this summer, had a party of anglers out on the Miles Bay and Obabikon Bay waters of Lake of the Woods. And Orvis reports that forty walleyes were taken by the group, and these pike were the famed "golden" walleyes that have given Canadian waters much favorable publicity. And I'll believe Orvis.

Hunter's Warmup At Trap Club on Thursday Night

Area hunters are invited to take part in a night of practice shooting on Thursday at the Thief River Falls Trap club range located two miles north of Thief River Falls on highway 32. The "Hunter's Warmup" will begin at 7:30 p. m.

Shooters need not be members of the cub to take part in the practice session prior to the opening of hunting season on Saturday. Cost will be $3 per round of 25 targets and will include the cost of clay pigeons and shells.

Western Oil & Fuel Has Grand Opening

Grand Opening of the new Mileage station and Warehouse at Eighth street and Atlantic avenue in Thief River Falls will be held Friday and Saturday. Free gifts will be given to customers at the station on both days. Bernie's Mileage at Third street and Horace avenue will hold its first anniversary sale on the same dates.

Western Oil's new building is 50x72 and provides separate facilities for the accounting and general office and the service station. The warehouse located in the rear incorporates part of the former space of about 24x100. The Stran-Steel building, constructed by Prichard Bros. Construction company, includes a 36x32 lube room and an "L"-shaped office.

With the razing of the former station, which had been in operation more than 30 years, the new facility has surfaced driveways and seven pumps to provide service of all fuels to customers. A fleet of six radio-dispatched trucks is at the disposal of patrons and a staff of 15 employees comprises the station personnel.

On Friday and Saturday both the new Mileage station and Bernie's Mileage will be offering Vacronware thermo cups and 1½-pound cans of coffee to customers purchasing eight gallons or more of gasoline. A set-builder card will also be issued for customers who wish to gain a complete Vacronware set of pitcher, tray and eight cups.

WW2 and Korean Conflict Widows May Get Pensions

Many Become Eligible under Provisions of 1960 Action by Congress

Widows of World War 11 or of Korean Conflict veterans are now eligible for pensions on the same basis as World War 1 widows, John R. Parrish, director of the Veterans Administration center in Fargo, pointed out today.

Prior to July 1, 1960, widows of World War 11 or of Korean Conflict veterans were eligible for pension only if the veteran had a service-connected disability at the time of his death. No such requirement existed for World War 1 widows.

Congressional legislation changed this however and since July 1, 1960, the eligibility of widows of widows of all three periods of military service has been equalized.

Briefly, the pension requirements now are:

(a) The deceased veteran-husband must have had at least 90 days of service, part during wartime, unless discharged sooner for service-connected disability, or he was receiving or was entitled to receive compensation or retirement pay for a wartime service-connected disability, and, in all cases, had been discharged under conditions other than dishonorable.

(B The widow's income is not more than $1,800 annually (or with a child or children of the veteran, not more than $3,000 annually) and she is not the possessor of an estate so large that it is reasonable to look to that estate for support.

Widows of World War 11 or of the Korean Conflict who had applied for pensions prior to July 1, 1960, and were found ineligible should apply under the new law, Mr. Parrish said, if they believe their income may be within prescribed limits.

Scholarships Are Given by Lakehead Pipeline Company

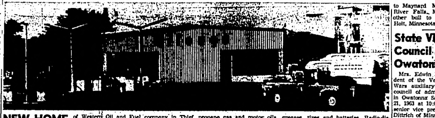
A plan which last year benefitted 138 undergraduate students in Canada and the United States is being continued this year by Interprovincial Pipe Line Company and Lakehead Pipe Line Company, Inc.

For a number of years, Interprovincial and Lakehead made grants to Canadian universities and United States colleges, but last year a program of increased support was announced by T. S. Johnston, president of both companies. Bursaryfunds were made available to six Canadian universities and five American colleges.

This year, $25,500 is being provided to the same colleges to be used in student aid as they see fit. Object of the plan is to give aid to worthy undergraduate students who are in need of financial assistance to continue their education.

AUTOMOBILE FIRE BRINGS OUT FIREMEN THURSDAY

The fire department was called out Thursday evening to extinguish a blaze in an automobile on First st. east of Highway 59. Wiring on the car, owned by Robert Lawson, was damaged.



NEW HOME of Western Oil and Fuel company in Thief River Falls is shown in the above photo. Located on the site of the former building at Eighth street and Atlantic avenue, the new service station and warehouse provides the most modern equipment for sale and distribution of gasoline, fuel oil, diesel fuel, propane gas and motor oils, greases, tires and batteries. Radio-dispatched trucks assure prompt delivery in the city or on the farm. Grand Opening of the new station will be held Friday and Saturday with free gifts offered to customers. See the advertisement in this section of the Times.

MANAGERS of the new Mileage station to be operated by Western Oil and Fuel company in Thief River Falls are pictured above. At left is Del Seefeldt, manager of the propane department, and at right is Walt Thomas, manager of the bulk plant. Both men invite the public to attend the Grand Opening of the station to be held Friday and Saturday at the corner of Eighth street and Atlantic avenue.

How Is Your Aching Back, Medical Group Inquires

Do you moan "Oh my aching back" and mean it? If so, here is welcome news: The prospects of relieving back ache are brighter today than ever before, says the Minnesota State Medical Association.

Two developments within the past five years promise to give relief to those suffering from back trouble, an ailment which probably causes more misery than any other, with the possible exception of the common cold. New and better techniques in back surgery offer hope to people seriously disabled by back trouble. Effective drugs have been developed which break up the muscle spasms that account for most low back pain suffered by nearly everyone at some time. The drugs relax the muscles supporting the spine.

The human spine is composed of 33 or 34 vertebrae, each separated by a cushioning, jelly-like disc which absorbs the shocks that hit the spine constantly. Contrary to popular belief, there is no such thing as a "slipped disc", but one of these discs can cause trouble by protruding through a tear in the surrounding tissue or by being crushed. When that happens, the muscles supporting the spine sense danger and go into rigid spasms to immobilize the danger area. Back muscles may remain in tight spasm for days. The result is some of the most acute pain known. The new drugs help relieve the pain by relaxing the muscles.

The best way to avoid back trouble is to take common sense precautions before it begins. First learn to use your back properly. It is important to realize that the back is not a lever. It is a supporting structure which should be held as straight as possible at all times. Don't bend your back when picking something up. Instead bend at the knees and push it up with your strong leg muscles. It is recomended that a woman never lift more than 25 pounds and a man should never lift more than half his weight. If you have a desk job, get up and stretch occasionally and change chairs from time to time so you don't continually stress the same muscles.

Sleep on a firm bed because a soft mattress or sagging springs causes back muscles to stay alert all night trying to keep the spine straight. A bed board between springs and mattress may be helpful.

Beware of overweight. Extra weight of fat accumulated on the abdomen pulls on the vertebrae at the small of the back, increasing the spine's normal curve and causing pain.

You can avoid a backache by exercising regularly; giving your muscles a chance to "warm up" before engaging in strenuous activity; avoiding sudden, erratic movement which could twist your back; and trying to improve your posture in both sitting and walking concludes the Association.

Rev. Paul Biegner Attends Missions Parley Thursday

Mission leaders and church executives representing the three major Lutheran church bodies in the United States came from seven states to meet Thursday, September 12 in Minneapolis to coordinate mission planning and techniques in their churches.

Attending the meeting from this area was Paul R. Biegner, pastor of St. John Lutheran Church. Pastor Beigner serves the Minnesota North District of the Lutheran Church-Missouri Synod as missions department head.

The meeting was held in the downtown Minneapolis offices of Lutheran Brotherhood under the auspices of the National Lutheran Council. Though not a member of the National Lutheran Council, the 2.7 million-member Missouri Synod works coordinately with the ALC and LCA in external affairs.

Deer Hunting Zones Are Announced

The Minnesota Conservation Department today released a map showing the six different firearms zones established for the 1963 deer hunting season.

The firearms season will start Saturday, Nov. 9, when hunting opens in all six zones. One, three, five or nine days of hunting are available, depending on the zone being hunted. Some zones are open to all legal firearms while others are limited to shotguns with single slugs.

Shooting hours are from sunrise to sunset each day for both firearm and bow-hunters.

A state-wide archery season will run from Sept. 28 through Oct. 31. Bow-hunters will be able to hunt in all zones established for the November firearms season. A late season archery hunt will permit hunters to take deer by bow and arrow from Nov. 30 through Dec. 22 south of U. S. highways No. 10 and No. 210 and state highway No. 39.

A hunter is entitled to only one deer whether he hunts with firearms, bow and arrow or both. The deer may be any age and of either sex.

There is one area in the west central part of the state that is closed to firearm deer hunting and to any form of deer hunting during the November firearms season. It will, however, be open to archery hunting from Sept. 28 through Oct. 31 and again from Nov. 30 through Dec. 22.

Zone 1 in the north and northeastern part of the state will have the longest season—nine days. This area consistently produces the most deer, attracts the largest number of hunters and has the highest success ratio.

The state deer herd enjoyed a relatively mild winter with the result that the deer population is at a high level. Last fall hunters took over 90,000 deer and state game officials say that with favorable weather, this year's take could go over the 100,000 mark.

Archery hunters will be allowed to wear camouflage clothing during the early bow season (Sept. 28-Oct. 31) as well as during the December bow season, but all hunters, trappers and those assisting them must wear blaze orange or red clothing during the season open for firearms deer hunting.

This regulation also includes bow hunters, firearm deer hunters and small game hunters afield during the firearms deer season.

About 5 tablespoons of peanut butter will provide a third of a day's protien needs.

Supreme Court Voids Reduced Duck Limits

The Minnesota Supreme Court Wednesday issued a writ preventing the state conservation commissioner from lowering the duck limits.

Under the writ, issued at the request of the Duck Hunters Association of Minnesota, Commissioner Wayne Olson must give state duck hunters limits of four per day and eight in possession instead of the three and six limits he has ordered.

The court ordered Olson to appear at a hearing at 2 p.m. Sept. 23 to show cause why the writ should not be permanent.

Lucian S. Strong, Minneapolis, president of the Duck Hunters group, said his organization, which has a mailing list of 1,100, took *the action not only "on behalf of* our own members but also of the thousands of duck hunters throughout Minnesota who are incensed by the regulation arbitrarily issued by the conservation commissioner."

Olson in announcing the regulations earlier, said he had lowered the limits to protect the breeding stock for next year.

Mandt Torrison, St. Paul attorney and former legal counsel for the conservation department, said in the Duck Hunters petition to the supreme court that Olson does not have the authority to lower the limits.

Torrison pointed out that Minnesota statutes specifically forbid the commissioner from exceeding the federal regulations but do not enable him to cut the duck limits.

Newfolden Trips Baudette 19 to 13

Nordics Score Winning Touchdown Late in Game

Coach Sheldon Elseth's Newfolden Nordics, on Terry Strandquist's one-yard plunge over the Bear's goal-line late in the fourth period, broke a 13-all tie and gained a 19 to 13 win over Baudette in a "Top-of-the-State" conference game played at Baudette on Friday.

Newfolden will open their home schedule this week when, on Friday afternoon at 2 p. m., they meet the Argyle Eagles in a conference game.

Baudette, coached by Art Anderson, is rated as one of the stronger teams in the conference, and the Bears played up to this rating in their game against Newfolden. Baudette held a 7 to 0 lead at the halftime intermission, and a 13 to 7 lead early in the fourth period.

The Nordics, on a pass from Jerry Strandquist, on a quarterback sneak, added the point, the

A Surprising Performance

Sandy Stephens, the former Minnesota All-American quarterback, and who was dubbed the "paper All-American" because of his inept play with the Montreal Alouettes of Canada's Eastern football league, turned in a splendid performance on Sunday.

Given his release by the Montreal club, and paid off on his three-year contract, Stephens was picked up by the Toronto Argonauts of the Eastern league. Sandy, because of his weight problem, had earned the nickname of "Minnesota Fats", but he played an excellent game as Toronto defeated Hamilton, 15 to 7, before 30,000 fans in Toronto. He pitched a pair of touchdown passes, kicked a conversion point, added a single when a field-goal attempt was wide, and had a brief spell on defense.

It is probable that Stephens will become a valuable asset for the Toronto club, and it wouldn't be surprising if his many detractors in Canada will be forced to "eat crow". Perhaps the chief factor in Stephens' lack of inspiring play when he was with the Montreal club was that he was given a three-year no-cut contract when he signed with the Alouettes, a club of years ago. No wonder Stephens waxed fat!

And the Winnipeg Blue Bombers dropped another game, losing by a 32 to 26 score to the Ottawa Roughriders in an interlocking league contest played at Winnipeg on Saturday night. Coach Bud Grant's defending Canadian football champions will have to make a strong rally to reach the playoffs. Said Grant: "We've won seven in a row before, we can do it again."

Golf Finale

The local golf season will be officially concluded on Sunday when the Thief River Golf club is host to its annual "Snoball Special" shortstop golf tournament.

The championship flight will tee off at 9:00 a. m., and the golfers in this flight will compete in a 27-hole medal play competition. All the other flights will be contested on a nine-hole match play basis.

The local course remains in excellent condition, and the greens are remarkably keen. So it's the last call for the golfers who enjoy the trials and tribulations of tournament golf, especially when the weather becomes rough and tough. And that's the forecast for Sunday.

Want to Bet?

I noticed an item in the Fargo paper that reported the pitching performance of a youngster in Little League play in Moorhead. This young pitcher, named Helmer Ness hurled a no-hitter.

I'll make a modest wager that Helmer (Great Northern Ole) Ness will make a claim that this young Helmer Ness is a grandson, or great grandson, of Ole's. And that young Helmer inherited his pitching skill from old Helmer.

But all kidding aside, this young Helmer Ness is a grandson of Ole's, being the son of Noly Ness. And he did hurl a no-hitter.

And speaking of wagers. Those hunters are emphatic in their opinions that there are plenty of birds. Well, we'll see on Sunday night how these boys have fared.

But the pike fishing is showing some encouragement. A week ago, Jimmy Anderson and Lenny Hellquist trolled the waters of Stony Point on Lake of the Woods, in Manitoba and Minnesota portions of the lake, and they reported a limit catch of walleyes. That is, they had both a Manitoba and Minnesota limit.

And this past weekend, Orvis Olen, who has been headquartering at Morson, Ontario this summer, had a party of anglers out on the Miles Bay and Obabikon Bay waters of Lake of the Woods. And Orvis reports that forty walleyes were taken by the group, and these pike were the famed "golden" walleyes that have given Canadian waters much favorable publicity. And I'll believe Orvis.

Hunter's Warmup At Trap Club on Thursday Night

Area hunters are invited to take part in a night of practice shooting on Thursday at the Thief River Falls Trap club range located two miles north of Thief River Falls on highway 32. The "Hunter's Warmup" will begin at 7:30 p. m.

Shooters need not be members of the cub to take part in the practice session prior to the opening of hunting season on Saturday. Cost will be $3 per round of 25 targets and will include the cost of clay pigeons and shells.

Western Oil & Fuel Has Grand Opening

Grand Opening of the new Mileage station and warehouse at Eighth street and Atlantic avenue in Thief River Falls will be held Friday and Saturday. Free gifts will be given to customers at the station on both days. Bernie's Mileage at Third street and Horace avenue will hold its first anniversary sale on the same dates.

Western Oil's new building is 50x72 and provides separate facilities for the accounting and general office and the service station. The warehouse located in the rear incorporates part of the former space of about 24x100. The Stran-Steel building, constructed by Prichard Bros. Construction company, includes a 36x32 lube room and an "L"-shaped office.

With the razing of the former station, which had been in operation more than 30 years, the new facility has surfaced driveways and seven pumps to provide service of all fuels to customers. A fleet of six radio-dispatched trucks is at the disposal of patrons and a staff of 15 employees comprises the station personnel.

On Friday and Saturday both the new Mileage station and Bernie's Mileage will be offering Vacronware thermo cups and 1½-pound cans of coffee to customers purchasing eight gallons or more of gasoline. A set-builder card will also be issued for customers who wish to gain a complete Vacronware set of pitcher, tray and eight cups.

WW2 and Korean Conflict Widows May Get Pensions

Many Become Eligible under Provisions of 1960 Action by Congress

Widows of World War 11 or of Korean Conflict veterans are now eligible for pensions on the same basis as World War 1 widows, John R. Parrish, director of the Veterans Administration center in Fargo, pointed out today.

Prior to July 1, 1960, widows of World War 11 or of Korean Conflict veterans were eligible for pension only if the veteran had a service-connected disability at the time of his death. No such requirement existed for World War 1 widows.

Congressional legislation changed this however and since July 1, 1960, the eligibility of widows of all three periods of military service has been equalized.

Briefly, the pension requirements now are:

(a) The deceased veteran-husband must have had at least 90 days of service, part during wartime, unless discharged sooner for service-connected disability, or he was receiving or was entitled to receive compensation or retirement pay for a wartime service-connected disability, and, in all cases, had been discharged under conditions other than dishonorable.

(B The widow's income is not more than $1,800 annually (or with a child or children of the veteran, not more than $3,000 annually) and she is not the possessor of an estate so large that it is reasonable to look to that estate for support.

Widows of World War 11 or of the Korean Conflict who had applied for pensions prior to July 1, 1960, and were found ineligible should apply under the new law, Mr. Parrish said, if they believe their income may be within prescribed limits.

Scholarships Are Given by Lakehead Pipeline Company

A plan which last year benefitted 138 undergraduate students in Canada and the United States is being continued this year by Interprovincial Pipe Line Company and Lakehead Pipe Line Company, Inc.

For a number of years, Interprovincial and Lakehead made grants to Canadian universities and United States colleges, but last year a program of increased support was announced by T. S. Johnston, president of both companies. Bursaryfunds were made available to six Canadian universities and five American colleges.

This year, $25,500 is being provided to the same colleges to be used in student aid as they see fit. Object of the plan is to give aid to worthy undergraduate students who are in need of financial assistance to continue their education.

NEW HOME of Western Oil and Fuel company in Thief River Falls is shown in the above photo. Located on the site of the former building at Eighth street and Atlantic avenue, the new service station and warehouse provides the most modern equipment for sale and distribution of gasoline, fuel oil, diesel fuel, propane gas and motor oils, greases, tires and batteries. Radio-dispatched trucks assure prompt delivery in the city or on the farm. Grand Opening of the new station will be held Friday and Saturday with free gifts offered to customers. See the advertisement in this section of the Times.

MANAGERS of the new Mileage station to be operated by Western Oil and Fuel company in Thief River Falls are pictured above. At left is Del Seefeldt, manager of the propane department, and at right is Walt Thomas, manager of the bulk plant. Both men invite the public to attend the Grand Opening of the station to be held Friday and Saturday at the corner of Eighth street and Atlantic avenue.

How Is Your Aching Back, Medical Group Inquires

Do you moan "Oh my aching back" and mean it? If so, here is welcome news: The prospects of relieving back ache are brighter today than ever before, says the Minnesota State Medical Association.

Two developments within the past five years promise to give relief to those suffering from back trouble, an ailment which probably causes more misery than any other, with the possible exception of the common cold. New and better techniques in back surgery offer hope to people seriously disabled by back trouble. Effective drugs have been developed which break up the muscle spasms that account for most low back pain suffered by nearly everyone at some time. The drugs relax the muscles supporting the spine.

The human spine is composed of 33 or 34 vertebrae, each separated by a cushioning, jelly-like disc which absorbs the shocks that hit the spine constantly. Contrary to popular belief, there is no such thing as a "slipped disc", but one of these discs can cause trouble by protruding through a tear in the surrounding tissue or by being crushed. When that happens, the muscles supporting the spine sense danger and go into rigid spasms to immobilize the danger area. Back muscles may remain in tight spasm for days. The result is some of the most acute pain known. The new drugs help relieve the pain by relaxing the muscles.

The best way to avoid back trouble is to take common sense precautions before it begins. First learn to use your back properly. It is important to realize that the back is not a lever. It is a supporting structure which should be held as straight as possible at all times. Don't bend your back when picking something up. Instead bend at the knees and push it up with your strong leg muscles. It is recomended that a woman never lift more than 25 pounds and a man should never lift more than half his weight. If you have a desk job, get up and stretch occasionally and change chairs from time to time so you don't continually stress the same muscles.

Sleep on a firm bed because a soft mattress or sagging springs causes back muscles to stay alert all night trying to keep the spine straight. A bed board between springs and mattress may be helpful.

Beware of overweight. Extra weight of fat accumulated on the abdomen pulls on the vertebrae at the small of the back, increasing the spine's normal curve and causing pain.

You can avoid a backache by exercising regularly; giving your muscles a chance to "warm up" before engaging in strenuous activity; avoiding sudden, erratic movement which could twist your back; and trying to improve your posture in both sitting and walking concludes the Association.

Rev. Paul Biegner Attends Missions Parley Thursday

Mission leaders and church executives representing the three major Lutheran church bodies in the United States came from seven states to meet Thursday, September 12 in Minneapolis to coordinate mission planning and techniques in their churches.

Attending the meeting from this area was Paul R. Biegner, pastor of St. John Lutheran Church. Pastor Beigner serves the Minnesota North District of the Lutheran Church-Missouri Synod as missions department head.

The meeting was held in the downtown Minneapolis offices of Lutheran Brotherhood under the auspices of the National Lutheran Council. Though not a member of the National Lutheran Council, the 2.7 million-member Missouri Synod works coordinately with the ALC and LCA in external affairs.

Pioneer FU Local To Elect Officers

Annual election of officers will be the main order of business at the Thursday, September 19, meeting of the Pioneer Farmers' Union Local, set for 8 p. m. at the City View Hall. There will also be a guest speaker on hand to address the group, and lunch will be served at the end of the meeting.

1. GREAT GAS COSTS YOU LESS! Some of the high-priced brands might match "MILEAGE" gas in performance. But they don't match this great gas in price! The big difference is the money you save — with either high-octane regular grade or power-packed premium. Both contain "Ice-Away" — the duPont additive that guards against carburetor icing and fuel-line freeze-up.

2. GREAT MOTOR OIL, TIRES, BATTERIES AND ANTI-FREEZE COST YOU LESS! All motor oils at "MILEAGE" stations meet or exceed A.P.I. standards for all makes and models of cars, trucks and tractors. Top quality tires, batteries and anti-freeze also at cost-you-less prices!

3. ESTABLISHED QUALITY BRAND! Western Oil and Fuel Company — suppliers of gasoline, tires, batteries and anti-freeze to "MILEAGE" stations — has been doing business in the Upper Midwest for more than 35 years. You're sure of top quality gas and other products that will save you money at either "MILEAGE" station in Thief River Falls.

Governors Invited to Old Crossing Treaty Centennial Sept. 29

Program arrangements for the two-state observance of the Old crossing Treaty signed 100 years ago have been outlined and await final confirmation by the governors of North Dakota and Minnesota, says the Crookston Times.

The Polk-Red Lake county committee on arrangements made the final draft at a meeting in Crookston Wednesday.

The celebration will be held, September 29 at Old Crossing Treaty wayside park near Huot. The treaty signed there October 3, 1863, between the Chippewa Indians and the U. S. government, ceded 11,000,000 acres of land to the United States.

Music for the program will be provided by the high school bands from Crookston, Red Lake Falls, and Plummer. The colorful feature of the program, according to committee members, will be the pow wow staged by a band of twenty Chippewa Indians from Red Lake Agency. John Fairbanks, great grandson of the chief who signed the revised treaty, will display the 38-star flag presented to the tribe by president Abraham Lincoln.

Russell Fridley, director of the Minnesota Historical Society will speak on historical sidelights of the treaty signing. Significance of the treaty to North Dakota and Minnesota will be stressed — if plans work out — by the Governors of the two states. Congressman Odin Langen has also been invited to speak on national aspects of the treaty.

Special feature of the morning program for county historical society members will be a tour of the cemeteries where Pierre Bottineau and Benjamine Dalbec — men who had minor roles at the treaty signing — are buried.

Request is being made that officers of county historical societies submit names of officers or delegates to Leslie Knox, president of the Polk County Society, prior to celebration.

Traffic Mishaps Down, Deaths Rise

10 Pct. Fewer Accidents in First Half of 1963

Motor vehicle traffic accidents for the first six months of 1963 in Minnesota were 10 per cent less than for the same period in 1962, Garnet E. Hall, Minnesota Highway Department safety director, reported today.

Gratifying as this may be, it does not tell the whole traffic accident story, Hall said. An increase of 7.1 per cent in personal injuries and 13 per cent in fatal accidents for the first six months this year are shown. This means the total number of accidents decreased, but the severity of these same accidents increased, he explained.

Contributing circumstances in the 1963 computations by severity of accident showed the three top factors to be unsafe speed, 31 per cent in fatal and 19 per cent in personal injury accidents and 11.7 per cent in resulting property damage; failure to yield right of way, 18, 22 and 25.2 per cent, respectively; and over the center line or wrong lane, 3, 5 and 5.1 per cent, respectively.

The three main contributing circumstances in all accidents during this six-month period showed increases over the same period in 1962. Failure to yield right of way was first with 24.1 per cent this year over 23.9 per cent last year. Following too closely showed 18.4 per cent over 17.4 per cent, and unsafe speed, 14.1 over 11.6 per cent last year.

Wabasha Man New National Chief of American Legion

Daniel Foley Is Elected by Decisive Margin at Miami Beach Convention

Minnesota's Dan Foley thundered to a three-to-one victory Thursday to become the top man in the American Legion.

The Wabasha lawyer is the first Minnesotan to command the world's largest veterans' organization.

In the state-by-state balloting on the final day of the Legion's national convention at Miami Beach, Fla., Foley collected 2,251 of the potential 3,014 delegate votes.

His opponent, Joe L. Matthews, Fort Worth, Tex., had 709. It was his second defeat in two years.

Matthews attributed his loss to alleged calling in of Legionnaires who would support Foley as the supposed choice of Legion "kingmakers."

"Poppycock," said out-going Commander James E. Powers of Georgia.

"We knew we were fighting a stacked deck," said Matthews. He wouldn't say whether he would make a third try next year.

Patrol Aspirants to Attend School

35 Candidates to Share in Ten-weeks Course

Monday, Sept. 23, marks the opening of the highway patrol officer candidate school at the Arden Hills training center. Highway Commissioner James C. Marshall will present the opening address to the 35 candidates.

The candidates, from many parts of the state, were chosen from a field of 570 who took the written test. Other preliminary testing included an oral interview, physical agility test, comprehensive medical examination, and detailed background investigation. Of the 35 candidates, 11 will be placed on duty following graduation to fill existing vacancies. The remainder will stand by to fill vacancies as they occur.

The patrol candidate school is patterned after the officer candidate school operated by the Armed Forces. Hours are long, from 6 a. m. to 10 p. m., discipline is rigid, and training is rigorous. No passes are given except over the weekend, from noon Saturday to Sunday evening.

The 10-week course, which includes 570 hours of formal instruction, provides intensive training in all phases of patrol work. Among the subjects covered are: traffic supervision, laws pertaining to the highways, criminal law, vehicle registration, driver licensing, accident investigation, air-to-ground procedures, and communications. On the physical side, use of weapons and physical fitness are stressed. A complete course in judo is included in the training.

Based on previous experience, it is expected that approximately 30 of the 35 who start the course will graduate on Nov. 29.

The school is directed by Capt. Stanley A. Rotegard with the help of an assistant director and three staff assistants. All are members of the Minnesota Highway Patrol.

Service Academy Exams Announced

Rep. Langen Reminds of Tests Set November 9

Congressman Odin Langen today announced that written examinations will be given on November 9 for young men who wish to be considered for appointment to the United States Military, Naval, or Merchant Marine Academies in 1964.

Langen said that young men wishing to take the examinations should contact his office in Washington by October 1. The actual locations where the tests will be given are to be announced later, but will be in towns and cities of the 7th congressional district as near the applicants' homes as possible.

Langen noted that those who wish to enter the academies on July 1, 1964, must not be less than 17 and must not have reached their 22nd birthdays by that date. Applicants, of course, must be residents of Minnesota's 7th District.

Greenbush Gets Hospital Grant

The Greenbush Hospital board was informed Tuesday that a federal grant of $70,600 has been authorized for a ten bed addition and other remodeling estimated to cost $141,200, Administrator Bettilrud stated. While they are hopeful work can begin this fall, construction will depend on how long it takes to process the necessary administrative details.

State Aid for County Highways Explained

With the glamorous freeways such as the Interstate running away with the lion's share of attention publicity wise these days, it may appear that farm-to-market road systems are being neglected. Quite to the contrary, say Minnesota highway department officials, secondary roads have kept their prime position of importance in the department's work and the word "secondary" which appears in the classification label is largely a matter of semantics.

It is true, however, that with the upgrading of highways in general, partially inspired by the Interstate, the demand for improving roads on other systems has stepped up, even to the point where county residents sometimes ask, "Do we need this good a road?"

In reply to this question, the highway department explains it must build county roads according to the standards set by the American Association of State Highway Officials (AASHO) to qualify for federal aid, plus the fact that it is the state's ambition to upgrade the entire farm-to-market network to better serve the needs of the rural parts of the state. All highways, rural or otherwise, are built after study of traffic conditions, volume and needs. The objective is to eliminate the hazards of substandard roads and to improve the economic position of the state by means of efficient highways.

Minnesota's FAS system includes some 26,600 miles of county roads, more than 11,000 of which are bituminous paved. To give some indication of the money volume size of this program, Minnesota awarded contracts totaling $9.8 millions on FAS construction in the first seven months of 1963. This expense is borne by a 50-50 split, county and federal government. (There are also 4,145 miles of trunk highways in the FAS system on which $2.8 millions for improvements were obligated in the first seven months of 1963. This portion of the FAS program is administered by the state.)

All county FAS projects are selected by the individual county boards, planned by the county engineers, programmed by the Minnesota highway department, which then schedules the lettings. The county provides the engineering supervision and control of the actual construction under the general direction of the state department.

Minnesota is unique among states in this program in that bids are opened at the county seat. After the award of control, the state releases a portion of the county's state aid funds for use in financing its share of the divided costs.

Good secondary roads are a boost to property values along their routes. The U. S. Department of Agriculture issued a study which claims that the sale price of a farm located on a dirt road would be 3 to 11 per cent higher if on a gravel road and 7 to 32 per cent higher if on a paved road.

25-pound Catfish Is Caught in Red L. River

An Iowa couple from Sioux City camping out at the Wm. Bristow farm five miles west of Red Lake Falls proved once again that the Red Lake River is a mighty good body of water for fishing, says the Red Lake Falls Gazette.

Mrs. Harvey Harms hauled in a 32-inch long catfish Tuesday evening that probably went 25 pounds. It took her over half an hour to land the big fish which was caught with frog bait on a 35-pound test line.

Sales of Savings Bonds up in State

$19,443 Sales Listed for Pennington Co. in August

U. S. Savings Bonds sales in Minnesota during August continued on an upward trend. $5,465,912 in series "E" and "H" United States Bonds were purchased by Minnesotans during August bringing the total purchases at the end of the eighth month to $44,765,112 or 67.9 per cent of the state quota of $65,900,000. This shows a 5.6 per cent rise over the same period last year.

Sales of savings bonds in Pennington county according to J. M. Roche, county chairman, amounted to $19,443, giving the county a total of $100,614, or 47.6 per cent of quota at the end of August.

Nationally U. S. Savings Bonds purchases hit a seven-year high in August or 11 per cent above those of a year ago. "E" bonds sales reflected a gain of 15 per cent above August, 1962.

Ev. Free Church to Conduct Special Services Nightly

Special services will be conducted at the Evangelical Free church of Thief River Falls every night this week, except Monday, at 7:45 p.m., with Rev. Elton Crowell of California as the guest speaker, and the Lindquists of Minnesota as the musical team.

This "New Life Campaign" will feature unusual musical numbers on vibraharp, guitar, mandolin, violin, accordion and electric organs. The Lindquists have conducted services in most of the states of the U. S., and also in foreign lands.

The speaker, Rev. Elton Crowell, is known nationally for his evangelistic ministry. All are invited to attend the services.

9th Federal Reserve Bank Views Outlook

District agricultural prospects improved during late July and August, according to the Federal Reserve Bank of Minneapolis in the current issue of the Monthly Review.

Department of Agriculture estimates point to total 1963 district crop production substantially above the most recent five-year average, the bank said. Although some crops are estimated at less than last year's near record output, wheat, the area's most important cash grain crop, will total slightly higher than in 1962; and current corn and soybean crop prospects are very good.

District cash farm incomes during this third quarter of 1963 are expected to reflect a moderately strong comeback from a second quarter slump in prices for cattle, hogs and milk, as well as an improved marketing picture.

The nonfarm performance of the district's economy appears to be expanding but only at a moderate pace. Employment remains static as of mid-August, residential and nonresidential construction has been rising but slowly, and district iron ore and copper mines report employment and output below year ago performances.

Total district deposits (demand and time) declined more during July than usually occurs on a seasonal basis, with the trend of deposits up in early August as farm marketings expanded. Loan volume declined moderately during July but gained in early August. Bank investments showed about the same directional changes as loan statistics.

District banks continue to be net purchasers of federal funds and to borrow on a relatively moderate basis at the Federal Reserve bank.

Vision Checks at Minnesota Fair Reveal Defects

A total of 8,656 persons stopped for vision checks at the Minnesota highway department safety division booth during the 10-day State Fair, Garnet E. Hall department safety director announced today. Of this number, 619 or 7.2 percent failed to meet the minimum standards for visual acuity for a drivers lisence.

Of those who stopped at the booth 6,357 persons, or 75 percent, held drivers lisences, but only 33 percent had taken a test before driving a motor vehicle.

The high percentage of failures on the vision test shows the need for continuous eye examinations before lisence renewal, Hall said.

On the two most heavily attended days, Saturday, August 31 and Sunday, September 1, with two persons screening vision acuity continuously, 2,601 persons were tested, the report showed.

Nearly 74 percent of the farms in the United States have telephone service and 90 percent of these phones are modern dial phones, reports the Rural Electrification administration.

Governors Invited to Old Crossing Treaty Centennial Sept. 29

Program arrangements for the two-state observance of the Old crossing Treaty signed 100 years ago have been outlined and await final confirmation by the governors of North Dakota and Minnesota, says the Crookston Times.

The Polk-Red Lake county committee on arrangements made the final draft at a meeting in Crookston Wednesday.

The celebration will be held, September 29 at Old Crossing Treaty wayside park near Huot. The treaty signed there October 3, 1863, between the Chippewa Indians and the U. S. government, ceded 11,000,000 acres of land to the United States.

Music for the program will be provided by the high school bands from Crookston, Red Lake Falls, and Plummer. The colorful feature of the program, according to committee members, will be the pow wow staged by a band of twenty Chippewa Indians from Red Lake Agency. John Fairbanks, great grandson of the chief who signed the revised treaty, will display the 38-star flag presented to the tribe by president Abraham Lincoln.

Russell Fridley, director of the Minnesota Historical Society will speak on historical sidelights of the treaty signing. Significance of the treaty to North Dakota and Minnesota will be stressed — if plans work out — by the Governors of the two states. Congressman Odin Langen has also been invited to speak on national aspects of the treaty.

Special feature of the morning program for county historical society members will be a tour of the cemeteries where Pierre Bottineau and Benjamine Dalbec — men who had minor roles at the treaty signing — are buried.

Request is being made that officers of county historical societies submit names of officers or delegates to Leslie Knox, president of the Polk County Society, prior to celebration.

Traffic Mishaps Down, Deaths Rise

10 Pct. Fewer Accidents in First Half of 1963

Motor vehicle traffic accidents for the first six months of 1963 in Minnesota were 10 per cent less than for the same period in 1962, Garnet E. Hall, Minnesota Highway Department safety director, reported today.

Gratifying as this may be, it does not tell the whole traffic accident story, Hall said. An increase of 7.1 per cent in personal injuries and 13 per cent in fatal accidents for the first six months this year are shown. This means the total number of accidents decreased, but the severity of these same accidents increased, he explained.

Contributing circumstances in the 1963 computations by severity of accident showed the three top factors to be unsafe speed, 31 per cent in fatal and 19 per cent in personal injury accidents and 11.7 per cent in resulting property damage; failure to yield right of way, 18, 22 and 25.2 per cent, respectively; and over the center line or wrong lane, 3, 5 and 5.1 per cent, respectively.

The three main contributing circumstances in all accidents during this six-month period showed increases over the same period in 1962. Failure to yield right of way was first with 24.1 per cent this year over 23.9 per cent last year. Following too closely showed 18.4 per cent over 17.4 per cent, and unsafe speed, 14.1 over 11.6 per cent last year.

Wabasha Man New National Chief of American Legion

Daniel Foley Is Elected by Decisive Margin at Miami Beach Convention

Minnesota's Dan Foley thundered to a three-to-one victory Thursday to become the top man in the American Legion.

The Wabasha lawyer is the first Minnesotan to command the world's largest veterans' organization.

In the state-by-state balloting on the final day of the Legion's national convention at Miami Beach, Fla., Foley collected 2,251 of the potential 2,974 delegate votes.

His opponent, Joe L. Matthews, Fort Worth, Tex., had 709. It was his second defeat in two years.

Matthews attributed his loss to alleged calling in of Legionnaires who would support Foley as the supposed choice of Legion "kingmakers."

"Poppycock," said out-going Commander James E. Powers of Georgia.

"We knew we were fighting a stacked deck," said Matthews. He wouldn't say whether he would make a third try next year.

Patrol Aspirants to Attend School

35 Candidates to Share in Ten-weeks Course

Monday, Sept. 23, marks the opening of the highway patrol officer candidate school at the Arden Hills training center. Highway Commissioner James C. Marshall will present the opening address to the 35 candidates.

The candidates, from many parts of the state, were chosen from a field of 570 who took the written test. Other preliminary testing included an oral interview, physical agility test, comprehensive medical examination, and detailed background investigation. Of the 35 candidates, 11 will be placed on duty following graduation to fill existing vacancies. The remainder will stand by to fill vacancies as they occur.

The patrol candidate school is patterned after the officer candidate school operated by the Armed Forces. Hours are long, from 6 a. m. to 10 p. m., discipline is rigid, and training is rigorous. No passes are given except over the weekend, from noon Saturday to Sunday evening.

The 10-week course, which includes 570 hours of formal instruction, provides intensive training in all phases of patrol work. Among the subjects covered are: traffic supervision, laws pertaining to the highways, criminal law, vehicle registration, driver licensing, accident investigation, air-to-ground procedures, and communications. On the physical side, use of weapons and physical fitness are stressed. A complete course in judo is included in the training.

Based on previous experience, it is expected that approximately 30 of the 35 who start the course will graduate on Nov. 29.

The school is directed by Capt. Stanley A. Rotegard with the help of an assistant director and three staff assistants. All are members of the Minnesota Highway Patrol.

Service Academy Exams Announced

Rep. Langen Reminds of Tests Set November 9

Congressman Odin Langen today announced that written examinations will be given on November 9 for young men who wish to be considered for appointment to the United States Military, Naval, or Merchant Marine Academies in 1964.

Langen said that young men wishing to take the examinations should contact his office in Washington by October 1. The actual locations where the tests will be given are to be announced later, but will be in towns and cities of the 7th congressional district as near the applicants' homes as possible.

Langen noted that those who wish to enter the academies on July 1, 1964, must not be less than 17 and must not have reached their 22nd birthdays by that date. Applicants, of course, must be residents of Minnesota's 7th District.

Greenbush Gets Hospital Grant

The Greenbush Hospital board was informed Tuesday that a federal grant of $70,600 has been authorized for a ten bed addition and other remodeling estimated to cost $141,200, Administrator Bettilrud stated. While they are hopeful work can begin this fall, construction will depend on how long it takes to process the necessary administrative details.

ICE VOGUES of 1963, an affiliate of the world famous "Holiday on Ice," will be presented at the University fieldhouse at Grand Forks October 3-6. Fantasy, ballet, comedy, novelty, champion solo and pair skating routines are backed by orchestral accompaniment and lavish costuming. Highlights of the production are "Golden Aurora," "Hawaiian Fantasy," "Arabian Nights," "Revue des Ballets" and "Winter Carnival." Shows will be held nightly at 8 p.m. with matinees at 3 p.m. on October 5 and 6. Tickets go on sale September 20 at the Ryan Hotel in Grand Forks.

State Aid for County Highways Explained

With the glamorous freeways such as the Interstate running away with the lion's share of attention publicity wise these days, it may appear that farm-to-market road systems are being neglected. Quite to the contrary, say Minnesota highway department officials, secondary roads have kept their prime position of importance in the department's work and the word "secondary" which appears in the classification label is largely a matter of semantics.

It is true, however, that with the upgrading of highways in general, partially inspired by the Interstate, the demand for improving roads on other systems has stepped up, even to the point where county residents sometimes ask, "Do we need this good a road?"

In reply to this question, the highway department explains it must build county roads according to the standards set by the American Association of State Highway Officials (AASHO) to qualify for federal aid, plus the fact that it is the state's ambition to upgrade the entire farm-to-market network to better serve the needs of the rural parts of the state. All highways, rural or otherwise, are built after study of traffic conditions, volume and needs. The objective is to eliminate the hazards of substandard roads and to improve the economic position of the state by means of efficient highways.

Minnesota's FAS system includes some 26,600 miles of county roads, more than 11,000 of which are bituminous paved. To give some indication of the money volume size of this program, Minnesota awarded contracts totaling $9.8 millions on FAS construction in the first seven months of 1963. This expense is borne by a 50-50 split, county and federal government. (There are also 4,145 miles of trunk highways in the FAS system on which $2.8 millions for improvements were obligated in the first seven months of 1963. This portion of the FAS program is administered by the state.)

All county FAS projects are selected by the individual county boards, planned by the county engineers, programmed by the Minnesota highway department, which then schedules the lettings. The county provides the engineering supervision and control of the actual construction under the general direction of the state department.

Minnesota is unique among states in this program in that bids are opened at the county seat. After the award of control, the state releases a portion of the county's state aid funds for use in financing its share of the divided costs.

Good secondary roads are a boost to property values along their routes. The U. S. Department of Agriculture issued a study which claims that the sale price of a farm located on a dirt road would be 3 to 11 per cent higher if on a gravel road and 7 to 32 per cent higher if on a paved road.

25-pound Catfish Is Caught in Red L. River

An Iowa couple from Sioux City camping out at the Wm. Bristow farm five miles west of Red Lake Falls proved once again that the Red Lake River is a mighty good body of water for fishing, says the Red Lake Falls Gazette.

Mrs. Harvey Harms hauled in a 32-inch long catfish Tuesday evening that probably went 25 pounds. It took her over half an hour to land the big fish which was caught with frog bait on a 35-pound test line.

Sales of Savings Bonds up in State

$19,443 Sales Listed for Pennington Co. in August

U. S. Savings Bonds sales in Minnesota during August continued on an upward trend. $5,465,912 in series "E" and "H" United States Bonds were purchased by Minnesotans during August bringing the total purchases at the end of the eighth month to $44,765,112 or 67.9 per cent of the state quota of $65,900,000. This shows a 5.6 per cent rise over the same period last year.

Sales of savings bonds in Pennington county according to J. M. Roche, county chairman, amounted to $19,443, giving the county a total of $100,614, or 47.6 per cent of quota at the end of August.

Nationally U. S. Savings Bonds purchases hit a seven-year high in August or 11 per cent above those of a year ago. "E" bonds sales reflected a gain of 15 per cent above August, 1962.

Ev. Free Church to Conduct Special Services Nightly

Special services will be conducted at the Evangelical Free church of Thief River Falls every night this week, except Monday, at 7:45 p.m., with Rev. Elton Crowell of California as the guest speaker, and the Lindquists of Minnesota as the musical team.

This "New Life Campaign" will feature unusual musical numbers on vibraharp, guitar, mandolin, violin, accordion and electric organs. The Lindquists have conducted services in most of the states of the U. S., and also in foreign lands.

The speaker, Rev. Elton Crowell, is known nationally for his evangelistic ministry. All are invited to attend the services.

9th Federal Reserve Bank Views Outlook

District agricultural prospects improved during late July and August, according to the Federal Reserve Bank of Minneapolis in the current issue of the Monthly Review.

Department of Agriculture estimates point to total 1963 district crop production substantially above the most recent five-year average, the bank said. Although some crops are estimated at less than last year's near record output, wheat, the area's most important cash grain crop, will total slightly higher than in 1962; and current corn and soubean crop prospects are very good.

District cash farm incomes during this third quarter of 1963 are expected to reflect a moderately strong comeback from a second quarter slump in prices for cattle, hogs and milk, as well as an improved marketing picture.

The nonfarm performance of the district's economy appears to be expanding but only at a moderate pace. Employment remains static as of mid-August, residential and nonresidential construction has been rising but slowly, and district iron ore and copper mines report employment and output below year ago performances.

Total district deposits (demand and time) declined more during July than usually occurs on a seasonal basis, with the trend of deposits up in early August as farm marketings expanded. Loan volume declined moderately during July but gained in early August. Bank investments showed about the same directional changes as loan statistics.

District banks continue to be net purchasers of federal funds and to borrow on a relatively moderate basis at the Federal Reserve bank.

Vision Checks at Minnesota Fair Reveal Defects

A total of 8,656 persons stopped for vision checks at the Minnesota highway department safety division booth during the 10-day State Fair, Garnet E. Hall department safety director announced today. Of this number, 619 or 7.2 percent failed to meet the minimum standards for visual acuity for a drivers lisence.

Of those who stopped at the booth 6,357 persons, or 75 percent, held drivers lisences, but only 33 percent had taken a test before driving a motor vehicle.

The high percentage of failures on the vision test shows the need for continuous eye examinations before lisence renewal, Hall said.

On the two most heavily attended days, Saturday, August 31 and Sunday, September 1, with two persons screening vision acuity continuously, 2,601 persons were tested, the report showed.

Nearly 74 percent of the farms in the United States have telephone service and 90 percent of these phones are modern dial phones, reports the Rural Electrification administration.

AT THE CHURCHES

Community Methodist
A. Dean Headley, Pastor

"Religion and Science Join Hands" will be the worship theme for this Sunday's worship at 9:30 and 11 a. m. Christian Education Week will be observed throughout the land, let us use it to re-evaluate the place religion has in the schools and the school's part in the church. As a part of the worship hour, public school teachers will be presented at both services. The pastor will be assisted by the Junior and Senior Choirs for this special day.

At 4:30 parents are asked to meet with their youth for the first confirmation class. Together we want to make plans for this important step in the life of our children. No M.Y.F. tonight, the Sr. High Retreat will be Sept. 28-29 by reservation only.

A special issue of the MESSENGER will be in the mail this week. It includes lists of teachers, college youth, confirmation class and other information you will want to keep for reference. A section of coming events through Oct. Save.

The Junior Choir will practice Thurs. eve. at 7:15, and the Senior Choir at 8. New members are invited to start at this time. All Junior choir members are to be in the 11:00 section of the Sunday school.

Mrs. Hartz, Mrs. Hankerson and Mrs. Headley are assisting with a series of District W.S.C.S. meetings this week at Warren and Ackley. Our local society attends the Warren meeting on Tuesday.

President Kennedy says of CARE: "From reports of our Embassies, I know the trust and esteem the American people have gained in country after country because of the aid CARE provides in their name..."

FROM OUR OLD FAMILY ALBUM...

What nostalgic memories this picture brings. Every Sunday morning we used to drive to Church in Pop's old "flivver," picking up the Parson on the way.

Today I live in a great city. I ride commuter's trains, and dictate letters, and spend endless hours "in conference."

But I've never forgotten our Church in the field. It plowed deep furrows in my life, and planted the seeds of real happiness.

Now I worship in a big city church. You might think it would be different; but it isn't. Folks are just as friendly. The Truth is just the same. And God is just as close.

You see, in the country or in the city, Christians are conscientious people trying to be better. And for folks like you and me who worship God, the Church—big or little—is *home.*

Sunnyside 4-H Elects Officers

The Sunnyside 4-H Club met in the Strandquist school Sept. 14, 1963, the topic being election of officers. The meeting was called to order at 8:30 p.m. Both the 4-H pledge and the pledge to the flag were given. Roll call was taken and 19 members were present, 7 adults and 3 visitors. Treasurers report was read and approved as read, secretary's report read and approved. There were six new members and any others interested are to be at the next meeting for sign-up projects for the new year. The new officers are: pres. Alva Flaten, vice pres. Elladeane Wikstrom, secretary Curtis Haugen, treasurer Charmaine Johnson and reporter Barbara Lofstrom. Mrs. Daryl Haugen is club leader and every parent helping. Mr. Holland is also a leader, which is greatly appreciated and we would like more assistance from the men. A project talk was given by Elladean Wikstrom on baking and making meals and by Charmaine Johnson on sewing. Alva Flaten gave a report on her trip to the state fair. Finished projects were shown by Orpha Flaten, Alva Flaten, Emery Flaten, Charmaine Johnson and Scott Thun. The club served hot dogs for lunch. Each club in the county has been asked to donate money towards the cost of new 4-H building at the fair grounds. It has been decided that each family in our club pay two dollars. Make your donations to Mrs. Oscar Johnson. Its desirable that a parent come with 4-H member to meetings for various reasons. Next time it is necessary to help in choosing projects for the new year. Let's keep in mind that in 4-H you benefit only from the effort you put forth in making it successful for yourself and community.

Andrew Holmgren became critically ill on Thursday afternoon and was rushed to the hospital at Warren where he passed away Friday morning at the age of 82. Sunnyside 4-H News

The Sunnyside 4-H Club of Strandquist takes great pride in announcing their members achievments at the fair this year. Many exhibits were entered from various projects by our group of 23 members. Several members entered bird houses in their conservation project. This project is taken as a club activity, so it is studied by lessons at each meeting. Those who won blue ribbons on their bird houses and feeders were Curtis Haugen, Karen Wikstrom, Charmaine Johnson, Orpha Flaten, and Alve Flaten. Red ribbons were won by Elladean and Debra Wikstrom and a white ribbon by Lyle Braff. Animal essays and scrap books were also entered in the conservation project. Blue ribbons in this department were, Elladean Wikstrom and Orpha and Alva Flaten. Red ribbons won were by Charmaine Johnson, Karen and Elladeane Wikstrom. We had only one member in electricity and that was Curtis Haugen. He exhibited a lamp which won both the blue ribbon and a purple "Grand Champion" ribbon. This lamp was also exhibited at the Minnesota State Fair where another blue ribbon was won. Curtis also won a blue ribbon on a lawn chair which he exhibited as a shop project. We have several boys in shop and each one entered an exhibit at the county fair. They are Neil Anderson, Rickey Anderson, Lyle Braff, Emery Flaten, Curtis Haugenm Merk Kujava, Gary Kujava, Hugh Nelson, Scot Thun, Jeffry and Bobby Lindstrom. Blue, red and white ribbons were won by these boys. The girls, in sewing, were Orpha Flaten Charmaine Johnson, Elladenne and Karen Wikstrom and Beverly Kostrzewski. These girls all won red and white ribbons on their exhibits. Girls in home improvements, were, Susan Nelson, Alva Flaten Charmaine Johnson, Luann Johnson Elladeane and Karen Wikstrom Beverly and Lorraine Kostrzewski. Blue red and white ribbons were won on their exhibits. Members in food preparation were, Susan and Hugh Nelson, Beverly and Lorraine Kostrzewski, Luann Johnson, Elladeane, Karen and Debra Wikstrom, Charmaine Johnson, and Orpha Flaten. Blue, red and white ribbons were won on their exhibits of cookies, cakes and muffins.

The only member in beef was Gary Kujava. He exhibited a nice herford heifer. He won a blue ribbon on the heifer and another blue ribbon for showmanship.

Those in gardening were Bobbie Lindstrom, Orpha Flaten, Charmaine Johnson, Hugh Nelson and Tommy Kujava. Blue, red and white ribbons were won on their exhibits.

Lyle Braff, in the tractor project and Rickie Anderson in agronomy, did not exhibit. Charmaine Johnson was the only member in home yard improvement. She won two red ribbons on two flower arrangements.

In poultry, Tommy Kujava exhibited a pen of three ducks and won a blue ribbon on his entry. Alva Flaten exhibited two pens in the poultry project. One market pen and one production pen. The market pen had four white rock roosters and the production pen had four white rock pullets. She won blue ribbons on both pens. Her production pen was chosen for entry at the Minnesota State Fair. So, Alva had an opportunity to accompany other exhibitors to the state fair, with Fred Heck as chauffeur. They left on Friday morning, Aug. 30 and returned Monday evening Sept. 2. Alva is our first member to win a trip to the state fair, so we are very proud of her. She enjoyed the stay very much and gave a very good report at our 4-H meeting Monday evening Sept. 9th.

"Learning by Doing" is one 4-H motto. There is nothing as rewarding as an achievement; something you have worked for, yourself, whether it is something you planted, that is growing, raising livestock and poultry, making something with your own hands, working at a job and earning wages. Everything takes personal effort and ambition, but the joy of doing and accomplishing is far more rewarding than the prizes you receive. So let's roll up our sleeves and get busy on our next projects.

Three Councilmen Plan Not to File For City Election

At least three members of the Thief River Falls city council do not plan to file for reelection this fall, according to a survey conducted by the Times late last week. Filings for city office open Tuesday with the election to be held on Tuesday, November 5.

Aspirants for city office will have an opportunity to file for office with the city clerk from Tuesday through October 8. To be elected will be one alderman from each of the city's five wards, two aldermen at large, mayor and city treasurer.

Aldermen Arthur Christianson, Roy Lee and Milton Relerson told a Times reporter Friday that they do not plan to file for reelection. Elmer Benson and Dr. A. E. Jacobson do plan to file while Roy Jorgenson as yet is undecided. Alderman Donald M. Olson is hospitalized and was not available for comment.

Mayor Orin Green is also undecided at the present time but stated that he would make a public announcement later if he should decide not to run for reelection. Mrs. Morris Odegaard, city treasurer, stated she planned to file.

Among the council members who do not plan further council service, Roy Lee is council chairman and has served part of an unexpired term and three elected terms. He is an alderman at large and the senior member of the council in point of service.

Arthur Christianson has served two terms as alderman from Ward 2 and Milton Relerson has served two terms as alderman from Ward 5. The three who do not plan to file are among the most experienced members of the council.

Elmer Benson is the second highest council member in point of service, having filled an unexpired term by appointment and been elected twice in Ward 1 for a total of five years. Dr. A. E. Jacobson was elected to his first term from Ward 4 two years ago and Roy Jorgenson is just completing his first two-year term as alderman at large. Donald M. Olson has served one term as alderman from Ward 3.

Speculation is that Olson will not seek reelection. If this proves correct, there could be four or five of the seven council posts thrown open to new councilmen for the next term.

HONORED in Minneapolis recently as agent-of-the-year by the Minnesota Association of Mutual agents was L. A. (Les) Ihle of Thief River Falls. Presentation of the award was made at the 17th annual convention held at the Radisson hotel. Ihle is the owner of Les Ihle Insurance agency in Thief River Falls.

Ruth Brodin To Head LHS Seniors

Class Elections Held At Lincoln High School

Ruth Brodin was elected president of the senior class at Lincoln high school at class elections held recently. Junior high school elections will take place later when students have had more opportunity to become acquainted with other class members.

Other senior class officers include Lilsa Luoma, vice president; Gayle Kruschko, secretary; and Lorraine Lietzow, treasurer.

Marc Pream will head the junior class this year with other junior class officers including Ronald Lietzow, vice president; Delores Overbye, secretary; and Ann Winters, treasurer.

Elected president of the sophomore class was Rod Carlson with Gary Hanway as vice president, Laurel Rude as secretary and Bonnie VeVea as treasurer.

TRF Firemen Go to School at Fertile

Five Thief River Falls Men at Session Saturday

Five Thief River Falls men attended a fire school at Fertile Saturday, along with 90 other firemen, the event being sponsored by the Northern Region Firemen's association. Present from this city were Patrick Barry, deputy state fire marshal; and Chief Roy Langevin, Ray Olson, Albert Lafrenz and Lloyd Hogenson, members of the local department.

Mayor Harold Gilbertson of Fertile welcomed the gathering. Swan Anderson, fire instructor from the state vocational division, served as drillmaster, and conducted an outdoor fire school, based on the fundamental principles of firefighting.

The spring meeting of the association will be held at Roseau, it was announced.

Heart-of-Home Class To Stress Cleaning Methods

Modern Equipment and Accessories Can Provide Time and Labor Saving

Spring and fall housecleaning often leaves the homemaker exhausted. It is easier to distribute special cleaning jobs over a period of time and eliminate these semiannual upheavals. Cleaning equipment and accessories have improved so much during the past few years that the old-fashioned kind of housecleaning is no longer necessary.

Women attending the Heart-of-the-Home class, the third of the series of four, on September 25 at Northwestern Hospital will learn these new developments in cleaning methods, according to Carolyn Offerdahl, Heart-of-the-Home chairman and county home agent.

Each class member will receive bulletins and pamphlets containing information of easier cleaning techniques.

Proper storage is a great help to a homemaker's use of time and energy. The second meeting that was held on September 18 stressed the importance of having the necessary equipment in the place of use. If necessary two sets of some equipment such as measuring spoons and cups should be obtained.

The classes, which are given by Mrs. Marion Melrose, are sponsored by the Minnesota Department of Health, the University of Minnesota Agricultural Extension service and the Minnesota Heart association.

Students in Jr. High to Be Given Tests This Week

Francis Hamerlinck, Lincoln junior high school principal, stated theat the seventh and eighth graders will begin taking the Iowa Tests of Basic Skills starting Tuesday, September 24, with the first session running from 2 to 4 and continuing with two sessions on Wednesday and one on Thursday. Wednesday sessions will be from 9 to 11 in the morning and 2 to 4 in the afternoon. Thursday's session will be from 9 to 11 a.m. Ninth graders will be tested on Wednesday morning only from 9 to 11.

Mrs. Jaycees Sell Civil Defense ID Bracelets Here

Annual sale of Civil Defense identification bracelets is again being conducted by the Thief River Falls Mrs. Jaycees chapter on a non-profit, public service basis, according to Mrs. Silas Glere, Project chairman.

This kind of identification has been advocated by Civil Defense authorities and professional groups to insure that the wearer receives prompt medical care in case of accident or for family identification in case of national disaster.

Each year the local chapter has conducted the sale in connection with the state Mrs. Jaycees project on Civil Defense and in cooperation with the local school system. Order blanks are being distributed to the kindergarten classes in the local schools. Others interested may obtain blanks by calling Mrs. Glere at MU 1-2126 or stopping at Falls Jewelry.

Cost of the bracelets is 50 cents each, including the printing of name, address, city and state, phone number and religion, social security numer, birth date, next of kin or medical note such as allergy, diabetic or other comment.

Order blanks should be sent with 50 cents and a self-addressed, stamped envelope to Vital Products, 4801 West 28th St., Minneapolis 16, Minn., or Mrs. Silas Glere, 817 Atlantic av. N., Thief River Falls.

Lincoln Host To Region I Rally

Thief River Falls Future Farmers of America chapter at Lincoln high school will be host to the Region I fall leadership rally to be held Tuesday at 4 p. m. in the high school cafeteria. Twenty-two schools are expected to participate in the event.

Regional officers will conduct training sessions for new officers and conduct an orientation program. A creed contest for freshman members will be held and a business meeting will be conducted with Glen Darst, Greenbush, regional president, presiding.

Mark Bruggeman and Harold Myers of Thief River Falls serve respectively as regional reporter and secretary.

Discuss Chipping Plant Thursday

Marcel Calabro, representing the Iron Range Resource and Rehabilitation commission, will speak at the Plummer Hall Thursday evening, September 26, at 8 o'clock. The wood chipping plant to be established at Plummer will be discussed, and anyone interested in the project is urged to attend. The Commercial club will serve coffee and doughnuts at the close of the meeting.

1964 Chevrolet to Appear Thursday

Chevrolet — virtually certain of setting an all-time sales mark in 1963—intends to continue this success in 1964 by offering the widest choice of automobiles in its history, it was announced today by Alvin Holzknecht of Northern Chevrolet Company in Thief River Falls.

Introduced in Chevrolet dealerships on Thursday, September 26, will be 43 new models in five distinct sizes. This is ten more models than Chevrolet offered for 1963 and the greatest number the division has ever offered in a single year.

Included will be the industry's only all-new car for 1964—the Chevelle. This much discussed combination of beauty, quality, performance and distinction is sized between the regular Chevrolet and and Chevy II.

All Chevrolet's five lines of 1964 cars have styling and engineering improvements which—teamed with the increase in models and options—allow the customer to tailor a car to his particular requirements as never before.

"Car buyers today like diversity," Semon E. Knudsen, Chevrolet general manager, declares. "They like to be able to choose cars from a wide selection of sizes, styles and performance characteristics."

Pres. Kennedy to Be in Grand Forks Sept. 25

Chief Executive to Speak in Field House at UND at 9:30 a.m.

Plans for President John F. Kennedy's appearance at a University of North Dakota convocation Wednesday, Sept. 25, have been announced by University officials at Grand Forks.

Arrangements for the chief executive's visit to Grand Forks began to take shape Wednesday when an advance contingent from Washington arrived in Grand Forks for meetings with city, University and Grand Forks Air Force Base officials.

The convocation program will begin at 9:30 a.m. in the University Fieldhouse. Doors will open at 8 a.m.

President Kennedy will fly from Duluth to the Grand Forks Air Force Base Wednesday morning. At the Air Base he will board a helicopter, which will land on the practice football field south of the Fieldhouse.

Dr. George W. Starcher, UND president, will preside at the convocation, at which President Kennedy will give a 10-or 15-minute address and receive an honorary Doctor of Laws degree. The speech, one of several scheduled on the President's 12-state conservation tour, will be on natural resources.

Immediately following the convocation, Kennedy will board the helicopter for his return to the Air Base. He is scheduled to depart from the base at 11 a.m. and is due in Cheyenne, Wyo., 45 minutes later.

The public will enter the Fieldhouse through the west doors only. The east entry will be used for the presidential party only.

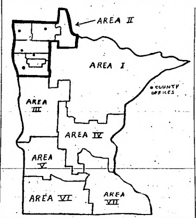
Voice and Organ Recital Planned In City Sunday

Mrs. Lowell (Marjorie) Swenson of Thief River Falls and Paul Lundquist of the University of North Dakota will be presented in a voice and organ recital Sunday, September 29, at 4 p.m. in the Lincoln high school auditorium in this city.

Sponsored by the Friends of the Library organization, the concert is open to the public with adult tickets selling for one dollar and student tickets for 75 cents. Tickets are on sale at Union and Northern State banks, Larson Music store and Carnegie Public Library. They may also be obtained from Bryant Ulsoth at Lincoln high school and at the door the day of the concert.

$5,468,500 To Area Farmers

FHA Area II Has Top Loan Volume in State



Area II of the Farmers Home Administration in Minnesota topped the state in total loan volume during the 1963 fiscal year, according to a report compiled by Leslie Matts, area supervisor stationed in Thief River Falls. Counties in the area include Kittson, Roseau, Lake of the Woods, Marshall, Polk, Pennington and Red Lake with FHA offices located in Crookston, Hallock, Roseau, Thief River Falls and Warren.

Of the state's total of $30,301,211 loaned in 1963, Area II loaned $5,902,715 to farmers in the seven counties. Other area loan totals (areas shown on accompanying map) included the following: Area I, $1,946,481; Area III, $5,468,500; Area IV, $3,645,675; Area V, $5,310,340; Area VI, $4,287,020; and Area VII, $3,740,480.

Volume of loans made has increased tremendously during the past four years, particularly since the FHA reorganization act became effective on Oct. 15, 1961. Loan volume in Area II was $399,950 in 1960, $811,630 in 1961 and $3,221,670 in 1962. In fiscal 1963 the loan total of $5,902,715 was a result of 1,019 loans.

In 1962 the emergency loan program in the seven counties totaled $1,312,730 while in 1962 the total was $1,900,170. Operating loans jumped from $785,710 in 1962 to $1,242,780 in 1963 while farm ownership loans increased from $816,310 to $1,741,480 and rural housing loans rocketed from $306,920 to $925,315 during the same period.

In fiscal 1962 and 1963 there were 40 farms purchased, 33 farms enlarged, 25 farms with land development, 49 new barns built, 133 service buildings improved, 94 rural homes built, 120 rural homes remodeled and improved, 160 rural homes modernized, 114 young families up to 35 years of age assisted with real estate loans and 72 young families assisted with operating loans.

Caseload in 1963 was 1,163 farms which held 271 operating loans, 414 farm ownership loans, 258 rural housing loans, 564 emergency loans, 4 soil and water loans, 39 on collection only and 17 other loans. Collections during the year totaled $1,678,544.

"The Farmers Home Administration is a lending agency for rural families who can not receive financing through commercial channels," Matts said. The loans made must be repaid and interest is charged. There are no outright grants under the program and delinquency has been very, very small. During the past year we referred 145 applicants for other credit and had 270 non-applicants on credit counseling."

A total of 1,276 applicantions for credit were received during the 1963 fiscal year, the report reveals. These includes 299 operating loans, 323 farm ownership, 152 rural housing, nine soil and water, 491 emergency and two watershed loan requests.

Average size of initial loans in Area II during 1963 were $8,515 for operating, $11,324 for farm ownership, $8,494 for rural housing and $3,196 for emergency. Average size of subsequent loans were $3,758 for operating, $4,724 for farm ownership, $2,626 for rural housing and $4,370 for emergency.

Of operating loans made, 44 per cent were for refinancing, 21 per cent to purchase livestock, 15 per cent to purchase machinery and 16 per cent for operating expense. Of farm ownership loans, 40 per cent were for refinancing, 22 per cent for building construction and 35 per cent for purchase of land with only 1½ per cent for land development.

During the past year, an unduplicated total of 208 persons completed their obligations of loan repayment to the FHA. Department totals were 22 operating loans, 240 emergency loans, nine farm ownership loans, three rural housing loans and six other loans.

9th District VFW to Meet at Badger

The ninth district Veterans of Foreign Wars fall rally will be held in Badger Sunday, Sept. 29, at the home of Post No. 3832.

Mentor Rancher Involved in Texas Land Fraud Case

Bascom Giles Ordered to Make Appearance in Court in Austin, Texas

An Austin, Texas, district court issued Monday an order requiring a court appearance by Bascom Giles of Mentor, Minn., Texas land commissioner during the 1955 veterans land scandals.

The order was requested by the attorney for B. R. Sheffield of Brady, Texas. A $200,000 state civil penalty suit against Sheffield, the final suit growing from the scandals, was ordered delayed Monday so the attorney, John Cofer of Austin, could serve Giles.

Cofer discovered Giles' residence in a hearing Monday with Giles' son, Rogan Giles of Austin. The younger Giles said his father is a rancher at Mentor and has not been in Texas since April.

Giles, the father of the multimillion veterans land program, resigned in 1955 after 17 years as land commissioner. He served two years and 10 months of a six-year bribe and theft sentence during 1956-58.

Cofer told Dist. Judge Herman Jones Giles "is the only solvent man in this thing. If the state holds us liable, we will get one-third of the judgment from him."

Sheffield, L. V. Ruffin of Shreveport, La., and Giles were originally named in the suit. Giles was dismissed as a co-defendant in that and another state civil suit when he paid $80,000 in damages. Jones set the case for trial on

Find Stokke Body Near Viking Tues.

Coroner Ruled Death Due To Self-Inflicted Wound

Discovery of the body of Morris Stokke, 39, was made Tuesday about four miles west of Viking and one mile west of the Stokke farm. Approximately 60 people assisted the Marshall county sheriff's office in conducting the search.

Dr. E. R. Pumala, Marshall county coroner, ruled that Stokke died as a result of a self-inflicted bullet wound from a large caliber rifle. Stokke, who listed his home as San Francisco, Cal., had left the Stokke farm early Monday morning and the sheriff's office was called when he failed to return home that evening.

A search for the body with dogs had to be called off when it rained and the arm's-length search by volunteer helpers was used to make the discovery.

Mrs. Lloyd Hanson and Mrs. Oscar Ranum received word of the death in Portland, Oregon, of their six-weeks old nephew, David Jon, son of Dr. and Mrs. Paul Crown.

Social Security Man Here Tuesday

A representative of the Grand Forks district office of the Social Security Administration will be in Thief River Falls at the city Auditorium Tuesday, September 24, at 10 a.m. Individuals who have questions regarding social security or who wish to file claims may contact him on that date.

Top of the Nation Consignor

Warstel Holsteins Follow Beltrami Family Tradition

CONSIGNED to the Top of the Nation dairy sale in Thief River Falls October 17 is Warstel Mammy Josie Pat, a two-year-old heifer from the Warren Gast herd at Beltrami. Due to freshen on sale day, the registered heifer is out of a dam with 14,260 pounds of milk and 500 pounds of butterfat as a four-year-old. A grand-dam of one of the heifers Gast has consigned to the sale has D.H.I.A. production records of 413, 588, 585, 573, 524, 410 and 557 pounds of butterfat.

This is the first in a series on consignors and buyers at the Top of the Nation dairy sale held annually in Thief River Falls. This year will mark the fifth year of the sale with the event to be held on October 17 at the livestock pavilion on the Pennington county fairgrounds in Thief River Falls.

by Marvin Lundin
City Editor

Deep in the heart of cash crop farming territory, Warren Gast of Beltrami is making dairying a large part of his farming operations. Through the years Warstel Holsteins have become widely known among diarymen in northwestern Minnesota and Gast is a dairyman who knows and produces good cattle.

It was in 1918 when Warren's father introduced purebred cattle on the Gast farm and a registered herd has remained on the farm since that time. In 1951 Warren purchased the herd which now numbers 90 head of registered Holsteins.

Each year Gast has 37 cows milking—filling his 114x34 barn to capacity. This year he has about 50 cows which will drop calves but his constant culling and filling in with replacement heifers will maintain the milking herd at 37 producers. Loose housing is provided for the young stock so that they may be inside or outside at their preference during the winter months.

Dairy Sale Consignor

Annually a consignor to the Top of the Nation dairy sale, Gast is again consigning springing heifers this year. One is a granddaughter of Warstel Fanny Colette Robur—the top-selling purebred at the 1961 sale which brought $500. At the first sale in 1959, Gast sold a registered cow for $600 and its calf for $190 for the top consignment that year of $790.

This year one of Gast's consignments will be Warstel Mammy Josie Pat, a springing heifer due to freshen at sale time. The dam of this heifer has D.H.I.A. actual production records of 10,970 pounds of milk and 438 pounds of butterfat as a two-year-old; 11,040 pounds of milk and 459 pounds of butterfat in its last lactation.

Dams of heifers consigned to the sale must have minimum production records of 400 pounds of butterfat if grade animals and 450 pounds of fat if registered. Most consignments are far above these

Hanson-Kuderling Vows Spoken Here Recently

Miss Judy Ann Hanson of Minneapolis pledged marriage vows with Ivan Kuderling of North St. Paul in a double-ring ceremony held at Zion Lutheran Church of this city on August 24 at 8 p.m. The Rev. Leland Steen performed the ceremony.

Miss Hanson is the daughter of Mrs. Hans E. Hanson of Thief River Falls, and the late Mr. Hanson. Mr. Kuderling's parents are Mr. and Mrs. Irvin Kuderling of Gary.

Decorating the alter were candelabra, white and blue baskets of gladioli, mums and carnations, and pews were marked with candles. Approximately 200 guests attended. Jerry Joringdal of this city provided nuptual music at the organ and accompanied Mrs. John Skarsten, soloist, in her vocal rendition of "Wedding Prayer" and "The Lord's Prayr."

The bride was given away by her eldest brother, Elsworth Hanson of Salt Lake City, Utah. Her gown was of imported Chantilly lace and silk organza, the fitted bodice featuring a Sabrina neckline and three-quarter-length sleeves, and the full bouffant skirt flowing into a chapel train. Her bridal bouquet was of red roses and white mums arranged on flowing ivy greens.

Maid of honor was the bride's niece, Carol Stenseth of Thief River Falls. Sandy Christianson of of Thief River Falls, and Ann Kuderling, the groom's sister, were bridesmaids. They wore street-length formals of blue organza over taffeta, with matching veils and shoes. Their bouquets were blue and white mums and carnations.

David Hanson, Minneapolis, brother of the bride, served as the groom's best man. Other gentlemen attendants were Lynn Thompson, Beaulieu, and Roger Olson of Fertile. Ushering duties were performed by Richard Stenseth of Thief River Falls, and Errol Miller of Gary. Men of the bridal party wore black tuxedos with white boutonnieres, and the ushers wore white dinner jackets, dark trousers and red carnation boutonnieres.

Mrs. Hanson wore a dress of blue lace, with accessories to match. Her corsage was of red roses and white mums. Mrs. Kuderling was in a navy blue dress with matching accessories and a similar corsage to that worn by Mrs. Hanson.

At the reception which followed the ceremony, Carol Lundquist of this city attended the guest book, and Mrs. Ralph Jorstad and Mrs. Erling Thompson displayed the gifts. Mrs. Glen Anderson of Thief River Falls and Mrs. David Hanson of Minneapolis, poured.

The cake was decorated by Elsworth Hanson of Salt Lake City, Utah, the bride's brother. Of four tiers separated by pillars, it featured a lacy top with a miniature bride and groom in the foreground. The cake was cut by Mrs. Melvin Stenseth of this city and Mrs. Frank Miller of Gary.

Waitresses were Carol Rolland of St. Hilaire, Katie Carlson of this city, Carol Nevela of Minneapolis, and Susan Lindquist of St. Hilaire. Guests attending were from Gary, Fertile, Duluth and Thief River Falls, and from California, Utah, North Dakota, and Wisconsin.

Mrs. Jaycees Hold Region I Meeting In Moorhead Sat.

The fall meeting of Region 1 Mrs. Jaycees was held in Moorhead at the F. M. Hotel, Saturday, Sept. 14. The Moorhead chapter hosted the event and Region 1 vice president, Mrs. Chuck (Gerry) Troland, of Moorhead presided. Mrs. Richard Trudeau, Moorhead chapter president, was toastmistress. Gloria Westerdahl of Bemidji spoke on records and recognition. A forum on leadership training was given by Mrs. Lowell Wagner, state delegate from Moorhead. Special guests were Priscilla Nauer, state president of South St. Paul, and Pat Miller, Region V vice president, of South St. Paul. Regional officers include: Mmes. James Haarstad, Mrs. Wally Sweedberg of Detroit Lakes, parliamentarian; and Mrs. Deo Munter of Ada, Champlain.

Chapters attending were Ada, Crookston, East Grand Forks, Bemidji, Walker Park Rapids, Thief River Falls, Moorhead and Detroit Lakes. A gavel was presented to Mrs. Deo Munter of Ada, from Gerry Troland, Moorhead, recognizing the extension of their chapter. Mrs. William Ness, president of the Thief River Falls Mrs. Jaycees, accepted the Woman-Mile trophy for that chapter.

Convention Reports Heard at WCTU Meet

WCTU held its September meeting on Friday afternoon, September 20, in Our Saviour's Lutheran Church. Eleven members paid their dues for the ensuing year, and two new members, Mrs. Laura Ekeberg and Mrs. Marius Haakenstad were admitted. Mrs. Minnie Mellem led devotions.

Two convention reports were heard. One was given by Mrs. Earle Ripley, who reported on the state convention held in Pipestone, and the other by Mrs. Knute Gjesfjeld, who reported on the District convention in Stephen. Lunch was served by the Misses Anna and Elsie Koglin and Mrs. Hattie Lanska.

Robert Thorsons to Note Silver Anniversary

A silver wedding anniversary celebration in honor of Mr. and Mrs. Robert Thorson will take the form of open house at St. Petri Church in Nielsville on Sunday, September 29. Hours are from 1:30 to 5:30 in the afternoon. No invitations are being issued, but everyone is welcome. The Thorsons, (the former Ellen Loven) were formerly from the Gatzke-Grygla area and are looking forward to meeting all of their friends and home folks at this affair. Mrs. Thorson was recently in a Crookston hospital, which forced a postponement of the celebration until this time.

A weekend guest at the Paul Bedards last week was Mrs. Bedard's sister, Miss Eleanor Reichardt of Winnipeg, Manitoba, Canada.

Phyllis Olson Is Bride of James Koropatnicki

Miss Phyllis Irene Olson exchanged vows recently with James Koropatnicki, also of Minneapolis, at St. Bernard's Catholic Church of this city, with Rev. Keough Patnode officiating at the double-ring service.

Miss Olson is the daughter of Mr. and Mrs. Mark Olson, and Mr. Koropatnicki's parents are Mr. and Mrs. Nick Koropatnicki, all of rural Thief River Falls.

Roger Grundhaus of the St. Paul seminary, St. Paul, played nuptial music at the organ. The girls' choir of the church sang the "Ave Maria," and "Lord, Who at Cana's Wedding Feast."

The bride's father gave her in marriage. She wore a floor-length gown of Chantilly lace with a tiered skirt, scalloped neckline and long, tapered sleeves. Her veil of illusion was lace-edged. The bridal bouquet was of pink roses and white carnations.

Personal attendant to the bride was Mrs. Milford Hanson, Goodridge. Matron of honor was Mrs. Charles Wiggins of this city, a sister of the bride. Sharon Knutson of Minneapolis, and Mrs. Gene Hoglo of this city were her other attendants. They wore white, tiered floor-length dresses with cummerbunds, veiled headpieces, and shoes of emerald green, and carried bouquets of pink and white carnations. Flower girl Pamela Olson of this city, niece of the bride, was in a floor-length dress. Her veil was styled like that worn by the bride, and she carried a basket of roses and carnations. Brian Bruggeman of Thief River Falls carried the rings.

Best man was Theodore Koropatnicki of Thief River Falls, the groom's brother. Wayne Olson of this city, and William Grundhaus of Seattle, Wash., were groomsmen. Ushering duties were carried out by Charles Wiggins, Roger Solem, Gene Hoglo, and Glen Osbjornson. The men in the wedding party all wore white dinner jackets and black trousers, with dark rose boutonnieres.

The mother of the bride was attired in a beige three-piece suit with brown accessories, and the groom's mother wore a three-piece suit of brown, with white accessories. Pink roses and white carnations comprised their corsages. Because none of the grandmothers were present, a corsage was given instead to the bride's aunt, Miss Clara Olson.

The reception in the church parlors after the ceremony was given by the bride's parents and attended by about 250 guests. Hostess was Mrs. Gilfred Sannes. Mrs. Roger Solem registered the guests. The serving table was arranged in the form of a cross, and the cake, almost four feet in length, was like wise cross-shaped, with the tiers rising from the heart of the cross. Trimmed in pink and green, it featured a cascade of pink roses swirling down the front. Mrs. Vivian McCrum and Mrs. Oswald Werner cut the cake. Mrs. Winton Knutson and Mrs. Roy McNamara poured. Ice cream was served by Mrs. John Havorson and Mrs. Arley Stromberg. Waitresses were JoAnn and Mary Kraemer. Mmes. Wayne Olson, Theodore Koropatnicki, Erling Thompson and Eldon Johnson opened and arranged the gifts.

Miss Olson, a stenographer employed by Investors Syndicate Life Ins. Co., in Minneapolis, graduated from Lincoln high school in this city, as did her husband. He is employed by the Oliver Corporation, also of Minneapolis. They are at home in that city, at 3441 Central Ave., N. E., after honeymooning in Arkansas and Tennessee.

Attending the reception from out of town were guests from Hallock, Minneapolis, Mankato, Brainerd, and various North Dakota cities, as well as from Seattle, Wash., and Los Angeles, Calif.

N. Koropatnickis Are Honored on 25th Anniversary

Mr. and Mrs. Nick Koropatnicki were guests of honor at a silver wedding anniversary observance at their home in Smiley Sunday, September 8. The reception, which was arranged by their children, Mr. and Mrs. Ted Koropatnicki of Goodridge, Mr. and Mrs. James Koropatnicki of Minneapolis, and Mr. and Mrs. Roger Solem of rural Thief River Falls, was attended by approximately 125 relatives and friends.

Mrs. Koropatnicki and her attendant, her husband's sister, Mrs. Edward Carignan of Walhalla, North Dakota, were presented with corsages, and Mr. Koropatnicki and his attendant, Mr. Carignan, with boutonnieres, all arranged by Mrs. Adam Lendobeja.

A purse of money and many other gifts were received by the honored couple, who expressed their appreciation.

A social afternoon was enjoyed, with pictures being taken. A buffet supper was served to all except the honored couple and their attendants, who were served at a table centered by lighted tapers and an anniversary cake in the form of an open Bible. The room was also decorated with streamers and white wedding bells. Mrs. Ray McNamara of Neche, North Dakota, the bride's only sister, poured, and Mrs. Roger Solem cut and served the cake, which was baked and decorated by Mrs. Gilfred Sannes.

Nick Koropatnicki and Celia Doyle were united in marriage at St. Joseph's Catholic church in Leroy, North Dakota, September 8, 1938. They resided in that locality until 1955, when they purchased a farm from Frank Hardisty in Smiley township and have since lived on it. They have three children and two grandchildren.

Out-of-town relatives and friends who shared the happy occasion with the Koropatnickis came from Neche, Nash, Walhalla, Backoo, Akra, Langdon, Bathgate and Brinsmade, all in North Dakota; Leeds, South Dakota; Gonvick and Minneapolis.

Alexandria Dance Festival To Be Emceed by Newton

The Alexandria Round Squares will sponsor a square dance festival Sunday, October 6, from 1:30 to 5:00 p. m. at the air-conditioned Algon Ballroom in Alexandria. Lee Newton, well-known caller throughout Minnesota, the Dakotas, and Canada, will be master of ceremonies for the event.

Other callers participating in the festival will be Walter "Mick" Johnson, Sauk Centre; Clarence "Pete" Peterson, Minneapolis; Larry Guck, St. Cloud; Evelyn Bishman, 16-year-old caller from Dassell who has also appeared at the national convention; Don Cooley, Lowry; Norb Ebnet, St. Cloud; Jack Roach, Glencoe; Ray O'Reilly, Brainerd; Al Nolden, St. Cloud; and Lowell Hanson, Montevideo.

Mr. and Mrs. Walter Peterson of Plummer were Thursday visitors at the Joe Peterson home.

Virginia Copeland Wed to David Trochman Sept. 7

Wedding vows were spoken on September 7 by Miss Virginia Maureen Copeland, daughter of Mr. and Mrs. Roy Copeland of rural Thief River Falls, and David C. Trochman, son of Mr. and Mrs. Ernest Trochman of rural Newfolden. The ceremony took place in the Rosewood Covenant church, with Reverend Walter Blackwood performing the double-ring rite before an altar decorated with lighted tapers in candelabra. A large number of friends and relatives were in attendance.

Mrs. Walter Blackwood played traditional wedding music on the piano, while accompaniment for soloist Miss Florence Bredeson was played by Miss LuAnn Johnson. Miss Bredeson offered "O Perfect Love," and "The Lord's Prayer."

The bride, escorted down the aisle by her father, wore a moderately full-skirted gown of lace over satin, featuring a scalloped neckline. Her veil was enhanced by a rhinestone tiara. The only jewelry which she wore was a necklace of pearls, which was her gift from the bridegroom. Her cascade bouquet was an arrangement of large white mums with white and yellow carnations.

Mrs. Rodney Grandstrand was the matron of honor, with Mrs. Ron Arnold and Miss Marion Copeland as the other attendants. They were attired in gold velveteen gowns, with shoes and headpieces to match. The bridal gown, and several of the gowns worn by the attendants were all fashioned by the bride's sister, Mrs. Rodney Grandstrand. The bouquets carried by the attendants were of gold and yellow carnations, with yellow roses.

The rings were carried on a white satin, lace-edged pillow by LeRoy Copeland, and a basket of yellow and white carnations was carried by Valerie Lou Grandstrand, the flower girl.

Leland Copeland served as best man, with Rodney Grandstrand and Kenny Carlson as groomsmen. The men of the party wore black suits. Serving as ushers were Ron Arnold and Elder Engen.

Mrs. Copeland chose a beige and brown three-piece suit, while the mother of the groom wore a blue and black sheath style dress with an over-jacket. Their corsages were of yellow and white carnations.

The newlyweds were honored at a reception in the church parlors. The four-tiered bridal cake was baked and decorated by Mrs. Lloyd Anderson, and trimmed in yellow roses with green leaf accents. Adorning the top were a miniature bride and groom encircled with lace.

Mrs. Walfred Carlson, an aunt of the groom, poured. Mrs. Earl Kirkeby, aunt of the bride, cut the cake, and it was served by Mrs. Norris Trochman, aunt of the groom.

Attending the guest book was Miss Arlene Copeland, and Mrs. Leland Copeland, and Mrs. Percy Hagen were in charge of the gift table. Misses Dorothy Garthus, Janice Sabo, and Shirley Anderson served as waitresses.

The couple spent several days honeymooning in the Black Hills and the Badlands of South Dakota, and upon their return are making their home at 307 S. Duluth in this city.—Photo by Neal Fox Studio

Membership Is Topic at Meeting of the BPW Club

Marie Bishop, District I chairman of the Business and Professional Women's clubs, was the featured speaker at the September meeting of the BPW at the Rex Cafe on September 17. Miss Bishop's talk emphasized the important part young women can and do play in the organization, and told of her own experiences as a club member in Oklahoma and elsewhere, and the benefits which she derived from membership. She was introduced by Ruth Wilson, program committee chairman for September, and introduced, in turn, Margaret McCarthy, president of the Bemidji BPW, who spoke briefly on obtaining new memberships.

Other guests and prospective members of the group were Judy Schindler, of KTRF; Carolyn Hutzler, former resident of Brooklyn, N. Y. and now at Forsberg's; Gloria Melby of the Thief River Clinic, and Janice Melvie of First Federal Savings and Loan.

President Clarice Collins gave a brief summation of her attendance at the summer board meeting at the Duluth Hotel on August 24 and 25. The district meeting to be held October 27 at Bemidji was discussed, as were suggestions for having a bosses' night some time in the future, at which time bosses of the members would be invited guests, to afford them an opportunity to familiarize themselves with the aims and program of the BPW.

It was also decided to make a brief recapping of the outstanding news events of each month. Frances Shanahan and Flora Allison will present the first reports of the series. Christmas gifts which are available for sale were on display.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. M. R. LEVORSON

This week we are sharing with you readers an old recipe, which might just evoke enough nostalgia in many of you to tempt you to try it. It's the kind of thing you will enjoy smelling when coming into the kitchen on these crisp fall days, something about its aroma to cause you to pause and sniff the air appreciatively the second time. It was a great favorite of Mrs. Levorson's family while the boys were growing up.

Mrs. Levorson, affectionately known as "Kate," tells us that this bread is delicious served with cheese, or jam or jelly, and that it makes a nice addition to the luncheon tray for club lunches or other social events.

PRUNE BREAD

Soak 1 cup prunes overnight. In the morning, cook the fruit until tender. Cool, and cut into small pieces, or mash, as you prefer.

Soak 1 small yeast cake in ½ cup lukewarm water. (An envelope of dry yeast may be used instead of the fresh yeast).

Scald 1 cup milk and while still hot, add to it 3 tablespoons shortening. Also add ½ cup prune juice, 4 tablespoons sugar, 2 tablespoons molasses, and 1 teaspoon salt. Cool to lukewarm, then add the yeast and the prunes.

Add 2 cups graham flour and about 5 or 5½ cups white flour. Knead until smooth, grease top of dough, and let rise, covered, in a warm place, until doubled in bulk. Knead down, and shape into two loaves. Let rise again. Bake in a moderate (375 degree) oven for one hour. Grease crust with butter when removing from the pan. Cool.

Mr. and Mrs. Levorson had two sons, one of whom, Mark, was killed in action as he jumped with the Paratroopers across the Rhine River in World War II. Wayne, in service in the war also, married a Belgian girl in Antwerp, Belgium. They are the parents of 7 children, a great source of pride and joy to their grandparents. The two youngest children are twin girls. The ages of the children range from 16, on down to the 3-year-old twins. Their grandmother, who loves to sew, supplies them with many dresses made with a loving touch. She also sews for herself and for her daughter-in-law, in addition to being employed at the Sears order office. She and "Rudy" have given unselfishly of their time to the American Legion. Kate has held many chairmanships in the local auxiliary, is past-district secretary of the auxiliary (serving twice), and is currently on the 9th Dist. executive board and is also 9th district music chairman and publicity chairman. Rudy is a service officer and active on the membership committee as well; he has been vice-commander of the district, past-commander of the local post, in addition to having held, at various times, a number of other chairmanships. When the boys were small, he also devoted a great deal of time to hunting with them, especially in pursuit of big game.

"Parish Education" Is TLCW Theme This week

"Parish Education" is the theme for the meetings of the Trinity Lutheran Church Women on Wednesday, Sept. 25, at 8 p. m., and on Thursday, Sept. 26, at 2 o'clock. Mrs. Arnt Aune will give the devotions Wednesday evening, and Mrs. Alfred Solem will give them on Thursday afternoon. Mrs. Bryant Ulseth will sing at both meetings. Three members of the Board of Parish Education, Mrs. Harland Lee, Mrs. Roy Jenson and Mrs. C. N. Isaacson will report on the work of Christian Education in Trinity. Any mother or grandmother in Trinity who is interested in her child's or grandchild's training is urged to be present.

Birthday Party Honors Mrs. Pete Sorter

Mrs. Pete Sorter was guest of honor at her home on Tuesday afternoon on the occasion of her birthday anniversary. Mrs. Ruth Nickelson was hostess to a group of Mrs. Sorter's well-wishers, who included Mrs. Hilda Stromberg, Hilda Sagmoen, Edith Gillespie, Mrs. Ed DeLap and Paula; Mrs. Christ Saustad, Mrs. Allen Christenson and Scott; Gene Meyers, Mrs. E. A. Soderberg, Mrs. Lawrence Nicholson, Mrs. Albert Swenson, and Mrs. Orville Gillespie.

After a social afternoon, the self-invited guests served lunch, and Mrs. Sorter was presented with a number of gifts. In the evening, Mr. and Mrs. Carl Surmo and Henry Dahlen were also callers at the Sorter home to extend their best wishes.

4H Members Eligible for Many Scholarships

Minnesota 4-H'ers looking ahead toward a college career have many opportunities to win scholarships through the 4-H program, according to Carolyn Offerdahl, Pennington county home agent.

For example, each year two scholarships are offered by Watkins Products, Inc., to a Minnesota 4-H boy and girl for their achievements, active participation and leadership in 4-H club work. Last year's winners were Kay Schwartz of Northfield, and Rodney G. H Johnson of Roseau, who are sophomores at Stout State College and at the University of Minnesota, respectively.

A long-time record of achievement in livestock projects qualified David Pierson, Lake Elmo, for the Mc Kerrow scholarship which he will use this fall in the study of agriculture at the University of Minnesota. The $300 scholarship is given annually by the Minnesota Livestock Breeders association.

A new awards program in the 4-H food preservation project begins in Minnesota this year. Ball Brothers Co., Inc., Muncie, Indiana is offering two $300 scholarships to 4-H'ers enrolled in food preservation or in other foods projects. Purpose of the awards program is to relate food preservation more closely to meal planning and preservation.

4-H'ers enrolled in the 4-H foods-nutrition project who have good high school scholastic records are eligible for three $100 scholarships in bread, donated by the F. H. Peavey and Company.

Present or former 4-H members who are juniors, seniors or graduate students, preferably in agricultural economics or agricultural business, are eligible for a $400 scholarship given by Chicago and Northwestern Railway company.

Scholarships ranging from $200 to $1,600 are available to 4-H'ers on a nationwide basis. Usually these are awarded only upon a of at least a quarter of work in college.

Charles Pfizer and Company awards 20 scholarships to students planning a career in extension work. 4-H'ers majoring in agronomy, soils entomology floriculture, plant pathology or horticulture are eligible for the two scholarships given by the California Chemical company.

The Chicago and Northwestern Railway company also awards $400 scholarships to students majoring or minoring in forestry or agricultural business. 4-H'ers who will enter college in 1964 may apply for achievement scholarships of $800 donated by the Edwin T. Meredith Foundation.

Last year a Pine City 4-H'er, Paul Noreen, was one of four national winners of a $1,600 forestry scholarship awarded by Homelite, a division of Textron, Inc. If you are interested in grain marketing transportation, you may want to look into the two $400 scholarships given by the Milwaukee Road.

Twelve scholarships in home economics are awarded on a national basis by Pyrofax Gas Corporation, Sunbeam Corporation, Sperry and Hutchinson, Whirlpool Foundation, West Bend Company, and Clovia, national sorority for young women in 4-H.

Each year application forms and supplementary material are due in the state 4-H club office of the University of Minnesota by October 1. For further details on scholarships and for report forms, contact your county home agent.

Gary Anderson Named Teaching Aide at UND

Twenty-six graduate students at the University of North Dakota have been named to teaching assistant positions for the 1963-64 academic year, bringing the total to 79, announced Dr. C. J. Hamre, dean of the graduate school.

The appointments provide financial assistance to students qualified for teaching in the department in which they take the major part of their graduate work. Most assistantships require 15-20 hours of work per week and permit the students to carry 10 credits of graduate work each semester. Stipends range from $1,800 to $2,200 a year.

Earlier, Hamre announced 53 appointments. The latest appointments include: Accounting, Gary Anderson, Thief River Falls.

Moccasin Garden Club Sees Scotland Slides

For the August meeting members of the Moccasin Garden Club completed their tour of yards and gardens with the tour ending at the Sidney Wilson home where Mrs. Wilson was hostess to the group.

Special guests were Mrs. Bert Viegen of Smiley and Mrs. James Veitch of Currie, Scotland. Mrs. Veitch showed slides of her Scotland gardens, which included a waterfall and lilly pool. The Veitches also operate several greenhouses in Scotland. She also gave helpful suggestions on floral arrangements, starting cuttings and plant culture.

The Moccasin Garden Club were guests at the Herman Christopherson home where they viewed slides and enjoyed a lunch.

The next meeting will be held at the Edwin Koglin home on September 26 at 8 p.m. with the husbands of the members to be special guests. Each member is asked to bring a miniature floral arrangement. Mr. and Mrs. Curtis Smith will show slides and movies they took while in Europe.

Mrs. Roy Holm Hosts Chat and Chew Club

Chat and Chew Homemakers club met at the home of Mrs. Roy Holm on September 17, with seven members present. Chairman Mrs. Sheldon Joyner presided at the meeting.

Miss Geneva Overum gave a report on landscaping, the same report had been given by Gustav Hord at the meeting of April 5 at the courthouse. The discussion period was on the improvements and convenience in the packaging of groceries.

The following officers were elected for the ensuing year: Mrs. James Anderson, chairman; Mrs. Clarence Williams, councilor, and Mrs. Clayton Angell, secretary. The meeting concluded with lunch, which was served by Mrs. Roy Holm and Mrs. Clarence Williams.

CORRECTION

The following paragraph was accidentally omitted from the Seeger-Fladeland wedding story in Thursday's issue of the Times:

Maid of Honor was the groom's sister, Miss Mary Fladeland of St. Hilaire. Linda Schukle of Duluth was the bridesmaid. They wore identical gowns of mint green taffeta with short, full skirts and three-quarter-length sleeves. Their veiled headpieces matched their gowns, and their boquets were of white feathered mums and ivy.

HAPPY HOMEMAKING

by Carolyn Offerdahl

PENNINGTON COUNTY HOME AGENT

Every homemaker has a staff of servants at her beck and call in the modern equipment in her kitchen; yet many homemakers don't use their equipment to the best advantage to save time and energy in meal planning.

First of all a few utensils, each of which may be adapted to a number of cooking processes, are preferable to many utensils for individual uses. Along with the above, the utensils should be sturdily constructed and of size, shape, weight and material suited to the purpose for which it is to be used. They should also have a smooth, seamless surface, with rounded corners free from rough edges. They should be well balanced for efficient use.

Handles on equipment should fit the hand, be heat-resistant, and be firmly fastened to the utensils with no unnecessary grooves. The presence of many grooves makes them hard to clean. The lips and spouts should be non-dripping.

Utensils used in surface cookery, in other words pots and pans, usually are of iron, stainless steel, aluminum, porcelain enamelware or heat-resistant glass. These surface utensils should have flat bottoms and straight sides and should fit the range unit. The covers should be tight fitting.

The same materials are used for oven utensils as for surface kettles and pans and in addition tinned steel or iron, earthenware and heat proof china is used. These utensils should be of a size and shape to permit circulation of heat. To save initial cost, cleaning and storage space, use a utensil that is suitable for table service.

Utensils used in the preparation of foods should be accurate in measure, have sharp-cutting edges and should be adapted for use with one hand.

Thus one can make one general statement about kitchen utensils. To be efficient, they must accomplish in a moderate length of time and with the minimum of effort on the part of the homemaker the task for which they were made. Store the piece of equipment near where it is normally used. Much time and energy can be saved if this is done.

Child Discipline Is TV Series Topic

Family Life Specialist Speaks Sept. 25, Oct. 2

Today's concept of discipline and the pre-school child will be the subject of a two-program series to be presented on "County Extension Speaks" over KNOX-TV, channel 10, Wednesday, September 25, and Wednesday, October 2, at 12:30 P.M.

The series will feature Charles Martin, Minnesota extension family life specialist.

The first program is entitled "Discipline and Behavior." Mr. Martin will discuss how discipline influences the development of the pre-school child. Often what parents consider as misbehavior is really typical behavior of this age group.

The second program is "Conditions for Good Discipline." It includes practical suggestions for parents as they live day to day with their children.

The series will be commentated by Marshall County Home Agent Sandra Saranen.

Dist. I Hospital Auxiliary Meets in Crookston Oct. 9

The board of the Northwestern hospital auxiliary was informed at a recent meeting of the forthcoming District I meeting to be held in Crookston on October 9. Mrs. J. C. Goldsmith, Mahnomen, District I chairman, met with the board and urged the members to attend the session, which is to be held at Mt. St. Benedict, beginning at 9 a. m. and concluding about 3 p. m.

The meeting will deal with the volunteer hospital services. "We feel that we have planned an interesting and informative workshop and ask your cooperation in making it a success," Mrs. Goldsmith said.

Lunch will be served, the cost to be included in the $2.50 registration fee. All members of the hospital auxiliary are urged by the local board to be in attendance. Any member wishing to attend may contact Mrs. Norman Peterson (MU 1-3747) or Mrs. J. J. Womack (MU 1-4897) for further details and transportation.

Series of Prayer Meetings Slated Prior to Crusade

In preparation for the United Crusade which will be held in Thief River Falls city auditorium on October 13-29, a series of weekly united prayer meetings will begin this week. The October crusade will feature the Janz Brothers who have recently returned from Germany.

Prayer meetings will be held Thursday at 8 p. m. in the Evangelical Free Church, October 3 at 8 p. m. in the Mission Covenant church and October 10 at 8 p. m. in the First Baptist church. Other churches participating include Our Savior's Lutheran, Salvation Army, Faith Lutheran Brethren and Assemblies of God as well as a number of other churches from this area and in Canada.

A united choir, which will sing during the October crusade, will rehearse each Thursday at 7:15 p.m. prior to the prayer meetings. Any interested persons are encouraged to join the choir.

All Knights of the council are invited to receive holy communion in a body and to bring their sons with them to church services as well as to the breakfast. An interesting program is being arranged for the communion breakfast.

Torgerson Visits Admiral Brother

Erling Torgerson visited with his brother, Rear Admiral Theodore Torgerson, at the Grand Forks air base Saturday noon. Admiral Torgerson is now stationed at Washington and is in charge of communications for all branches of the service. He was enroute to Alaska Saturday, stopping at the Grand Forks air base for refueling.

REGISTERED Holsteins at the Warren Gast farm 2½ miles east of Beltrami have become a tradition. Part of the herd which numbers 90 animals is shown in the above photo. Gast maintains a milking herd of 37 cattle and has about 50 calves produced each year. Many of the calves are sold as 4-H club project animals and some heifers are kept as replacement stock for the milking herd. In 1961 Gast consigned the top-selling purebred at the Top of the Nation dairy sale in Thief River Falls and in 1959, the first year of the sale, he had the top consignment in a cow and calf which sold for a total of $790.

District 17 PTA Workshop Set at Bagley Saturday

District 17 of the Minnesota Congress of Parents and Teachers will hold its fall conference Saturday, September 28, at Bagley with registration from 9 to 9:30 a. m. "PTA Pathfinders" will be the theme of the conference.

Workshops to be presented include: "Paths for Parents" by Mrs. C. L. Dwelle, Minneapolis, state chairman of parent and family life; "Paths for Leaders" by Mrs. Hener Olson, De Graff, PTA magazine chairman; "Paths for Problems" by Mr. Robert Boyer, St. Paul, Mental Health chairman; and "Paths for Fun" by Carl Knutson, recreational chairman.

Knutson is chairman of the recreational committee for the Minnesota PTA Congress and supervisor of health and physical education for the Minnesota Department of Education. He will be the main speaker at the conference.

Lucky Four 4-H Club Will Elect Officers Tuesday

Election of officers will be held when the Lucky Four 4-H club meets Tuesday at 7:30 p. m. in the Thief River Falls city auditorium. Talks will be given by Barbara Beich and Paul Mortenson on 4-H camp and by Paul Wold on boy's camp at the state fair. All members who plan to enroll in the club program again this year are asked to be present or to notify one of the adult leaders if unable to attend the meeting. A limited number of new members will also be accepted.

Project and adult leaders for the club are needed. Parents of club members who would like to serve in either of these capacities are asked to contact the present leaders.

St. John Circles Host Missionary Meeting Tuesday

Circles of St. John Lutheran church will have a combined meeting at the church parlors on Tuesday at 8 p. m. A special guest will be Mrs. Henry Krammer of Nigeria, Africa, formerly of Roseau. She will show slides and speak on the work she and her husband are doing in Nigeria, where he is the principal and an instructor at one of the Lutheran seminaries.

The meeting will be followed by a social hour, and is open to all, both men and women, who wish to attend. There will not be an admission charge, but a free-will offering will be taken.

Beltrami Dairy Herd Grows in Family Tradition

(Continued from page one)

minimum requirements.

High Production

A veteran of 14 years of testing in the Dairy Herd Improvement association, Gast's high herd average was 515 pounds of butterfat per cow. The average is about 465 to 470 pounds in the large herd. His top animal last year was Warstel Heidi Abby Star which produced 16,630 pounds of milk and 638 pounds of butterfat in 321 days. His top production record on an individual was made in 1951 when Pieterji Beets Ormsby Girl produced 22,480 pounds of milk and 729 pounds of butterfat in 305 days of milking.

On the Gast home farm of 480 acres, Warren raises about 50 acres of corn for silage and 125 acres of barley for sale in addition to feed grain for his herd. Alfalfa is used in a crop rotation program. His cattle are on limited pasture with supplemental feeding. Silos 14x14½ and 18x40 are used with green-chop corn used for supplemental feeding in the late summer. Alfalfa hay is put up in dry form rather than haylage.

A cautious dairyman, Gast generally keeps his own bull for breeding but also has about 15 head of cattle bred artificially each year. In this manner he hopes to avoid the possibility of a complete crop of poor calves.

Warstel Holsteins gets its herd name from a combination of the names of Warren and his wife Stella, a sister of Hans and Ole Waale of Thief River Falls.

Gast sells Grade A milk to Cass-Clay Creameries, Inc., has a pipeline milking system and 500-gallon bulk tank. The barn is equipped with drinking cups attached to a pressure system and an automatic barn-cleaner.

The farm has been in the Gast family since 1914. If Warren's children take an increased interest in dairying, the Holstein herd is likely to continue as one of the best in the area. The children include Harold 15, Susan 13, Sandra 11, Bradley 9, Bruce 7, Randy 5 and Michael 3.

PUBLIC OPINION

This is written to inform you that the Rural Electric Cooperatives are not heavily subsidized, as you stated in your editorial about the Midcontinent Area Power Planners Power Pool. The rural electric cooperatives are not REA customers as you also stated.

Rural electric cooperatives are REA borrowers, and they are also repayers, with a repayment record that is something to be admired by everyone. Of the 960 electric borrows in the U. S. there are only two (according to the last reports) that are delinquent. The rest are current, or have made advance payments or have paid up in full, including all the interest.

I thought everyone in a rural community such as ours knew that the rural electric cooperatives are owned by the members that they serve.

The REA is only the banker (so to speak) for the rural electric cooperatives, but does not own them.

As far as taxes are concerned, the rural electric cooperatives do pay all the taxes any other business pays, except income taxes, and they do not earn income., so likewise no income tax.

I hope this has enlightened your view on the rural electric cooperatives, so you don't make a similar mistake again.

A Red Lake Electric director,
Raymond Parnow

WARSTEL Holsteins at Beltrami takes its herd name from the first names of Warren and Stella Gast, shown here looking over individual cow records from the Gast herd. Forest Harvest Is Worth $245 Million

State Committee Files Report for Last Year

The value of forest products harvested in Minnesota during 1962 exceeded $245 million, acording to the latest figures from the industry forest products information committee.

The figure represents an increase of $3 million over 1961 and a new high for the state. Paper, wood fiber board and packaging materials accounted for $201 million of the total.

Some other interesting points brought out in the report were: An increase of $3 million in payments by the mills to employees in the form of wages, salaries and fringe benefites; a total of over $62 million in such compensation paid to approximately 9,000 employees of the nine companies and 12 mills operating in Minnesota.

About $29,300,000 was paid by these mills for pulpwood and wood pulp, over $58 million for other materials and supplies and over $21.9 million for transportation. Over $12 million was paid by the industry in taxes.

The industry's report says that an investment of $11 million in new machine equipment and facilities since World War II has resulted in over 3,400 new jobs.

418 Working for Conservation in North Minnesota

The efforts of conservation crews working in distressed areas of northern Minnesota are begining to show tangible results, the conservation department reported this week.

In Cass county, work has been completed on a northern pike spawning area. In Itasca and St. Louis counties, improved trapping facilities were constructed in two fish rearing ponds, and in Hubbard county a work crew completed improvement on a trail providing access from a county road into a lake.

Other projects in state parks, forests, campgrounds, wildlife management areas and other locations are nearing completion. Many others are in various stages of development.

At last report, 418 previously employed persons were working on conservation work projects. Of the original half million dollars allotted for this program under the Natural Resources Act passed by the last legislature, $278,00 remains on balance.

24 Communities At Municipalities Meet Wednesday

Aproximately 130 interested persons from 24 communities attended the regional meeting of the League of Minnesota Municipalities held Wednesday evening at the Elks club rooms in Thief River Falls. A dinner preceding the meeting was attended by 123 persons.

No formal program was presented but persons attending were permitted to ask questions of representatives of aeronautics, agriculture, business development, civil defense, health, highways, liquor control, public examiner, taxation, youth conservation and safety council agencies.

Orville C. Peterson, executive secretary of the League of Minnesota Municipalities, acted as moderator for the informal discussion session. Mayor Orin Green gave the welcome at the meeting which was one of 16 held in the state this year.

1.5 Million Ton Beet Harvest Is Seen for Valley

A one and one-half million ton sugar beet crop will be harvested this year from 120,000 acres in the Red River Valley, according to J. C. Tanner, district manager of the American Crystal Sugar Co. in East Grand Forks.

Harvesting began Sept. 9 and the season's operation is expected to be complete at all three American Crystal plants by about Feb. 1. To date, approximately 8 per cent of the crop has been harvested.

"The yield is above average this year because of the good growing season," Tanner said. He noted that despite the dryness of August and early September in the northern section of the Valley, the quality of the crop is well above average.

Itasca Park Open until October 13

The conservation department's state parks division announced today that housing and meal accomodations in Itasca State park will be open until October 13, weather permitting.

A state park official said the operating season was being extended to afford tourists and Minnesota residents the opportunity to view the park in its fall colors.

If the October weather is unseasonably cold, some of the accomodations may have to be closed earlier, the announcement stated. It was suggested that persons planning a trip to the park after October 7 call division headquarters in Centennial Building in St. Paul to determine if facilities are still in operation.

Haugstul Wins in Snowball Special

Jim Haugstul of Fosston, playing a consistent brand of golf, won the championship flight honors in the "Snowball Special" tournament played over the local course on Sunday. Haugstul, winner of the Red River Valley tourney this season, had rounds of 37-37-36 to post an aggregate of 110 strokes and gain a five-stroke margin over Grand Forks' Jim Leigh, who won second place with a 115-stroke aggregate.

A three-way tie for third place, with John Bennett, Craig Simmons, and Dick Steffens posting 118's, necessitated a playoff, and in the playoff Bennett earned third place, and Simmons gained the fourth place award.

Eighty-seven golfers participated in the tourney, and which concluded the tournament season for most of the area's golfers.

The scores of the prize winners, and the flight champions, runners-up, and consolation winners:

COUNTY BOARD PROCEEDINGS

OFFICIAL PROCEEDINGS, BOARD OF COUNTY COMMISSIONERS, PENNINGTON COUNTY, MINN.

Sept. 10, 1963

Pursuant to adjournment the County Commissioners met in the Commissioners Room in the Court House at 10:00 A. M., Sept. 10, 1963.

Members present: Hanson, Olson, Almquist, Lindberg and Tasa. All present.

Commissioner Lindberg introduced the following resolution and moved its adoption:

WHEREAS, Robert H. Korkki, Probation Officer for the Northwestern Probation and parole Service District has resigned and the Juvenile Judges of said District have met and agreed to employ Joseph P. Books as Probation Officer for said District upon the following terms:

That said Joseph P. Books salary be $6,500.00 per annum, payable in 12 equal monthly installments, and if his service proves satisfactory he shall receive an increase in salary of $250 per annum at the end of the first year and an additional $250.00 per annum at the end of the second year. He shall earn a vacation of one day per month accumulative to not more than 24 days and sick leave of one day per month accumulative for a period of no more than 3 years. Salary to begin October 1, 1963 with the salary of said Robert H. Korkki to end on the same date.

NOW THEREFORE BE IT RESOLVED that said agreement of employment of Joseph P. Books be and the same is hereby approved.

The foregoing resolution was duly seconded by Commissioner Almquist and declared carried.

Ray Oen and Fred Sorenson appeared in behalf of the Pennington County Fair Board and asked the Board to reconsider and amend their authorization of a tax levy in the amount of $3500.00 to a total of one full mill or approximately $5000.00 Figures were presented which showed the obligations that would have to be taken over in excess of the amount that could be taken care of with the $3500.00 levy, and have any working capital left. The Board took the matter under advisement with the possibility that the Board may call a County wide meeting to let the general public express its views.

Mel Burrell and Earl Gilthvedt appeared and aired a dispute as to who was liable for the personal property tax levied against Earl Gilthvedt. After considerable discussion no determination was made and the Sheriff was instructed to collect said taxes.

At 2 P. M. bids were opened for disposal and sale of old material left over from the old Kratka bridge. The following bids were opened and read aloud:

M. L. Strandberg, Thief River Falls	$55.00
Daryl Haugen, Strandquist	63.00
Arthur Olson, Oklee	153.00

Moved by Tasa seconded by Hanson that the bid of Arthur Olson in the amount of $153.00 be accepted and contract entered into. Motion carried.

Moved by Hanson seconded by Lindberg, that the County Board as a whole, serve as a committee as a whole on an Inter-governmental Committee and be authorized to collect such expenses as are necessary, when presented on duly verified claims within the limits set forth for county services. Motion carried.

Moved by Hanson seconded by Tasa that the Road Committee and the Bridges and Culvert Committee inspect roads and bridges and culverts at 1:30 P. M., Sept. 18th. Motion carried.

Tax abatements were approved and sent to the State Department for approval for Donald Peterson on Real Estate where building had been removed and assessed in error on the North 20 ft. of Lot 8 and all of Lot 9, Block 63, Original Townsite, Thief River Falls and for Jerry Joringdal on Personal Property which had been assessed in error.

Moved by Tasa seconded by Hanson that additional Clerk Hire in the amount of $75.00 be made available for the County School Administrator. Motion carried.

Prowler Eleven Tips E. Grand Forks 14-0

Shaking off the frustrations of several touchdown-nullifying penalties coach Bill Herzog's football Prowlers, after being held scoreless in the first half, tallied a pair of second-half touchdowns, and added the conversion points, to defeat East Grand Forks, 14 to 0, in a Northwest conference game played at East Grand Forks on Friday afternoon.

This week, on Friday night on the Lincoln high school field, the Prowlers will be host to the Roseau Rams in a Northwest conference game. The contest will also have the added prestige and color of being the Homecoming tilt for the Prowlers.

In Friday afternoon's game at East Grand Forks, and which was the Homecoming feature for the Little Green Wave, the Prowlers were unable to mount a consistent attack. And the East Siders too, were unable to make yardage either by running or by passing. The Prowlers did have a touchdown called back when Rich Nelson, after catching an East Grand Forks' punt on the midfield stripe, ran for a TD. A Prowler was called for a clipping violation, and the play was nullified.

Opening the third period the Prowlers, defending the east goal, received the kickoff and Don Mathieu, who played a stellar game for the locals, made a 35-yard return, bringing the ball to midfield, Rick Jensen, mixing the Prowler plays real well, and throwing and completing a vital pass to Bob Olson, moved the locals to the East Grand Forks 1-yard line. A quarterback sneak by Jensen tallied the touchdown, and when Larry Joppru, unmolested, slanted off left tackle for the extra point, the Prowlers held a 7 to 0 lead.

Midway in the fourth period the Prowlers added another touchdown when fullback Joe Taylor, on a 3-yard plunge, crossed the east goal-line. Joppru's placement kick for the conversion-point was good and coach Herzog's team held a 14 to 0 advantage. On this touchdown drive, which started on the East Siders' 35-yard line following a shot punt, Ron Olson, on a sweep around left end picked up 16 yards to produce the drive's "long gainer".

During the game which found the Prowlers piling up a total of 234 yards from scrimmage, the locals had fourteen first downs, of which four came by passing, to East Grand Forks' five first downs. East Grand Forks gained 74 yards from scrimmage, getting 41 yards by rushing and 33 yards on passes. Individually, for the Prowlers, Mathieu, playing his first year of varsity football, gained 70 yards in seven tries.

Keeping Score with "Huck" Olson

Needed: Man's Best Friend

Without dogs it was impossible; and even with dogs it was tough enough. That's the consensus of the upland game-bird hunters who trudged the country side on Saturday and Sunday in quest of the sharptailed grouse.

There were some limits bagged but the reports, in general, were that there has been a further decline in the sharptailed grouse population. From personal observation, and based on conversations with farms in the Mavie and Germantown areas, there has been a marked falling off in the number of the birds the past couple of seasons.

It is a fact that the Germantown area, which at one time was rated as among the state's finest hunting territory for sharptailed grouse, is producing more blank bags than grouse.

And the ruffed grouse opening was a "hit and miss" affair, with the heavy foliage giving ample protection to the few birds that were flushed.

It is agreed that the week-end's successful hunters were those fortunate nimrods who had the assistance of man's best friend, a dog.

Jackie has Knee Trouble

A short note inclosing an item from the Green Bay paper provides the information that Jackie Poole, all-state center on the 1956 state champion hockey Prowlers, may have to conclude his active hockey career because of knee trouble.

Jackie, who injured his knee several years ago while playing at Rochester, and had surgery on the knee then, has been playing hockey with the Green Bay Bobcats and the United States Nationals.

Poole, who plays at a wing for Green Bay, has been with the Nationals for the past three years, and it was during a practice session last season that he re-injured his knee. He has had to undergo surgery again on the knee, having had some cartilage fragments removed.

Jack's hockey outlook appears dim, and as he says: "I'd like to give it another try, but if playing again is going to wreck my knee completely, I'll have to forget it."

And speaking of hockey it's worth mentioning that Gordy Simpson, who played several years with the Roseau Cloverleafs in the States-Dominion league, will be coaching the senior hockey Winnipeg Maroons this season. He succeeds Bill Juzla. And Danny Summers, who played here for a season or two with the Thieves, when he was called Billy Winters, will be with the Maroons this season. Summers, for the past several years, has been playing professional hockey with the St. Paul Saints.

Craig Simmons, who played hockey with Sergio Gambucci's Grand Forks Redskins and with the Grand Forks Jets, played in the golf tournament here on Sunday. Craig stated that Cliff (Fido) Purpur, the former National Hockey performer, and who was instrumental in getting the North Dakota Sioux into "big time" college hockey, will be directing the Grand Forks senior hockey team this season. Craig won't be around for the hockey season as he will be in Arizona sharpening up his golf game. He earned fourth place in Sunday's tournament here.

Oh yea, the New York Rangers of the National Hockey league are engaged in pre-season practice sessions on the Winnipeg Arena ice, with the drills being held at 9:00 A. M. and 2:30 P. M. Fans are welcome to attend these drills. The Rangers will play the Stanley Cup champion Toronto Maple Leafs at Winnipeg on October 3rd.

Some Words from Roy

Had a letter from Roy Pederson, the sharp-fielding hard-hitting third baseman of the Hamm's Beer team when they were the "powers" in the city softball league. Roy is in the Army, being stationed in Germany, and he reports that he will be leaving for home in less than a month. He hopes that there will be duck or two left by the time he gets here.

He inclosed a clipping taken from the "Stars and Stripes" which told of some slick fielding by the Reno infield during a Reno vs. Fresno game in the California league. And what interested Roy, and will interest local baseball fans, is the following: "Reno, the 13-6 winner of the game, came up with the triple play when shortstop Butch Land speared a line drive hit by Fresno's Dommy Blanca. Land fired to second baseman Kenny Weber to double pitcher Bill Rygwieski. Then Weber whipped the ball over to first, where Bobby Toain caught Larry Edmondson." That's the Kenny Weber who pitched for the Ada high school and Legion teams, and later was a star with Pinky Kraft's North Dakota U team.

J. Olson
B. Olson

BOB OLSON the Prowlers' left end, puts a strong rush on East Grand Forks' quarterback Jerry Olson in second-period action at East Grand Forks on Friday afternoon. Olson's target on the pass attempt was either Louie Lopez (20) or John Smith (23), but Bob Olson's defensive rush forced a hurried throw.

Pream
Jensen
Nelson

RICK JENSEN follows center Terry Nelson on a one-yard sneak to cross the west goal-line early in the second half of the Prowlers vs. East Grand Forks grid game on Friday afternoon. The touchdown broke a scoreless tie and started the Prowlers on a 14 to 0 conquest of the East Siders. Tackle Marc Pream, at the right, holds off East Side's Bob Johnson.

Tunberg Motors Sponsors PP&K Contest Again

Football Event for Boys 8-11 Scheduled for Saturday, Oct .12

Registration in Tunberg Motors Punt, Pass and Kick contest will be open through Friday, October 11, with boys aged 8 through 11 eligible to participate. Boys will compete in their own age groups on Saturday, October 12, for a number of prizes offered by the local Ford dealer.

Boys registering must be accompanied by a parent and competing age will be counted as of Dec. 29, 1963. Seven-year-olds can compete if they reach their eighth birthday before December 29 and 11-year-old boys who become 12 before December 29 are ineligible. And boys in junior high school this year are also ineligible.

No cost or purchase is required of any boy, parent or sponsor to enter or compete. Boys must register on official entry forms and competition will be held on local, state, area, division and national levels. Division finals will be held at National Football League games and national finals will be held at the NFL championship game on December 29.

Each boy will compete individually in the three categories of passing, punting and kicking from a placement tee. Judges will score one point for each foot the ball travels on the fly, minus one point for each foot the ball lands right or left of a center line.

Local awards will include an NFL warmup jacket for first place, football helmet for second place and autographed football for third place in each of the four age divisions.

Consumers Warned of Frauds by State Man

Beware of the technique of fraudulent merchandising known as the "bait switch", Joseph P. Summers, special assistant state attorney general, warned customers Wednesday.

The "bait switch" is employed by some dealers who lure customers with attractive advertisements of a standard brand item, then try to talk them into a higher priced, off-brand article because the advertised item, they, say, is out of stock. Salesmen for encyclopedias and sewing machines are currently using the "bait switch" to sell Minnesotans higher priced articles than necessary, Summers said.

Among other frauds Summers cited the use of false job guarantees in selling courses and in attracting students to private-vocational schools. High school principals, the state department of education and the Better Business Bureau have sound information regarding the best place to obtain education for special skills, as do potential employers, professional associations and labor unions.

Summers, who is head of the state consumer protection unit, spoke on current consumer problems in Minnesota at the luncheon meeting of a special consumer protection forum in North Branch, Minnesota. The all-day meeting for women was sponsored by the University of Minnesota's agricultural extension service in cooperation with the Chisago County extension service.

Mrs. Shirly T. Munson, consumer consultant for the Food and Drug Administration, urged consumers to read and compare labels on all packaged goods they buy to be sure of what they are getting. Labels on all products that are toxic if taken internally must carry a warning to that effect, she said.

In reply to questions frequently asked by consumers, she pointed out that certain products which meet definite standards set up by the Food and Drug administration do not need to list the ingredience do not need to list the ingredients ducts are fruit preserves and jellies mayonnaise and catsup. Many homemakers, however, are urging the listing of ingredients on all products for the benefit of the people with specific alergies.

PTA Congress Is Set at Rochester

Minnesota Convention to Be Held Oct. 7 to 9

The forty-first annual convention of the Minnesota Congress of Parents and Teachers will be held October 7, 8 and 9 in Rochester, Minnesota.

Mrs. Charles M. Huffman, Hopkins, president of the Minnesota Congress of PTA's issued the convention call predicting that delegates from many of the 1085 PTA units in Minnesota will attend the three-day session.

The title of the keynote address sets the theme of the forty-first Minnesota State PTA convention. The address, "Vision to Meet the Challenge" will be given by Dr. Paul Cashman, professor or rhetoric at the University of Minnesota. This talk is scheduled for 3:00 P. M. on October 7.

Convention chairman is A. A. Becker, Minneapolis. The vice chairman is V. F. Ellies, Winona.

PTA representatives from neighboring states are expected as well as the representative from the National Congress of Parents and Teachers. The national delegate will be Dr. J. C. Moffitt from Provo, Utah. Other featured speakers will be Dr. Glenn Snow, assistant executive secretary National Education Association, Washington, D. C.; Dr. Elizabeth M. Drews, professor of education, Michigan State University, East Lansing; and Mr. Harmon H. Bro, director of institute for research in psychology and religion, Park Forest, Illinois.

Masons to Discuss Cancer Hospital

Fund Drive to Be Topic in Minneapolis Oct. 5

A "Progress and Prospect" meeting of Minnesota Masons will be held in Minneapolis Saturday, October 5, for review of their $1,100,000 drive to add two floors to Masonic Memorial Hospital at the University of Minnesota.

Principal speaker at the 11:00 A. M. luncheon in Coffman Memorial Union on the University campus will be Dr. Harold S. Diehl, New York, senior vice president of the American Cancer Society and former dean of the University of Minnesota medical school.

About 1,000 Minnesota Masons are expected for the rally, including local, district, and regional drive chairmen, masters of Masonic Lodges, Grand Lodge officers, and their ladies.

Dr. O. Meredith Wilson, president of the University of Minnesota, also will speak to the group, and prospects for the future will be outlined by Clyde E. Hegman, Edina, president of Masonic Memorial Hospital Fund, Inc., the fraternity's non-profit fund-raising organization.

Tours of the cancer hospital will be conducted following the luncheon.

'U' to Host Editors and Legislators Saturday, Sept. 28

1,200 Expected to Visit Minneapolis Campus and Attend Football Game

The University of Minnesota's 1963 Legislators', Editors' and Broadcasters' Day on Saturday, Sept. 28, is expected to bring approximately 1,200 state lawmakers and newsmen to the Minneapolis campus.

The visitors will attend an exhibit open house and a barbecued beef luncheon in Williams Arena and the Minnesota - Nebraska football game, the opening game of the season, in Memorial Stadium.

A traditional football opening day event, Legislators', Editors' and Broadcasters' Day is designed to give lawmakers and members of the communication media an opportunity to become better acquainted with the University and *its administrative officials*, deans and members of the faculty.

The open house in Williams Arena, which will begin at 10:30 a. m., will feature 45 large exhibits, from as many University departments, depicting the various aspects of University teaching, research and service.

The luncheon will be served in the Arena, beginning at 11 a. m., by the University's Block and Bridle club, an organization of animal husbandry students. Deans and several members of the faculty from the University's various colleges will serve as hosts at the tables for the luncheon.

After the luncheon, the newsmen and legislators will attend the football game at 1:30 p. m. in Memorial Stadium. Pre-game and half-time entertainment will be provided by more than 6,000 musicians from 91 high school bands in Minnesota. The University Marching Band, under the direction of Bandmaster Frank P. A. Benerlscutto, will join with the high school musicians for half-time entertainment.

Revise Selective Service Induction

State Director Reveals Changes in Regulations

An executive order signed by President Kennedy on September 10 brought about certain changes which stopped the induction of registrants who are 19 but not yet 26 years of age, nonvolunteers, who maintain a bona fide family relationship in their home.

To clarify some of the questions raised by the executive order, Lt. Colonel Murley A. Reep, Minnesota director of selective service, announced that until further notice local selective service boards will no longer call registrants for Armed Forces physical examination who are covered by the order. Rather, such registrants will be placed in a lower sequence of selection until such time as the Armed Forces announce the need for them.

Colonel Reep also stated that married registrants who have volunteered for early induction may withdraw their voluntary applications if they so desire, by writing to their respective local boards prior to the time they are forewarded for induction.

Evan Jones Aids in Decommissioning USS Los Angeles

Evan M. Jones, lieutenant (junior grade) in the United States Navy has assumed naval duties aboard the heavy cruiser USS Los Angeles.

The Los Angeles, presently undergoing an inactivation overhaul in Long Beach, California, is scheduled to be decommissioned in November of this year. This has placed responsibilities on all departments, not the least of which is the comunications department under Jones. He has recently been promoted to communications officer, and now heads divisions of radarmen, electronics technicians, and radiomen. He is presently supervising the task of inactivation of electronics and radio equipment aboard the Los Angeles.

The son of Mr. and Mrs. Quentin Jones of this city, Jones attended Lincoln high school. After taking his degrees in history and political science from Hamline University in St. Paul, he was accepted into the Naval Officer Candidate School, Newport, Rhode Island. Having received his commission as an ensign, he was then sent to communications school prior to reporting aboard the Los Angeles April 29, 1962. After the decommissioning of the "Queen of the Fleet" Mr. Jones will go to new duty as communications officer at the Naval Air Facility, Monterey, California.

Meat now accounts for about a fourth of the shopper's food dollar, and the demand is expected to grow.

SHOPPERS at Tischart's Fabrics & Yarns store in Thief River Falls received chuckles Wednesday night when they noted the signs worn by nightshirt-garbed fabric consultants. Nightshirts had been made by the ladies for Moonlight Madness from the flannel offered as a sales promotion and the signs proclaimed: "Only 39c — The Flannel, That Is."

Indoor Rodeo Is Set in Crookston

Event Scheduled Nov. 15 to 17 in Shows Arena

The great midwestern indoor Rodeo featuring 400-600 of the nation's top rodeo riders and 200 head of "Buckin Broncs", Brahma Bulls, "Doggin Steers", roping calves, parade horses, etc., from the famed Brookman Montana Ranch will be held in the Winter Shows Building, Crookston Friday, Saturday, and Sunday, November 15, 16 and 17. All 6000 seats provided for each performance will be reserved. This Rodeo will be an official preliminary to the National RCA Rodeo which will be held in Los Angeles two weeks after the local rodeo or during the first week in December. A $1,700. rodeo purse for contestants will be provided.

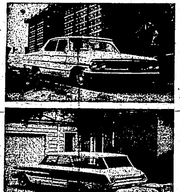
Great Midwestern Indoor Rodeo producers will be the Red River Valley Winter Shows, Elwood Erickson, producer of the Turtle River North Dakota Rodeo for 11 years, and a group of midwestern Canadian and area financial backers.

Stock contractor will be Marvin Brookman, Wolf Point, Montana, who also provides livestock for other major rodeos such as the Wolf Point Stampede, the Lewiston Montana Rodeo, the Shelby Rodeo the Mandan and Turtle River Rodeos and many other rodeos held throughout the west.

The nation's top rodeo announcer has been contacted to handle the Rodeo, as has one of the nations top rodeo Clowns.

A featured special events will be a wild horse race in which riders attempt to ride wild range horses which never had a bridle or saddle on.

General information concerning the Rodeo or seat reservations can be obtained from Don Myrold in the Winter Shows Business Office, Phone AT 1-2900 or AT 1-1857.



New luxury styling to match its total performance gives a bright, new look to the lineup of Ford cars for 1964. The top-selling Ford Galaxie 500 Series offers three distinctive new roof lines including the 4-door sedan (top photo). Five engines and four transmissions are offered including the Cruise-O-Matic Dual Range three-speed automatic transmission now available with all engines up to 390 cubic inches displacement.

The full Ford Galaxie line for 1964 includes 16 models with 2- and 4-door sedans, hardtops, convertibles and station wagons (bottom photo). The completely restyled cars will appear in Ford dealer showrooms September 27.

'64 Fords to Make Bow Here Friday

Tunberg Motor Company to Display New Models

New models of Ford automobiles for 1964 will go on display at the Tunberg Motor company next Friday, September 27, and they reveal many improvements and refinements in the various lines. Models include the Ford, Fairlane, Falcon and Thunderbird.

All 16 models of the regular Ford line are designed to combine an exterior look of greater luxury with still more advanced engineering features.

The dynamic new lines of the 1964 Fairlane are complemented by a selection of five engines. The lineup includes two- and four-door sedans, a two-door hardtop and ranch wagon.

The Ford Falcon for 1964 combines a new look of action with a more spacious interior and added economy. The luggage compartment provides 25 per cent more usable space.

The Ford Thunderbird has been completely restyled for 1964, giving it a longer hood and a shorter roofline, and it retains the 390-cubic-inch motor, power steering and power brakes that proved so popular in the current models.

Crop production is now 70 per cent higher per acre, output per breeding animal is 90 per cent greater and one hour of farm labor produces more than four times as much as it did in the period from 1919 to 1921.

"It is of dangerous consequences to represent to man how near he is to the level of beasts, without showing him at the same time his greatness. It is likewise dangerous to let him see his greatness without his meanness. It is more dangerous yet to leave him ignorant of either; but very beneficial that he should be made sensible of both."

Tax Cuts

The House Ways and Means Committee has agreed upon a tax cut, and a tax cut in a campaign year may help to re-elect the administration. But a tax cut that means bigger deficits and a much bigger national debt for a nation that already is on the verge of financial collapse, is unbelievable stupidity. We share the following views with Henry Hazlitt, writing in Newsweek:

"Let us recall some elementary principles that everyone seems to want to forget. Taxes are imposed, *not out of pure cussedness, but* to raise revenues. Their function is to raise enough revenues to pay for the government's expenditures. Taxes in other words, are a purely derivative problem. The real problem is to cut expenditures. But nobody wants to face this. So everybody can be a cheap Santa Claus by voting for tax cuts while voting for more expenditures.

"When taxes fall short of meeting expenditures, the tax cut is not real. Either visible taxes must be correspondingly increased in subsequent years (if there is any honest intention of ever having even a "cyclically" balanced budget or ever paying off any of the national debt), or the deficit must be paid for by the hidden tax of inflation, i.e., of higher prices and cheaper dollars. If inflation worked out evenly, it would be a proportional income tax and capital levy on rich and poor alike. It never works out evenly, but falls most heavily on those least able to protect themselves. In brief, any tax cut that leaves a deficit is a deception and a sham."

If the proposed revenue cuts were offset by reductions in expenditures the nation's economy would be strengthened. It is to be hoped that the recommendations of the House Ways and Means Committee in this present form, will be rejected by the House membership. Considering the fact that the American dollar has for many years been the accepted standard of international exchange, but is now looked upon increasingly as a currency of doubtful value, Congress had better start heeding the danger signals.

Salad Oil Saga

The Wall Street Journal suggests that Congress conduct a full scale inquiry into the Government's disposal of surplus commodities. The missing grain mystery, involving some 66 shiploads of surplus feed grain, valued at about $82 million, would justify such an inquiry, the Journal believes. Another $70 million, invested in salad oil, probably will have to be written off as a loss which should also be looked into. As reported by the Journal:

"The tale, according to Senator John Williams, of Delaware, unfolds as follows: Two years ago the Agriculture Department contracted to buy, for about $90.4 million, 500 million pounds of refined salad oil and shortenings — primarily soybean oil — on the ground that it needed to remove surplus oil from the market in order to support the domestic price. It was said also that the oil was needed to meet estimated requirements of the Food-for-Peace Program.

"As it turned out, though, at the time the purchase was authorized soybeans were in no need of support. Indeed, they were selling at 50 cents above the support price. Moreover, there was something amiss with the government's estimates of the oil needed abroad. It developed that Korea, for instance, already had enough inventoried salad oil to last two years, India enough for four years.

"Nevertheless, the government shipped the oil, 400 million pounds of the total being bought from certain private contractors even though these people had been barred from participating in any programs financed by the Agriculture Department's Commodity Credit Corp. Because the bulk of the 400 million pounds was shipped in containers so faulty that some countries refused to handle the shipments and others condemned the oil as unfit for human consumption, $70 million worth is turning rancid in warehouses around the world."

In conclusion the Wall Street Journal observes, "Missing grain and spoiling oil makes a malodorous salad," and we agree that a thorough investigation of the government's disposal of surplus commodities operations deserves immediate authorization.

Teaching Qualifications

Dr. James B. Conant, who headed a team of nine educators in a study financed by a Carnegie Corporation grant, is releasing the findings of the group in a book titled "The Education of American Teachers." In commenting on the work of the group he stated:

"Amid all the conflict over teacher education, I have found only two points on which all are agreed: (1) Before being entrusted with complete control of a public school classroom, a teacher should have had the opportunities under close guidance and supervision actually to teach. . .and (2) the ultimate question that the state should ask is, 'can this person teach adequately?'"

He is of the opinion that a four-year college education is adequate to prepare elementary and high school teachers. A fifth year would be of great advantage after the teacher had had a few years of experience, he said. He contends that the only point at which the state should enter the certification process is to rule on the practice teaching arrangements, and should require only:

"That a candidate hold a baccalaureate degree from a legitimate college or university.

"That he submit evidence of having successfully performed as a student teacher under the direction of college and public school personnel in whom the state (education) department has confidence.

"That he hold a specially indorsed teaching certificate from a college or university which, in issuing the official document, attests that the institution as a whole considers the person adequately prepared to teach in a designated field and grade level."

That seems to be a common sense approach to the over-all problem and the published report should make interesting reading. We are sure he would agree that the colleges and universities that would be given the authority to issue teaching certificates should be required to maintain high standards in their own operations. One of the reasons why we have so many teachers on our payrolls who are not qualified to teach is because we operate too many diploma mills where attendance is about the only requirement for graduation.

And we still like the idea of state board examinations for students as a means of testing both student and teacher qualifications.

Time To Mellow

Art Suel, editor of the New Prague Times, is a Democrat, but we have liked hime in spite of that shortcoming. We like him mainly, we think, because of his genial personality. We can't recall any time when he had a mad-on for anybody. If he couldn't say anything nice he somehow had a knack for remaining quiet.

The following clipping from his editorial observations will give you a fair idea of what his thinking is politically. He recognizes a need for mature judgment, and associates mature judgment with conservatism. But here is what he says:

"As those active in political affairs mature in years, there appears to be a tendency toward growing more and more conservative. Many of today's arch conservatives started out on their public careers as flaming liberals. It would be easy to recount a long list of present-day conservatives who in their younger days were in the ranks of the liberals or even radicals, but it would serve no purpose except possibly provide a bit of needless embarassment.

"The trend from conservatism to liberalism with passing of years appears to be less marked.

"All of which is but a preliminary approach to comment upon sharp and widespread criticism of two opposing partisan groups.

"In a throwback to the standpatism of another era, the recent convention of Young Republicans in San Francisco is still drawing fire even from the Republican press for its roughshod steamrollering of anything that smacked of the Twentieth Century.

"Then, more recently, the Young Democrats of 13 western states in convention in Los Angeles swung the pendulum in the opposite extreme toward radicalism with resolutions equally nonsensical and untenable.

"With all due credit to the members of both organizations for their interest and activity in public affairs, perhaps the most charitable, most nearly correct explanation of their conduct of these two West Coast conventions might be expressed in that first word in the names of their respective organizations: "Young"."

IN MINNESOTA

BEER IS A NATURAL

Brewed slowly, by a centuries-old natural process, beer is Minnesota's traditional beverage of moderation—light, sparkling, delicious.

And naturally, the Brewing Industry is proud of the millions of dollars it contributes to this state's economy through wages, advertising, rentals, insurance, transportation and utilities. Money made in Minnesota, spent in Minnesota. In Minnesota, beer belongs, enjoy it.

UNITED STATES BREWERS ASSOCIATION, INC.
MINNESOTA DIVISION

REPORT TO THE PEOPLE

by Governor
KARL ROLVAAG

An expanded sawmill, an electronics plant, a small tool and die shop — these are things that give hope to economically-troubled communities. As your Governor, I want to tell you about some of these new industries that are now developing as a part of an important program in Minnesota, the ARA — Area Redevelopment Administration, an agency created to aid certain distressed areas in Minnesota.

Grass Roots Effort

This agency provides a grass roots cooperative effort to combat unemployment, and it deserves high praise. Here's how it works: First, local city or county government organizes its own five member area redevelopment council. We already have one of these councils in each of the 19 counties where unemployment is high. It is to this local group that a hopeful new entrepreneur turns. Suppose you've got an idea for a better mousetrap. You put it in writing, estimate how many jobs your factory would provide, and then you submit your plan to your local ARA, with an outline of how much capital you need to borrow for plant and equipment.

Projects Evaluated

Step two comes when the local agency approves your project and submits it to the federal coordinator in Duluth. That office makes a complete evaluation of the general soundness of the proposal. Next step is to get the approval of the state ARA, which gives help and counseling in ironing out problems. Once the state ARA approves, the whole project is submitted to the Washington, D. C. office. Final action comes from the state Executive Council of Minnesota, which is comprised of myself, the Attorney General, Secretary of State, Treasurer, and Auditor.

Jobs—Created

At the most recent meeting of the Executive Council, we approved a $4,000 loan for the expansion of a sawmill operation at Willow River, which will create eight new permanent jobs. In the comparatively short period that the ARA has been in operation, applications for loans for 38 new industries have been received. About $134,000 has been distributed in loans, and about $700,000 in loans are now under consideration. If these are approved, approximately 425 new jobs will be created; and this of course does not measure the indirect opportunities for employment which are generated by the creation of new industry.

Entire State Benefits

It is significant that Minnesota is the only state in the nation that participates in ARA loans up to 20 per cent of total investment for a maximum of 25 years at three per cent interest. The federal government provides up to 65 per cent of the loan. Five per cent must come from the applicant himself, and the other 10 per cent from local lenders. While this program is directly aimed at helping the seriously distressed areas of Northern Minnesota, it should be clear that it is intensely important to the entire state. The economic health of all the communities in Minnesota is interdependent and calls for the concerted interest of all citizens.

Pledge Cooperation

With the ingenuity and resourcefulness of our people, and the farsightedness of our legislators both in St. Paul and in Washington, who have fought to establish this program, I am confident that in the months to come there will be new small industries developing in many communities in our distressed areas. I pledge my full cooperation to encouraging this imaginative and hopeful program.

Report on Viking News of the Week

Louis Stokke's Observe Silver Wedding

Mr. and Mrs. Louis Stokke of Viking were honored on the ocassion of their 25th wedding anniversary on Saturday evening, September 14 by a large group of friends and relatives. The observance was held in the Zion Lutheran Church. Mrs. T. J. Weltzin presided at the organ, playing the traditional wedding march as the honored couple was escorted down the aisle by ushers, Harvey Stokke and Earl Krickson. Mrs. Stokke was presented with a corsage of pink carnations and tea roses, and Mr. Stokke a carnation boutonniere. LeRoy Gustafson served as Master of Ceremonies, announcing the following program: Devotions by Mrs. Luella Stokke, Duet "The Wedding Prayer"-Mrs. Lyle Stokke and Mrs. Ronald Shern. A welcome on behalf of the Zion ALCW by Mrs. Leroy Gustafson, president. Mrs. Oscar Gustafson then gave an original reading concerning the honored couple's 25 years of wedded life. A solo "Bless This House" was sung by Mrs. Lyle Stokke, after which remarks were given by Pastor Weltzin. The honored couple was presented with a purse of money in remembrance of the occasion by the assembled friends and relatives for which they expressed their gratitude. The program closed with a number by the audience and the Lord's Prayer. Following the program a reception was held in the church parlors, with arrangements of pink garden flowers and pink and silver candles carrying out the decorating theme. The honor table, where the honored couple, family and relatives were seated was beautifully decorated, featuring a lovely anniversary cake in the shape of a book, centering the table. At the guest book was Mrs. Luella Stokke, while Mrs. Ted Smedsrud and Mrs. Ned Mortrud, sisters of the groom, poured coffee. The Naomi Circle, of which Mrs. Stokke is a member, was in charge of arrangements. Guests in attendance were from Devils Lake, Petersburg, Grand Forks, East Grand Forks, Fordville, Larimore, Middle River Thief River Falls, Newfolden and Argyle.

Confirmation Services Held Sunday

Confirmation services were held at the Viking Covenant Church on Sunday morning, with the following being confirmed by Rev. Walter Blackwood: Judith Carol Skjerven, Kathleen Adele Skjerven, Arlene Fidelis Copeland, Marian Carlotta Copeland and George Clarence Viney. Special music was presented by Mr. and Mrs. Virgil Hjelle. The corsages worn by Rev. Blackwood and the confirmands were presented by Mr. and Mrs. Gordon Skjerven in memory of their son Terry, who was a member of the class.

# of Rhyme & Reason

ISN'T IT AMAZING what can be accomplished when an individual or a group doesn't concede defeat? It is just as amazing what can happen when people extend themselves just a little bit and dare to try things which others more timid would not attempt.

Now, Thief River Falls is not exactly a metropolitan area, and I suppose most people don't expect to find metropolitan attractions in it. In fact, most people don't believe that little ol' Thief River would attract such attractions. There are some however, who are a bit more brazen and it has reaped surprising results.

Take as a for instance the Northern Minnesota Education association 25th biennial convention which will be held here on October 10 and 11. One would hardly expect this relatively small group of educators to have speakers like Bennett Cerf and Adolph Rupp. Cerf is a noted television personality, humorist and writer who is in great demand as a speaker. Rupp is coach of the University of Kentucky basketball team which annually rates high in college standings.

Both of these men, and their appearance here, will help to place Thief River Falls in the northwestern Minnesota spotlight. The same will be true when the Jaycees bring Miss America to the annual Aquacade *in 1964 for the second time in three years. Her appearance on* August 1 of next year—a Saturday night in conjunction with the local queen pageant—has already been scheduled.

The above-mentioned only serve to prove that such feats can be accomplished if a little imagination and guts is exhibited. And it does raise the question of why the community couldn't support other similar appearances in the form of culture or entertainment. It could be done.

●

Waving her broken glasses before the nose of a local optometrist, the sweet young thing explained, "I just sat on these. Will I have to be examined all over?"

"Not at all," the doctor kindly replied, "just your eyes."

●

A late-hour janitor in a metropolitan area bank answered the telephone on an executive's desk with a simple "Hello." "I want to know what the Federal Reserve Bank discount rate is, what the prime-paper rate is and if all this foreign traveling is going to upset our currency," a voice said. "Mister," the janitor replied, "I told you all I know about the banking business when I said 'hello.'"

●

Overheard on a street corner: "That psychiatrist sure helped me. Only a few weeks ago when the phone rang, I was deathly afraid to answer it. Now I go right ahead and answer whether it rings or not."

A MEASURE OF SUCCESS

Came Saturday early morning
And 'twas quiet in the house,
I rose with silent footsteps
And was quiet as a mouse;
I donned my battered garments
To not awake my spouse
As I left for sporty shooting
At the wily Sharptail grouse.

To think my hunt was futile
Would really be absurd,
For one way or another
Success is always heard.
In the evening after sunset
There was more time for word,
My wife did all the talking
And did I get the bird!!

WHAT MAKES YOUR BARN TICK?

You, the farmer, of course, are the mainspring of your barn . . . but rural electricity helps the hands go round, to keep things running smoothly.

ELECTRICITY AIDS DAIRY FARMER

Today's modern dairy farmer finds electricity indispensible. The milker, seperator, barn ventilator, water pumps, milk cooling tank are all kept operating without worry when dependable electricity is on the job.

AND ALL AROUND THE BARN . . .

The wheels and cogs of daily living are smoothed by electricity on the farm. Electric lights make the winter days longer . . . electric water systems simplify tasks. Heat lamps can be used when needed . . . and in dozens of small ways electricity makes the sturdy red barn a more comfortable and efficient building.

RURAL ELECTRIFICATION . . .
GOOD FOR ALL AMERICANS!

In the Minnkota area, there are more than 200,000 rural residents who rely on electric light and power as supplied by us. Each year more electrical aids are available to the farmers, and we are prepared to supply him with the power he needs.

SERVING THIS AREA SINCE 1940:

PROGRESS in the construction of the new J. C. Penney company building in Thief River Falls is beginning to show visibly on a day-by-day basis. After most of the summer being spent in the tedious tasks required to excavate the basement deeper and strengthen the former Montgomery Ward structure, major construction is now well underway. In the above photo, Morris Goddard (left), manager of the local Penney store, discusses with a bricklayer the brick being used on the north wall of the building. An estimated 22,000 bricks will be used on the exterior of the building with the contrast between the old and new shown in the above photo.

NDMEA Meet In City Told To Rotarians

Event Will Feature Noted Speakers and Department Sessions

Review of the forthcoming Northern Division Minnesota Education Association convention to be held October 10 and 11 in Thief River Falls was given to the Thief River Falls Rotary club Monday noon in the Elks club rooms. Speaker was Francis Hamerlinck, junior high school principal at Lincoln high school and general chairman of the convention committee.

Hamerlinck told the Rotarians that the Northern Division has a potential membership of 2,000, and teachers and administrators are expected for the two-day convention. The MEA has 31,000 members and is the only independent organization representing teachers in Minnesota, he said.

Top speakers have been secured for the general sessions, the chairman added. They will include Dr. Dean F. Berkley, director of the bureau of field service at Indiana University and national winner of the Toastmaster speech contest; Adolph Rupp, head basketball coach at the University of Kentucky; and Bennett Cerf, television personality, columnist and humorist. Convention budget is about $6,000.

Reviewing the MEA, Hamerlinck stated that the organization has eight professional workers on the staff and is governed by a 19 member executive board. A 180-member delegate assembly is also important in policy making of the state organization.

Locally the convention will have 20 sectional meetings, 30 exhibits from book and educational supply companies and 13 luncheons and dinners. Largest dinner will be for teachers which will be held in the basement of St. Bernard's Catholic church.

In answering questions following his talk, Hamerlinck noted that there will be no open sessions to the public because of space limitation. General sessions will be held in the school gymnasium and admission will be by showing membership cards in the Minnesota Education Association. Dr. Berkley, Cerf and Rupp will speak at the general sessions.

LHS Homecoming Events To Begin on Thursday

Homecoming festivities at Lincoln high school officially open tonight (Thursday) at 7:30 p. m. and will conclude Friday at 11:30 p. m., according to Robert Reeve, senior high school student counselor and advisor to the student council. Snake dance, bonfire, pep rallies, queen coronation, football game and dance will all be included in the festivities.

At 7:30 p. m. tonight the snake dance will wind its way through city streets enroute to the fairgrounds where a bonfire and pep rally will be held. The snake dance will form at Lincoln high school, move north on Knight avenue to Second street, east on Second street to LaBree avenue, north on LaBree to Fourth street and west on Fourth to the fairgrounds.

Friday at 2 p. m. a homecoming program will be held in the high school auditorium when the homecoming queen will be crowned by Terry Nelson, 1963 Prowler football Capt. Candidates for homecoming queen include Sharon Egenes, Mary Solheim and Vicki Goulet. Attendants include Yvonne Lindberg and VirJean Hanson from the junior class and Joanne Bruggeman and Tami Steen from the sophomore class.

Immediately following the program, about 3 p. m., a parade will be held through the business district. Class floats will be competing for prizes with floats from other organizations also entered. The marching band under the direction of John Moum will also be included in the parade and the homecoming queen will ride the senior class float with her attendants.

Homecoming theme for Lincoln high school this year is "Roast Roseau" as the undefeated Prowlers will play the Rams in the homecoming game. Kickoff time is set for 8 p.m. at the high school athletic field. Halftime ceremonies will include presentation of the queen and her attendants.

Immediately following the game, about 9:30 p. m., the homecoming dance will be held in the school cafeteria. The Tornadoes will furnish music for the dance which will conclude at 11:30 p.m.

Arrangements for all phases of the homecoming activities are being made by the senior high school student council. Kenneth Larson, council president, is general chairman of the event. Sub-committees working in various portions of the event include the following:

Parade—Kenneth Larson and Mark Steen; dance—Tami Steen; bonfire, Nancy Dicken and Marc Pream; coronation—Margie Wik; voting—Nadine Craig; concessions

Special Guests Attend Legion's Membership Rally

TRF Post and Auxiliary Host District Rally at Club Rooms Saturday

Many special guests were included in the large attendance noted Saturday evening when Eklund-Holstrom Post 117 of the American Legion in Thief River Falls hosted a ninth District membership rally in the local club rooms. Thirteen posts and auxiliary units in the district were represented at the rally.

Commander Orville Hanson and auxiliary president Mrs. Orville Feragen presided at the respective sessions with reports on membership locally given by Mrs. Donald Myer, unit membership chairman, and LeRoy Nabben, post membership chairman. Local membership presently totals 454 in the Legion post and 386 in the auxiliary.

Department, district and local officers attended a dinner served to about 60 people at 6:30 p.m. prior to the rally. Compliments were extended to Dan Foley, recently elected national commander of the American Legion as the first national commander from Minnesota.

Speakers at the joint meeting of Legionnaires and auxiliary members were Albert Olson, Roseau, district commander; Mrs. Fred Freeburg, Bagley, district president; Mrs. Robert Marshall, Dilworth, district membership chairman; Harry Mc Farlin, Crookston, district membership chairman; Hughlun Cole, Two Harbors, department membership director, and Doug Anderson, Dilworth, department vice commander.

T. W. Thorson, Crookston, director of the Ninth District American Legion band, talked about the trip the band made to the national convention in Miami, Florida.

Telegrams were read from Howard Lohman, department commander, and Mrs. William Mitchell, department president, who were unable to attend due to previous commitments. Posts and auxiliary units are working to reach their membership goals by November 11.

Violette McAllister and Ardith Street of San Diego, Calif., Helen Dahl and Debbie Langer spent the weekend in Minneapolis visiting at the University hospital with Mrs. Moris Langer.

Four County 4Hers To Livestock Show

Four Pennington county 4-H club members will be among more than 700 Minnesota 4-H'ers who have won trips to the 1963 Junior Livestock show in South St. Paul September 30 through October 3.

Pennington winners include Spencer Oen, wether, Ward Johnson, wether, and Julie Oen, barrow, all from the Happy Acres 4-H Club and Harold Meyers, Silverton, who will show a steer.

Animals to be exhibited at the show include 318 beef steers, 195 market wether lambs, 195 barrows and 20 trios of lambs. All livestock was selected from among the best exhibits either at the county fair or a local achievement day. Counties receive a quota of trips to the Junior Lovestock show based on the number of members enrolled in the steer, barrow, wether lamb and trio projects.

Monday, September 30, is entry day. Registration opens at 8 a. m. and entries must be in place and registration complete by 6 p. m., according to Osgood Magnuson, coordinator of the show and assistant state 4-H club leader at the University of Minnesota. The opening assembly for all 4-H'ers has been set for 5 p. m. in the livestock pavilion.

Market barrows and lambs will be judged Tuesday morning, October 1, and beef steers will be judged Wednesday morning. Showmanship contests for barrows and lambs and awarding of market barrow and market lamb championships are scheduled for Tuesday afternoon and for beef Wednesday afternoon.

One hundred and fifty-two of the top-ranking exhibits will be sold at auction on Thursday beginning at 1:15 p. m. All other animals are sold by the commission companies at 8 a. m. Thursday in the livestock barn.

Exhibitors will be guests of the St. Paul area Chamber of Commerce at a banquet at the St. Paul Hotel Wednesday evening. Other activities planned for the 4-H'ers include educational tours, a 4-H roundup program in South St. Paul high school and an evening of entertainment at the Cow Palace in South St. Paul. Tours are being arranged to the state capitol, a publishing company, soft drink bottling plant and several other places.

Sponsors of the Junior Livestock show are the Minnesota Livestock Breeders' association and the University of Minnesota Agricultural Extension service, in cooperation with the South St. Paul Chamber of Commerce, St. Paul Chamber of Commerce and the South St. Paul Jaycees. Businessmen in the Twin Cities and throughout the state help support the show and sale.

Installation Held for School Patrol Here This Week

Three Elementary Schools Operate Safety Patrols Under American Legion

Installation of school safety patrol members at Washington, Northrop and St. Bernard's elementary schools in Thief River Falls was conducted Tuesday and Wednesday, according to George Stockman, of the school partol committee of the sponsoring American Legion Post 117.

Taking part in the installation ceremonies were Obert Lillo, Minnesota highway patrol; Raymond Bren, Thief River Falls police department; Orville Hanson, commander of the Ecklund-Holmstrom Post 117 of the American Legion; and Stockman. Presidents of Parents and Teachers associations in each of the schools also participated in the ceremonies.

Each year the American Legion post in Thief River Falls sponsors the school patrol program. Students serve without compensation in all kinds of weather to assure that their fellow students will cross sreets safely.

Plummer To Hold Homecoming Fri.

Annual homecoming festivities at Plummer high school will be held on Friday with East Grand Forks Sacred Heart to form the opposition in the football game.

At 8 p. m. the football game will begin on the high school athletic field with the coronation of the homecoming queen to begin at 10 p. m. A dance will follow the coronation and continue until 1 a. m. Music will be furnished by a band from Bemidji and alumni of the school are cordially invited to attend.

Peterson and Hoel Merit Scholarship Semi-Finalists

Lincoln High Seniors Honored for Showing In National Program

Paul Peterson and Jeffrey Hoel have been named semifinalists in the 1963-1964 Merit Scholarship competition, according to Richard Edlund, senior high school principal at Lincoln high school.

The National Merit Scholarship qualifying test of educational development was given in more than 16,500 high schools last March and the two boys became semifinalists through their outstanding performance in the test. A total of 13,000 seniors throughout the country attained semifinalist status.

Each semifinalist now moves a step closer to winning a four-year Merit Scholarship to the college of his choice. High scoring students must now substantiate their qualifying test performance on a second examination, be endorsed by their schools and fulfill certain routine requirements to become finalists.

In past years, 97 per cent of the semifinalists have become finalists and received certificates of merit in recognition of their outstanding performance in the program. In the last phase of the competiton, high school grades, creative accomplishments, leadership qualities, extracurricular activities and school citizenship of the students will be evaluated along with their scores on the test.

1964 Studebaker Goes on Display at Sande's Garage

The 1964 line of Studebaker automobiles, featuring advanced styling and engineering refinements, is going on display this week at the Sande Auto and Implement Co., 102 Main av. S.

The public is invited to call and inspect the new models Friday, when free coffee and doughnuts will be served.

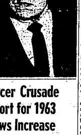
Included in the new series of models are the Avanti, Daytona convertible and family Cruiser. Among the improvements are a new type of disk brakes and a fully padded dashboard.

Pennington NFO to Meet Tuesday

The Pennington County unit of the NFO will meet at the Eagles meeting room at Thief River Falls on Tuesday evening, Oct. 1, at 8:00 o'clock P.M. Mr. Gundy will be the speaker. Coffee will be served.

Public Event Saturday

Honor Chommie at Testimonial Dinner



Testimonial dinner for Hon. H. O. Chommie of Thief River Falls will be held Saturday at 7 p.m. in St. Bernard's Catholic church with about 200 people expected to be in attendance. The dinner is open to the public and tickets are on sale at Northern and Union state banks for $2 each.

Judge Chommie was appointed to serve on the 14th Judicial District bench by Gov. Karl Rolvaag in August of this year. He succeeds Lyman Brink of Hallock who resigned his position in order to devote more time to his family and return to private legal practice.

Special guests at the banquet will be Hon. Oscar Knutson, former Warren resident who is now Chief Justice of the Minnesota Supreme Court; Walter Mondale, attorney general for the state of Minnesota; Leonard Erickson, Crookston, president of the 14th District Bar association; and J. H. Sylvestre, Crookston, 14th District judge. Donald L. Olson will serve as toastmaster for the evening.

A number of attorneys from the area are expected to be in attendance Saturday evening in addition to friends from Thief River Falls and other area communities. The testimonial dinner is a community-sponsored event to provide recognition to Judge Chommie on his appointment.

Cancer Crusade Report for 1963 Shows Increase

Collections Total $1,760 In 1963 As Compared With $1,297 In 1962

Final report on the 1963 Cancer Crusade was made this week by Allan Torkelson, Pennington county crusade chairman. Total collections in the county were $1,760.97 as compared with $1,297.41 in 1962., Torkelson said.

Residential receipts, including school drives, totaled $887.23 while 75 per cent participation from independent businesses netted $674. Clubs and organizations contributed $75, memorials totaled $15, special gifts amounted to $25 and $89 was sent directly to the division office.

"I want to extend my sincere appreciation to the many local and rural area chairmen, news media, schools and banks for the splendid cooperation received in making this drive a complete success," Torkelson said. "This cooperation displays concern for the less fortunate who have suffered and who are suffering from this painful, dreaded disease. You will all be remembered a long time by many."

Goodridge To Have Homecoming Friday

Queen Coronation Opens Festivities In Afternoon

Annual homecoming festivities for Goodridge high school will be held Friday with coronation of the homecoming queen opening the festivities at 1:45 p.m. The football game against the Convick Bulldogs will be played at 8 p.m.

Following the queen coronation in the afternoon, the student council directed by John Muldoon, counselor, will present a program including a parade. The parade will feature floats from each of the classes and organizations in the school and the 35-piece school marching band.

A bonfire at 6:30 p.m. will precede the football game and a dance with music by the Continentals will follow the game.

Airline Schedule to Change Sunday

Effective Sunday, September 29, the afternoon flight of the North Central Airlines plane to the Twin Cities will leave here three hours earlier than the present schedule, Lowell Vraa, manager, reports. The plane will leave here at 3:04 p. m. instead of the present 6:04 p. m. and will arrive at the Metropolitan Airport at 5:11 o'clock.

Tunberg Motors Will Show 1964 Fords on Friday

Six models of the new Ford for 1964 will be shown all day Friday at Tunberg Motor company in Thief River Falls. In addition to the showing of the new cars, the company will offer free door prizes with all visitors to the show rooms invited to register.

The new models will be on display all day until 9 p. m. and a demonstrator car will be available for persons who wish to test drive the 1964 Ford.

Voice and Organ Recital Set by Library Friends

Friends of the Library organization will present Mrs. Marjorie Swenson and Paul Lundquist in a voice and organ recital on Sunday at 4 p. m. in the Lincoln high school auditorium. Five groupings of numbers will be presented.

Mrs. Swenson, a resident of Thief River Falls, has performed extensively in her music work. She was formerly a soloist with the Hennepin Avenue Methodist church in Minneapolis. For one year she taught at the University of North Dakota and she has sung with the Grand Forks symphony and choral union as well as presenting numerous recitals.

Lundquist is an instructor of organ at the University of North Dakota and minister of music at the First Presbyterian church in Grand Forks.

Included in the program will be five groupings of numbers including sacred music with voice and organ, sacred music with organ, German Lieder with piano and voice, secular music on organ and Chinese Mother Goose rhymes with piano and voice.

Admission to the concert is one dollar for adults and 75 cents for students. Tickets are now available at Union and Northern State banks, Larson Music store, Carnegie Public Library and from Bryant Ulseth at Lincoln high school. They will also be sold at the door on the day of the concert.

Highway 1 Now Open to Traffic

Ervin Pearson, resident engineer of the state highway department, states that trunk highway No. 1, east from the Pennington county line across the Indian Reservation is now open to traffic. The first nine miles have been blacktopped, and the remaining seven have been gravelled.

530-Pound Herd Average

Production Standards High In Nelson Brothers Herd

This is the second in a series of articles on consignors and buyers at the Top of the Nation dairy sale held annually in Thief River Falls. The fifth annual Top of the Nation sale will be held Thursday, October 17, at the livestock pavilion on the Pennington county fairgrounds.

by Marvin Lundin
City Editor

From a modest beginning in 1926, the Nelson Brothers at Hallock have produced one of the top producing herds in Minnesota according to Dairy Herd Improvement association records. This year the herd ranked 11th among more than 500 herds on test in the state with an average of 530 pounds of butterfat.

Leonard and Edgar Nelson currently own the farm and have been working in cooperation with brothers Harry and Arthur. Leonard and Edgar will soon be retiring and the farm operation will be turned over to the younger brothers. All in all, however, the dairy herd is a family enterprise.

This year marked the fifth in succession that the herd has averaged over 500 pounds of butterfat and 1962 was the top year when the average was 589 pounds per cow.

Speaking of modest beginning, the Nelsons purchased three registered Holsteins at an auction sale in 1929 for $18 each, and from two of these the present herd has been developed. The Nelsons have built their herd by using good sires and management and have not purchased any cows to add to the herd. Just this year they began using artificial breeding in place of keeping their own bulls at the farm.

For a number of years the herd has been maintained as all registered animals and now totals 39 head with 20 milking. In official classification for type by the Holstein Freisian association, the Nelson herd included one very good, nine good plus and eight good animals.

Top Producer

The top producer in the Nelson herd is Star Gypsie Robur, a cow which would be welcome in any dairy herd in the state. She produced 777 pounds of butterfat in 1962, the best a Nelson cow has ever produced, and as a two-year-

CONSIGNED by Nelson Brothers of Hallock to the Top of the Nation dairy sale in Thief River Falls is Inca Redfield Pilot, the two-year-old heifer pictured above. Due to freshen about sale date, the heifer is bred to Lavacres Chal Prairie. She is a daughter of Flossie Robur Redfield, a cow which produced 16,180 pounds of milk and 546 pounds of butterfat at a two-year-old and this year produced 668 pounds of butterfat. In 302 days the dam had produced 17,140 pounds of milk and 628 pounds of fat with a 3.6 test.

Carol Overby Exchanges Vows With Roger A. Kriel

Wedding vows were solemnized at the Grace Lutheran Church in Grygla Saturday, August 17, by Carol Overby, daughter of Mr. and Mrs. Louis Jelle of Grygla, and Roger A. Kriel, son of Mr. and Mrs. Norman Kriel of Goodridge. Rev. Julian Erickson performed the double-ring ceremony before an altar decorated with gladiolus and mums.

Mrs. Walter Jelle presided at the organ for the traditional nuptial music and accompanied Miss Barbara Magnuson and Lydon Magnuson as they sang, "O Perfect Love," and soloist Barbara Magnuson as she sang, "The Lord's Prayer," and "Crown With Thy Benediction."

The bride, entering the church on her father's arm, wore a ballerina length gown of sculptured ivory brocade featuring a bell-shaped skirt. Her illusion veil fell from a velvet heart-shaped pill-box topped with a rose. She carried an arm bouquet of white roses.

Mrs. Grant Satre was her sister's matron of honor, with Norma Kriel of Minneapolis as bridesmaid. They wore street-length dresses of burnt orange designed with scoop necklines. Matching pill-box hats with bouffant veils and short white gloves completed their costumes. Each carried a long-stemmed white rose.

Dawn Satre and Denise Carlson, nieces of the bride, were flower girls. They wore burnt-orange dresses with matching hats and veils and carried baskets of white mums.

Serving as best man was Sherman Groven of Minneapolis, with Ralph Kriel of Thief River Falls, uncle of the groom, as groomsman. Guests were seated by Clarence Carlson, the bride's brother, and Orlin Hanson, cousin of the groom. Keith Wells of Moline, Ill., and Jeff Olson of this city were acolytes. The men wore dark business suits with white rose boutonnieres.

Mrs. Jelle chose a beige dress of taffeta brocade with beige and white accessories, while the groom's mother wore a two-piece print dress complemented with white accessories. Their corsages were of miniature yellow roses.

A reception was given by the bride's parents in the church dining room following the ceremony, with Mrs. Gordon Jelle as hostess. Mrs. Clarence Carlson, sister-in-law of the bride, and Mrs. Raymond Olson of this city, aunt of the groom, cut and served the wedding cake which was baked and decorated by Mrs. Gordon Jelle and Mrs. Frank Satre. Mrs. Olufine Jelle of this city and Mrs. Kenneth Kriel of Goodridge, aunt of the groom, poured. Waitresses were Mrs. Alden Overby and Mrs. Bob Wells of Moline, Ill., sister-in-law and sister of the bride.

Cynthia Jelle, sister of the bride, registered the guests and Jane Holte and Joyce Kriel arranged the gifts.

Guests from out of town who attended were from Moline, Ill., Minneapolis, Farmington, Bemidji, Thief River Falls, and Pinewood.

The bride is a 1961 graduate of Goodridge high school and the Area Vocational school here, while the groom is a 1958 graduate of Goodridge high school. They are at home in Minneapolis, where both are employed. —Photo by Neal Fox Studio.

Mrs. Joan Thomas Weds Washington Man Sept. 13

Mrs. Joan Thomas of Washington state became the bride of Adrian Vander Houwen of Bremerton, Wash., on September 13 at the St. Paul Episcopal Church. Rev. Faber Hevenor performed the ceremony, and wedding music was furnished by the church choir.

Mr. and Mrs. John F. (Della Roller) Anderson of Lynder, Wash. are the parents of the bride, and Mr. and Mrs. L. N. Vander Houwen of Lake Stevens, Wash., are the parents of the groom.

The bride's gown was in street length and fashioned of beige lace. She carried a white prayer book with two white orchids. Serving as matron of honor, her sister, Mrs. Don Martin of Bellingham, Wash., wore a dress of orange and beige taffeta. Serving as junior bridesmaid was the bride's small daughter, Kathleen, who wore an aqua nylon dress and carried a basket of rose petals.

Keith Houwen, brother of the groom, was the best man.

The bride's mother was dressed in a beige ensemble with a lace jacket. Brown accessories complemented her costume. Her corsage was of red rosebuds. The groom's mother, who chose a dark blue suit accessorized with white, wore a corsage of white rosebuds.

The wedding reception was held in the Elks Temple. Assisting in serving were Mrs. Leo Vander Howen, sister-in-law of the groom; Mrs. Gladys McCord, aunt of the bride, Mrs. Herman Druppert, and Mrs. Bernard Haltrop made the three-tiered bridal cake.

For their honeymoon trip to Hawaii, the bride wore a suit of Loden green with accessories of light beige. They will be at home in Bremerton, where both are employed.

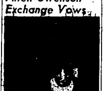
Marlys Gauthier, Allen Swenson Exchange Vows



Marlys Rae Gauthier, daughter of Mr. and Mrs. Chester Gauthier of Red Lake Falls, became the bride of Allen Dale Swenson, son of Mr. and Mrs. Arthur Swenson of Thief River Falls recently at St. Joseph's Catholic Church in Red Lake Falls. Rev. William Keefe officiated at the double-ring ceremony.

The bride was given in marriage by her father. She wore a floor-length gown of white Chantilly lace over billowing nylon tulle. The lace overskirt was accented with lace rosettes, and the lace bodice was enhanced with jeweled sequins at the scalloped neckline. The sequin-covered headpiece held the veil in place. The bride carried a bouquet of large red roses.

She was attended by her sister, Mrs. Geraldine Hundt, as matron of honor, in a dress of peacock blue with a bell-shaped skirt. Her headpiece matched her dress, and her bouquet was composed of large yellow roses. Mrs. Gauthier wore a beige knit dress and accessories to match. Mrs. Swenson wore a pale blue eyelet dress with white accessories. They wore identical corsages.

James Gauthier, brother of the bride, was best man, and Robert Gauthier and George Hundt were ushers. The men all wore dark suits.

The reception was held at the community hall in Red Lake Falls. Mrs. H. F. Stevens cut the cake, and Mrs. Darrel Swenson poured. The waitresses were Betty Grandbois, Beth Poullot, and Peggy Cartier. Miss Carol St. Marie was in charge of the guest book, and Misses Bonnie Casavan and DeVerle Schultz were in charge of the gift table. Out of town guests were from Buffalo, Crookston, Huot, Thief River Falls, Kennedy, Badger, Minnesota and La Crosse, Wisconsin.

Crossing Treaty Centennial Is Set

The 100th anniversary of the signing of the Old Crossing Treaty with the Chippewa Indians will be celebrated at the Pembina Trail crossing of the Red Lake River at Huot in Red Lake County on Sunday, September 29, with the main program starting at 1:15 p.m.

The ceding of some 11,000,000 acres of the richest land of the Red River Valley in Minnesota and North Dakota made possible the present day development of this area.

A large delegation of sixty or more, Chippewas from the Red Lake Agency, headed by Roger A. Jourdain, chairman of the tribal council, will participate in the program. The program for the day will be concluded with a pow wow with the Indians in costume.

The historical aspects of the Treaty will be presented by Russell Fridey, president of the Minnesota Historical Society. Arch Grahn, field representative of the state society will speak at the tomb of Pierre Bottineau at the old St. Joseph's Cemetary west of Red Lake Falls at 11 a. m. Historical Society members will also visit the Benjamin Dalbec grave at the Louisville Cemetary on the morning tour.

Music for the afternoon program will be provided by high school bands from Red Lake Falls, Oklee, Crookston and Plummer.

Excellent work has been done by the District Supervisor of Parks in permanent improvements whereby the main and north sections of the park can accommodate a large crowd for the occasion.

A large committee headed by Mayor Lawrence Philion of Red Lake Falls and Mayor Olaf Soine of Crookston have every thing in readiness for the days' celebration.

Yard'n Garden

Sodding a Lawn

Sodding a lawn has become as popular as seeding, partly because of better sod sources and of equipment-cut sod. For many years pasture sod was the primary source, but today most named varieties of grasses can be obtained from commercial sod growers.

One of the fallacies of using sod to start a lawn is that soil preparation is not necessary. The fact is that unless good soil preparation precedes sodding, many of the problems of growing turf will still persist.

Success in growing turf depends on a good soil base, adapted varieties or kinds of grasses and moisture. Heavy soils and sandy soils will benefit from a good application of organic matter. Commercial peat and peaty soil, rotted barnyard manure and compost may be used. Where a soil test isn't available, apply 40-50 pounds of a complete fertilizer such as 12-12-12 for each 1,000 square feet of area. Work the organic matter and fertilizer in to a depth of 6 inches.

The soil should be leveled, then rolled and re-rolled before sodding.

For heavy soil use Kentucky bluegrass. For shady or sandy soil use a combination of fescue and bluegrass. Where a fescue combination is not available in sod, the fescue seed can be over-sown at 1 pound per 1,000 square feet.

Sod strips should be laid tightly to avoid drying out of the sod. A top-dressing of soil can be made over the seams to help seal out the air.

Regular watering is necessary until the sod has knit to the base. Mow when necessary.

Rev. Carlson Gains RRV Synod Post

Named Assistant To President; Will Be Located in Moorhead

Rev. Marvin O. Carlson, pastor of Redeemer Lutheran church in Thief River Falls, announced his resignation at worship services Sunday morning. He has accepted a position as assistant to the president of the Red River Valley Synod of the Lutheran Church in America and will begin his new duties on January 1, 1964.

Area of the synod covers the states of South Dakota, North Dakota and northwestern Minnesota. He and his family will live in Moorhead where they plan to purchase a home. A native of rural Sioux Falls, S. D., Rev. Carlson began his ministry on July 19, 1955, at First Lutheran church in Thief River Falls. The church name has since been changed to Redeemer Lutheran.

Rev. Carlson is a graduate of Gustavus Adolphus college in St. Peter and Augustana Lutheran seminary in Rock Island, Ill. When he arrived in Thief River Falls the church membership was approximately 400 and in eight years this has grown to more than 900 baptized members.

During this time the congregation has gone to two worship services and two Sunday school sessions with the former parsonage used as a Sunday school unit. At present 265 students are enrolled in Sunday school and a home at 228 Merriam av. N. was purchased for use as a parsonage.

A tract of land has been purchased in the southeastern section of the city and plans are underway for the building of a new church and educational unit at an estimated cost of about $200,000.

In addition to his local pastoral duties, Rev. Carlson has served as president of the Thief River Falls Ministerial association for two terms, was president of the Red River District of the Augustana Lutheran church for four years and is presently serving as dean of the Northwest Minnesota district of the newly-organized Lutheran Church in America.

He has also served on many committees of the conference and synod, including the executive board of the Red River Valley Conference of the Augustana Lutheran church for four years and presently on the executive board of the Red River Valley synod of the Lutheran Church in America. He is vice president of the White Earth Lutheran camp at Waubun.

Locally he has been a member of the Lions club and Chamber of Commerce and was one of the incorporators of the Rural Area Development committee. He served as the first vice president of the Pennington County United Fund and for three years was vice pastor of the Clara, Tarna and Black River Lutheran congregations at St. Hilaire. He also served as pastor of Calvary Lutheran church in Strathcona before it merged with Gustaf Adolphus church.

Rev. Carlson is married to the former Shirley Kulseth of Thief River Falls and they have one daughter, Natalie Ruth, age 2½ years.

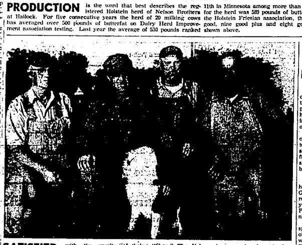
PRODUCTION is the word that best describes the registered Holstein herd of Nelson Brothers at Hallock. For five consecutive years the herd of 20 milking cows has averaged over 500 pounds of butterfat on Dairy Herd Improvement association testing. Last year the average of 530 pounds ranked 11th in Minnesota among more than 500 herds and in 1962 the average for the herd was 589 pounds of butterfat. On official test for type by the Holstein Friesian association, the cattle classified rated one very good, nine good plus and eight good. The Nelson milking herd is shown above.



SATISFIED with the results of their consignments to the Top of the Nation Dairy Sale in Thief River Falls are the Nelson Brothers of rural Hallock. Left to right are Leonard, Edgar, Harry and Arthur Nelson who are pictured with their English Shepherd cattle dog "Shep." The Nelsons have consigned cattle from their high producing herd every year of the sale and this year have consigned two springing heifers from two of their best cattle. They are firm believers that cattle from their herd doing a good job in other herds is excellent promotion for their registered Holsteins.

Nelson Bros. At Hallock Develop Production Herd

(Continued from Page 1)

old had 611 pounds of fat. As a three-year-old she produced 700 pounds of fat and this year, in her fourth lactation, she has an incomplete record of 547 pounds of fat in 170 days.

This year the Nelsons will be consigning two springing heifers to the Top of the Nation dairy sale in Thief River Falls. Both are from high producing cows, are sired by exceptional sires and bred to outstanding bulls.

Heifers Consigned

Flo Robur Redfield, one of the heifers consigned, is out of Fay Gypsie Robur who had production records of 538 pounds as a two-year-old. She is sired by Redfield Prince Standby and bred to Carnation Butterboy Dignity.

Inca Redfield Pilot, the other springing heifer consigned, is out of Flossie Robur Redfield, a dam with production records of 546 and 628 pounds of butterfat in her first two lactations. She is bred to Lavacres Chal Praire.

The Nelsons believe, as most consignors to the Top of the Nation sale do, that having a good producer from their herd in another dairyman's herd is good publicity. Having their cattle and production records listed in the sale catalog is also good advertising since the sale has the highest entry requirements of any sale in the nation. These are reasons why only the top animals in the herds of area dairymen are entered in the sale.

The Nelson Brothers farm 440 acres southeast of Hallock and have about 200 acres of land for production of cash crops. They raise about 10 acres of corn to fill their 14x28 silo and sell cream to the Hallock Cooperative Creamery association. Their barn is 34x66 feet in size and a separate building is used to house young stock.

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN that default has occurred in the conditions of that certain mortgage dated the 26th day of April, 1961, executed by Robert J. Looker and Bernicee G. Looker, husband and wife, as mortgagors to First Federal Savings and Loan association of Thief River Falls, as mortgagee, filed for record in the office of the Register of Deeds, in and for the County of Pennington and State of Minnesota, on the 1st day of May, 1961, at 10:00 o'clock a.m., and recorded in Book 105 of Mortgages, page 509; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that by reason of such default and in accordance with the terms and provisions of said mortgage, the mortgagee does hereby declare the total unpaid balance of said mortgage to be immediately due and payable; that there is due and claimed to be due upon said mortgage, including interest to the date hereof, the sum of Four Thousand Nine Hundred Ninety-three and 89/100 dollars (4,993.89); and that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to wit:

Lot Eleven (11) of Block Five (5) in Highland Addition to the City of Thief River Falls,

will be sold by the sheriff of said county at public auction on the 6th day of November, 1963, at 10:30 o'clock a.m., at the front door of the courthouse in the city of Thief River Falls, Pennington County, Minnesota, to pay the debt then secured by said mortgage and the taxes, if any, attorney's fees, costs, and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated September 16, 1963.

Unspoiled and unsung mountain beauty is yours in a Magic Circle tour of the legendary Arkansas Ozarks. A good starting place is at Petit Jean State Park with its lake, waterfalls and burro surrey rides for youngsters. Nearby Winrock Farms, an experimental agricultural project, has a manicured appearance of groomed stock and laboratory-like feed mixing plant. A rewarding side trip from Havana leads to the 2,823-foot summit of Mt. Magazine, highest point in the state.

Fort Smith combines a lusty pioneer background with a peaceful present as thriving industrial and livestock center; top attraction is the restored courtroom where the noted Federal "hanging judge", Isaac Charles Parker, brought respect for law and order on the raw frontier. Van Buren is familiar to most Americans as scene of the late Bob Burns' humorous radio tales.

At Gravette we headed east for the new national military park at Pea Ridge, site of one of the biggest Civil War battles west of the Mississippi and whose landmark is Elkhorn Tavern, once an inn on the Overland Stage route. Next is Eureka Springs, an old spa beloved of artists and health seekers, whose unique characteristics include novel hilltop accesses down into some of the buildings.

Legend seems real at Berryville's Memorial Museum containing a remarkable gun display, the gift of the late Col. "Buck" Saunders. The return route (Ark. 7) is one of the most rewarding drives in the South where, from the many pullouts, you can view the rugged beauty of peaceful ranges and valleys.

Keeping Score with "Huck" Olson

Take a Look at the B's

As this is being written Wednesday the Prowler B footballers will be seeking their first win of the season when they meet the Roseau Rams' B squad on the Lincoln high school field.

The Prowler B's dropped a 20 to 6 decision to a surprisingly strong Crookston B squad last week. That Crookston club flashed some strong running backfielders in quarterback Dave Lysaker and halfbacks Doug Sorenson and Don Lindquist. Sorenson tallied a pair of touchdowns, and Lindquist added another. These three boys are members of the Crookston Central track squad, and they provided the Pirate B's with fine speed.

The Prowler B's are tough enough, but they haven't been able to maintain a consistent offense. They will pull together several ground gaining plays, and appear to be rolling for a TD (and they looked real well in the opening minutes of their game against Bemidji some weeks ago), but then the attack will bog down. Of course the loss of quarterback Tommy Cummings, when he suffered a broken arm, put a crimp in the B's offense. Tommy, who will play a lot of quarterback for the varsity Prowlers in the next couple of seasons, has a fine arm, and he has the leadership qualities required of a quarterback.

And don't forget that the varsity Prowlers will be playing the Roseau Rams here on Friday night.

Attention: Nimrods

For the past several years Mrs. Reuben (Slim) Lawson has been providing an efficient and convenient service for hunters by plucking and dressing ducks and geese. She announced this week that she has discontinued this service, and that the hunters will have to pluck their own birds.

Well, this means that the hunters and sportsmen will have to get out the dish pans, melt up the paraffin, and have a pail of hot water on hand, and pick their own ducks. And the pinfeathers, too.

Remember Old Warhorse?

Old time high school fans can readily recall the athletic feats of Charles (Chuck) Herron, the Old Warhorse. Well, Chuck spent a couple of days in town, visiting with friends and relatives, and he looked fit and able to move into the Prowler line and play some tackle.

Chuck played four years of high school football for the Prowlers, and three years of basketball. He was a roughhouse tackle on the Prowler squads of 1919, '20, '21, and '22, and captained the 1921 team. In 1921 and 1922 the Prowlers had a pair of finest tackles in Northwestern Minnesota, and they were perhaps the oldest matched pair, too. Chuck Herron was lanky and bony, and Roy (Toby) Holmgren was short and pudgy. But they were a pair of good ones.

Chuck was sorry that he couldn't spend more time in town and greet his many friends, but his vacation time—(he is employed in the air craft industry in Inglewood, California)—was limited. I can report that Chuck looked real well.

This will be the Finale

The local golf season was officially closed last Sunday with the playing of the "Snowball Special" shortstop tournament. But the unofficial season will not be closed until Sunday, September 29, when the annual "Sniff and Snort" will be held.

The contestants in the tournament will be Art Langseth, Bob Craik, Nicky Carlson and Lloyd Brunsberg, and they will be competing for the Shorty O'Hara trophy. The trophy is known as the O'Hara Jug.

Judging by his play of the past couple of weeks, I'll make a small wager that Brunsberg will be the winner, with Carlson in second place, although there is a possibility that Nicky, who always keeps the score card, will come in with low gross, very low gross, score. Craik will lose the money.

J. O'Conner Heads State Polio Drive

St. Paul Man Appointed by National President

Jay P. O'Connor, of St. Paul, will serve as Minnesota state chairman of the 1964 March of Dimes, it was announced today in New York by Basil O'Connor, president of the National Foundation.

Mr. O'Connor, for the second consecutive year, will direct thousands of volunteers during the January 31 annual March of Dimes campaign in this state to raise funds for medical care of those afflicted with birth defects or arthritis, and to support research into the cause and cure of these crippling conditions.

In announcing the appointment, the president of the nation's largest voluntary health organization said, "I know very well that under the inspiring leadership of Mr. Jay P. O'Connor, the people of Minnesota will give generously again to support the March of Dimes scientific assault on these cripplers. All of us must be mindful also of the continuing needs of thousands stricken in other years by paralytic polio."

Mr. O'Connor, who is Ramsey County Abstract Clerk, has served as a March of Dimes volunteer for ten years. He has served as Ramsey County Chapter chairman, campaign director, and special gifts chairman.

Since 1941, the Treasury has sponsored two partial payment plans for purchasing U. S. Savings Bonds: through the Payroll Savings Plan "where you work," and through the purchase of Savings Stamps at schools and post offices.

Greenbush at Warroad (N)

The highlight of the play in the Top-of-the-State conference competition last week was the defeat of the defending champion Hallock Bears by the Baudette Bears, 14 to 13, at Hallock.

The list of the unbeaten teams in the conference was pared to three— Kennedy, Newfolden, and Stephen — as Warroad was defeated by Kennedy, 14 to 6. The unbeaten list is certain to be sliced by one team this week as the Stephen Tigers and the Newfolden Nordics meet on the Stephen field on Friday afternoon. The game should provide the fans with some explosive football as the two clubs have exhibited great scoring power. Stephen, a couple of weeks ago, defeated Argyle, 51 to 0, and Newfolden, on Friday, bested Argyle, 41 to 14.

Newfolden Spills Argyle Team 41-14

Jerry Strandquist and Keith Grandstrand Star

The Newfolden Nordics struck for five touchdowns in the first half, three of them in the first quarter, to go on to defeat the Argyle Eagles, 41 to 14, on the home field on Friday, September 20. This was the Nordics third victory of the season and the second in a row in Top-of-the-State Conference play and puts them in a three way tie with Kennedy and Stephen for first place in the conference standings.

Friday the Nordics travel to Stephen for an afternoon game in a showdown between two of the conference leaders. Stephen walloped Argyle, 50 to 0, the week before and took Karlstad 30 to 0 this past week. Stephen's defense has yet to be dented for a score and the Nordics hope to be the first team to do it.

Jerry Strandquist was the offensive star of the game as he ran for 51 yards and completed 12 of 22 passes for 218 yards and five touchdowns. His twin brother, Terry, a halfback, caught 3 passes for touchdowns, and Merlin Anderson, FB, and Ken Carlson, End, each caught one touchdown pass.

Defensive star of the game was Keith Grandstrand, Middle linebacker, who made 21 tackles all over the field. He was also given a chance to plunge for a touchdown and carried the ball in from two yards out for the TD and converted the extra point on another line plunge. Bruce Elseth accounted for 8 tackles from his tackle position and Alan Leigh accounted for eight tackles in his corner linebacking spot.

Highway Dept. Tells of State Aid Roads

This is the second in a series of three articles dealing with state aid to local streets and highways administered by the Minnesota highway department.

The letters "CSAH" so familiar to motorists on rural roads, designate county state aid highways and symbolize a full-fledged system of roads. In a telescoped summary, to tell the motoring public a little about what this system is, the Minnesota highway department state aid division, has this to say:

The CSAH system consists of an integrated and connected network of the more important county highways—each initially selected by the county board and approved by the commissioner of highways. The roads are under the jurisdiction of the county commissioners and are eligible for expenditure of state aid construction and maintenance funds.

There are 29,133 miles of such roads. An important point to remember about this system is that for the purpose of eligibility for federal aid secondary funds, a major portion of the CSAH system has also been designated as FAS roads. The motorist does not necessarily recognize this fact from driving on them, since the highway markers only carry CSAH designation. Some 26,600 miles of the system are eligible for FAS funds.

The county boards can use their own county road and bridge funds, county state aid funds or federal aid secondary funds on any approved project within the 26,600-mile FAS system. As between FAS and CSAH roads there is no substantial difference in design, since both must be constructed to approved standards of the American Association of State Highway Officials (AASHO).

Since 1957 all motor vehicle license fees and taxes on motor fuels have been placed in the highway user tax distribution fund which is divided on a basis of 62 per cent for the state trunk highway fund, 29 per cent to the county state aid highway fund and nine per cent to the municipal state aid street fund.

The 1963 distribution resulted in an allocation of more than $30 million to the counties. Each county's share is allocated annually and by legislative act provides 60 per cent for construction and 40 per cent for maintenance. No matching requirements are imposed on state aid funds. While the counties are free to select the projects on which these funds will be expended, the program is nevertheless a grant-in-aid system and not intended to fully finance the total cost of construction and maintenance of these CSAH highways.

The Minnesota highway department furnishes technical advice and assistance through its highway planning survey section to assist the counties in making traffic surveys and developing needs data and establishing priorities. Each of the nine districts of the highway department has a state aid engineer who works directly with the counties and insures conformance with standards and regulations.

County boards select the projects, the county engineers prepare the plans and these are submitted to the state for final approval. Those financed entirely by state aid funds are then scheduled for letting by the county boards, which award the contracts and file immediate claim for reimbursement from the state. If FAS funds are involved, the commissioner of highways schedules the letting at a time agreeable to the county board.

Present types of surface on the 29,133-mile system are: concrete, 132 miles; bituminous, 11,767 miles; gravel, 16,775 miles; and other 459 miles.

Drivers Reminded to Check License Expiration Dates

Because drivers license expiration notices are no longer being mailed, the Minnesota highway department is reminding drivers to check their licenses frequently so they will not run over the time allotted before renewal.

New postal regulations made renewal notices unacceptable for mailing as postal cards and the department has no funds in its current budget to cover the added cost if mailed in envelopes.

The highway department is also calling attention of all drivers to the law requiring them to make application for a duplicate license within 30 days whenever there is a change of name or address from that on their present drivers license.

Road Maintenance Cost in State Is $17 Million in '63

Expense Declines Nearly $1,000,000 Due to Less Snow Removal Last Winter

Total cost for maintenance on Minnesota's trunk highways for fiscal year 1963 was $17.7 million, a drop of nearly $1 million from fiscal 1962, the Minnesota highway department reports.

The 1963 figure was closer to normal, however, because unusually high snow removal boosted the 1962 costs. Snow removal alone in that year amounted to $5½ million, compared to a normal expenditure of about $3½ million.

Routine maintenance operations accounted for $14½ million in fiscal 1963. This involved such work as patching roadways, filling cracks, snow-ice control, mowing, maintaining traffic signs, markers and highway striping and litter pickup along the state's 11,904 miles of trunk highways.

Special projects and betterments which involve upgrading roads, cost $3.2 million in fiscal 1963, and included seal coating, bituminous surface repairs and resurfacing shoulders.

The maintenance job will get bigger and bigger as additional segments of Minnesota's 905-mile Interstate highway system are completed. The big items on the Interstate will be mowing thousands of acres of right of way, snow-ice control, maintaining signs, markers and road striping and, certainly, litter pickup. The last item has cost the state an average of $200,000 annually for the past five years and is showing no signs of diminishing.

Maintenance costs are borne 100 per cent by the state—there is no federal aid.

Traffic on Rural Trunk Highways up

Highway Dept. Reports 5 Pct. Gain Over July

Traffic on Minnesota rural trunk highways in August increased by five per cent over July, the Minnesota highway department reports. This is slightly above the average August increase over July for the past three years and is attributed largely to excellent weather during state fair week.

Traffic in August increased by 3.6 per cent over the same month a year ago, which is about 1.5 per cent above the average annual increase.

The biggest increases in August over July were 14.7 per cent on US 12 east of St. Paul; 11.3 per cent on Interstate 35 north of Owatonna; 11 per cent on U. S. 169 northeast of Chaska; and 11 per cent on TH 52 north of Rochester.

The one significant decrease in traffic in August was a drop of six per cent on U. S. 10 east of Moorhead.

The highway department makes traffic counts the year around, using 31 automatic traffic recorders at other locations, providing a comprehensive picture of travel on rural highways throughout the state. Traffic counts are used, with other data, to determine present and future highway needs.

TB Parley Slated in Minneapolis

Conference to Be Held in Radisson Hotel Oct. 10-11

What makes a tuberculosis control program "tick" will be told by physicians of this country and Canada at the Mississippi Valley Conference on Tuberculosis in Minneapolis, Oct. 10-11.

Physicians, public health leaders and representatives of tuberculosis and health associations in Minnesota and ten other states in the Mississippi Valley region will gather at the Radisson hotel to report their latest research findings in controlling respiratory diseases.

Medical sessions on chest diseases will be conducted in separate sessions Friday, Oct. 11, by the Mississippi Valley Thoracic society (medical section of the tuberculosis and health association).

Dr. I. Jay Brightman, Albany, N. Y. of the New York State Health department will keynote the conference with his talk, "Sound Planning for TB Control."

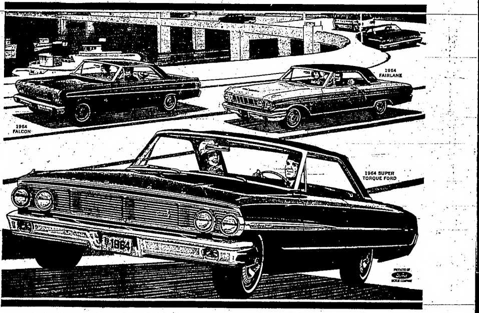
The '64s from Ford are here:
The Year of the Test Drive starts today!

Ford cars have changed. Only a test drive can tell you how much. Races and rallies, economy runs, braking and acceleration tests have bred into our 1964 models the kind of total performance you just can't create on the test track alone. They are hard-muscled, fast-moving, sure-footed. Open competition helped make them that way. They offer you substantially more car than anything at their price. You don't have to take our word for it. We're willing to rest our case on our cars.

TRY TOTAL PERFORMANCE FOR A CHANGE!
FORD
Falcon • Fairlane • Ford • Thunderbird



1964 SUPER TORQUE FORD
Strongest, smoothest, steadiest car in its field—by hundreds of pounds . . . More steel in frame and suspensions . . . Unique suspension system allows wheels to move backward as well as up and down to flatten bumps . . . Distinctive new rooflines.

1964 FAIRLANE
Unique combination of family-size room, sports car feel and modest price . . . Optional 289-cubic-inch V-8 so lively it was adapted for famous Cobra sports car . . . Five engine choices, six transmission choices, eight different models.

1964 FALCON
Everything's changed except the economy that made Falcon famous . . . Falcon's Six still holds all-time Mobil Economy Run record for Sixes or Eights . . . Plushest ride ever built into a compact car . . . 14 models —plus three extra-duty wagons.

"That we should do unto others as we would have them do unto us—that we should respect the rights of others as scrupulously as we would have our rights respected—is not a mere counsel of perfection to individuals—but it is the law to which we must conform social institutions and national policy, if we would secure the blessings and abundance of peace.

—Henry George

Moon Shot

President Kennedy's suggestion that the United States and the Soviet Union send a joint expedition to the moon has much merit—much more merit than the idea that each nation should spend many billions of dollars in an effort to be first in an achievement of doubtful value. But why limit the participation to the Soviet Union and our country? Why not give all nations an opportunity to share in the cost and the glory?

One good result that may come from this proposal would be a substantial cut in the appropriation by Congress for the space race. There now is talk of a $700 million reduction for this purpose by the House Appropriations Committee. Keep right on talking, Mr. President.

Unusual Harmony

Former Presidents Harry Truman and Dwight D. Eisenhower seldome have been on the same side of any controversial question. It is encouraging to know, therefore, that they finally see eye-to-eye on one of the most controversial questions that confronts our country today, the question of tax cuts. Harry Truman says:

> "I am not in favor of a tax cut until the budget is balanced. I am old-fashioned. I believe you should pay in more than you spend.

And Eisenhower has expreesed himself in equally blunt language, stating:

> "A tax cut is highly desirable but only if the persistent and frightening increases in federal expenditures are halted."

Under the circumstances we will have to string along with our senior citizens.

Right or Wrong?

The government has given permission to our 16 astronauts to sell exclusive rights to their "personal stories" of their flights in space. It is expected that they will accept the offer of more than a million dollars by a publishing house and a magazine. Is that right or wrong?

There will be sharp differences of opinion on this question and there is much to be said for both sides. The New York Times takes the position that it is basically wrong and not in the best interests of the space program. Says the Times:

> "The sale of the astronauts' "personal stories" represents a stain of commercialism on the record of the space program. The astronauts are not movie stars or baseball heroes whose achievements in some private field of endeavor have made them objects of public interest. The motive of private profit has an honorable and legitimate place in the world of commercial endeavor, but that world does not embrace the tasks the astronauts have voluntarily agreed to attempt. If they are underpaid for the kind of job they do they should be paid more; but they should be paid by their employers, the people of the United States. They should not be permitted to reap enormous private profits from outside sources on the basis of their participation in a great national effort."

Off to a Bad Start

The New York Times expresses the popular view that tax reduction would be very welcome. But the Times, generally favorable to the Kennedy administration, doubts that the bill recommended by the House Ways and Means Committee, is, in its present form, the proper solution for our problem. Here are some interesting observations on the measure by the Times:

> "The Administration, with zeal worthy of a better cause, has been heaping praise on the bill that has emerged from the House Ways and Means Committee. Secretary of the Treasury Douglas Dillon professes delight at its provisions even though most of the reforms he had once considered essential are missing. Members of the President's Council of Economic Advisers are waxing ecstatic over its perfect timing despite the fact that they, and Mr. Kennedy himself, had expressed fears of a recession this year if reductions were delayed beyond last July.
>
> "Indeed, to hear the Administration tell it, the bill will help to eliminate the chronic deficit in our balance of payments, reduce unemployment, stimulate plant investment and, in one way or another, solve most of our economic problems."
>
> "The tax bill is not a panacea. By failing to close preferential loopholes, it leaves the tax structure more pourous and unfair than ever. It will lead to a rise in demand for imports, which will not help our balance of payments position in the short run. It will not do away with unemployment, for the Administration itself does not expect to reach its target of a 4 per cent rate until mid-1966 at the very earliest. While it should spur business investment, there is a risk that it will encourage a new wave of inflation, which is quiescent at the moment but by no means dead."

Wheat and Wizdom

The Canadian wheat deal with the Soviet Union, along with several years of Canadian experience in selling wheat to Communist China, probably will bring about a more realistic approach to the problems of world trade in our country. So thinks the Winnipeg Tribune, a friendly neighbor, which, in a friendly way, observes:

> "The United States now sees many of its allies prospering through increased opportunities provided by its own inhibitions. Naturally, this has caused some resentment to arise, although the State Department is maintaining a dignified, if not detached, posture. It simply cannot sell the "aid and comfort" policy to its allies, and there are indications that the policy so popular in the United States during the hot period of the Cold War is now coming apart.
>
> "For those who believe that big powers are not to be influenced by the policies of the small nations, it is interesting to see the effects of Canadian wheat trading. The adamant denial of trading, once so heartily endorsed in the U. S., at least has given way to reappraisal in the light of reality. The Americans, of all people, should not be timid about meeting the Communist's, it's economic challenge and perhaps little Canada's wheat deal will help them to resolve the question."

The Voice of America

Over a period of 20 years our government has been spending millions of dollars each year telling the rest of the world, and particularly that portion of the world that is controlled by unfriendly governments, about our aims and aspirations, and why we should be trusted as a friendly nation. In a recent issue of the New York Herald Tribune, George V. Allen, formerly head of the United States Information Agency, the agency that directs this program, and Assistant Secretary of State for Public Affairs, suggested some changes in the service that he thinks would improve its effectiveness.

He bases his proposals on the belief that "Credibility is the first requisite of any effective information program." He is convinced that "as long as our programs are considered, or appear to be propaganda, they will not be believed."

Re finds objectionable the practice of broadcasting our messages in the languages of the nations to which they are beamed. He states that VOA maintains 36 special "language desks", each staffed by from 8 to 20 people, which prepare and voice these programs in as many different languages. Each is tailor-made for a particular listening audience. He says:

> 'I am convinced, after 12 years of close concern. . .that our broadcasts in foreign languages and our programs specially prepared for a particular foreign audience are largely a waste of time and effort and that the money spent on them could be expanded better in a different direction. . .
>
> "We should broadcast primarily in our own lanuage, English, in a world wide program not specially tailored for this country or that. Programs to every area of the world obviously cannot be exactly alike, but when we design a program solely for one country—the USSR, for example—and voice it in Russian, listeners in that country promptly discount it as propaganda. Our programs consequently lose credibility.

Admitting that in a country like Russia, for instance, comparatively few of the people understand English, "those who do give more credence to the news and comment they hear on our world-wide programs than they do to the same news and comment if they think we have especially selected it for them." He concludes:

> "The trouble with USIA . . . is its tendency to satisfy American demands, not to win friends and influence people abroad. We broadcast too often for Cleveland and Brooklyn rather than the world. . .
>
> "Our broadcasts should be . . . as unemotionally objective as the finest news agency dispatch intended for publication in any newspaper, anywhere. Then, and only then, will the USIA gain maximum credibility.
>
> "It is often said that Americans are the world's worst propagandists. Perhaps during the next 10 years we shall come to admit this fact and stop trying. Only then will USIA become the powerful instrument it should be in the conduct of our foreign relations, because it will be believed. . ."

Interesting Opinions . . .

"We emerge from dark at one end of life only to re-enter it at the other, and the distinguishing mark of a psychologically mature personality is an ever present sense the dark behind and around and before us is somehow friendly."

Mr. Farmer
As you can see in the above picture, you can also raise some pretty good ear corn in the Nebish area. This is Robert Falk standing in one of his corn fields. This corn did not get seeded until the 4th day of June and these ears were almost ripe when this picture was taken two weeks ago.
We have other farmers in this area that are real happy with this corn. They are Loren McHenry, Leland Johnson and others. They feel that they are going to have some of the best silage this year that they have ever had.
This corn is grown by Funks Bros. and sold by Peterson-Biddick Co. of Thief River Falls, Minn. We would like you to ask these men about this corn. We also like to talk to you about our corn.
Peterson-Biddick Co.
THIEF RIVER FALLS, MINNESOTA

Mr. Sheep Farmer
In this picture you see Louis Falk of the Nebish area. Each year he takes his 400 to 500 lambs off pasture and feeds them out to 100 pounds. This year he took his lambs off pasture in August, weighing about 65 pounds.
There are reasons for taking them off pasture this early: first, the grass has started to dry up, and then also you have the bears to contend with around the first of September. Louis shot a 350-pound bear this Fall, but not before it killed about 20 good ewes. John and Bob Falk also shot a 300-pound bear that killed 20 good ewes.
We feed out many lambs each Fall in the Nebish area. Loren McHenry, Leland Johnson, Ted Falk and many others feed out sheep.
We, of Peterson-Biddick Co., Thief River Falls, Minnesota feel that if you have a lamb weighing 65 pounds when coming off pasture, you can feed him up to 100 pounds with our feed and make $3.50 to $4.00 a lamb over what you would have gotten by selling them as feeder lambs.
If you would like to find out more about a lamb feeding program, write or call—

'64 Chevrolet Impala Sport Sedan—one of 15 Jet-smooth luxury Chevrolets.
Chevrolet was luxurious before, but you should see it now. With smart new styling, the '64 Chevrolet looks even longer (but isn't). There's even a whole new series this year—the Impala Super Sports—with front bucket seats as standard equipment. (The new Impalas and Bel Airs are more luxurious, too. Even the lowest priced Biscaynes have new foam-cushioned seats front and rear and are fully carpeted.) Of course, you expect more than just luxury from Chevrolet. A choice of 16 power teams, for instance—a 6 and six V8's up to 425 hp (optional at extra cost). And quieter transmissions. Jet-smooth ride with Full Coil suspension. Flush-and-dry rocker panels, Delcotron generator, self-adjusting brakes and other low-upkeep features. If you've ever wondered how luxurious Chevrolet could get—with all the extra-cost options there are to choose from—that seems to be entirely up to you.
Take your first look at the first CHEVELLE!
CHEVELLE! by Chevrolet
New Chevelle Malibu Super Sport Coupe—one of 11 models in three great series.
You've never seen anything like this totally new line of cars before. Chevelle is new in everything but Chevrolet quality. Chevelle is a good foot shorter than the big cars, so it parks easily. Yet the interior dimensions of its Body by Fisher provide a generous amount of head, leg and shoulder room. (Chevelle's trunk is big and roomy, too.) The ride is surprisingly smooth with a rugged coil spring at all four wheels. And not so surprisingly for Chevrolet, the new Chevelle offers a choice of engines ranging from an economical 120-hp 6 to a 220-hp V8 (optional at extra cost.) Choose the Chevelle you like best from the three series—the Malibu Super Sport, the Malibu and the 300 Series, eleven models in all—at your Chevrolet dealer's. (Like this good-looking Malibu Super Sport, maybe?)

Rep. Langen Calls for Wheat Legislation

"The time has come to act on wheat legislation," said Congressman Odin Langen Saturday. "And if the Department of Agriculture fails to recommend an acceptable plan, the Congress must go ahead on its own."

Langen said he was dismayed that his predictions of last May have come true. "The Congress passed a feed grains bill at that time without any trouble, even though we warned that the premature action was just a political football to influence the wheat referendum. If there were enough votes last May, there should be enough votes now to enact wheat legislation."

Langen repeated a charge he made prior to the wheat referendum "that there was no excuse for passing a feed grains bill that early in the year, that there would have been plenty of time to pass it after the referendum results were in. It could have been a simple matter to consider wheat along with other grains."

Langen concluded that "it will be an admission of political chicanery if this Congress fails to consider further wheat legislation this year. It will confirm what I said in May that the feed grains bill was railroaded through the legislative machinery just to apply unwarranted pressure on the American farmer in an effort to get him to vote as the Department of Agriculture dictated.

"The farmer isn't fooled on this issue. He knows he's faced with a continuous low level of the parity price ratio, an increase in farm mortgages and prospects of declining wheat prices in 1964. Naturally we needed feed grains legislation. And now we need wheat legislation. We should have had both at the same time."

Ed Christianson to Speak in Area

To Appear at Pennington FU Convention Friday

Edwin Christianson, president of Minnesota Farmers Union, has been announced as the guest speaker at three Farmers Union county conventions in this area.

Christianson, who is also chairman of the executive committee of the National Farmers Union, will discuss the increased effectiveness of the farm programs as a result of the use of direct payments.

Christianson was to appear Wednesday evening, September 25 at the Polk county Farmers Union convention to be held at the Farmers Union park on Lake Sarah, near Erskine.

On Thursday evening, September 26, he will speak at the East Marshall county Farmers Union convention to be held at the high school auditorium at Grygla.

The third convention at which he will speak, will be the Pennington county convention to be held at the Highlanding hall, Friday evening, September 27th.

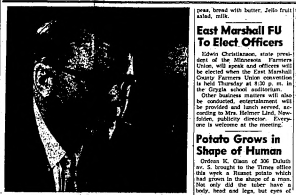
Each of the meetings will begin at 8:00 p. m. and will also include annual business, such as the election of officers and the adoption of farm policy recommendations.

Wool Incentive Prices Unchanged for Coming Year

A shorn wool incentive price of 62 cents per pound and a mohair support price of 72 cents per pound have been announced for the 1964 marketing year, Marcel Dahl, chairman of the Marshall county Agricultural Stabilization and Conservation committee, said today. The price of pulled wool will continue to be supported at a level comparable to the incentive price for shorn wool.

For 1964, the marketing year will be the calendar year, as an marketing year is the 9-month period, April 1 through December 31, 1963.

The chairman said that the incentive price for shorn wool continues the level in effect since the beginning of the program in 1955. The mohair support price is 4 cents lower than for the 1963 marketing year; as required by law, the mohair support is within a range of 15 per cent of the comparable percentage of parity at which wool is supported.



FEATURED speaker at the 25th biennial convention of the Northern Division Minnesota Education association to be held in Thief River Falls October 10 and 11 will be Bennett Cerf. He is a publisher, humorist, columnist, television panelist and author of 10 best-selling collections of humorous stories. Cerf will address a general session of approximately 1,800 teachers and school administrators in Thief River Falls at 2:30 p.m. on October 10. "Modern Trends in Literature and Humor" will be the topic of his address.

Identification Guides Available to Duck Hunters

Free copies of duck identification guides can be obtained by writing to the Minnesota Conservation Department, bureau of information, 350 Centennial Office Bldg. St. Paul 1.

The Department's announcement said that redhead and canvasback ducks are completely portected again this year and that hunters must learn to identify them in order to avoid mistaking them for legal species.

Restrictions are also in effect this season on the number of blackduck, wood duck, and mallards that may be included in the bag limit.

Goose hunters must also be able to identify their game since federal regulations this year declare that only two Canada geese or two white fronted geese or one of each may be included in the limit. Limits on geese this year are five daily and five in possession.

Grygla Speaker

Special gospel meetings featuring Gunnar Jacobsen of New Jersey will be held each evening at 8 p.m. except Mondays and Saturdays and will continue through October 12. The public is invited to attend any of the gospel meetings at the Grygla Gospel Tabernacle.

East Marshall FU To Elect Officers

Edwin Christianson, state president of the Minnesota Farmers Union, will speak and officers will be elected when the East Marshall County Farmers Union convention is held Thursday at 8:30 p. m. in the Grygla school auditorium.

Other business matters will also be conducted, entertainment will be provided and lunch served, according to Mrs. Helmer Lind, Newfolden, publicity director. Everyone is welcome at the meeting.

Potato Grows in Shape of Human

Ordean K. Olson of 306 Duluth av. S. brought to the Times office this week a Russet potato which had grown in the shape of a man. Not only did the tuber have a body, head and legs, but eyes of the potato formed the eyes and mouth of a human form.

Christian Growth Workshop Set by St. John Ladies

Aimed at deeper and wider dimensions of Christian life, service and piety, a Christian Growth Workshop will be held Thursday at 8 p. m. in St. John Lutheran church in Thief River Falls. The workshop is sponsored by the St. John Ladies aid.

Rev. Paul Biegner, pastor of the local congregation, will lead the inspirational section of the work shop on the topic, "A Closer Walk With God—Through Bible Study". Smaller groups will discuss the Bible's insight into day-to-day living.

Concluding the activity will be a coffee hour for both the men and ladies of the parish.

Only from the carefree heart of a child could come such joy.

Or could it? Is it necessary to lose childhood's happy laughter? Must we feel depressed and burdened with the yoke of adult cares?

Certainly not! The God-given gifts of joy and happiness are possessions we can and must retain throughout all our years. But how can we keep this wonderful spirit?

Here is a formula that is very simple: attend the church of your choice regularly. In God's house you will learn to accept life's burdens — and soon they will be ever so much lighter. His Peace will fill your heart. Here, in fellowship with others, you will receive the needed peace and understanding to reclaim and sustain the merry heart.

THE CHURCH FOR ALL • ALL FOR THE CHURCH

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

There will be no admission charge and the public is invited to attend.

Conservation Dept. Lists Hunting Rules

One careless moment can turn an enjoyable hunt into a nightmare, the Minnesota conservation department warned today. With the major hunting seasons due to open shortly, a release from the department's information bureau urges hunters to be safety conscious this year.

With reports of a substantial increase in the pheasant population, a prediction for another good deer season and a slight increase in the bag limit on ducks authorized for this fall, state game officials are forecasting an increase in the number of hunters over last year.

The more hunters in the field, the more chances exist for accidents, the information bureau's report said.

It was pointed out that one of the most tragic things about hunting accidents is that the person injured or killed is often a close friend or relative of the person whose gun was responsible.

This comes about because man's closest friends are also often his hunting companions and statistics show that the person harmed is usually a member of the same hunting party as the hunter who caused the accident.

Some simple rules to remember are: 1) Never allow the muzzle of your gun to point at yourself or anyone else, whether the gun is loaded or unloaded. (2) See what you are shooting at—make sure it's game and not your hunting companion. Never shoot blindly into the forest or brush because you heard a sound or saw the branches move. (3). Keep your firearm on safety until you have raised it to your shoulder to fire. (4) Never carry a loaded firearm in a car or any other vehicle. (5) Avoid overtiring yourself. An exhausted person is apt to get careless.

Town & Country Days Offer 4-Day Schedule

Northwestern Minnesota Town and Country Days—a four-day community and area-wide event focusing attention on agriculture—will be held October 16, 17, 18, and 19 in Thief River Falls. Schedule plans have now been completed for Town and Country Days with only final details on some portions of the program left to be arranged, according to Ormond Johnson, general chairman.

The entire week of October 13-19 has been proclaimed locally as Dairy Festival Week with the Top of the Nation Dairy sale on Thursday, October 17, to be the highlight of the observance. Princess Kay of the Milky Way will be in the city Thursday and Friday to lend her charm to dairy promotion events. Special emphasis on dairy products will be placed by Thief River Falls stores with banners and special displays being featured.

Laundry Changes Class Topic for Heart-of-Home

Final of Four Sessions Scheduled Wednesday In Hospital Cafeteria

Putting clothes that have been sprinkled and placed in a plastic bag in the refrigerator or freezer before ironing is not a homemaker's way of putting off a job that she doesn't like to do. They actually are easier to iron because the heat of the iron increases the steam when it comes in contact with the cold clothes. For this reason less sprinkling is required.

New laundry supplies and equipment are giving the old job of laundering a new look. Present day developments in fabrics have made the job of washing easier, but have also brought on some new problems.

Whether to use hot or cold water, soap or detergent, are a few of the types of questions that will be discussed at the fourth and last of the Heart-of-the-Home series being held in Thief River Falls. The session will be held in the Northwestern hospital cafeteria at 1:30 p. m. Wednesday.

These classes sponsored by the Minnesota Department of Health, the Agricultural Extension service of the University of Minnesota and the Minnesota Heart association have been conducted for the last three weeks in Thief River Falls at the hospital by Mrs. Marion Melrose, home economist in rehabilitation. Assisting Mrs. Melrose were Norman Peterson, hospital administrator; Miss Helen Black, director of nursing services; and Miss Carolyn Offerdahl, Pennington county home agent.

Red Lake SCD Supervisors Plan Shelterbelt Tour

Red Lake County Soil Conservation district supervisors are scheduling a tour of one-row field shelterbelts on Monday, October 7. The group will assemble at the soil conservation office in Red Lake Falls and be ready to leave at 10 a. m. sharp.

Plans are to proceed to the Northwest School of Agriculture (cafeteria area) at 10:30 a. m. where they will be met by Don Lawrence, soil conservation unit conservationist.

From there the group will proceed on a tour of established shelter belt areas. This tour is open to any one interested in conservation practices. All farmers are urged to plan to attend.

Special Speakers On Program for NDMEA Session

Donald R. Gregory, Gustavus Adolphus college art professor, will address the combined elementary and art section meeting of the Northern Minnesota Education association at its 25th biennial convention October 10 and 11, according to Gale Falk of Bemidji.

This meeting is a noon luncheon with tickets selling at $1.50. All tickets for the luncheon must be ordered from the order form published in the Northern Minnesota Educator or from the order form sent to all school systems or local associations.

Gegory will speak on, "Order Out of Chaos." His art has been exhibited in Los Angeles, Minneapolis and Rochester while some of his works are contained in private collections.

Gregory graduated from the Minneapolis School of Art in 1937 and was awarded the Ethel Morrison Van Derlip fellowship for a year of travel in Europe and study in the U. S. He later studied and worked with Carl Milles at Cranbrook from 1938-40. A World War II veteran, he has taught at Augustana College, Sioux Falls, S. D., and is now teaching at Gustavus Adolphus college.

Other valuable section meetings have also been arranged. Speakers from the NEA, Universities of Minnesota and South Dakota, Gustavus Adolphus, Bemidji, Moorhead colleges, TV and art specialists will participate in the various sections.

Lyceum Program Here on Tuesday

Music of George Gershwin and Jerome Kern will be presented by a vocal quartet in a lyceum program to be presented at 2 p.m. Tuesday in the Lincoln high school auditorium.

The music of Porgy and Bess will be a feature of the program and music from Showboat will also be presented. The Gershwin-Kern Music Box traces the history of both men and has been arranged by the University of Minnesota program service.

Social Security Man Here Tuesday

A representative of the Grand Forks district office of the Social Security Administration will be in Thief River Falls at the city auditorium Tuesday, October 1, at 9 a. m. Persons having questions regarding social security or who wish to file claims may contact him on that date.

District Judge Chommie Feted at Testimonial

Attorney General and Chief Justice Speak At Program Saturday

Approximately 200 people gathered at St. Bernard's Catholic church *basement in Thief River Falls* Saturday evening to pay tribute to Hon. Hans O. Chommie, recently appointed judge of the Ninth District court. The testimonial dinner was organized by a local committee.

Special guests on the program were Leonard A. Erickson, Crookston, president of the 14th District Bar association; Walter F. Mondale, Minnesota attorney general; Hon. J. H. Sylvestre, Crookston, 9th District Judge, and Oscar R. Knutson, Chief Justice of the Minnesota Supreme court.

Rev. Keough Patnode, pastor of St. Bernard's church, gave the invocation and benediction and Donald L. Olson served as master of ceremonies for the evening. Mayor Orin Green gave the welcome.

In addressing the crowd assembled for the testimonial, Attorney General Mondale stated the judicial system is what made America the great nation that it is. He contrasted the United States judicial system with the courts of totalitarian governments, noting that the latter do not believe that a man can be completely impartial in making a legal decision.

Judge Sylvestre, after recounting his experiences with Judge Chommie, introduced several of the guests at the dinner, including visiting judges from the district court and their wives.

Chief Justice Knutson, a native of Warren and no stranger to many residents of Thief River Falls, termed Judge Chommie as a "perfectionist". He stated that judge Chommie would bring to the District Court the same dedication of purpose that marked his long legal career.

Several congratulatory telegrams and letters were read by the master of ceremonies, including a telegram from Governor Karl Rolvaag.

In his response to tribute paid at the banquet, Judge Chommie quipped that "none of the testimony given here this evening was under oath" and "as I listened I found it quite difficult to recognize myself". He mentioned constitutional rights and privileges which the people of the United States have and stated the courts are a bulwark in defense of the rights we enjoy."

Mrs. Chervestad Is Horticultural Society Chairman

Mrs. Orlando Chervestad of Oklee was elected president of the 13th District Horticultural society at the election held September 21 at the fall workshop in Baudette. The spring workshop will be held at Thief River Falls in April.

Other officers elected were Mrs. John Thompson, Newfolden, first vice-president; Mrs. A. C. Matheson, Thief River Falls, second vice-president; Mrs. Lynn Hanson, Goodridge, secretary; Mrs. Harold Kagg, Viking, treasurer; and Mrs. Selvin Bertilrud, Roseau, advisor.

Mrs. Ludvig Nielson, vice president of the North Star Garden club at Baudette, opened the workshop business meeting. District members attending voted to continue holding two flower shows each year with one to be held in the third week of June and the other in the second week of August.

Following the business meeting, Mrs. Ernest Krabbenhoft of Sabin gave a demonstration on flower arranging. She also assisted garden club members in assembling their own materials into floral arrangements. A silver tea was served at the conclusion of the workshop.

Goodridge PTA Meets Wednesday

United Fund Campaign Will Open on Tuesday

ROYALTY reigned supreme at homecoming festivities at Lincoln high school on Friday. Vicki Goulet, daughter of Mrs. Leonard Goulet, shown seated at right, was crowned queen at the afternoon pep rally. Other candidates, seated left to right, were Sharon Egenes and Mary Solheim. Standing left to right are Yvonne Lindberg and Virjean Hanson, junior class attendants, and Tami Steen and Joanne Bruggeman, sophomore class attendan ts. In the foreground are Brenda Ohlhauser and Mark McGinley who assisted with the coronation and rode on the senior class float.

Chairman Urges Public to Give the United Way

Solicitation is the Pennington County United Fund will begin this week following a kick-off breakfast to be held Tuesday at 7:30 a. m. in the Rex Cafe. Arnold Narverud will head the campaign as fund drive chairman this year with Douglas Kemmer as chairman of the United Fund board.

Ten agencies will benefit from the United Fund campaign which has a goal this year of $17,295. Of this total, the bulk of the budget is for local and area organizations which are directly concerned with local people, Narverud said.

Included in theb udget are Girl Scouts, $2,000; Boy Scouts, $4,000; Salvation Army, $4,500; Red Cross $2,000; U.S.O., $160; Arthritis and Rheumatism Foundation, $405; Sister Kenny Foundation, $1,000; Minnesota Society for Crippled Children and Adults, $1,100; Children's Home Society, $480; and Minnesota Association for Retarded Children, $1,100.

Operation of the fund campaign will be coordinated through the chamber of Commerce office with Miss Betty Johnson, office secretary, serving as secretary for the United Fund. Solicitors will turn in their collections to that office and persons having questions concerning the United Fund may call 681-3720.

Approximately 30 volunteer canvassers will conduct the business district campaign, Narverud said, and they are to attend the kickoff breakfast on Tuesday morning. At that time campaign material will be distributed and the official drive will begin. Plans are to complete the business district canvas, including employees, by October 15. Rural participation will be directed by township clerks.

"Again this year we are emphasizing the payroll deduction form of giving," Narverud stated. "Pledges of a day's pay a year or one dollar a month would permit us to easily reach our realistic goal. Success of the United Fund depends upon the united efforts of all residents in the county. Ten worthwhile organizations will benefit through the combined effort, eliminating separate drives for each charity. Please support your United Fund. Give the United way."

Solicitors who will be making contacts in the business district include the following: John McGinley, James Wilson, Jon Larson, Dr. O. D. Beich, Arnold Kelley, Roger Tunberg, Milton Reierson, Morris Hartz, Glen Peterson, Bruce Hall, Terry Donnan, James Carlson, Orin Green, George Hildre, Jon Metusalem, James Dale and Jerry Wigness;

Also Ellswoth Jorgenson, Donald L. Olson, A. J. Rau, Robert Kinsman, Milton Schlecter, Lloyd Bennes, J. B. Holter, Stan Pladson, Roy Jorgenson, Clarence Mattson, Douglas Remick, Les Gustafson, Orvis Olen and Sherwood Orvik.

NO DAMAGE REPORTED FROM BLAZE LAST FRIDAY NOON

The fire department was summoned Friday at 12:15 p. m. to the Brodin Sheet Metal Works at 1102 Main av. N., where a trailer load of rubbish had caught fire in the alley in the rear. No damage resulted.

Soil Sampling Is Again Urged Here

Farmers are urged to pick up soil samples now and bring them to a trailer at Thief River Falls October 17, 18 or 19, according to Paul Stelmaschuk, Pennington county agent. Fertilizer dealers at St. Hilaire and Thief River Falls will again pay the cost of one dollar per sample during this fall soil testing campaign.

Dealers man the trailer in shifts and help farmers complete information sheets. Farmers pay a dollar for each soil sample they bring to the trailer. Any fertilizer dealer at Thief River Falls or St. Hilaire will then given them credit for their soil testing from the total fertilizer bill so the soil test is really free to the farmer.

The time to take the soil sample is now, while the weather is good and the fields are dry and can be well covered, Stelmaschuk said.

Taking a soil sample means a good deal more than merely putting a clod of earth in the sample box, jar or coffee can. To get a sample that represents your field, you need to do the following things:

Divide each field into uniform areas. Make sure each area you select has the same tekture, cropping history and past fertilizer treatment.

Avoid — or sample separately — low spots, dead and back furrows, old straw piles, terraces and fence rows and fertilizer bands.

Sample each area separately. Scrape away the grass and litter. Take a core or slice of soil from the surface to plow depth. On permanent pastures and fields in sod, sample only three inches deep. Put the core or slice in a clean pail.

Repeat the sampling in 15 to 20 places and mix the soil. Then fill the sample box or a pint container—that's all it takes—and you have a composite sample. Label each container with the sample number and your name and address. Keep a record of where you took samples.

If the soil is wet, don't dry it on a stove or in an oven. Let it air dry. Put your soil in a pint jar or coffee can and keep it until the soil testing days are here. Then bring the samples to the trailer on the street by the postoffice. The trailer collection depot will be open from 9 a. m. to 9 p. m. on Thursday and Friday and 9 a. m. to 5 p. m. Saturday.

Soil boxes are available at all fertilizer dealers at Thief River Falls and St. Hilaire and also at the banks at Thief River Falls.

Livestock Clinic To Show Methods Of Making Profit

Livestock feeders in this area will have the opportunity to learn important information on profitable feeding at a Northwestern Minnesota Livestock clinic to be held Friday, October 18, at the Thief River Livestock Auction Market just west of Thief River Falls.

Several pens of livestock in grades of common, good and choice will be on display and pens will be marked with the current market price on that day. Market projections will also be made so that farmers can see what to expect as a return on their investment in feeder cattle.

A similar procedure will be followed in showing feeders in the dairy breeds—particularly Holstein steers. Extension personnel will discuss which feeding programs would be most profitable for the various grades of cattle.

Further information on the livestock clinic, which will begin at 7:30 p.m. on October 18, will be published in later editions of the Times. All cattle feeders and prospective feeders are encouraged to plan on attending the clinic, one of the features of Northwestern Minnesota Town and Country Days in Thief River Falls.

Hamerlinck Tells Lions of Teachers Convention Here

Details of the biennial convention of the Northern Minnesota Education association to be held in Thief River Falls Thursday and Friday, October 10 and 11, were given at the Lions club luncheon Wednesday by Francis Hamerlinck, Lincoln junior high school principal and general chairman in charge of local arrangements for the sessions.

Hamerlinck, who was introduced by Gordon Reierson, program chairman, stated that more than 1,500 persons from 17 counties are expected to attend the convention, adding that the last meeting here was in 1957. He said that 90 per cent of the classroom teachers in Minnesota belong to the state association.

She also explained the purpose of the clubs, that of civic beautification by enhancing strategic spots such as highway entrances, and individual homes through the planting and care of flowers. Also included in the program is the study of flower arranging.

Secretary for the evening was Mrs. George Christie, Sr. The nominating committee appointed was Mrs. Emery LaChance, and Mrs. E. J. LaCoursiere. They will present a slate of officers at the next meeting.

A number of active clubs are to be found in the area, among them those at Halstad, Climax, Fertile, Twin Valley, Thief River Falls, and many others. They are, Mrs. Geving adds, doing a really fine job of civic improvement and increasing civic pride.

Mrs. Melvin Molden and Mrs. Edwin Helgeland were co-hostesses at a pink-and-blue shower for Mrs. Gary Dargon (Jeanette Jones) on September 25 at the home of her parents, the Charles Jones' of rural Thief River Falls. Enjoying the social afternoon in addition to the hostesses were Mrs. Charles Jones, Mrs. Vernon Sorenson, Mrs. Lester Chapman, Mrs. Ronnie Hamre, and son; Mrs. Lloyd Nelson; Mrs. J. Schwartz and daughter; Mrs. Hans Harder, Annette and Greg; Mrs. George Larson, Mrs. Harold Matzke, Mrs. Andrew Kisch, Mrs. E. O. Taxeraas and Nina Larson. Unable to be present, but sending their gifts were Mrs. John Burtness and Mrs. Art Stordahl.

LOCAL NEWS

Michael Norman of Grand Forks, North Dakota spent the weekend at the home of his parents, Mr. and Mrs. Larry Norman of this city.

Among those here for the 46th wedding anniversary celebration of the Pete Sorters were Mr. and Mrs. Palmer Udstrand, Mr. and Mrs. Harold Anderson, Mrs. John Culhane, Mr. and Mrs. Ingvald Johnson and Sylvia, and Mr. and Mrs. Rodney Wetterlund and family all of Minneapolis.

Mr. and Mrs. Oliver Ronning of Rock Falls, Illinois, arrived on Friday at the Joe Osness home in rural Thief River Falls, where they were weekend guests while visiting other relatives and friends in the area. They were also house guests at the Wallace Stinar home at Warren. The Osness' were hosts to a Sunday supper honoring the Ronnings; the Wallace Stinars, Merle and James, of Warren, and George Bugge.

Mr. and Mrs. Rudolph Sagmoen and Mrs. Belle Soderberg attended the funeral of Mrs. Martin Furan at Garvin on September 20. The Sagmoens later visited Mr. and Mrs. Ernest Hallgren in Minneapolis, and Mrs. Soderberg, who accompanied her niece, Mrs. Harry Howard of Warren, went on to Waconia to visit with Mrs. Soderberg's son-in-law and daughter, Mr. and Mrs. John Devins. The Sagmoens returned on Monday, and the others on Wednesday.

Mrs. Jennings Jenson of Moorhead visited with Mrs. Emil Anderson on Saturday.

Mr. and Mrs. Glen Brown of Hallock visited with Mr. and Mrs. Duane Brown over the weekend.

Mr. and Mrs. Robert Hendrickson and family visited at the Alex Strong home in rural Alvarado on Sunday.

Mrs. Don Brown and Pamela visited on Sunday at Plummer at the home of Mrs. Elinor Lieske. They were accompanied by Mrs. Brown's mother-in-law, Mrs. Franklin Brown of Plummer.

KITCHEN KARNIVAL

Features from the kitchen of

MRS. EMMETT ISRAELSON

Cherished recipes which come down through generations are oftentimes favorites also of the modern-day homemaker. What better attest to their goodness can there be than that they have stood the test of time? This one bows to our shortcut-minded age in that one of its ingredients, the mashed potatoes, can be procured from a package, thus eliminating the fuss and bother of first having to cook and mash them.

Mrs. Israelson describes their flavor as "out of this world," and says that they have frequently been featured at church functions.

SWEDISH MEAT BALLS

1 lb. ground round steak
½ lb. ground pork, lean
½ cup instant mashed potatoes, prepared according to packaged directions
½ cup fine dry bread crumbs
1 egg, baten
½ cup bread crumbs reserved for later
1 teaspoon salt
½ teaspoon Accent
¼ teaspoon black pepper
½ teaspoon brown sugar
¼ teaspoon ground allspice
¼ teaspoon nutmeg
one-eighth teaspoon ground cloves, if desired

Lightly mix the first five ingredients, then mix in the seasonings. Shape into balls 1" in diameter. Roll each in the dried bread crumbs held in reserve. Melt 3 tablespoons butter in a heavy skillet. Add meat balls and brown on all sides. (This can be accomplished readily by shaking the pan, this assuring even browning and retaining the shape of the meat balls.) Cover lightly and cook about 15 minutes over a medium flame until done. Makes about 3 dozen meat balls.

The Israelsons have six children, all of whom are married with the exception of Laverne, who lives in Minot, N. D. The others are, Doris (Mrs. Del) Seefeldt and Mrs. Ann Tonder, both of this city; Mrs. Darlene Biddle and Mrs. Burnell Netteland, both in California, and Hardy, of Dallas, Tex. There are an even dozen grandchildren.

Asked to name her hobbies, our homemaker stated that there were so many things which interest her that it was hard to single out just a few. But making preserves, bowling (she averages 130), and church work at Redeemer Lutheran Church (formerly First Lutheran Church) where she taught Sunday school for many years and conducted Bible classes and served for two terms as president of the Ladies' Aid, were the first ones listed. She and her husband traveled in Holland, Denmark, and Sweden last year (she didn't mention whether they had eaten Swedish meat balls there). She is a former mayor of our fair city, past-president of the VFW auxiliary, a post she held for 2 years; was District president of the VFW auxiliary for two years, and president of the Business and Professional Women's Club for a year, and was listed in "Who's Who in Minnesota" about four years ago. Mr. Israelson is a retired building contractor whose work took him to many places over the years.

Big Gathering Hears Pres. Kennedy at G.F.

President Kennedy came into Grand Forks Wednesday in a modern jet-and-helicopter version of the old railroad whistle-stop and spoke to thousands in an appearance at the University of North Dakota fieldhouse.

The crowd was estimated at 10,000 inside the huge building and police said that there were enough in the area nearby outside to fill it again. Thousands of them ringed snowfence barriers which ringed the temporary heliport where the President's helicopter and others landed after a flight from Grand Forks Air Force Base where the big jets were left.

In addition to a ringing plea for conservation of natural resources, the President was awarded an honorary doctor of laws degree by UND.

It was difficult to hear the President in some corners of the Fieldhouse and some spectators said the talk could be heard better outside.

President Kennedy left politics out of the talk and didn't mention Dr. John Hove, Democratic candidate for Congress from the East District who will oppose Republican Mark Andrews in a special election Oct. 22.

The President re-iterated his "strong endorsement" of the Garrison diversion project and said he hoped it would soon make a "major contribution to the development of the nation." In the prepared speech he had limited the comment to a hope that the project would contribute to North Dakota's development.

He also called for a "new farm goal—parity of opportunity" with city folks as he stressed local pocketbook issues and the Rural Electrification Administration.

Mrs. Tweten Gives Rare-type Blood To Patient in Va.

For the second time in less than a year, Mrs. Howard Tweten of Thief River Falls has been called upon to donate a pint of rare blood to help save the life of another person.

Mrs. Tweten is one of only five persons in the United States known to have the rare type O-Rh positive, Rautenberg negative blood, according to the American Association of Blood Banks in Milwaukee, Wis. A week ago she was called upon to donate blood for an anemia patient in Warrenton, Va. Last October she gave a pint of blood to a patient in Miami, Fla.

"It is quite rare for the same rare-blood donor to be called upon twice in such short time," stated Paul Basquin, head of the Minneapolis War Memorial Blood Bank. There are only 2,000 rare blood donors on file for the United States.

No Killing Frost During September

Mercury Hits 80 Mark Four Days In Past Week

The Thief River Falls community this year enjoys the rare distinction of having come thru the month of September without experiencing a killing frost, a situation which weather records indicates happens about one year out of ten.

In the final week of the month, the airport thermometer registered four days when the mercury mounted to the 80 mark or higher. High and low readings where as follows: Monday, 68 and 53; Tuesday, 80 and 36; Wednesday, 80 and 36; Thursday, 83 and 48; Friday, 80 and 47; Saturday, 67 and 47; Sunday, 54 and 34; and this morning, 37. Only a trace of rain was recorded during the week.

The forecast is for continued fair weather, with cooler temperatures Tuesday.

1964 Oldsmobile to Appear Friday

Numerous Improvements on New Line of 30 Models

Oldsmobile is introducing, as a lower priced companion to the Dynamic 88 and Super 88, the new Jetstar 88, powered by Oldsmobile's brand new 330 cubic-inch Jetfire Rocket engine — and the Jetstar I, a new sports type car in the medium priced class, powered by the Starfire engine. It was announced today by J. F. Wolfram, Oldsmobile's general manager. The new models will go on display Friday, October 4, at the Northern Chevrolet Co.

"In addition," Wolfram continued, 'we are introducing a totally new and somewhat bigger F-85. It too is powered by Oldsmobile's newly developed lightweight cast-iron Jetfire Rocket engine.

"The all-new F-85, along with the Jetstar 88, the Jetstar I, and the 1964 Dynamic 88's, Super 88's, 98's and Starfires," Wolfram added, "will give our customers a wider choice of Oldsmobiles than ever before—30 different models in all."

Polio Foundation Workers to Meet

300 Expected at Meeting in Minneapolis Thursday

Three of the nation's foremost medical authorities on birth defects and arthritis will speak at a two-day meeting being held at the Leamington Hotel in Minneapolis, beginning Thursday, October 3, concerning the impressive gains in the March of Dimes fight against these two great cripplers.

More than three hundred key volunteers from Minnesota, Iowa, North Dakota, South Dakota, and Wisconsin will hear Dr. Ralph C. Williams, director of the arthritis special treatment center, University of Minnesota; Dr. Arthur Siebens, associate professor pediatrics, University of Wisconsin; and Dr. Theodore R. Pfundt, director of the birth defects special treatment center, Children's Memorial Hospital, Omaha, Nebraska.

A high percentage of the funds raised in the January March of Dimes help finance a growing national network of nearly 70 medical treatment centers where significant progress has been made in rehabilitating victims of birth defects and arthritis.

Additional March of Dimes funds help provide needed assistance for thousands of polio victims who are totally or partially disabled, and the National Foundation will also contribute to the support of the Salk Institute for Biological Studies in San Diego, Calif. which is scheduled to open in the summer of 1964.

Woman's Club Council Elects New Officers

Annual election of officers of the Womans' Club council was held Saturday, in connection with the annual meeting and a luncheon at the Rex Cafe. There were 11 members present.

The report of the auditor, Mrs. Alf Borry, was read and the crippled childrens' clinic report was given by Mrs. Harold Buck.

Officers elected were Mrs. Maurits Scholin, president; Mrs. Rudolph Sagmoen, secretary; Mrs. Carl Hovie, treasurer. Retiring officers were Mrs. G. H. Mayer-Oakes, president; Mrs. Leonard Hanson, secretary, and Mrs. Jo3 Dostal, treasurer.

Another Large Cucumber Noted

Cucumbers in larger than average proportions seem to be the rule in the Times area this year. A ripe cucumber measuring about 14½ inches in length was brought to the Times office Friday from the garden of Albert Samuelson, 923 Atlantic ave. N. Samuelson, who is 81, maintains a fairly large garden and his cucumber patch was small but very productive.

Local FFA Soil Judging Team Is Third in Region

Thief River Falls Future Farmers of America soil judging team placed third in the Region 1 contest held Saturday at Newfolden and qualified for entry in the state contest next May. Warren took first place in the contest with Climax finishing second, according to Peter Probasco, local FFA advisor.

Members of the local team were Robert Homme, Dennis Passa, Homer Grinde and Iven Ose.

Shooting Mishap Prompts Warning From Law Officer

Bullet from Rifle Used By Youngsters Penetrates Window at Trailer Court

Occurrence of an accident which could have been of serious nature on Wednesday has prompted warnings by Pennington county sheriff's office and the game warden service.

According to Charles Richards, Pennington county sheriff, a .22 caliber bullet penetrated the front window of a mobile home occupied by James Krohn at Northwestern Trailer Court. The accident was reported about 6:15 p.m. on Wednesday.

Three boys aged 11 and 12 years, who had taken two .22 caliber rifles without permission from their parents, were apprehended for having done the shooting near the eighth street bridge. Several complaints have also been received of persons shooting firearms from motorboats on the river.

Game warden Donald Fearn noted that it is against state law for persons under 14 years of age to carry a rifle unless accompanied by a parent or guardian at least 21 years of age. It is also illegal to discharge firearms from a motor vehicle.

Youngsters aged 14 and 15 may carry rifles without being accompanied by a parent or guardian if they have in their posession Youth Firearms Safety Training Certificate. These certificates are issued upon completion of the firearms safety training course offered locally through Pennington County Sportsman's Club. Youngsters age 14 and 15 possessing this certificate may also hunt and possess small game without hunting lisense.

"Recognizing that Wednesday's incident could have been more serious than it was, "Sheriff Richards said, "we would like to emphasize to parents the need for care in ownership and handling of firearms. Children who receive training in safe gun habits are not likely to cause accidents like the one reported Wednesday."

Farm Mutual Claim Man Is Back from Illinois

Bob Ahles, claim representative for State Farm Mutual Automobile Insurance Company, has returned to this city after completing four weeks of technical study at his firm's home office at Bloomington, Illinois. Ahles works at the firm's claim service office in the Northern State Bank Building.

State Farm maintains the school on a year-round basis so representatives may be informed of the latest methods, policy contracts and procedures in claim servicing. This year some 650 men will attend classes there.

Polk Co. Native Gets High Award from Co. Agents

Three Minnesotans were among 112 county agricultural agents from around the nation who Thursday evening received their professional organization's highest award in Minneapolis.

The Distinguished Service Award of the National Association of County Agricultural Agents went to Warren F. Liebenstein, Faribault, Rice county agent; Sherman M. Mandt, Perham, East Otter Tail county agent; and Julian O. Jacobson, Hibbing, West St. Louis county agent.

The awards were made during a banquet session of the NACAA annual meeting at the Leamington Hotel.

Mandt, who is press chairman for the NACAA annual meeting, is a 1951 graduate of North Dakota State University and is a native of Polk County.

Large & Small Farms Compared for Profit

Increasing the size of farm operation seems to be the answer to reducing operating costs per acre in the Red River Valley.

That report is contained in a Minnesota Agricultural Experiment Station bulletin co-authored by agricultural economists L. C. Rixe and H. R. Jensen. In their report, "Cost Averages to Size of Farm in Red River Valley Farming," four alternatives are presented to farmers seeking income-improving adjustments for their cost-price farming techniques.

They are: 1) increased efficiency of resources now existing. This may be accomplished by higher product return from the same resources or the same product return from fewer resources.

2) The gearing of existing resources to the production of more valuable products.

3) Adding more capital and labor to the present situation. This can increase income per unit if handled in a judicious manner.

4) And a final method, which many farmers are finding more profitable, expansion of present property, either by renting or by purchasing, thus making more economical use of the existing machinary, power and labor.

Seventy percent of the 148 farm operators interviewed by Rixe and Jensen said they believed it would be possible for them to operate more land with their existing inputs. And better than 70 percent felt that it would pay to add more land.

This last point is where the emphasis of the report was focused. They found that trends in farm size and number in the Valley are closely aligned to national and state-wide trends. In other words, the number of farms is decreasing while the size of the farms is increasing.

In order to keep the Valley farms under study on equal comparison basis, the authors divided the farms into three groups according to their products of cash grain, cash grain and sugar beets, and cash crop farms with some livestock income.

The authors' analysis of the cash grain farms and the cash grain with sugar beets farms showed that costs per crop acre declined sharply at the smaller crop acre sizes, leveling off at the larger acre sizes.

An example might be to move from 400 to 600 crop acres. In such a move there was a reduction in costs per acre of more than two dollars of cash grain operators and $3.75 for grain plus sugar beet operations. Also pointed up by the study was the faster decline of costs per acre in the cash grain with sugar beet farms as opposed by straight cash grain situation. This was over most acreage levels.

For farms with cash crop plus livestock different criteria were used. The best method of determining cost reduction here was the use of cost per $100 gross income. This method showed that costs per $100 gross income in the $40,000 to 50,000 range for all three types of farming operations was about the same. However, the costs dropped sharply for all three farm groups at the low gross income levels.

Since the indication is that per unit costs drop as farm crop acreage increases, Rixe and Jensen look for a continuation of the "upward pressure" on farm size. And although they expect this trend to continue for the future, there's a possibility that farmers will hold back on the sale of land in lieu of higher prices in the future. This, the authors feel, could eliminate the economical advantages outlined above in terms of costs per crop acre or per $100 gross income.

Satellites Topic of N.W. Bell Man

Ramsdell to Speak Oct. 2 to High School and Lions

One of the most important and exciting developments of the space age is the subject of Northwestern Bell's new illustrated talk, "Telstar: The Story of Satellite Communication".

Using an exact scale model of the Telstar satellite, Gerald Ramsdell will tell about its construction and launching, and describe the tests it is now undergoing. He will present the program at Lincoln high school assembly Wednesday at 9 a. m., and at the Lions club at noon.

In simple non-technical language he explains the operation of the ground tracking station at Andover, Maine, and outlines the future use of satellites for intercontinental telephone and television communications".

Mr. Ramsdell is a graduate electronic technician. Most of his ten years with Northwestern Bell have been spent in work with carrier and microwave systems.

SHARING a bit of homecoming queen crown when this Times photo was taken last week were the three candidates for queen at Plummer high school. Left to right are seniors Elaine Linder, Carolyn Parr and Cheryl Heupel. Balloting for queen was conducted in the school with the three senior girls above competing for the honor. Crowned at the afternoon coronation program on Friday was Cheryl Heuspel.

PLUMMER football co-captains for the 1963 season are Rodney Myhre, left, and Mike Gagner. Both boys are seniors at Plummer high school with Myhre playing a tackle in the Cardinal line and Gagner running from a halfback spot in the Plummer backfield. The Cardinals met East Grand Forks Sacred Heart Friday evening in the annual homecoming game, losing 27-6 to the Eagles.

UND Enrollment Over 5,000 for First Time

Enrollment at the University of North Dakota has surpassed 5,000 for the first time in history. The total figure is 5,167, with a few more registrations anticipated. Registrar Ruby McKenzie said that as of September 25, a total of 4,969 students had enrolled at the campus in Grand Forks, an increase of 211 over this time last year. Ben G. Gustafson, director of the general extension division, said enrollment at the UND Williston Center is 198.

Mrs. Jennie Furan, One-time Area Resident, Dies

Mrs. Martin (Jennie) Furan, a former resident of this area, and a sister of Rudolph Sagmoen and Mrs. Belle Soderberg of this city died at the hospital at Slayton on September 18.

Funeral services were held on September 20 at Garvin, from the Lake Sarah Lutheran Church. Interment was in the Modum cemetary in Murray county.

Mrs. Furan was born in New Solum township, Marshall county, June 12, 1893.

Survivors include her husband; two daughters, Mrs. Harry Howard of Warren, and Mrs. Van Marsh of Slaton; three brothers Rudolph Sagmoen of this city, Peter Garvin and Henry of Los Angeles, California; and one sister, Mrs. Soderberg of Thief River Falls. Preceding her in death were two sons, Raymond and Wallace, of Slaton, and three brothers and three sisters.

Mrs. A. Thompson Dies Saturday at Home Near Viking

Mrs. Arthur Thompson, a lifelong resident of Marshall county, passed away on Saturday morning, September 28, at her farm home in Viking township at the age of 63 years.

Funeral services will be held on Tuesday, October 1, at 2:00 p. m. in Zion Lutheran church in Viking. Rev. T. J. Weltzin will officiate and interment will be in the Bethlehem Lutheran Cemetery. The body will lie in state at the Green Funeral home from (this) Monday morning until noon on Tuesday and at the church for one hour prior to the time of services.

Amelia Thompson was born on March 5, 1900, in New Solum township, Marshall county, where she received her education and grew to womanhood.

On February 29, 1940 she was united in marriage to Arthur Thompson in Thief River Falls. The couple lived and farmed in Viking township until her passing.

She was a member of the Bethlehem Lutheran church in New Solum township, and was a member of the ladies aid of the Zion Lutheran Church of Viking.

Mrs. Thompson is survived by her husband, Arthur; one daughter, Lois of Viking, and one brother, Albert Halvorson, also of Viking; two sisters, Sophia Halvorson of Viking and Mrs. Tillie Aanden of Underwood, Minn.

She was preceded in death by her parents and 10 brothers and sisters.

Rites Pending For Eddie H. Anderson, Accident Victim

Rites are pending at the Green Funeral Home of this city for Eddie H. Anderson, a lifelong resident of the Newfolden Community, who was hit by a car and killed on Friday evening, September 27th. He was walking from Newfolden to his farm home which is located just east of the village. Mr. Anderson was 70 years of age.

A complete obituary will be given in the next issue of the Times.

Lutheran Hour Is in Its 31st Year

Public Notices

Card of Thanks

We, the family of Peder Oseth, wish to take this means to thank our many friends, relatives and neighbors for all the kindness shown us in our sad bereavement. Special thanks to the nurses and staff at N. W. Hospital for their wonderful care and kindness to dad. To Dr. Herber, to the pallbearers, to Sinding's Funeral home for their wonderful work and assistance. To Mrs. W. Larson for music, the Golden Years choir for their beautiful songs. Hearty "thank you" to Pastor Peterson for his many, many visits to both home and hospital. Special thanks to Martin and Mildred Alby for assisting so ably, and to the neighbors who served a noon meal for us all. To the Ruth circle for serving lunch and for all flowers and memorials. The Hans Prestbys, H. W. Johnsons, Sylvester Greskowiaks, A. C. Morgandos, R. O. Knutsons, Ole Oseth, grandchildren and great-grandchildren. 1t78p

Card of Thanks

We wish to entend our sincere thanks to each and everyone who helped in any way during our recent bereavement. Especially the men of the search party. Sincere thanks to Rev. Weltzin, Mrs. Weltzin, the organist and Lester Elseth, the soloist. Also the ladies aid circle for serving the lunch following the service; those who brought food to the house and all who sent flowers, cards and memorials. Also sincere thanks to the Green Funeral Home. God bless you all. The family of Morris Stokke. 1t78p

Card of Thanks

We haven't got much in words to say but wish to thank each and every one who came to help us celebrate our 25th wedding anniversary put on for us Sept. 15th. Special thanks to relatives and friends and to those who took part in the program. It's a day that will be well remembered. Mr. and Mrs. Palmer Johnson. 1t78p

Card of Thanks

I wish to express my thanks to the staff at Northwestern Hospital for the care given me during my stay there; to all who visited me, those who sent gifts and cards, all who helped at home during my absence, and most especially to the priests and Dr. Herber. Mrs. Raymond Vaudrin. 1t78c

Card of Thanks

We want to thank everyone who took part in honoring us on our silver anniversary. A sincere "Thank you" for the lovely cake, the purse of money and the cards. God bless you all.—Mr. and Mrs. Louis Stokke. 1t78p

In Memoriam

In loving memory of our dear son and brother Torjus Homme, who passed away Sept. 27, 1962:

One year has passed since that sad day,
The one we loved was called away.
God took him home, it was His will,
But in our hearts, he liveth still.

Sadly missed by Mother, brothers and sisters 1t78p

LEGAL NOTICE

Sept. 23-30-Oct. 7
State of Minnesota
County of Pennington
In District Court
Ninth Judicial District
Milton Swedberg, ... Plaintiff
vs.
Citizens Security Co., and all other persons unknown, claiming any right, title, estate, interest or lien in the real estate described in the complaint filed in said cause, Defendants

SUMMONS

The State of Minnesota to the Above-Named Defendants:

YOU AND EACH OF YOU, are hereby summoned and required to answer the complaint of the plaintiff in the above entitled action, on file in the Office of the Clerk of District Court, at Thief River Falls, Minnesota, within and for the County and State aforesaid, and to serve a copy of your answer to said complaint upon the subscriber at his office in the Union State Bank Building, Thief River Falls, Minnesota, within twenty (20) days after the service of this summons upon you, exclusive of the day of such service, and if you fail to answer said complaint within the time aforesaid, plaintiff will apply to the Court for the relief demanded in the complaint and take judgment against you accordingly.

Notice

YOU ARE HEREBY NOTIFIED, that the object of said action, among other things, is to determine the title and adverse claims to the lands hereinafter described, claimed to have been absolutely forfeited to the state for delinquent taxes, and to obtain the issuance to the persons entitled thereto of new certificates of title to any of such lands which have been registered, and that such action affects the following described lands situated in the County of Pennington, State of Minnesota:

The East Sixty (60) Feet of Lots Nineteen (19) and Twenty (20) of Block Thirty-Seven (37), in the Original Townsite of Thief River Falls, EXCEPT the North Eight Inches (8") [illegible] of the West Twenty (20) Feet of the East Sixty (60) Feet of said Lot 19.
Dated this 17th day of September, 1963.

Roseau Rams Defeat Prowler Eleven 20-13

Coach Ray Kavanaugh's Roseau Rams dampened the Prowlers' Homecoming festivities by scoring a well-earned 20 to 13 win over the locals in a Northwest conference football game played on the Lincoln field Friday night.

This week coach Bill Herzog's Prowler squad will journey to Detroit Lakes where, on Friday night, they will meet the highly-regarded Lakers of coach Haldo Norman. The game will be a feature of Detroit Lakes' Homecoming activities.

Friday night's Prowlers vs. Rams game proved a thriller for the fans as the two teams erupted for long-gaining touchdown runs and with the game's result in doubt until the final play of the game when Bob Olson, after taking a pass from Rick Jensen, was downed on the Roseau 13-yard line as time ran out.

Twice during the game the Prowlers were forced to come from behind to knot the score, only to have the Rams, in the final minutes of game, complete a Bryan Grand to Drew Peterson pass for 37 yards and a touchdown and, with Jerry Toll's conversion point, mark up a 20 to 13 win.

The Rams, after a scoreless first period and which found neither team making a scoring gesture, tallied on the first play from scrimmage in the second period. With the ball on the Rams' 30-yard line, a forward-lateral pass play, with Grand tossing to Lynn Larson for a short gain on a forward pass, and Larson then flipping a lateral to Gary Brandt, who sped down the west side-line to cross the north goal for a touchdown. The plunge for the point failed.

The Prowlers, midway in the second period, evened the game when rangy Rich Nelson, on a sweep to the right, broke loose for a 77-yard touchdown jaunt. Larry Joppru, on a plunge at left gaurd, failed to add the point, and the game was in a 6-all knot at the intermission.

The Rams received the kickoff to open the second half, and the ball was returned to the Roseau 18-yard line. The Rams quickly moved into an unbalanced formation, with the center being over the ball at the hash-mark and the remainder of the team being in running formation near the West side-line. The center lateraled the ball to Brandt, and with strong blocking as the Prowlers attempted to adjust to the play, the hard-running halfback ran 82 yards for a touchdown. Brandt added the point and the Rams held a 13 to 6 lead.

With Don Mathieu and Nelson picking up yardage on slashes through the tackles and off the ends, the Prowlers, from their 40-yard line, moved to the Rams' 21-yard line. On fourth down and four, Mathieu came out around left end and sprinted for a touchdown. Joppru drove over left guard for the point, and the game was tied, 13 to 13.

In the fourth period the Rams made a strong bid to score when they had a first down on the Prowler 11-yard line. Three running plays and a pass gained but eight yards and the locals took over on the 4-yard line. The Prowlers, unable to gain, were forced to kick, and Nelson's punt was brought back to the Prowlers' 35-yard line on a short return by the Rams' safety man. With game-time ebbing, less than two minutes to play, Roseau resorted to an aerial attack. A pair of passes were incomplete, and then Grand found Peterson behind the Prowler defenders on the 5-yard line, and he gathered in the ball and stepped over the south goal-line for the touchdown. Jerry Toll hit the line for the extra point, giving the Rams their 20 to 13 lead.

The Prowlers, in the final minute, filled the air with passes, completing two of four. The game-ending play, a Jensen to Olson pass completion, carried from the Rams' 38-yard line to the Roseau 13-yard line.

During the game, the Rams outdowned the Prowlers, 12 to 6, and outgained the locals, 318 yards to 186 yards. Roseau completed six of eleven passes for 146 yards, while the Prowlers completed but three passes in eight tries for 62 yards. The Rams earned seven first downs by rushing, four by passing, and one by a penalty; while the Prowlers had four first downs by rushing and two by passing.

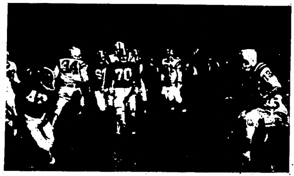
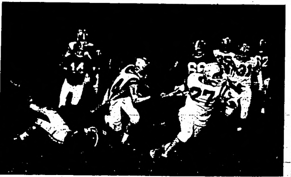
Officials: referee, Gordon Ohle; umpire, Sergio Ziambucci, linesman, Forrest Johnson.



DON MATHIEU who played a strong game at halfback for the Prowlers, is shown as he starts a sweep out around right end for 21 yards and a touchdown in the third period of the Prowlers vs. Roseau Rams homecoming game here Friday night. Mathieu's touchdown, followed by Larry Joppru's plunge for the extra point, temporarily knotted the game at 13-all. Roseau, in the final minutes of the game, completed a 38-yard pass and run, from Bryan Grand to Drew Peterson, to win the game 20 to 13.



RICH NELSON is pulled down on this fourth-period play by a clutching Roseau Ram on Friday night. Nelson, midway in the second period, broke loose on a left-tackle slant and scampered 77 yards for touchdown. John Weigelt, No. 27, Prowler guard is heading down field to provide some blocking for Nelson.

State Supreme Court Upholds 3-duck Limit

The Minnesota Supreme Court Friday upheld the three-bird daily limit on ducks and six in possession set by Conservation Commissioner Wayne Olson.

Olson had reduced the federally permitted limits of four birds daily and eight in possession for the season opening at noon Oct. 5.

Mandt Torrison, St. Paul Lawyer and secretary of a group known as the Minnesota Duck Hunters Association, challenged Olson's right to lower the limits.

Torrison argued before the high tribunal last Monday that the Legislature has expressed the intention to accord hunters all rights and privileges permitted under federal law and regulations.

Frank J. Murray, deputy attorney general appearing for Atty. Gen. Walter F. Mondale on behalf of the state, contended the legislature has empowered the conservation commissioner to reduce limits to any and all areas of the state to guard against undue depletion or extinction.

In its decision, the high court said the legislature had conferred upon the commissioner "quite broad powers for the protection of wild animals," and added:

"We conclude that in all probability the legislature intended that the commissioner should have the authority to reduce the number of migratory birds that may be taken or possessed, as well as other game birds and animals, when it becomes necessary to do so to avoid the depletion or extinction of such species."

In any event, the court said, "If we are to err in our determination of legislative intent, we prefer to err on the side of conservation rather than on the side of depletion of existing migratory birds, leaving it to the legislature to clarify the meaning of the language it has used."

SLOW DOWN AND LIVE

CO-CAPTAINS of the Goodridge high school football team this year are Mike Johaneson, left, and Curt Hovet. They are among the few squad members remaining healthy as the Huskies have been plagued with injuries this year. Johaneson is an outstanding lineman from his tackle position and Hovet is a hard-running halfback. On Friday the Huskies played Gonvick in the annual homecoming football game for Goodridge, losing 13-7.

Keeping Score with "Huck" Olson

Some Anxious Moments

According to a news item received from Green Bay, Jackie Poole, recovering from knee surgery for the removal of cartilage fragments, developed a blood clot that very nearly cost the three-time United States Nationals hockey player his life.

Hospitalized less than a week by the knee operation Jackie had returned to his home to convalesce, and appeared on the road to recovery. Said Jack: "I began to have severe pains in my chest, but I didn't give them too much thought. I thought that I had possibly pulled a muscle in my shoulder or something.

"It got worse on Wednesday night, so I had to call the doctor. He gave me some medicine and told me to check with him the next day if I wasn't feeling better. The next day I began coughing up blood, so I called the doctor and he made arrangements to get me in the hospital."

X-rays revealed a blood clot in a lung, and the doctor surmised that the clot had already passed through the heart. He informed Jack that he was a very lucky individual. The crisis, fortunately, is apparently past, and Jack is on a blood-thinning drug and will be in the hospital for a week or two. It is extremely doubtful that Jack will be available for the Green Bay Bobcats hockey team this season.

He Appreciated the Pictures

John (City John) Jaranson, the most vociferous of the anti-Killebrew clan in town has acknowledged the receipt of several of the Harmon Killebrew photos.

It seems that some individual or group or club, secured four of the Ray Scott Twin-pak Hamm's cartons and each carton contained a coupon that could be exchanged for a picture of a Minnesota Twins player.

Four of these coupons were mailed in to Hamm's, with the request that Harmon Killebrew pictures be sent to John Jaranson at Thief River Falls. And to insure that Johnny received the pictures it was requested that one picutre be sent to John in care of the Hartz office, another to John at his home, another to John at the Hartz Warehouse, and the fourth to Mrs. John Jaranson. And City John admits receiving all four photos.

In fact John says that he has tacked one of the pictures above his desk at his office at Hartz, and that the picture is a "true to life" likeness of Killebrew. John says, "I've looked at the picuture for several days now, and the bat hasn't moved".

Oh yes, who led the American league in home runs?

But Not For Long

Did you notice the Business bowling league standings and note that the T & S Implement team, the rookie team from Service league, is leading the high-average Business league with a mark of seven and one. This is after a couple of weeks of bowling.

The T & S do not intend to win the Business league title for, as the official spokesman of the team said, "We do not intend to win the league title, but we will lead the league for the first round or so to prove that we can win if we want to. Moving up from the Service league, as we did, we feel that it would be humiliating to the other teams in the league, the veteran clubs, if we should win the championship." So said the spokesman.

It won't be long, according to coffee-bar conversation, before the T & S will be down in the second division where they belong.

Attention: Thieves Hockey Fans

The senior hockey Thieves, champions of the Northwest Hockey league last season, will hold an organizational meeting at the Eagles Club on Tuesday evening, 7:00 P. M.

At this meeting, and fans and players are requested to be in attendance, preliminary plans will be made for the 1963-64 season.

With Cliff (Fido) Purpur again taking over the coaching reins of the Grand Forks Jets, it is expected that the Northwest league will be given a "shot in the arm". Fido is a colorful character, and he will make a solid club of the Grand Forks entry.

Miscellany

The Prowler B squad footballers won their first game in four starts last Wednesday night when they scored a 27 to 6 win over the Roseau B's in a game played on the local field. David Halvorson tallied a pair of touchdowns for coach George Schlief's young Prowlers, and Monte LeMoine and Bobby Brodin added a touchdown apiece. On Saturday afternoon, playing at Bemidji, the B squad dropped a 20 to 7 decision to the Lumberjack B team. Halvorson's touchdown and Carl Poppenhagen's conversion accounted for the Prowler scoring. On Wednesday night, with the kickoff slated for 7:00 P. M. on the Lincoln field, the Prowler B squad will meet the East Grand Forks B squad. . .Led by a fast-running tenth grader, Eddie Broten, coach Ambrose Kramer's Roseau Rams cross-country squad scored a decisive win in a triangular meet held here Wednesday afternoon. Coach Kramer is very high on the youngster, and believes that he will develop into one of the finest distance runners that the Roseau school has produced.

LHS Guidance Office Lists Coming Events

Guidance office of Lincoln senior high school, in an effort to better inform students and parents of educational and vocational opportunities available to future high school graduates, has issued the first of its monthly bulletins for senior students and their parents. Pertinent material is listed below.

Applications are now available for the Navy's 18th annual NROTC qualification test, according to R. C. Reeve, senior high school counselor. The nationwide examination will be given December 14 and all eligible high school seniors and graduates may apply. On the basis of this test, personal interviews, physical examinations and other factors, over 2,000 young men will be given college educations as midshipmen in NROTC units throughout the country. Registrations for the test will close November 22. Informational bulletins and applications are available from Reeve or the U. S. Navy recruiting station.

Students and parents who hope for financial help to make a college education possible should determine now if the school of their choice subscribes to the College Scholarship service (a clearing house for member colleges and Universities). If so, early preparation of the "Parents Confidential Statement" may make such financial aid possible. Forms are available in the guidance office.

The PSAT (Preliminary Scholastic Aptitude Test) will be given at Lincoln high school on Tuesday, October 15. A fee of $1 will be charged. This is not a college admissions test; however, it does provide some students with experience in taking a SAT-type test. Potential members of the National Honor Society who wish to compete in the NHS scholarship program must take the PSAT. Registration should be made before October 4.

Hamline University has recently announced that its annual competitive scholarship examination will be held Saturday, January 18, 1964. Students will be competing for ten four-year scholarships worth $3600 each. Interested students can secure application blanks in the high school guidance office.

Further information on any of these items may be obtained from the high school guidance office or calling 681-3509.

Fosston Plant Producing Flaked Spuds to Reopen

The Fosston potato plant is due to resume production within the next two weeks, according to spokesmen for the foods division of the Hunt Oil Co. of Texas, the new owners.

The Fosston plant, purchased by the Texas concern early in September, will retain essentially the same personnel who worked at the plant before the change of ownership. Palmer Ostenaa has been retained as general manager.

The Fosston plant is the first plant in the Hunt chain producing flaked potatoes.

Child Health Day to Be Noted Oct. 7

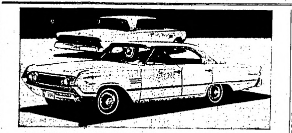
Accidents Leading Cause of Death among Children

Child Health Day, Monday, October 7, emphasizes the need to stress safety in our everyday lives. In 1962, accidents took more lives in Minnesota (1672 than diphtheria, influenza, measles, pneumonia and tuberculosis combined (1266). Accidents accounted for 36.6 percent of all deaths in the 0-14 age group. Accidents are leading cause of death during the childhood years, and through the age of 34.

Parents who understand the child's physical, intellectual, and emotional limitations can take precautionary steps to protect the child and to teach him safe habits. Safe environment and safe habits are necessary in the prevention of accidents, says Dr. A. B. Rosenfield, director division of special services, Minnesota department of health. A frequent check should be made on the activities of children.

Stairs in the home should be fenced off from the small child. Electric cords should be kept off the floor, and rugs securely fastened. Play pens should be sturdy, with well rounded corners. Play areas should be checked for hazards, such as glass, nails, or cans. Teach children to avoid discarded refrigerators, deep holes, and construction areas.

Proper instruction in the care and use of toys may prevent an accident, especially in the use of guns, bows and arrows, or other sharp instruments. Last year, 14 children between the ages of 5-14 years were killed as a result of firearm accidents. All toys should be checked periodically for sharp edges or loose parts. Children should be taught to put toys in their proper storage place after playtime to avoid falling over them.



The 1964 Mercury extends its coverage of the medium-priced market with two new series and a choice of two distinctive roof designs. A sporty four-door hardtop Marauder with fastback roofline (front) will be offered in addition to the unique breezeway models (rear). A two-door hardtop Marauder, which was introduced last Spring, also will be offered. Mercury's two new series are the luxurious top-of-the-line Park Lane and the Montclair. Luxury and performance are emphasized with significant improvement in passenger comfort and spaciousness. The 1964 Mercury's six V-8 engines—two more than last year—range from 250 to 425 horsepower.

Civil & Hydraulic Engineers Sought by Civil Service

New opportunities to apply for federal employment in the field of civil and hydraulic engineering aid and technician opened this week, according to a bulletin received by Clarence Knudsen, civil service secretary at the postoffice.

Positions are located in the U. S. Geological Survey, Mid-Continent area, which includes 13 states. Positions under the civil option are headquartered at Rolla, Missouri, and those under the hydraulic option are located in Water Resources Division offices throughout the 13 states.

Applications for these positions, which pay starting salaries of $3,560 to $4,565 a year, are to be filed with the Executive Secretary, Board of U. S. Civil Service Examiners, U. S. Geological Survey, P. O. Box 513, Rolla, Missouri.

For further details, those interested may consult Knudsen at the postoffice in this city.

Advice Given on Social Security

Those Planning to Retire Should Apply in Advance

"Inquire before you retire". You may have heard or read this phrase before and wondered what it really means in connection with your social security," says J. Kistler of the Grand Forks social security office.

"What it means is that you should prepare for applying for social security benefits with the same care you prepare for all important events in your life. Inquiring before you retire will give you the facts on the documents, proofs, and the special information you will need to bring along with you when you finally apply for your social security benefits.

"Basically, you will need to prove your age. To do this, a birth certificate will be sufficient. If, however, you do not have one, a baptismal certificate can be used, or old insurance papers, school records, census records, etc. The type of document you need can be explained to you at your local security office if you inquire before you are ready to retire.

"Another thing needed is the amount of your earnings for the year before you retire and how much you have earned during the year of application. The bookkeeper where you work would be a good source for this information."

Editorials . . .

"I am aware that many object to the severity of my language; but is there not cause for severity? I will be as harsh as Truth, and as uncompromising as Justice. On this subject I do not wish to think, or speak, or write, with moderation. No, No. Tell a man whose house is on fire to give a moderate alarm; tell him to moderately rescue his wife from the hands of the ravisher; tell the mother to gradually extricate her babe from the fire into which it has fallen—but urge me not to use moderation in a cause like the present. I am in earnest—I will not equivocate—I will not excuse—I will not retreat a single inch—and I will be heard. The apathy of the people is enough to make every statue leap from its pedestal and hasten the resurrection of the dead."

—William Lloyd Garrison.

A Party Need

At a recent meeting of Republican governors of the nation, held in Denver, a policy statement, favoring a cut in income taxes and the holding of federal expenditures at their present level, was adopted. Which means that this group of Republican governors would still go along with a big deficit and more increases in our national debt.

Conservative leadership calls for curtailed spending and debt reduction, permitting tax reduction as it becomes possible under sound management. In other words the Republican governors do not speak for the conservatives of the nation.

Which means that one of the needs of the Republican party throughout the nation is more conservative governors.

A Step Forward

It is good to know that Minnesota's AFL-CIO Federation of Labor voted to support the proposed taconite amendment that will be submitted to the voters of the state at the next general election. This action assures the adoption of the amendment and further development of the industry on the Iron Range.

It was unfortunate that this action was delayed. The delay, due to misunderstanding, encouraged to some extent by misrepresentation, has been costly. But that now is water over the dam.

But taxation of the taconite industry is not the only tax problem in Minnesota that remains with us through lack of understanding. And organized labor could be very helpful in the efforts that are being made to encourage industrial development in the state by giving to other tax problems the same serious consideration that it has given in its reconsideration of the taconite issue. In general, most of what is good for Minnesota industry is good for all of us, including labor.

A round of cheers for a healthy first step in that direction.

Trading With China

Canada's sale of wheat to the Soviet Union seems finally to be getting the attention it deserves at the official level in our country. For several years Canada has disposed of a large portion of its surplus wheat by sales to Communist China. Our government, which still insists that the Capitol of mainland China is on the island of Formosa, is now starting to take a more realistic look at the overall situation. Our friends in Canada, we presume, are hoping that we will continue to act dumb.

Our country looks upon Chiang Kai-shek as the rightful ruler of mainland China, dating back to 1949 when his armies were defeated in a civil war and he escaped to the island over which he has since maintained command—largely at our expense. At the age of 76 he now is old enough to retire—or be retired. His son, Chiang Ching-kuo, is not likely to succeed him—that is, not with the consent of our government. The Financial Post of Toronto, points out that this son was educated in Russia, has a Russian wife and "is reported to be engaged in secret negotiations with Moscow", and the Post concludes with this sensible suggestion:

"There is one desperate, last-resort way out for the Americans if a successor to Chiang Kai-shek should suddenly be required.

"Why not let the Formosans elect their own leaders? This idea is not as crazy as it sounds. The Americans themselves, after all, try it once every four years. Surely the Formosans would love to have a go at it."

We can see no good reason why we should not recognize the obvious fact that the mainland Chinese do have a government. Most of our friends and allies have recognized that government and are trading extensively with it. We recognized Communist Russia, and there is some reason to believe that as a result our relations with Russia are improving. We get the impression that the Russians do not fear us as they once did, and they are talking less foolishly now than they were a few years ago.

Recognizing Russia and China does not mean that we should not keep our guard up. But let's keep in mind that the rank and file of the people of both Russia and China are just as much interested in the establishment of a lasting peace as we are. Our contacts with the people of Russia have been helpful, we are sure. And it is our guess that the cause of peace would be served if we become better acquainted with the good people of China, and they with us.

The Test Ban Treaty

Now that the test-ban treaty has been approved by the Senate, and by a very substantial majority, let's agree that at the present time there is no justification for believing that peace and security have been achieved. The treaty may prove to be a worthless scrap of paper, binding us loosely to an agreement with a government that we have reason to mistrust.

But there is the possibility that it may prove to be a very short, but nevertheless important, first step in the direction of international peace and understanding. For that reason we are sure the Senate did the right thing in giving the document its approval. We like the reasoning behind the recommendation of the Wall Street Journal that the treaty should be approved. Said the Journal:

"Ratifying this treaty will not by itself make the world any more perilous than it already is. Nor will rejecting it diminish the peril. What will be gained by ratifying it will be a respite from the dangers of atmospheric testing itself, for such time as the treaty lasts. What might be lost in rejecting it is the faint possibility of relaxing the intensity of the cold war, though not the Soviet's intent in waging it.

"If this be true, then the decision is perhaps not quite so momentous as either the treaty's advocates or opponents pretend. A rejection by the Senate need plunge no one into despair. It is preferable to accept it only because it is one of those arrangements which offers some usefulness to each of the parties, each for his own reasons."

How Much Oil?

We have added to the list of things we have decided not to worry about the question as to how long the world's supply of oil will last. We have been given assurance that there will be an ample supply to take care of the needs of the world for at least two generations, and by the time that third generation comes along there probably will be available new sources of heat and power. Our assurance is based on the comments of the president of the Standard Oil Company of New Jersey at the company's annual meeting held recently at Houston. Michael J. Heider stated:

"Because oil is a virtually nonrenewable resource it is not surprising that we are challenged every once in a while with the suggestion that the world may be running out of oil.

"Indeed, alarming predictions concerning the future of oil reserves are hardly new. Back in 1926 a Cabinet-level committee seriously reported to President Coolidge that the United States had only enough petroleum in the ground to last six years. . .Discoveries of new fields and improved recovery techniques showed that estimate to be grossly in error. Even today the science of estimating reserves is inexact and tends to err on the conservative side. . .

"After studying the potential oil and gas reserves in the United States and in foreign areas and considering our production knowhow, I think there is only one conclusion — the resources of petroleum are abundant relative to foreseeable demand. I can say with confidence that no one alive today will see the end of the oil industry in his lifetime, nor will his children."

Teaching of English

(Northfield News)

All those complaints about Johnny being unable to read—or spell—now have come to a head in a report by the National Council of Teachers of English. The nub of it is that Johnny really does have a shaky grip on what might be considered under the heading of language skills and that drastic action is recommended to correct the situation.

How American schools ever got into the fix where too many students fail to learn how to express themselves effectively is something that should worry all of us. Clear self-expression is, after all, the key to learning in all fields; even in mathematics, it is necessary to have communication between student and teacher. We must not lose sight of this principle.

Students are still spending a good deal of time on English in class, and yet only last year of 600,000 students who took college entrance examinations, 150,000 flunked English. Two-thirds of the country's colleges and universities find it necessary to offer remedial courses in English for incoming freshmen.

English is not so much a subject as the key to all the others, and if this discipline is missed it weakens the whole foundation of the educational structure. Reading intelligently and writing in such a way as to convey ideas clearly and meaningfully is not the easiest thing for many, but it is a vital part of competence in education.

When Premier Khrushchev visited in Yugoslavia recently, he and Marshall Tito toured a chemical plant largely financed by U. S. aid. Police barred American reporters from seeing it.

Borrowed Nonsense . . .

When I was a kid learning to play the trumpet, my dog used to set up a howl every time I'd start on a song. My dad would always ask if there wasn't some tune I could play that the dog didn't know.

CO-OPS ARE SPOTLIGHTED as Gov. Karl F. Rolvaag, right, proclaims October as "Co-op Month." Gov. Rolvaag's official statement urges "an understanding and recognition of the achievements and services of cooperatives in Minnesota and of the constructive and responsible role they share in economic progress under our system of free enterprise." With Gov. Rolvaag when he signed the proclamation were Edward E. Slettom, left, St. Paul, executive secretary of the Minnesota Association of Cooperatives, and Brynolf Peterson, Aitkin, MAC president. Co-ops in this community are making a special effort during Co-op Month to help people become better acquainted with the cooperative way of doing business.

HAPPY HOMEMAKING

PENNINGTON COUNTY HOME AGENT

October is soon here—the month that has been designated as 4-H enrollment month. Major state-wide 4-H promotion efforts will take place October 7 through October 19.

Since there is no National 4-H Club Week scheduled this year and state-wide enrollment is being stressed during October 7-19, it is felt that the 4-H'ers may like to prepare their window displays and floats at this time rather than in March as has been done in the past.

All clubs are encouraged to participate in this program, but those working for the "Club of the Year" award should especially work on increasing the 4-H enrollment.

There is a new club being formed in Thief River Falls, with the meeting to be held at the courthouse on Thursday at 8 p. m. Anyone who is interested is welcome to attend.

While on the topic of 4-H, let's talk about the food preparation record. Many of you, I am sure, have questions regarding this record. Yes, it has been changed again this year.

The food preparation records are now six in number. They include Snacks and Little Lunches and Picnics and Suppers for the beginner; Creative Foods and Quick Meals for the junior members; and Family Meals and a new one called Outdoor Cookery for the more advanced members.

Each unit of the foods project is now very broad and includes food preservation as well as bread baking. Thus there is no longer a need for the separate bread or food preservation record. Actually, a girl in Snacks and Little Lunches would not be doing much, if any, canning or freezing; but if other girls do food preservation or bread baking, it should be included on the foods record.

I am sure there is a question in your mind as to whether the food preservation and the bread sections in the record are required. These sections are not required but should be filled out if the work is done.

If you have any further questions concerning the food preparation record, stop in at the extension office and ask me about the project.

Mrs. Ernest Helgenset was a supper guest Wednesday evening of Mrs. Alice Adkins at Thief River Falls.

Dennis Carpenter left Saturday morning with his race horses for South Sioux City, Nebraska where the horses will be entered in racing events.

Mr. and Mrs. Lloyd Olson and family of Thief River Falls were supper guests at the Ray Molskness home Sunday.

Mrs. Ted Halbasch was a dinner guest Thursday at the Duane Vatsaas home in Norden. Sunday afternoon William Halbasch, Bruce and Wayne were callers at Ted Halbasch's.

Mr. and Mrs. Harry Swenson and Mrs. CCora Lockman were luncheon guests Friday afternoon at the C. H. Swenson home in Sanders.

Oliver Ronning of Rock Falls, Illinois and Joe Osness visited with John Bugge and Pete Swanson Friday afternoon.

Mr. and Mrs. Lester Larson and Curtis, Mr. and Mrs. Bill Gilbertson and Mr. and Ms. Gust Larson and Stanley were visitors Sunday afternoon at the Ernest Erickson home near St. Hilaire.

Frank and Roger Hible, Mr. and Mrs. Wilbur Carr and Mary of Williston, North Dakota left Friday for Minneapolis where they spent the weekend visiting relatives.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Pocket gophers are damaging field crops and tree plantations again this fall. Fresh mounds and dying trees are sure signs of pocket gopher damage according to William Miles, University of Minnesota extension forester. He says one of the most effective controls for these pests is the "burrow-building machine" with poisoned bait. For more advice on your pocket gopher problem, contact your county agricultural extension agent.

Sibley County's 1962 conservation farmer of the Year, Calvin St. John, Arlington, has saved his fields from the onslaught of surface water and gulley erosion. He linked a long diversion to a grass waterway and a control structure. A field which was once covered by surface water is now kept dry by a tile system which empties into the control structure.

"My detention dam serves more purposes than was originally intended," says Alfred Rucker, Douglas. Grant Karlstad, SCS technician, Rochester, says Rucker's dam was planned for gully and flood control and stockwater supply. But, he fenced out a wooded area around the dam and it has developed into a wildlife haven for deer, raccoon, pheasants and other small game. Waterfowl use it extensively during the migratory season. Several broods of teal have been hatched during the past few seasons. And in the winter, it serves as a comunity skating rink.

He'll never go back to up-and-down-hill farming again. That's what Ray Gieseke, Nicollet SCD cooperator, told SCS technicians who asked him how he liked his contour strips. He said, "Last year my fields washed so badly that several inches of top soil washed onto the county road and had to be hauled away before the road was open again. This year I've had no erosion problem at all." Gieseke laid out 33 acres of contour strips this past spring and plans to strip out 23 additional acres this fall.

ERIE . . . .

Mrs. Gerald Sjulstad was a Saturday afternoon caller at Palmer Lovlys and Mrs. Selmer Ramsey was a Monday caller.

Audrey Hyland and Mrs. Alvin Hyland visited with Mrs. Asta Hyland at Goodridge on Tuesday evening.

We are glad to hear that Ole Uglom, a patient at Northwestern Hospital, is improving.

Alden and Arden Hyland were Tuesday overnight guests at the Erling Dahlen home and attended a birthday party for Joel.

WHAT WILL RURAL ELECTRICITY BE IN 1983?

STILL IN INFANCY
Do you realize that back in 1935, only about one in every ten farm homes had electricity? Today most farm homes enjoy the benefits of electricity, so that farm families have the advantages of a standard of living comparable to most cosmopolitan areas.

BABY IS GROWING RAPIDLY
Your Minnkota Power Cooperative and its twelve member-owner distribution cooperatives pledge themselves to continue to grow and develop.

CHALLENGING TIMES
The years that lie ahead are a challenge to all of us. The farmer will be called upon to grow greater amounts of food and fiber for an increasing population, and it is expected that greater amounts of electric power will be needed to help him achieve this task. Our objective, therefore, is to furnish the ever-increasing amount of electric power at the lowest reasonable cost.

WHEN YOU PICK UP YOUR NEWSPAPER, do you always read what you think you are reading? The expressions used in newspaper writing could possibly give an erroneous opinion to the reader. Making the rounds of the state's papers is this anonymously-written item which deals with expression used in newspaper reports on committee meetings and what they really mean:

"The committee met and evaluated the situation:" Half the members showed up and talked for a while.

"We explored all possible solutions to the problem:" Everybody talked too much.

"A great deal of additional work will be necessary before the proposal can be acted upon:" Nobody understood it.

"The results were inconclusive:" Nothing was accomplished.

"While no agreement was reached, we feel that definite progress was made toward resolving differences:" Nobody budged an inch.

"The estimate has been that:" Somebody guessed.

"It is suggested that the wisest and more feasible course:" This is what I think.

"It is widely accepted that:" One other person agrees with me.

"Therefore the consensus is:" A couple of others think so too.

"As yet, it has not been possible to provide definite answers:" Nobody understood the questions.

"Further investigation is recommended:" Delayed indefinitely.

"This concludes the committee's appraisal of the situation:" We absolve ourselves of all future responsibility.

"It is hoped that this report will stimulate increased interest in the problem:" Let somebody else do it next time.

Top of the Nation Dairy Sale time is fast approaching and the sponsoring Top of the Nation Dairy association is working hard in preparation for the fifth annual event. Dr. E. C. Frederick of Crookston is the sale manager this year and he states, "We will never have the highest concentration of dairy cows in the nation, but we can have the best cows, the highest caliber dairymen and the most profitable herds."

Thief River Falls has the distinction of being the site of the sale which has the highest entry requirements of any dairy sale in the United States. Being able to qualify animals for the sale should be a point of pride for dairymen.

City elections will be coming up soon and filings will close on October 8 for councilmen in the city's five wards, mayor and treasurer. If some contests develop, and they likely will, there should be some campaigning. The result may be similar to the situation in this poem taken from the Ohio Cities and Villages publication:

●

Who's that stranger, mother dear?
Look, he knows us; aint he queer?
Hush, my son, don't talk so wild —
He's your father, dearest child.
He's my father? No such thing!
Father left us way last spring.
Father didn't leave, my son;
Father ran for councilman,
But now that the election's done
And the battle has been won,
There's no place for him to roam,
And that is why he's come back home.
Kiss him — he won't bite you, child,
All those councilmen look wild.

Begins Laboratory Work

Dr. Helen Fukushima Joins Hospital Professional Staff

Newest addition to the professional staff at Northwestern hospital in Thief River Falls is Dr. Helen Fukushima who replaces Mrs. Judith Krohn in the hospital laboratory. The appointment was effective on Tuesday, October 1.

Dr. Fukushima was born in Minneapolis in 1922 and her father was professor of physics at the University of Minnesota in 1924 and 1925. In 1933 she returned to Japan with her family and there she completed her education and received her M. D. degree.

A graduate of the Methodist mission middle school in Tokyo, Japan, Miss Fukushima received her M. D. degree from Tokyo Women's Medical college in 1943. Her degree is not recognized in the United States; however, and she is not permitted to practice medicine here. Upon graduation from medical school in Japan she entered private practice, specializing in the field of tuberculosis and doing considerable work on charity cases.

In 1946 and 1947 she worked for the U. S. armed forces in General Douglas MacArthur's headquarters as translator and medical interpreter. She holds citizenship in both the United States and Japan. In 1948 she returned to the United States, studying medical technology at Charles T. Miller hospital in St. Paul in 1949 and 1950.

U. S. Employment

From 1949 through 1955 she was department head in histology and tytology at Charles T. Miller hospital and from 1956 to 1959 she was chief histologist at Midway hospital in St. Paul. During the past two years she had been employed at Bethesda hospital in Crookston. She was also the recipient of a scholarship from the American Cancer Society for three months of study at the Mayo Clinic in Rochester.

Her move to Thief River Falls was prompted, she said, by Northwestern hospital's ability to be a couple of years ahead with new ideas and practices. "I just had to find out how this is done," she said.

Active in organizational work, Dr. Fukushima is a past president of the Minnesota Society of Medical Technologists and is currently president of Districts one and three of that state society. She is

Rev. Berntson Is Speaker at Zion Bible Conference

Former Newfolden Pastor Will Appear at Series To Begin Sunday Morning

Guest speaker at a series of Bible conference meetings which will be held Sunday through Thursday, October 10, at Zion Lutheran church in Thief River Falls will be Rev. Gordon Berntson of Northwood, N. D. Church choirs will sing and there will be special music at each of the 8 p. m. services.

A native of North Dakota, Rev. Berntson graduated from Augsburg Theological seminary in 1953. He served as pastor of the Newfolden Lutheran parish from 1953 to 1958 and since that time has served Ebenezer Lutheran church in Northwood, N. D. He is married, has one daughter and five sons.

"Life at Its Best" is the theme of his Bible conference here with topics respectively for Sunday morning, Sunday evening, Sunday night and following nights including: "Life: New, Joyful and Revolutionary", "A Life of Discipleship", "Life and Its Battles", "Life Begins Again", "Live at Home: A Help or a Hindrance", "Life As a Service" and "Life That Never Ends".

The public is invited to attend any or all of the meetings.

Legion Auxiliary Sets Dinner Meet

Girls State delegates from Lincoln high school in Thief River Falls and Goodridge high school will speak at a dinner meeting of the American Legion auxiliary in Thief River Falls on Monday at 7 p. m. School patrol boys whose trips to Legionville, were sponsored by the auxiliary will also be on the program.

Expansion Noted At Coast-to-Coast

Tenth anniversary of the ownership of Coast-to-Coast store in Thief River Falls will be observed this week by Donald M. Olson. Included in the anniversary promotion will be presentation of a new addition to the store—the third expansion in the 10-year history of the firm.

In 1953 Olson bought the Coast-to-Coast store from Henry Boe who had operated the business on Main avenue in the building now housing the Singer Sewing Center north of Third street. In May of 1954 the business was moved to its present location which had previously housed the Pontiac garage operated by Main Avenue Motors.

With successful growth noted in the business, the 50-foot store was expanded in 1956 to provide an additional 45 feet of depth. This year an additional 25-foot section was built to provide a total display area of 120x45 feet. Number of employees during the 10 years has increased from one in the first store to six at the present time.

With the new addition, Olson plans a semi-self-service operation in his store with individual price marking on items and the possible addition of several self-service

Elks Fall Roundup Is Scheduled for Saturday Evening

The local Elks lodge will stage its annual fall roundup Saturday, October 5, starting with the initiation of a class of twelve candidates at 6 p.m., followed by the serving of free dinner to paid-up members at 7:30, after which special entertainment will be provided. Honored guests will include George Palumbo of Hibbing, district deputy grand exalted ruler for the Minnesota North district, and Don Wik of Virginia, vice president of the Minnesota State Elks association.

A five-cent commemorative stamp honoring Cordell Hull, secretary of state under President Franklin D. Roosevelt will go on sale next Monday, October 7, at the Thief River Falls postoffice, it was announced today by Postmaster R. J. Dryden. The stamp, in vertical design, will be printed in green.

Diagnosis Necessary To Affect Soil Cure

Should you buy expensive medicine for a cow without first knowing the ailment?

Never! At least, not if you want to be sure of your returns.

The same thing applies to soil "health" problems. The only way to get your full measure from added plant food is to apply it by prescription—that is, according to needs shown by soil test.

Bring your soil sample in a pint jar, coffee can, soil box, anything, to Thief River Falls on October 17, 18 or 19. Bring them to the trailer which will be parked by the post office from 9 a. m. to 9 p. m. on Thursday or Friday; or 9 a. m. to 5 p. m. on Saturday. Help will be given you to complete the information sheet and free transportation of the samples will be provided to the University of Minnesota by Land O'Lakes truck.

Fertilizer dealers at Thief River Falls and St. Hilaire will give you a dollar discount from your fertilizer bill for every soil sample so this soil test will cost you nothing. This is the dealers' way of helping you buy the right fertilizer. Just because a certain fertilizer works on one farm doesn't mean it will bring the same results on another. Soils vary widely in Minnesota. Like different people, they have different needs.

A good example of how adjusting a fertilizer program to the fertility level can pay off is the results on five low potassium testing fields in southeast Minnesota in 1962.

When 40 pounds of K20 were applied on these fields, an additional $10 worth of corn was harvested. The cost was about $2 worth of potash. However, the yield was increased by an average value of $4 when the same treatment was applied on medium and high testing fields.

Some fields, because of a particular low fertility situation, can be real "money makers" if soil tests are used for the diagnosis.

Fall is an ideal time to take soil samples. They're easy to get now.

Hearing Tuesday on Fair Board Plea for Boost in Levy

The Pennington county board, at its October session next Tuesday, will conduct a hearing at 10:30 a. m. on the request of the Pennington County Fair association board of directors for an increase in the levy for support of the county fair to one full mill from the present figure of .68 mill. It was explained that the proceeds of the levy would be used to help pay off the indebtedness taken over from the old Pennington County Agricultural society now in liquidation. All interested *persons are invited to attend the* hearing.

Expectant Parent Classes Open at NW Hospital Here

Once-a-Week Classes To Begin on Tuesday; Four Sessions Are Scheduled

Classes for expectant parents will be sponsored by Northwestern Hospital in Thief River Falls beginning on Tuesday, October 8, according to Mrs. Bernice Vettleson, R. N., coordinator of the program. The first group of such classes were held in March and April of this year.

Four once-a-week sessions will cover subjects of interest to all expectant parents even if the coming addition to the family is not the first baby. Both mothers and fathers are cordially invited to attend these classes.

Subjects will include growth and development of a baby, importance of proper health habits and nutrition and preparation for childbirth. Classes will be presented by nurse supervisors of the obstetrical staff of the nursing service and members of the medical staff.

All of the sessions will be held in the cafeteria of Northwestern Hospital starting at 7:30 p. m. Dates of the classes, which begin on Tuesday, will also include October 15, 22 and 29—succeeding Tuesdays. All expectant parents in the area are invited to attend. They need not be availing themselves of the service of the local hospital or local clinics.

Ole Selmanson Is Elected Chairman of Pennington FU

State President Edwin Christianson Addresses County Meeting Friday

Ole Selmanson of St. Hilaire was elected chairman of the Pennington county Farmers Union organization at its annual convention held Friday at Highlanding Hall.

Other officers will be named by the board of directors at a later date.

Other business of the evening included the adoption of farm policy recommendations and the presentation of "Rural Community Leadership" awards to 15 officers of Farmers Union Locals in the county. Those honored for their work for betterment of the rural community were Mr. and Mr. and Mrs. Harold Langaas, Mr. and Mrs. Charles Sorenson, Mr. and Mrs. Jesse Bakke, Dake Ayers, Mr. and Mrs. William Puppe, Roy Rude, Henry Panek, Lloyd Nelson, Lena Williams, Edith Nabben and Ethel Nelson.

Guest speaker at the annual convention was Edwin Christianson president of the Minnesota Farmers Union, who reported that direct payments to farmers in the state under the 1963 farm programs will total about $120 million this year. He said that the program payments in Pennington county alone would total more than $380,000 for 1963.

Stenberg Buys Sandvig Interest In Red Owl Store

Otto Stenberg, who has been associated with Stan & Otto's Red Owl store in Thief River Falls since February of 1959, has purchased the interest of the late Stan Sandvig from the Sandvig estate.

Stenberg also announced that Ernest Johnson has joined the store as produce manager. Johnson operated Johnson's Food Market on Main avenue since 1944, prior to which he was manager of the Sterling Store at Hallock for several years.

National Fire Safety Week Starts Sunday

Mayor Proclaims Fire Safety Week in City; Observances Planned

National Fire Safety Week begins Sunday, October 6, and has officialy been proclaimed in Thief *River Falls by Mayor Orin Green.* He has called upon all departments and agencies of the city government to participate actively in a campaign for improved fire safety.

"Whereas thousands of Americans lose their lives each year from fires that could be prevented," Mayor Green stated in his proclamation " . . . I earnestly request every citizen of the community to take part in relieving hazardous conditions and making our city a safer community in which to live and work."

During the day on Tuesday, Thief River Falls schools will visit the fire department. On Wednesday the department will bring its fire truck to all of the city schools and fire drills are also being planned for next week.

Roy Langevin, city fire chief, and Patrick Barry, deputy state fire marshal stationed in Thief River Falls, will appear at the Thief River Falls Rotary club on Monday and the local Lions club on Wednesday noon. Local promotion of Fire Prevention Week is being handled by the welfare committee of the Chamber of Commerce.

Chief Langevin called attention of the public to the following facts:

1. Great damage to our city is caused by rubbish fires. If we remove the rubbish from our cellars, attics and closets, fire losses will come down and many alarms will be eliminated.

2. Buildings classified as conflagration hazards should be protected by automatic sprinklers. Such installations will pay for themselves out of savings in insurance premiums and as a result our conflagration areas will be eliminated.

3. Basement fires are the hardest to fight. Firemen have difficulty fighting their way in and often do not know what the conditions will be when they reach the basement. Since a large percentage of all business fires originate in basements, if these also were protected by automatic sprinklers, our country's nearly one billion dollars in fire losses would be greatly reduced.

The Chief particularly emphasized the large number of fires caused from carelessness in handling matches and smoking. "Matches should be kept where small children cannot reach them and a liberal supply of ash trays throughout the house would reduce fires," the Chief said. He particularly emphasized that, "If you value your life, do not smoke in bed!"

Mrs. Lewie Dokken is leaving this weekend for Minneapolis to visit at the home of her son and daughter-in-law, Mr. and Mrs. Lawrence Dokken. She will also visit a granddaughter in Minneapolis, and will be gone for about a week.

Only Three Incumbents File for City Council

EXECUTIVE secretary of the Thief River Falls Chamber of Commerce is Richard Hamilton who began his duties on Tuesday. A former Chamber of Commerce manager at Luverne, Hamilton has worked in several capacities at radio stations in Minnesota and South Dakota. Part of this radio work was part-time while attending school.

Jacobson, Benson And Jorgenson To Seek Reelection

Three incumbents and one other candidate have filed for posts on the Thief River Falls city council with only a few days remaining until filings close, according to Gordon Reierson, city clerk. Last date for filing for city office is Tuesday, October 8, and the election will be held on Tuesday, November 5.

Incumbents filing for reelection to date are Dr. A. E. Jacobson, fourth ward; Elmer Benson, first ward; and Roy Jorgenson, alderman at large. A newcomer to the city governmental picture is Ambrose Wysocki who has filed for alderman in the third ward.

At the latest count, four council positions will be manned by new alderman when the next council is seated. Declining to seek reelection are Roy Lee, alderman at large and present council chairman, Arthur Christianson, second ward; Donald M. Olson, third ward; and Milton Reierson, fifth ward.

To date there have been no filings for mayor or city treasurer. Mrs. Morris Odegaard, city treasurer, has announced her intention to file for reelection while Mayor Orin Green previously stated that he was undecided about seeking another term.

According to the laws under which the city of Thief River Falls operates, all city elective officials are elected for two-year terms and all terms expire in the same year. An act of the Legislature would be required to change the law and permit staggered expiration of terms. development of a baby, importance

Since several other cities in the state operate under the same laws as Thief River Falls, the Legislature prefers that all cities under the Laws of 1895 make combined request for changes deemed beneficial. No recent effort has been undertaken to present a combined request for change of the election procedure to the state Legislature.

Other cities operating under the Laws of 1895 are East Grand Forks, Red Lake Falls, Melrose and Cloquet. Councilmen in Thief River Falls received an annual salary of $60 for supervising the operation of the city and its utilities.

By Rural Agreement

NW Bell Expands Service in Area

Work is nearing completion on a telephone service improvement and expansion project in an area northwest of Thief River Falls, according to J. M. Wilson, manager of the Northwestern Bell Telephone company office in Thief River Falls.

When completed later this month the new facilities will enable the company to serve nearly 80 new customers. Cost of the improvements will be more than $38,000.

By mutual agreement with the Park Ridge rural and North Township rural telephone companies, Northwestern Bell has assumed responsibility for providing telephone service in the 40-square-mile area, Wilson said.

Construction work to place telephone lines in this area was completed recently with most of the cable and wire facilities required being placed underground—right up to the customer's home in most cases. These new buried facilities are the result of continual improvements being made in telephone equipment, the manager added.

Through the use of buried cable, line maintenance and upkeep are reduced to a large extent and interruption of service due to storms or adverse weather are virtually eliminated.

A cable plow was used to dig trenches, lay out the cable and cover it in one continuous operation. About 36 miles of telephone cable and wire were buried, Wilson said, and the program includes installing new telephone instruments in all homes in the area.

Work was started early in September and customer-applicants were interviewed by company representatives to determine their individual communications needs.

St. Hilaire Hosts Grade Teachers' Institute Tuesday

St. Hilaire elementary school hosted an elementary teachers' institute Tuesday from 9 a. m. to 4 p.m. with about 50 teachers in attendance. Sessions in social studies and geography were led by Miss Marie Johnson and Miss Grace Norgaard of the Minnesota Department of Education.

Teachers attended from Goodridge, Plummer, Oklee, Red Lake Falls, Brooks and St. Hilaire as well as rural schools in Pennington and Red Lake counties.

Jaycees To Plan Fall Regional

Discussion of the fall regional meeting to be held in Thief River Falls in November will take place when the Thief River Falls Jaycees meet tonight (Thursday at 6:30 p. m. in the Elks club rooms. Also to be discussed will be the membership campaign and the Explorer Scout program. All members are urged to be in attendance.

HONORED at a testimonial dinner Saturday evening at St. Bernard's Catholic church was Hon. H. O. Chommie, Thief River Falls, recently appointed Judge of the Ninth District court. Judge Chommie, shown at left with his wife, visited following the dinner with Walter Mondale, right, Minnesota attorney general, and Hon. Oscar R. Knutson, Chief Justice of the Minnesota Supreme Court. Judge Knutson, formerly of Warren, and Mondale were on the program of the testimonial.

School Board To Open Bids Today On New Buildings

Bids Officially Close At 4 p.m.; Bidding Is Expected To Be Spirited

Opening of bids on three contracts for construction of new junior high and elementary school buildings in Thief River Falls will take place today (Thursday) at a special meeting of the board of education. Bids officially close at 4 p. m. at which time sealed bids will be opened.

It will not be known how many bidders will seek the work on the project which has been estimated in total at $1,495,000 since most bids are not expected until the final day, according to M. R. Hankerson, superintendent of schools.

As of September 26, the last date that local school officials conferred with the architects, 12 general contractors had received plans for construction upon which to compute bids. It is expected that most of these will enter bids for construction, making the bidding quite competitive. In addition, five potential bidders have obtained plans on the mechanical contract and seven firms have received plans on the electrical contract.

After bids have been opened at 4 p. m., it is anticipated that representatives of the architectural firm will compute alternates offered in the call for bids and that the board will meet at an adjourned session in the evening to review the results and let a contract or reject all bids.

Friends of the Library Sponsor Fine Concert

Rapt attention was the response of the audience at the Friends of the Library-sponsored concert of organ and voice presented on Sunday afternoon at Lincoln high school auditorium in this city. On stage were Mrs. Marjorie (Lowell) Swenson of this city, with Paul Lundquist of Grand Forks, N. D. at the organ. Mr. Lundquist also presented a group of organ solos as well as accompanying Mrs. Swenson in her numbers. Mr. Lundquist is professor of music at the UND of Grand Forks, and is organist and choir director at the First Presbyterian Church there. Mrs. Swenson's appearance was gratis in the interest of the library benefit fund.

The reportoire of the versatile and talented soprano ranged from the deeply spiritual classics of Handel, Bach, and Mendelssohn, to the light Chinese Mother Goose Rhymes by Bainbridge Crist. The sensitive organ presentations moved from the robust and ambitious group of selections from Schubert to the soft whisperings of Mozart's "Adagio for a Musical Clock," to Purvis' melodic "Choral Prelude on Greensleeves."

The listeners voiced their appreciation with sustained and energetic applause.

Friends of the Library and the librarians are attempting to feel out the desires of local people concerning future events of this nature. An expression of sentiment by interested parties will be much appreciated.

Couples Join In Marking Silver Anniversaries

Two couples who were married at a double wedding service 25 years ago celebrated their silver anniversaries together at the Zion Lutheran Church of this city recently. Honored were the Ronald Sculthorps and the Adolph Steinhauers, whose marriages occurred September 28, 1938, at the parsonage of the Community church with Rev. E. A. Cooke reading the services.

Attendants of the Sculthorps were Dorothy Sculthorp (Mrs. Frank Votava; and Walter Steinhauer. Attendants of the Steinhauers were Esther Solney (Mrs. Ralph Weflin and Lawrence Lubitz. They were all present at the celebration, and like the honored couples and the only living parent of the couples, Arno Steinhauer, father of Mr. Steinhauer and Mrs. Sculthorp, were also honored with corsages or boutonnieres. The celebration also marked the first time that the couples and the attendants have all been together at one time since the weddings.

The afternoon opened with the offering of a prayer by Rev. Steen, and was spent in social fashion with picture-taking a feature of the occasion. Two anniversary cakes centered the tables which were also highlighted with silver candles, arrangements of fall flowers, and a silver money tree, which was among the gifts presented to the couples.

The Sculthorps' cake was baked and decorated by Mrs. Gil Sannes and cut by Mrs. Andrew Kisch, aunt of Mrs. Sculthorp. Mrs. Bertha Sculthorp, sister-in-law of the Sculthorps, poured. The Steinhauers' cake was baked and cut by Mrs. Lawrence Lubitz, sister-in-law of Mrs. Steinhauer, with Mrs. Vincent Oaky pouring.

Serving as hostess for the affair was Mrs. Ida Steinhauer, aunt of Mrs. Sculthorp and Mrs. Steinhauer. Guests were registered by Mrs. Ronald Moe and Bonnie Schenke. Waitresses were LuAnn Lubitz, Cheryl Holum, and Sharon Vigness. About 250 guests were in attendance, coming from Carrington, Tioga, Grand Forks and Minot, N. D.; Duluth, Minneapolis and many surrounding towns. These included all of the couples' children, the Sculthorps' five, and the Steinhauers' four children and one grandchild.

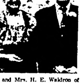
Sandy and Emily Nelson were in charge of the evening's entertainment. Lunch was served by Mrs. Seymore Nelson.

50th Anniversary Noted Recently By H. E. Waldrons



Mr. and Mrs. H. E. Waldron of Newfolden recently celebrated their 50 years of married life at the Bethlehem Church of New Solum. An organ prelude by Joy Hodik was played while the guests were ushered in by the grandson of the couple, Eldor Engen Jr. One of the couple's attendants, Mrs. Adlyn (Shern) Williams, was present for the occasion. Mrs. Arnold Bengston, oldest granddaughter, was at the guest book.

Best wishes and a welcome were extended by Mrs. Harry Waldron who also emceed the program. Devotions were given by Rev. Clifford Anderson of Newfolden; six granddaughters, each a daughter of one of the Waldron's children, sang, "Count Your Blessings." A humorous reading by Mrs. Holterman Olson followed, after which Rev. Weltzin gave the family history as follows: "The Waldrons were united in marriage November 29, 1913, in a parsonage at Warren. Attendants were Mrs. Adlyn (Shern Williams of Thief River Falls, and Carl Johnson. The first years of marriage were spent at Cass Lake where Mr. Waldron was caretaker of a livery barn with his father. They cared for the horses used for transportation and those of the doctors. Later they moved to Virginia, where he was a painter and chimney-sweep. In 1921 they moved to Foldahl township and began farming. In 1942 they bought a farm south of Newfolden and farmed there until retiring to Newfolden."

An instrumental number was played by Mrs. Ida Hanson and her daughter, Mrs. Paul Waterworth and Mrs. James Tostrup. Mrs. Clarence (Myrtle) Jorgenson gave a reading, "My Mom and Dad," in behalf of the family. Rev. Weltzin presented the couple with their many gifts and cards. The gift from the family was a golden tree hung with framed photos of each of their children. Mr. Waldron responded with thanks, and the program was concluded with the benediction by Rev. Weltzin.

A reception followed in the church basement, with the family of the couple as hosts. The honored couple and their family were seated at the table of honor, and the couple was served coffee in novel China anniversary cups, also a gift from the family. Mrs. Selmer Johnson, sister of Mrs. Waldron, poured, with the daughters-in-law cutting and serving the cake which was baked and decorated by Mrs. Gil Sannes. Lunch hostesses were the Bethlehem Ladies Aid.

The couple's six children, 33 grandchildren and 11 great-grandchildren were all in attendance, as were Mrs. Olga Santa of Parkerville, sister of Mrs. Waldron, and other guests from Viking, Newfolden, Thief River Falls, Argyle, Grand Forks, N. D., Biwabik, Devils Lake, N. D. and from Minneapolis.

5,000 Persons at Old Crossing Centennial at Huot Park Sunday

Crowds estimated by State Park officials at 5,000 jammed Old Crossing Wayside Memorial Park at Huot Sunday for an anniversary program in observance of the Old Crossing Treaty signing 100 years ago.

Russell Fridley, president of the Minnesota Historical Society, gave the main address of the day. He pointed out how the land, ceded by the Chippewa Indians to the U. S. government through the treaty, changed the course of history.

Roger A. Jourdain, chairman of the Red Lake Chippewa Tribal Council, told the crowd the Red Lake band has made good use of the reservation lands. He said a long-term plan of conservation of forest and wild life resources is underway and that, through their schools, the band is training their youth for better living. Jourdain also spoke briefly in the Ojibway language.

Music during the program was provided by 160 high school band members from Crookston, Red Lake Falls, Oklee and Plummer. Carsten Mead, Red Lake Falls, was master of ceremonies for the event. Those extending greetings were: T. M. McCall and Mayor Olaf C. Soine of Crookston; Clarence Reep, president of the Red Lake Falls commercial club; State Senator Harveydale Maruska and Representatives Harvey Wilder and Andrew Skaar.

Speaking for county historical societies were Leslie Knox, Crookston; Orlo Melby, Oklee; Mrs. Joel Johnson, Ada; Neil Mattson, Warren; J. P. Rosengren, Thief River Falls.

Grundy Aakhus's Win Trip to Italy

Journey Sponsored by Underwood Corporation

Under a program designed to improve the professional preparation of Underwood sales agents, Mr. and Mrs. Grundy Aakhus will leave for Italy on Sunday, Oct. 6, for a two weeks' tour sponsored by the Underwood Corporation. Aakhus is owner of Grundy's Inc., dealers in office equipment.

The program will give the participants a direct knowledge of Italy as the home base of the world wide Olivetti organization of which Underwood is now a part. It will include visits not only to the headquarters of the Olivetti Co. in the city of Ivrea near Turin but also to Milan, Venice, Florence, Rome, Naples and other centers of interest. In Florence, Mr. and Mrs. Aakhus will visit the Olivetti Training Center. In Pozzuoli, near Naples, they will visit the Olivetti plant which pioneered industrial expansion in southern Italy.

Mr. Aakhus has qualified for this trip as the result of his organization's successful participation in a special six months' sales campaign which closed June 30.

Altogether, over 500 Underwood Agents and their wives, from all over the United States, will visit Italy during the fall months.

Huge Grass Blaze Brings out Local Firemen Tuesday

With conditions exceedingly dry, two grass fires brought out the local fire department early Tuesday afternoon. The first, in the Town of North three miles northwest of Thief River Falls, covered nearly three miles and generated a large amount of smoke. The firmen prevented any damage to buildings.

The second blaze occurred at the Fred Timm farm two miles southwest of the city in Rocksbury township. No damage resulted.

In a third alarm Wednesday morning at 8:25, wiring in a car owned by Victor Diechick caught fire while parked in front of the postoffice, the blaze being quickly extinguished.

RECEIVING a check for the Pennington-Red Lake Association for Retarded Children from the Thief River Falls Eagles Auxiliary is Mrs. Morris Odegaard, right, association chairman. Presentation was made by Mrs. Tillie Carlson, Eagles auxiliary president (left), at the first Mother-Daughter banquet held Monday evening at the Eagles club rooms.

DISPLAY of refrigeration, cooking and heating equipment at the Coast-to-Coast store in Thief River Falls is made possible by the addition of a 25-foot section to the rear of the store. Donald M. Olson, owner of the store which has made three expansion moves since he purchased it, will observe his 10th anniversary in business and the expansion of the store in a special promotion this week.

1964 Ramblers to Be Shown Thursday

Popular American Model Is Completely Restyled

American Motors today announced its newest version of the original compact car that touched off major changes in the automobile industry. The 1964 models go on display Thursday at C. Gustafson & Son, local dealers.

The 1964 Rambler American is wholly transformed in appearance, with its first complete body change since the series was introduced in 1950. Its overall length has been increased from 173 to 177 inches, with all of the added inches "going into greater passenger comfort and more usable space and none into overhanging sheet metal," according to Thomas A. Coupe vice president of automotive sales.

"For example, hiproom in the rear seat has been increased 12 inches and cargo space in station wagons increased nearly 20 per cent," Coupe said.

American Motors also announced new and broadened 1964 Rambler Classic and Ambassador lines.

Styling refinements, new hardtop models and new convenience options are prominent among the advances in both American Motors' top-selling Classic line and the Ambassador luxury line.

The company has now introduced three distinct lines of 1964 compact cars that completely span the market for this popular car type.

Judd Presidency Drive under Way

Karlstad Physician Is Chairman of Campaign

Minnesota's chances of having one of her sons a presidential candidate in 1964 have taken a sharp upswing in the past 10 days with these developments:

Minnesota's four Republican congressmen were reported solidly behind a move to make Judd a candidate for the G. O. P. nomination.

Formation of a statewide Judd policy board composed of well-known names in Republican circles, headed by former Senator Edward J. Thye.

The launching of a drive to organize volunteers in Judd's behalf in every county.

A talk by Judd Sunday in Minneapolis at which he said he "would seriously consider a bona-fide call by his party."

A Minnesota poll published Sunday with 72 per cent of the state G. O. P. in favor of backing Judd at the 1964 Republican national convention.

Dr. Rudy Skogerboe, Karlstad, chairman of the Volunteers for Judd, said the organization will be expanded into every county and city. "We are getting hundreds of queries from throughout Minnesota from people who want to work for Dr. Judd as a serious contender for the presidential nomination. We are confident of success because we feel that Walter Judd has universal winning appeal.

Dr. Judd told his group that 'this is the time for our party to unite.'" The 10-time congressman, who currently is on a nationwide speaking tour, said Republicans must get together and pull together if we are to win, no matter who the candidate is.

Yard 'n Garden

Fall Clean-Up

By the time your garden has been visited by Jack Frost and the mature begetables have been harvested and stored, it's time to think of cleaning up the garden for next spring.

If diseases and insects have been prevalent in the garden this past year, it's well to remove the debris and burn it. This is especially true for asparagus if the fern-like tops have taken on a reddish-rust color. In that case, cut off the tops and burn them this fall to control the rust.

Remove dead plants and rake up old fruits of tomato, cucumber and melon that have not been harvested. This practice will help to prevent many volunteer plants in the garden next year.

Don't forget to pull up all wooden stakes used for labeling rows or supporting plants. Clean off the soil and dry the stakes before storing them away for winter.

If you did a good job of controlling pests in your garden, you can compost the refuse instead of burning it. Start your compost pile in the back of your garage or in some secluded area of your yard. Rake up fallen leaves and add them to the compost pile. To hasten decomposition of the leaves and refuse, apply about 1 pound of any complete garden fertilizer for each 25 square feet of pile surface. This compost will make an excellent conditioner for your garden soil next spring.

School Assembly and Lions Club Hear Talks on Telestar Satellite

Telstar is pioneering in outer space, gathering and transmitting knowledge of both its operations and its environment to pave the way for a future globe-circling commercial satellite communications network.

The dramatic story of this exciting development of the Space Age was unfolded in illustrated talks on "Telstar: The Story of Satellite Communications," before the Lions club and a Lincoln high school assembly Wednesday.

Gerald G. Ramsdell, executive assistant, Northwestern Bell Telephone company, used an exact scale model of Telstar in telling launching and of the duties it is performing in the stratosphere.

Using other demonstration material, he explained the operation of the ground tracking station at Andover, Maine, which tracks, controls, receives and transmits information to the satellite in its 160-minute trips around the world.

He also demonstrated another of the newest breakthroughs in modern research — the Gaseous Optical Maser — and told of its future revolutionary use in transmitting communications by light. The available capacity of a single beam generated by a maser is capable of carrying all phone conversations, data, telegraph and television now carried over the nationwide telephone network.

Tracing the evolution of the Bell System's experimental Telstar, he explained how its components were developed by telephone research over a period of years and then fused into a 170-pound sphere capable of receiving and transmitting conversations, television, pictures and data as well as reporting on the hostile environment in which it was traveling.

Telstar was a natural development of the search for more ways to transmit communications across the oceans. Radio and underseas cables have existed for some time, but overseas communications have *grown so fast that more circuits* are needed — circuits capable of carrying any type of transmission, including television.

On land, thousands of additional circuits have been provided by relaying communications by radio via microwave towers spaced 25 to 30 miles apart. With the successful launching of Telstar, the satellite became, in effect, a microwave tower in the heavens.

"The Bell System has spent over one billion dollars for research in fields closely allied with satellite communications development and well over $50 million on Telstar directly, which includes the $3 million paid to the government to launch Telstar," Ramsdell said. "It is the first satellite to be built and launched at private industry's expense."

RESPONSE to the appearances of the "Message for America" gospel team in Thief River Falls has resulted in a special "Gospel Sing" being arranged for Saturday at 8 p.m. in the Lincoln high school auditorium, according to Rev. H. *Ray Collver, pastor of the Assemblies of God church in this city.* More than 300 persons attended a rally last Saturday evening at the city auditorium and large crowds have been attending nightly gospel meetings at the Assemblies of God tabernacle. There is no admission charge to any of the appearance of the former night club entertainment group and the public is invited to attend.

HEART FUND GETS GIFTS

Gifts in memory of the late Joseph W. Ruane were received by the Minnesota Heart association, according to David Drotts, Pennington memorial chairman. These gifts will be used exclusively for research support into the cause and cures of Heart Disease.

carts. In addition to a complete line of hardware, automotive, sporting goods, houseware and farm supplies, the store features an expanded and improved shop for better service on repair of chain saws, outboard motors and other items.

Olson worked in a clothing store while attending high school in Bemidji, served as a Navy pilot in 1942 through 1945, owned and operated a furniture and clothing store at Graceton, became interested in timber buying and logging and sold the Graceton store in 1952. After working in the logging field for a year he purchased the Coast-to-Coast store in Thief River Falls.

During his business tenure in Thief River Falls he has been active in Chamber of Commerce work, serving as president in 1960. He has served as secretary of the Trinity Lutheran church board, is a member of the Thief River Falls city council and a member of the Elks, Eagles and Odd Fellows lodges and the American Legion Post.

Rites Wednesday At Newfolden for Accident Victim

Eddie Anderson, 70, Killed Friday When Hit By Car Near Newfolden

Funeral services for Eddie Herman Anderson, 70, a lifelong resident of the Newfolden community who was killed in a traffic accident Friday evening, were held Wednesday at 2 p. m. from Bethlehem Lutheran church in Newfolden. Rev. Elder Oscarson officiated at the funeral and interment was in the Augustana cemetery.

Acording to accident reports, Anderson was walking east on the left side of the road just east of Newfolden when struck by a car driven by Gerald Hestekind, 20, also of Newfolden. The east-bound Hestekind car was passing another vehicle when it struck Anderson, hurling the victim about 100 feet, then went out of control and into the ditch. Neither Hestekind nor a passenger, Janice Tallum, were seriously injured.

Eddie Anderson was born Aug. 14, 1893, to Mr. and Mrs. Nels Anderson in Newfolden township of Marshall county, where he received his education and grew to manhood. He farmed the home farm until the time of his death. Anderson was a member of the Modern Woodmen of America. He was never married.

Survivors include a sister, Mrs. Gotfred (Minnie) Olson of Newfolden; a brother, Norance S. Anderson of Ashland, Va.; and several nieces and nephews. He was preceded in death by his parents, a brother and a sister.

Mrs. Hilda Fellman Succumbs At 84; Interment Friday

Mrs. Hilda Fellman, a resident of Pennington County since 1901, passed away Monday, September 30 at the Northwestern Hospital at the age of 84 years.

Funeral services will be held on Friday afternoon, Oct. 4th at 2:00 p. m. at the American Lutheran Church of St. Hilaire. Reverend Lawrence Arneson will officiate and the interment will be in the Community Cemetery at St. Hilaire. The body will lie in state at the Green Funeral Home until 12:00 noon on Friday and at the church for one hour prior to the time of service.

Hilda Fellman was born on February 3, 1879 at Aaland, Sweden. She grew to womanhood and received her education in Sweden and moved to Thief River Falls from Sweden in 1901.

On May 21, 1901 she was united in marriage to John Fellman at Thief River Falls. They continued to live here until 1928 when they moved to River Falls Township where they lived and farmed until *the spring of 1944. At that time* they moved to St. Hilaire. Her husband John passed away on July 21, 1945. Mrs. Fellman continued to live in St. Hilaire until her passing.

She was a member of the Redeemer Lutheran Church in Thief River Falls until she moved to River Falls and at that time transferred her membership to the Tarna Lutheran Church in St. Hilaire.

She is survived by three daughters (Ellen) Mrs. Axel Larson of Clearbrook; Mrs. Selma Armstrong os St. Hilaire, and (Ida) Mrs. Ernest Ulrich of Red Lake Falls, Minnesota; three sons, Carl of Richmond, California; Harold of Grafton, N. D. and 17 grandchildren and 22 great-grandchildren also survive.

She was preceded in death by her husband, two daughters and one great-grandson.

S. Salveson, Local Photographer for Long Period, Dies

S. Salveson, for many years operator of a photograph studio in Thief River Falls, died Wednesday, September 25, in Long Beach, California, where he had made his home since selling his studio to Neal Fox and retiring in 1951. He was 81 years old. Attending last rites Saturday in Long Beach were a brother-in-law, George L. Erickson of Thief River Falls and Mrs. Erickson. It is expected a more detailed obituary will be available later.

Andrew Korgen Newfolden Dies Tuesday Morning

Andrew Korgen, 62, who was in his third term as Marshall county commissioner from the Fourth District, died Tuesday morning at Northwestern hospital in Thief River Falls where he had been a patient since July 18. He had been a life-long resident of New Maine township near Newfolden.

Funeral services for Andrew Korgen have been set for Saturday at 2 p. m. from the Evangelical Free church in Newfolden with Rev. Clifford Anderson officiating. Interment will be made in the Augustana cemetery.

The body will lie in state at the Green Funeral home from Thursday evening until 10 a. m. Saturday and at the church for one hour prior to the time of services. A complete obituary will be published in a later edition of the Times.

Arthur A. Zinter Dies At Imora; Interred Monday

Funeral services were held on Monday, September 30, in Almora, Minn., from Redeemer Lutheran Church, for Arthur Zinter, a former resident of this community. He was the brother of Carl and Anne Zinter and Mrs. Fred Beiswenger, all of this city; Mrs. Frank Steumke of Warren, and William Zinter of Albuquerque, New Mexico.

Pastor's Classes for Adults Open at St. John Church

A series of Pastor's Classes for adults will begin at St. John Lutheran church Thursday, October 3, *beginning at 8:00. Rev. Paul R.* Blegner, pastor, stated this week.

The classes are open to all seeking to find a deeper faith in God, and aim to relate what the Bible teaches about the Christian faith to day-by-day living in the Space Age. While the Pastor's class may lead to church membership, there is no obligation in any way to join the congregation, nor are there any costs for literature or the services of pastor and church.

Ambassadors for Christ, a lay calling group under the direction of Albert Koop, evangelism chairman, has been making personal visits enlisting for the class.

Cites Dairy Industry Changes in 25 Years

A need for continuing education to prevent "human obsolescence" in the dairy industry was stressed Wednesday by Sherwood O. Berg, dean of the Institute of Agriculture at the University of Minnesota. He spoke before the 70th annual convention of the Minnesota Creamery Operators' and Managers' Association in Minneapolis.

Berg predicted that the trend toward fewer and larger dairy manufacturing plants will continue, and he warned that further technological advance and improved understanding of the economic environment could precipitate human obsolescence and would call for continual upgrading of the "human element which built a dynamic industry."

But, he added, "the educated operator and manager, conversant with production needs and trends, processing and manufacturing technologies, and in tune with the economic environment, will not be obsolete."

Berg reviewed major changes in the dairy industry during the past 25 years.

In production, he observed, nationally the number of milk cows has dropped nearly a fifth, average annual production per cow has gone up by nearly two-fifths, and man hours of labor for each 100 pounds of milk has dropped by more than a fourth.

In transportation, the trend is to more efficient and labor-saving equipment. Number of bulk milk tanks in Minnesota increased over five-fold between 1953 and 1962.

In processing, manufacturing and distribution, labor inputs have been reduced. Push button controls and metering of ingredients has increased volume and reduced manufacturing costs.

Total number of dairy plants in Minnesota, Berg noted, dropped from 874 in 1938 to 356 as of July, 1963. The drop was sharpest among smaller operations, while those with larger volume actually increased in number.

"The trends have been established for all to see," Berg said. "we will see more efficient units with a resulting lower per unit cost."

But this shifting, he added, "is not unique in its effects on the dairy industry and the creamery operators and managers of our state.

"All industries serving agriculture in Minnesota are facing adjustments precipitated by a declining farm and small town population. Population growth, distribution, and migration patterns that characterize Minnesota today concern both rural and nonrural people. These are not recent trends but have been part of the industrialization and mechanization of our nation in the past 60 years."

Stamp out Monday to Honor Cordell Hull

A five-cent commemorative stamp honoring Cordell Hull, secretary of state under President Franklin D. Roosevelt will go on sale next Monday, October 7, at the Thief River Falls postoffice, it was announced today by Postmaster R. J. Dryden. The stamp, in vertical design, will be printed in green.

Peace Corps Needs 9,000 Volunteers To Fill Requests

Host Countries Request Teachers, Agricultural Workers and Technicians

Peace Corps estimates that it will require at least 9,000 Volunteers to meet the requests of host country governments in 1964.

These needs include: 5,000 teachers, 2,000 community development workers, 700 health workers, 600 agricultural technicians and 700 skilled tradesmen, technicians and professional personnel.

The greatest demand is for teachers — 3,000 for secondary schools, 1,000 for elementary and 500 for colleges and universities. An additional 500 Volunteers are needed for the fields of physical, vocational and adult education.

In the field of health, 500 nurses of all kinds are needed. Another 200 persons will fill posts as medical, laboratory and X-ray technicians, doctors, dentists, sanitarians, etc.

While the demand for agricultural skills cover a wide range of subjects, these skills are most frequently requested: agricultural extension, irrigation, farm mechanics, animal husbandry, agricultural engineering, poultry, dairying and soil conservation.

The Peace Corps is interested in Volunteers who have recently retired and also those eligible for a leave of absence from their present employment.

Applicants are advised to submit an early application if they want to be considered for either a February or June appointment. An application form may be secured from the Peace Corps, Division of Recruiting, Washington, D. C. 20-525. Special literature will be sent to those indicating the particular area of their skill and when they would probably be available.

$4.7 Million Bid on Highway Projects

Includes $657,000 Job In Lake of the Woods Co.

Apparent low bids totaling $4,783,732 were submitted on 17 trunk highway projects at the Sept. 20 construction letting in the Minnesota highway department central offices, St. Paul, the department announces.

On the biggest project, involving construction of about five miles and 14 bridges on TH 494 between Minnetonka blvd. and TH 55 in Plymouth, Johnson Bros. Highway and Heavy Constructors, Inc., Minneapolis, submitted the apparent low bid of $3,189,711. Work will get underway Oct. 21 and is scheduled to be completed in 250 working days.

When work starts on this project 21 miles of the Minneapolis freeway beltline will be either under construction or completed. It connects with a 6.7-mile segment under construction from TH 7 in Minnetonka to just east of TH 169, which is expected to be open to traffic late this fall if weather remains favorable for paving operations. With the 9.2 miles completed through Bloomington-Richfield, almost 16 miles of freeway will be open to traffic this fall.

On another big project, C. L. Nelson and Co., Inc., Brainerd, submitted the apparent low bid of $657,436 for grading, gravel base and plant-mixed bituminous base on 12 miles of TH 72 between the south line of Lake of the Woods county and the Rapid river and a bridge over the Rapid river. Work is to start June 15, 1964 and be completed in 90 working days.

SPEAKER at a Bible conference to be held Sunday through Thursday at Zion Lutheran Church in Thief River Falls will be Rev. Gordon Berntson, former pasor in the Newfolden Lutheran parish.

Farmers Union County Convention

The East Marshall Farmers Union Convention was held at the Grygla school gymnasium Thursday evening. The meeting was called to order by pres. John Cwikla of Middle River, followed by the secretary's report by Roland Klamar of Gatzke and the treasurer's report by Leo Orpen of Middle River. A program was rendered consisting of several vocal numbers, a song by two Gatzke girls, song, by Linda Dyrseth, Carol Nordby, Sandra and Glenyce Bakken, song by Bobby Ruud of Gatzke, song by Marilyn and Bradley Byklum, and a song by Lyndon Magnuson and Laurel. Pres. Edwin Christianson spoke very interestingly on several subjects of general interest. Neil Morissey of Gatzke read resolutions to be presented at the State Farmers Union Convention to be held in St. Paul later this fall. These resolutions were discussed and voted upon by those present. Action officers awards were presented to Lyndon Magnuson, Mrs. Albert Moe, and Melvin Walberg by Pres. Edwin Christianson. Election of officers was held with the results as follows: Pres. John Cwikla, reelected, V. pres. Vernon Wikstrom, treas. Leo Orpen, reelected, and treas. Lyndon Magnuson. Cash door prizes were won by the following, Sandra Bakken, Grygla; Mrs. John Cwikla, Middle River, Mrs. Hans E. Hanson, Grygla, Roy Anderson, Goodridge, Mrs. Art Johnson, Gatzke, Mrs. Frank Novac, Strathcona, and John Byklum of Grygla. The Grygla local served a lunch following the convention meeting.

LEGAL NOTICE

Sept. 19-26-Oct. 3-10-17-24

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN that default has occurred in the conditions of that certain mortgage dated the 28th day of April, 1961, executed by Robert J. Looker and Berniece G. Looker, husband and wife, as mortgagors to First Federal Savings and Loan association of Thief River Falls, as mortgagee, filed for record in the office of the Register of Deeds, in and for the County of Pennington and State of Minnesota, on the 1st day of May, 1961, at 10:00 o'clock a.m., and recorded in Book 107 of Mortgages, page 309; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that by reason of such default and in accordance with the terms and provisions of said mortgage, the mortgagee does hereby declare the total unpaid balance of said mortgage to be immediately due and payable; that there is due and claimed to be due upon said mortgage, including interest to the date hereof, the sum of Four Thousand Nine Hundred Ninety-three and 39/100 dollars ($4,993.39); and that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to wit:

Lot Eleven (11) of Block Five (5) in Highland Addition to the City of Thief River Falls,

will be sold by the sheriff of said county at public auction on the 4th day of November, 1963, at 10:30 o'clock a.m., at the front door of the courthouse in the city of Thief River Falls, Pennington County, Minnesota, to pay the debt then secured by said mortgage and the taxes, if any, attorney's fees, costs, and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated September 16, 1963.

First Federal Savings and Loan Association of Thief River Falls

Stephen, Kennedy Are Tied for Lead

Stephen Tigers to Play Hallock Friday, Oct. 4

Top-of-State Conference

	Won	Lost	Pct.
Kennedy	3	0	1.000
Stephen	3	0	1.000
Newfolden	2	1	.667
Baudette	2	1	.667
Hallock	2	1	.667
Warroad	2	1	.667
Greenbush	1	2	.333
Argyle	0	3	.000
Karlstad	0	3	.000
Lancaster	0	3	.000

Results of last week's games:
Newfolden, 6, at Stephen, 33.
Karlstad, 0, at Kennedy, 32.
Lancaster, 0, at Baudette, 37.
Hallock, 33, at Argyle, 6.
Greenbush, 6, at Warroad, 30.

Schedule, Friday, Oct. 4
Stephen at Hallock
Karlstad at Hallock
Karlstad at Newfolden
Argyle at Lancaster
Baudette at Warroad
Kennedy at Greenbush

The feature game in this week's state in Top-of-the-State conference competition will find the Stephen Tigers bringing their unbeaten string to Hallock for a tussle against the defending conference champion Bears. In last week's play, Stephen, with fleet halfback Dean Stengrim scoring four touchdowns, defeated a strong Newfolden Nordics team, 33 to 6.

The Kennedy Rockets, sharing the top rung in the conference standings with the Stephen Tigers, will be playing at Greenbush and will be favored to mark a victory.

Another important conference game, and which could eventually have a bearing on the conference title, will find the Baudette Bears meeting the Warroad Warriors at Warroad. Both clubs are well-supplied with veterans.

Football Teams of Area Schedule Games for Friday

The week's schedule for the area's high school football teams:

Friday, October 4.
Thief River Falls at Detroit Lakes.
Roseau at Bemidji.
Warren at Fertile.

Fosston at Twin Valley.
Baudette at Warroad.
Stephen at Hallock.
Argyle at Lancaster.
Goodridge at Crookston AC.
Gonvick at McIntosh.
Bagley at Ada.
Lake Bronson at Drayton.
Mahnomen at Red Lake Falls.
East Grand Forks at Crookston.

Lyman Brink Again Kittson Co. Atty.

Succeeds Law Partner in Office He Formerly Held

Dennis Sobolik, Hallock attorney, has resigned his position as county attorney for Kittson County effective Tuesday.

Longtime Hallock attorney and former Ninth District judge, Lyman A. Brink, will assume the county duties by the appointment of the Kittson County board. Brink and Sobolik are partners in a Hallock law practice.

The job will not be a new one for Brink, who served as Ninth District judge in Minnesota from May 1, 1962, to August 1, 1963.

Brink was appointed to succeed the late Paul Lundgren of Thief River Falls in the judgeship by Minnesota Governor Elmer L. Anderson.

With the exception of his tenure as district judge and one other two-year period, Brink served as Kittson County attorney since 1935.

Everybody out of the rut
...the '64 Buicks are here!

Buick LeSabre: Stunning new looks, new gas-saving engine. Probably 1964's best full-size value.
Electra 225: Most luxurious Buick. Splendidly contemporary in taste and performance.

Our happiest problem for '64 was: how to beat a winner? According to thousands of owners, the 1963 models just about had it made in all departments. But—when your name is *Buick*—you just don't rest on your laurels. You keep pushing to make a great car greater.

So . . . the '64 Buicks are new—but *new*. New engines, V-6 or V-8 (you'll like their new gas economy), new, smoother, extra-cost option, Super Turbine Transmissions (and who, but Buick, would build in an altitude compensator?). Youngest looking Fisher Bodies in town! Visit a showroom, sit in any one of the new Buicks, and practice this short-easy line: "My Buick." Sounds good, doesn't it?

...above all, they're BUICKS!

Keeping Score with "Huck" Olson

It's a Fine Rivalry

On Friday night, on Detroit Lakes' Washington Park field, the Prowlers will be continuing a rivalry with the Lakers that has been an annual event since 1952, with one exception. In 1959 the game between the two teams, slated to have been played here, was cancelled because of the flooded conditions at the new field here.

In the ten games that have been played between the two schools, the Prowler teams hold a one-game edge, having won five, lost four, and tied one. According to the reports, and having had a look at the Lakers, the odds are that coach Haldo Norman's squad will even the series on Friday night. And it's Laker Homecoming too.

But the Prowlers do have one thing going on Friday, and that is that these Prowlers vs. Lakers do not always follow the form sheet. I can recall one year, I think it was the 1957 game, when the Lakers, boasting a powerful club came up here heavily favored to win, and the final result was a 7 to 6 win for the Prowlers. And the 1955 game, with the Lakers again rated as the favorites, found the Prowlers eking out a 7 to 6 win. So in spite of all the press clippings, the Prowlers will have a chance on Friday night.

But if they are to capitalize on this chance coach Bill Herzog's squad will have to play a more inspired brand of football than that which they exhibited in its losing effort against the Roseau Rams last Friday night. Much credit must be given the Rams for the finesse which they showed in the three scoring plays that gained long yardage and three touchdowns. The Rams' timing on these plays, especially on the forward-lateral, and the quick-formation play, was nearly perfect. The game-winning touchdown pass, Bryan Grand to Drew Peterson, was a play that should have been defensed, and it appeared that the Prowler secondary had the play covered, but Peterson picked off the toss and stepped across the goal-line.

And do you know that a couple of these scoring plays, which were surprises, were to have been "saved" by the Rams for Friday night's game at Bemidji. But the situation arose whereby coach Ray Kavanagh decided that the Prowlers had been "set up" for the play, particularly the forward-lateral play that accounted for the Rams' first touchdown.

Some Good Ones

There are a number of capable football players performing for the smaller high schools in this vicinity, and among this number are such boys as Rick Anderson of Middle River, Jerry Strandquist of Newfolden, and Marv Walter of Plummer.

Anderson, a 190-pound senior, and Walter, a 170-pound senior, are halfbacks. Both of these boys are rated with the strongest runners in this area, and they are point-winners for their respective schools during the track season. Anderson, in particular, has tremendous power as a runner.

Strandquist, who has twin brother Terry performing in the Newfolden backfield with him, is quarterback for coach Sheldon Elseth's Nordics. Terry provides the Nordics with a first-rate option man at quarterback, and he is equally adept at carrying the ball on a roll-out, or in throwing a pass to brother Terry, or to end Ken Carlson or to fullback Merlin Anderson.

And, of course, I must not forget Stephen's Dean Stengrim. From the first-hand reports that I have received, this youngster, if he can turn the corner, is capable of rambling for a touchdown from any place on the field.

It's All Settled

Harold Eide, a conductor on the Soo Line and working the north end, has shuffled some sunflower seeds and come out with the prediction that the Los Angeles Dodgers will win the World's Series.

Harold has been informing all the LaBree avenue sports to refrain from placing a bob or two on the Yankees. According to Eide, and he's an authority, the Yankees are coming out of a weak league this season, the American, while the Dodgers have been under pressure all year.

Ducks and Geese

The 1963 migratory waterfowl hunting season opens at noon on Saturday, and as has been the custom the past number of years, the greatest concentrations of hunters will be found on the Thief Lake and Roseau river public hunting areas. And there will be quite a gathering of hunters on the fringes of the Agassiz refuge.

From all the reports, and from personal observation, there has been an increase in the number of the ducks in the area, and if the weather cooperates, the opener should be a good one.

There has been a concentration of geese in the Thief Lake and Aggassiz refuges, and these geese have been making feeding flights out of the refuges. It is an inspiring sight to watch a flight of Canada Geese, and I have had the opportunity the past couple of days of being on the flight pattern and watching these geese through binoculars. It is with mixed emotions that one watches the flight of these majestic birds, and majestic is the right word. It seems tragic that such a bird should be the target of hunter's shotgun; but then it is just as tragic to think of such a bird reaching old age and becoming so enfeebled that he cannot follow the flight of the other geese out of Canada, and so becomes a prey of a predator or the elements. Perhaps a gun-shot is the most merciful of deaths at that.

The Roseau Area Conservation club will have a hunter's supper on Friday, Oct. 4, at 7:00 p. m. in the Roseau Municipal auditorium prior to the opening of the duck and goose season.

Featured speakers will be Dr. Bill Proffitt, team physician of the Minnesota Twins, and Wayne Olson, Commissioner of Conservation for the state of Minnesota. All hunters and their wives are invited to attend the supper.

A typical jet airliner flying the 145-minute New York to Miami trip burns about 5,000 gallons of fuel. A like quantity of gasoline would last an average passenger car about seven years, Oil Facts reports.

The 4-H Club plan has been adapted in more than 70 foreign countries. These clubs have an estimated membership of more than 5 million boys and girls.

The Age of Technology

We live in an age of moon shots and vaccines for poliomyelitis — an age of astounding scientific discovery! And wonderfully for us, the benefits of science overlap, so that the phenomenal light beam called the "laser," which was discovered in an electronics lab, now serves the brain surgeon in his delicate operations.

Today, in our own pharmacy, we have "miracle" medicines resulting not only from medical research, but research in all fields. It's a good feeling to know these are available to you if and when your doctor prescribes.

But What Makes Man Tick?

Since the beginning of time, science has strived to learn what makes man tick. And scientists, too, have tried to find out what makes man run down. Today, when your doctor prescribes, you receive the benefits of this scientific research and knowledge. And today, as you rely upon a modern prescription service such as ours, you receive the tangible evidence of what miracles scientific breakthrough can produce.

Duck Hunt Season to Open Saturday

Season to Continue for 35 Days, Ending Nov. 8

With the 1963 duck and goose hunting season set to open Saturday, October 5, the Minnesota conservation department today reminded hunters of some of the regulations that will be in force this year.

The duck season will run for 35 days and end on November 8. The goose season, which runs for 70 days will terminate on December 13.

Bag limits will be three ducks daily and six in possession. Canvasbacks and redhead ducks will be completely protected again this year.

The daily bag limit on ducks may not include more than 2 mallards or 2 black ducks, 2 wood ducks and 1 hooded merganser. The possession limit may not include more than 4 mallards or black ducks singly or in the aggregate of both kinds, 2 wood ducks and 2 hooded mergansers.

Shooting hours are sunrise to sunset except on the opening day when hunters must wait until 12:00 noon before pulling the trigger on their first duck and goose.

Limits on geese are five daily and five in possession. Only two Canada geese or subspecies or two white-fronted geese or one of each may be included in the limit.

The law also states that no person shall kill any migratory game bird without making a reasonable effort to retrieve it and include it in his bag limit. A trained dog is a big help in retrieving downed birds and reducing crippling losses.

Ducks and geese must by transported with heads and feet intact, but other feathers and the entrails may be removed.

Results of last week's games:

Roseau, 20, at Thief River Falls, 13.
Fergus Falls, 6, at Bemidji, 10.
Crookston, 27, at Warren, 7.
East Grand Forks, 2, at Park River, N.D., 7.

Schedule, Friday, October 4

Roseau at Bemidji.
East Grand Forks at Crookston.
Thief River Falls at Detroit Lakes.

The two early-season leaders in the Northwest conference, the Bemidji Lumberjacks and the Roseau Rams, meet in a head-on clash on the Bemidji State college field in Bemidji on Friday night. The defending conference champion Bemidji club, unbeaten to date, are favored to beat coach Ray Kavanagh's Roseau club. The Rams provided the conference with a minor upset last week when, in a Homecoming game at Thief River Falls, they defeated the Prowlers, 20 to 13.

The Crookston Pirates, fresh from a 27 to 7 win over the Warren Ponies of the Pine-to-Prairie conference on Friday night, will move into Northwest conference competition for the first time this season when they are host to the winless East Grand Forks Green Wave.

Coach Bill Herzog's Thief River Falls squad will meet the Lakers of coach Haldo Norman at Detroit Lakes on Friday night.

Stephen Crushes Newfolden 33 to 6

Dean Stengrim, Stephen, Scores Four Touchdowns

The Stephen Tigers, with halfback Dean Stengrim scoring four touchdowns, moved into the favorite's role in the Top-of-the-State conference competition on Friday by rolling to a 33 to 6 win over the Newfolden Nordics in a game played on the Stephen field.

Newfolden will entertain the Karlstad Rabbits in a conference game at Newfolden on Friday afternoon, Oct. 4.

In Friday afternoon's tilt at Stephen, and which was the Homecoming game for the Tigers, coach Sheldon Elseth's Newfolden squad gained an early lead when Terry Strandquist capped a Nordics' drive by slanting off-tackle for a one-yard touchdown plunge. Newfolden, on a pair of running plays, had carried the ball from their 46-yard line to the Tigers' one-yard stripe. A dive-play for the conversion point failed.

Stephen, gaining 61 yards in ten plays, and with Stengrim sweeping end for 20 yards and a touchdown, evened the score at 6-all, and when Stengrim, on an end sweep, added the point, the Tigers held a 7 to 6 lead.

A blocked punt set up Stephen's second touchdown, and which was scored by Stengrim on a pass completion. Stengrim, on a run, converted the point and the Tigers held a 14 to 6 half-time lead.

Stengrim's spectacular run-back of the kickoff to open the second half, an 80-yard touchdown sprint, moved the Tigers into a commanding 20 to 6 lead. Later in the third period, a pass interception set up another touchdown for the fast-moving Tigers.

A fumble on the Newfolden 10-yard line, recovered by the Tigers, was converted into a touchdown and coach Bob Krebsbach's Tigers had their 33 to 6 winning margin.

Young People Invited To Join 4H Program

Special invitation to Minnesota youth to join a local 4-H club has been issued by Leonard Harkness, state 4-H club leader at the University of Minnesota. Boys and girls between the ages of 9 and 21 are eligible to join. Contact a local leader, a 4-H member or the county extension office for information about joining or organizing a new club.

"Learning by doing" in a variety of projects is the heart of the 4-H program. But members also have the fun of taking part in recreational activities and of meeting young people their own age.

Taking at least one project is a requirement of 4-H members. Members may choose what they will enjoy most from a wide range of projects offered in conservation, safety, health, electric, shop, gardening, leadership, homemaking and agriculture.

"The 4-H club program is changing to keep in tune with the times," Harkness said. "Some projects are geared to older youth and to urban young people. An example of these are career exploration, entomology and automotive care and safety. Regardless of the project, 4-H'ers learn skills they can put to use immediately, as well as in later life."

Recreation is stressed through talent shows, picnics, camping, club parties and tours as well as social hours at each monthly meeting.

The four H's on the 4-H cloverleaf emblem stand for head, heart, hands and health and imply four goals emphasized in the club program. These four goals are to learn the value of science through applying the latest scientific knowledge to projects; to develop wholesome character and personality and qualities of good citizenship; to acquire useful skills; and to cultivate good health habits which lead to happy living.

There is a new club being formed in Thief River Falls if anyone cares to join. Mrs. James Anderson, Mrs. Don Barron and Mrs. Patrick Klemisch are interested in leading the club. The organizational meeting will be at the courthouse on Thursday evening at 7:30 p. m. Anyone who is interested is to be sure to attend. Much information will be given to you at this time.

State PTA Parley Set at Rochester

Three-day Convention To Open Monday, October 7

Mrs. Charles M. Huffman, president of the Minnesota Congress of Parents and Teachers, announced the theme "Vision to Meet the Challenge" for the forty-first annual state PTA convention being held October 7, 8 and 9 in Rochester, Minnesota.

The keynote address on the convention theme will be delivered at 3:00 p. m. on October 7 by Dr. Paul Cashman, associate professor of rhetoric at the University of Minnesota. Dr. Cashman has been a member of the University staff since 1953.

Featured address to be given during the evening session on October 7 will be "Visions to Build a House into a Home." Speaker, Dr. J. C. Moffitt, is representative of the National Congress of Parents and Teachers.

A provocative speaker for October 8 meetings is Dr. Elizabeth M. Drews, a professor of education at Michigan State University, who divides her time between teaching and research. She is regarded as one of the leading national authorities on research with gifted children.

Dr. Harmon H. Bro, director of the Institute for Research in Psychology and Religion, will give the address following the convention banquet the evening of October 9. The title: "Thermostat or Thermometer." Dr. Bro is regarded as a specialist on depth psychology. He is a contributor to the Encyclopedia Britannica, and is an editorial consultant to Harper and Bros. on books on depth psychology.

Civil Defense to Be Topic of Parley in Minneapolis Oct. 3

To Get Information on How Nuclear Attack Would Affect State Citizens

How a nuclear attack would affect Minnesota will be described to leaders of business, industry, labor and agriculture from throughout the state at the first Minnesota Industry and Business Survival Conference, October 3 and 4, at the Leamington Hotel in Minneapolis. Postattack recovery measures will be described by recognized defense specialists from government and private industry.

The two-day meeting, under the general chairmanship of Roy V. Aune, acting director, Minnesota department of civil defense, is cosponsored by 26 state and Twin Cities industry, labor and government and civic organizations. The *Minneapolis Chamber of Comerce* is arranging advance confrence registrations.

Providing guidance for business and industries of all sizes, including agriculture, the first-day presentations will include discussions on nuclear weapons effects, how to achieve maximum protection from radioactive fallout, and government emergency planning. Protection of plant facilities will be described by luncheon speaker Frank J. Keeler, vice president, Chase-Manhattan Bank, New York, a pioneer in the field of industry defense. Four Minnesota industry officials, experts in cirporate emergency preparedness, will lead an afternoon panel discussion.

Post-attack recovery measures to be outlined in the second-day session, will be described in presentations on government controls, economic stabilization, management of manpower and transportation as resources, and control of materials in an emergency. Luncheon speaker will be Major General James B. Lampert, superintendent, West Point Military Academy.

Hinckley Man Is Butter Champion

To Be Honored at State Meeting in Minneapolis

A veteran Hinckley, Minn., champion buttermaker of 1963. Henry E. Swanson, 65, manager of the Hinckley Cooperative Creamery association for the past 16 years, rolled up an average score of 99.62 in four statewide contests to win the laurel which is one of the most coveted in dairy industry circles.

Announcement of Swanson's victory was made on the eve of the 70th annual convention of the Minnesota Creamery Operators' & Managers' Assn., (MCO&MA) to be held October 1-2 in the Hotel Leamington, Minneapolis. Swanson, a 40-year veteran in the buttermaking craft, will be feted along with his wife during the convention, which was expected to draw some 1,200 persons from throughout Minnesota and neighboring states.

Runner-up in the four-contest series which included a total of 119 contestants, was David O. Thorn, Mora, manager of Farmers Cooperative Creamery Co., who averaged 99.50 in the championship series.

Third through fifth places respectively, went to Arnold F. Westphal, Waconia Creamery Assn., 99.4575; M. J. Herges, St. Martin, 99.4550; and Ralph Hilk, Waconia, 99.4525.

Minnesota's state champion buttermaker is determined by averaging scores in four separate contests sponsored by the Minnesota Department of Agriculture, the Minnesota State Fair, the Minnesota Dairy Industry Committee and the MCOMA.

CADILLAC Pictured above is the 1964 Cadillac Series 62 four-door sedan, which goes on display Thursday at Wiener's garage.

New standards of performance, comfort and convenience are coupled with unmistakable Cadillac styling in the 11 models that make up the 1964 line up.

The performance gains result from a new engine and a new transmission, while the comfort and convenience story for 1964 is highlighted by the first fully automatic year-around air conditioning system ever offered in an automobile.

The 11 models, one less than last year, are realigned into three series: three models are in the Sixty-Two series; four models, including the convertible, are in the de Ville series; and four models in the Fleetwood series. The short-deck sedan is discontinued.

MORE TEMPTING THAN EVER!

The 1964 Cadillac is more tempting than ever to look at! It has a clean, low sweep to its lines . . . greater refinement in all of its body contours . . . and a dramatically new, divided grille.

It's more tempting than ever to ride in! There's greater smoothness and quietness. The interiors are luxurious as never before. And an exclusive new Comfort Control* enables you to pre-set interior temperature while automatically controlling humidity.

And Cadillac for 1964 is more tempting than ever to drive! It has a new high-performance engine—the most powerful in Cadillac history. Cadillac's Hydra-Matic Drive has been remarkably improved in smoothness and responsiveness—and a new version, the Turbo Hydra-Matic, is standard equipment on some models. Both assure a truly amazing agility in traffic and a new over-all standard of automotive performance on the highway.

The final temptation? That's the extraordinary valu that's built into each of the eleven new Cadillac models.

"One fact stands out in bold relief in the history of men's attempts for betterment. That is that when compulsion is used, only resentment is aroused, and in the end nothing is gained. Only through moral suasion and appeal to men's reason can a a movement succeed."

Samuel Gompers

"Reforms" Needed

The New York Times, long an advocate for tax reform, is dissappointed with the bill that was passed by the House and now goes to the Senate. "Tax reform," according to the Times, "has been forgotten by Congress in the eager desire for accross-the-board tax reduction." The Times observes:

"In the summer of 1962, when the economy seemed to be faltering after the Wall Street slide, Mr. Kennedy argued against an across-the-board tax cut "in the absence of a clear and present danger" to the economy. Instead, he proposed a combination of reduction and reform aimed at "rooting out inequities and complexities" and to help us make the most of our economic resources."

"When the Administration sent its initial request to Congress, Mr. Kennedy's proposed reforms were not of a radical nature; but, the Administration threw in the towel even before the bill was attacked by the Republicans. The few reforms still left do not represent a constructive step; they will result in further erosion of the tax structure, only increasing the inequality of its burden. Reform is now the missing link in the tax bill.

"The case for tax cuts is a good one. But Mr. Kennedy's arguments for reforming the tax structure remain valid. He should fight for them."

Necessary Changes

Britain is moving slowly toward a decimal system of currency. A six-man committee of inquiry recenly issued a report on their study along with their recommendations. All of the members of the committee agreed that a change is needed but there was a 4 to 2 split as to what changes should be made. The four-man majority favors dividing the present pound into 100 cents and 200 half-cents. The two dissenters want the basic unit to be ten shillings and eliminate the half-cent altogether.

South Africa adopted a decimal system in 1961, and Austrailia and New Zealand will both turn to a ten-shilling decimal unit in 1967. Under the circumstances, Britain has little choice in the matter, practically all of the members of the British Commonwealth having adopted the decimal system. The change is going to be costly, requiring changes in such things as cash registers and vending machines. The committee estimates that prior provisions will take three years and that another two years will be needed as a period of adjustment. New accounting systems will have to be adopted. But the high cost probably will be justified.

All of which is of special interest to us because we are confronted with a somewhat similar problem. We are one of the backard countries of the world in the field of weights and measures. Our system of weights and measures is just as obsolete as the British pence, shilling and pound, which date back to the eigth century. Our schools are not doing as good a job as they should in preparing our young people for changes in the field of weights and measures that should be adopted in the next generation.

A Voice From The Past

It would be well if all politicians in the legislative branch of government were well grounded in the fundamentals of economics, but, unfortunately, such a qualification cannot be imposed as a requirement for the election of any candidate for public office. At the local level, where the capacity for management of the candidate is easily recognized by his neighbors, the voters generally do not elect reckless spenders. As the seat of government becomes farther removed, the voters are more inclined to favor the candidates who promise most.

At the present time, in remote Washington, we have an administration that many of us believe has promised more than the nation can afford, and remain solvent. In support of this opinion, we present the views of a great American, Bernard M. Baruch, who in his book, "A Philosophy For Our Time," published in 1954 expressed views that have special application at the present time. Written long before there was a Kennedy administration, here is what Baruch thought:

"I have opposed all tax reductions until first, the needs of national security are fully met and second, the budget is brought into balance. To reduce taxes with an unbalanced budget and so swollen a national debt is both uneconomic and immoral. It puts a premium on efforts to escape bearing a fair share of the heavy cost of the cold war.

"Nor is this the time for Government to embark on special programs or to pump more money into the economic system, as some demand. Before we ask the cook in the White House to bake us a new inflationary pie, let us try to digest the inflation already loose in our system and to restore the value of earnings and savings. . .

"What is needed, in short, is for each of us to rediscover and re-apply the law of supply and demand, making it our ally, not enemy, in the adjustments that lie ahead. The workings of supply and demand. . are those of a never-ending chain reaction of adjustments. Whatever is done in one direction inspires some counterbalancing action by other parts of the economy. Many acts of Government intervention in the field of economics fail for just this reason: Because they are taken as isolated, piecemeal moves instead of being fitted into the whole economy."

War Not Yet Declared

Our Canadian neighbors have economic problems, just as we do. As we understand our own problems, it should be less difficult for us to understand theirs.

The Canadians are concerned about their international balance of payments, as we are of ours, or should be. In international trade they must sell in order to buy. If their purchases are greater than their sales then the balance of payments is unfavorable to them. In plainer language, they go in debt.

The Canadians buy a great deal more from us than we buy from them, the difference being about a billion dollars a year, in our favor. Our neighbors are worried, as they should be. They are hopeful of securing a more equal exchange.

In that direction they have proposed a reduction in the total of automobile parts that they will permit to be shipped into Canada from the United States. These imports have been costing them roughly a half a billion dollars a year, approximately one-half of the annual unfavorable balance of payments. They propose to reduce the imports of automobile parts from our country by about $200 millions a year.

This would mean that the parts would be manufactured in Canada, giving employment to Canadian workers. And, as reported by Bruce Phillips for the Southam News Service, "The Canadian government crunched some diplomatic fenders when it unveiled its plan" at a recent meeting in Washington. Our government was horrified, and one of the official who spoke for our government called the idea "screwy". That is not considered good diplomatic language and, understandably, it was resented.

Discussing the Washington meeting of the joint U. S.-Canada cabinet meeting, the Winnipeg Tribune concluded that the official report "was chiefly notable for what it did not say. It would probably be unfair to say that no concrete progress was made at all in arriving at agreement in points of dispute between the two nations, but the strictly non-commital tones of the statement leaves that impressin." The Tribune states:

"On the knotty subject of U. S. private investment in Canada the official text said: The committee discussed the balance of payments of both countries and the measures that each is taking to reduce its deficit. The United States members reviewed recent developments in some detail and called attenion to some problems, including increased exports of long term private portfolio capital for which the proposed interest equalization tax was designed as a partial remedy.

"This is a polite way of saying that the Kennedy administration budged not an inch in favor of giving Canada special consideration.

"The next clause of the text states: Canadian ministers stated the determination of the Canadian government to take positive and constructive measures to reduce the substantial deficit in Canada's international trade in goods and services. Meanwhile, however, Canada would continue to need net capital imports to offset this deficit.

"Which is to say that the Canadian government intends to protect Canadian interests regardless."

As far as we know war has not yet been declared and we still are on friendly terms with our Canadian neighbors. Let us hope that peaceful relations will continue. We think the Canadians should have the right to decide for themselves whether they want to import automobile parts from our country or manufacture them themselves. We like these concluding remarks of the Tribune:

"Quite apart from any considerations of concrete results from this cabinet committee meeting in Washington it is now plain that the period of woolly thinking about Canada-U. S. relations is about over. Henceforth it ought to be possible to discuss these relations frankly without fear of emotion charged cries of 'anti' this-or that.

"If the political parties on both sides of the international border can take their cue from this the North American partnership will at last be on a healthy basis of mutual understanding where calling things by their right names will not be automatically construed as evidence of hostility."

Interesting Opinions . . .

"A powerful agent is the right word. Whenever we come upon one of those intensely right words in a book or a newspaper the resulting effect is physical as well as spiritual, and electrically prompt."

Mark Twain

'64 Jet-smooth Luxury CHEVROLET

'64 Chevrolet Impala Sport Sedan

Besides looks, ride and power - what's so special about it?
— (it's so reasonably priced)

Kind of leaves the high-priced cars some explaining to do, wouldn't you say? Long and luxurious—with a fresh-christened look. Richer roomy interiors with subtle new blendings of colors and fabrics. Like the ultra-soft vinyl upholstery in the new Chevrolet Impala Super Sport Series.

A choice of seven engines, no less, with output all the way up to 425 hp.* And a choice of four smooth transmissions to go with them.

And underlying it all, the opulent feel of this '64 Chevrolet's Jet-smooth ride.

Matter of fact, the most noticeable difference between this beautiful new 1964 Chevrolet and the high-priced cars is the price itself.

Let your dealer show you how much luxury that reasonable Chevrolet price now buys.

FARMING TODAY

by your County Agent

Paul Stelmaschuk

Soil Testing Tells Secrets of Your Soil

Secrets may be all right between sweethearts but there's no room for secrets between a farmer and his soil. You have to know what your soil needs if you're going to give it the right fertilizer.

Best way to get your soil to tell its secrets is with a soil test. Take a soil sample as soon as possible and then bring it to Thief River Falls October 17, 18 or 19 to a trailer collection depot by the post office.

Soil scientists at the University of Minnesota soil testing station will get those secrets from your soil in a hurry. Then they'll have plenty of time to fetilize right for next year's crop.

Pays Big Return

There's a way to play the market on your own farm and make good interest. The dollar you pay for a soil test may save you from spending $200 or more for fertilizer that isn't right for your soil. And it probably will get you going on a soil building program that can return $3 to $5 for every fertilizer dollar you invest.

With that kind of money involved it doesn't pay to wait.

Soil Tests Accurate

Imagine what a football fan would say if you told him about a sure-fire system for picking the winner 90 per cent of the time. Of course, if he'd let you get another word in edgewise, you'd want to explain that the system doesn't work for football teams—it's good only for predicting what it takes for high-profit crop yields.

The system I'm talking about is soil testing..and it has been proven 90 per cent accurate in University of Minnesota tests.

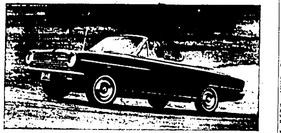
Rambler-American All New for 1964



The 1964 Rambler American has undergone its first complete body change since it was introduced in 1950 as the original compact car. The new models go on showroom display October 3. The American is all new in appearance with a low-silhouette exterior and a more spacious interior. The wheelbase has been increased to 106 inches but the over-all length has been increased only four inches for top maneuverability. Also available are sedans, station wagons and hardtops.

4-H CLUB NEWS

Ever watch a **Badger** *SILO UNLOADER cut through frozen silage?

You'll like the way it DOESN'T BALK. Here's why:

- **RUGGED FROST CUTTER**—special hardened blades *dig up all* frozen silage from silo walls.
- **BIG AUGER**—9-inch flighting, double spiral at outer edge helps cut through frozen silage.
- **HUSKY MOTOR**—provides low-cost power to auger and blower. Can operate unloader for as little as a penny a day.

**You can install it yourself, easily!*

Crippled Children's Group in United Fund

"More service and less fund raising costs have been the results of joining United Funds," according to Dave Wick, president of the Minnesota Society for Crippled Children and Adults.

"Since joining approximately 275 United Funds in Minnesota," Wick stated, "campaign costs have been drastically reduced. The money saved is now available for additional service to the handicapped of our state.

"Every dollar received now stays in Minnesota," Wick added, "because by joining United Funds the Minnesota Society for Crippled Children is no longer affiliated with the National Easter Seal Society."

Formerly the Minnesota society remitted 10.3 per cent of its campaign income to the national society in Chicago. The National Easter Seal society disenfranchised the Minnesota society in May of 1962 because of its United Fund affiliation. The Minnesota Society *therefore is no longer* connected with the national society, does not use Easter Seals, nor does it identify itself as an Easter Seal organization.

"However, the national society is attempting to establish a rival society in Minnesota," Wick confirmed, "even though the need for another crippled children's organization in Minnesota is seriously questioned."

If Minnesota residents receive Easter Seals next spring from the National Society, it should be emphasized that they do not support Camp Courage, the Society's equipment loan program, the rehabilitation centers at Minneapolis, St. Paul, Virginia, Duluth, Montevideo, the workshops in Austin and Rochester, nor the Society's education and research program.

"One of the major benefits of joining United Funds," Wick concluded, "has been the increase of cooperation and service on a local level which, in addition to increasing services, has resulted in the establishment of 15 day camps for handicapped children in local communities throughout the state.

Newfolden Church Hosts Evangelist

Safety Practices Can Decrease Farm and Home Mishaps

Safety Specialist Lists Practices To Follow In Avoiding Farm Accidents

Farm machines are causing death and injury to far too many children, says Glenn Prickett, extension farm safety specialist at the University of Minnesota.

Twenty nine children were killed in Minnesota farm and home accidents during the first six months of 1963 with 12 of them being in tractor and truck accidents.

As Child Safety Day is observed October 7, the total of accidents to children in Minnesota should be a grim reminder to parents of the urgency not only of teaching safety but of practicing safety themselves, Prickett said.

Prickett suggests some safety practices to help avoid tragic accidents to children around the farm yard. Be sure to keep children off and away from tractors and other farm machines that are in operation. Keep a watchful eye on the toddler, and especially when there are trucks or moving machinery in the farm yard.

Better still, keep the toddler in the house when the milk truck arrives or when there is any truck or moving machinery in the yard. Teach and train young operators before entrusting them with tractors and machines. By doing the above one should be able to decrease the number of accidents to children from farm machinery.

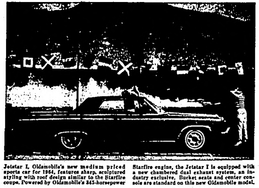
Cite Post Office for Sale of U.S. Savings Stamps

Commending the local post office for its successful efforts in promoting the sale of U. S. savings stamps, a letter was received recently from William H. Neal, National director of the U. S. savings bonds division.

The letter also announced that children buying their first stamps of the school year will be given free certificate signed by the seven Mercury astronauts, designating them as "Junior Astronauts". These certificates are now available at the local post office.

"From your past performance," Neal's letter said, "I know you will wish to continue your help in stimulating the interest of all these groups, thereby encouraging more schools to participate in the program in the months ahead."

"Selling savings stamps through the schools and the public is a part of the post office department's services of which we are particularly proud," stated R. J. Dryden, local postmaster. "The treasury-sponsored school savings program not only promotes practical thrift but it also acquaints our young people with their government and their duties and privileges as American citizens."



Jetstar I, Oldsmobile's new medium priced sports car for 1964, features sharp, sculptured styling with roof design similar to the Starfire coupe. Powered by Oldsmobile's 345-horsepower Starfire engine, the Jetstar I is equipped with a new chambered dual exhaust system, an industry exclusive. Bucket seats and center console are standard on this new Oldsmobile model.

Tunberg to Show '64 Mercury Oct. 4

Two New Model Series Are Included in Line

The 1964 Mercury extends its market by offering two new series, Ben D. Mills, Lincoln-Mercury general manager, announced today.

The new models will go on display Friday at the Tunberg Motor Co. in Thief River Falls.

"Emphasis in the new Mercury is on luxury and performance," Mills said. "We have made significant improvements in passenger comfort and spaciousness while continuing to offer the functional breezeway roof plus a sleek new fastback roof design."

Mercury's two new series are the top-of-the-line Park Lane and the Montclair, which is placed between the basic Monterey and the Park Lane. A new four-door fastback hardtop Marauder model is offered in all three series, and a Commuter four-door station wagon is added as a running mate to the highly-styled Colony Park.

State Retailers to Convene Friday

Annual Conference Set at Leamington Hotel

The annual meeting and merchants' conference of the Minnesota Retail federation will be held at the Leamington Hotel in Minneapolis on Friday, October 4. A social hour and luncheon will precede the conference.

Speakers will be Arthur Rosenbaum, director of business research, Sears, Roebuck & Co., Chicago; Jeno F. Paulucci, president, Chun King Corp., Duluth; Larry Wilson, Sales-Sonics, Inc., Hopkins, and E. A. Larson, Larson's, Redwood Falls.

The federation's 1963 distinguished service medal will be presented to a Minnesota merchant who has contributed conspicuous service to retailing and to his community.

At the ladies' luncheon at the Interlachen Country Club Donal P. O'Donnell, merchandise coordinator in home furnishing, Dayton's, Minneapolis, will speak on newest trends in colors, styles and home interiors.

Most of the programs offered 4-H club boys and girls can be carried out equally well on or off the farm.

Joel Shoots Bear

Sunday afternoon Joel Simonson, who lives only a mile and a half south of the village had a visitor he didn't appreciate very well. A bear which was estimated to be about a year and a half came rambling into the farm yard. The dog scared it into a tree where Joel shot it. The animal must have been pretty hungry as it didn't have any surplus fat to hibernate through the winter. It is doubtful if it could have survived as there are no berries or acorns to feast on this year.

For 1964...Comet announces a car that's every bit as hot as it looks...

Comet Caliente

This is the beginning of a new kind of Comet. Hot, husky, handsome—top series in Comet's '64 lineup. Engines range up to a 4-barrel Cyclone 289 cu. in. V-8 in all Comets.

"Caliente" means hot...
In Spanish. And this new Comet speaks the language. It looks hot. And it is! Your choice of four engines provides the punch. The topper is a big Cyclone 289 V-8—most responsive in Comet's field. More choices

Now Comet offers 3 series...
the top-of-the-line Caliente, and the economical 202 and 404 series. Ten models... all bold and racy. A wide transmission choice, too, including a smooth, silent, new Multi-Drive Merc-O-Matic—unmatched at the price.

Elegance at a compact price
Prime example of Comet's new elegance is the Caliente, with the warm look of walnut on the interior trim... plus lavish biscuit-pattern upholstery.

Power steering... power brakes...
AM-FM radio... air conditioning... every luxury option is available in the new Comets. You can even get... but no! Ask your Mercury dealer about it. Soon.

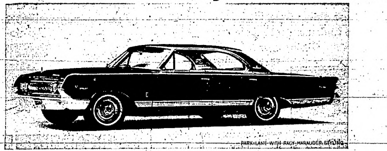
For '64: the price is medium... the action maximum... the car is Mercury



PARKLANE WITH RACY MARAUDER STYLING

The "action" is provided by the type of V-8 engines that have made Mercury the new performance champion of the medium-price field—demonstrated in open competition including the most recent Pikes Peak Climb. A 390 cu. in. V-8 is standard, a 427 V-8 optional. And only Mercury offers you two entirely different styling choices in one great car.

'64 Mercurys are also available with Breezeway Design

Mercury delivers more than the usual in all these ways: more performance, with the most responsive engines in its field. More leg room, head room, and entry room. More trunk space. And a far greater styling choice; racy Marauder styling (above) or unique Breezeway Design (right), with the rear window that opens for ventilation, stays clean in rain or snow. Municipalities Get State Aid for Roads

This is the third and last in a series of articles dealing with state aid to local streets and highways administered by the state aid division of the Minnesota highway department.

The legislative formula for distribution of the highway users fund (motor fuel taxes and vehicle license revenues) is so frequently repeated as to be fairly well known, but still not as fully understood as the Minnesota Highway Department would like to have it.

The 62 per cent which is used for state trunk highway purposes and the 29 per cent used for state aid to county road systems have been discussed in earlier articles. The reamining nine per cent is distributed annually to the municipal state aid street fund to benefit the 77 urban municipalities (5,000 population or over).

The 1963 distribution to municipalities was $9,451,000. Since Jan. 1, 1958, the total allotments to urban municipalities amounts to $51,439,000. These funds are expended under the same rules as pertain to CSAH highways, except that only 25 per cent is earmarked for maintenance and 75 per cent for construction.

The MSA is limited to 1,500 miles by legislation and presently consists of 1,177 miles, which have been formally designated by joint action of the city councils and the commissioner of highways. This mileage represents the major arterial routes within the 77 eligible cities. It happens, also, that a little over 76 miles of these streets are a combination of county state aid and municipal designations.

These combination routes were originally designated to insure county and municipal financial participation on routes in which there was a common interest. Since the time when the original designation of these combination routes was made, the legislature has established authority for municipalities to expend their MSA funds on any approved trunk or CSAH project within their municipal limits. Hence, under existing law there does not seem to be much justification for continuing the combination routes.

Municipal state aid projects are selected by the governing body of the city. Plans are prepared by the city engineer of the municipality or the municipality's consultants, and are submitted through the state department's district state aid engineer for approval by the highway department as to conformance with approved standards. Following project approval, the municipality advances the project to construction status either by award of contract or by negotiating an agreement with the state department on a unit price basis for doing the work with local forces. MSA funds are then released to the extent that they are available covering 90 per cent of the estimated construction cost. Final payment is based upon the completed contract cost after the project has been inspected and accepted.

By law, a municipal screening committee consisting of one city engineer from each of the nine state construction districts and one city engineer for each of the cities of the first class is annually appointed to determine the eligible mileage and money needs of each municipality. Their recommendations must be filed by Nov. 1 each year with the commissioner of highways for his consideration in the administration of the MSA program.

The questions arise, always: "What about the cities of under 5,000 population? Do they get aid from the state?"

The 736 municipalities of under 5,000 do receive state aid under the CSAH program. Funds for these smaller cities are earmarked as the municipal account in each county and are expended at the discretion of the county board within one or more of the eligible cities.

1,432,000 Cars Are Recorded in State

Total up 3.2 Pct. over '62; 313,000 Trucks Registered

Estimated 1963 Minnesota motor vehicle registrations will total 1,745,000, compared to 1,691,542 for 1962, according to a report just issued by the U. S. Bureau of Public Roads. The figure represents an increase of 3.2 per cent over 1962.

The estimate was made for all states on a basis of reports of motor vehicle agencies in the early months of 1963, information vehicle production and other factors. They include both privately owned and publicly owned vehicles, except those owned by the military services.

The 1963 figure for Minnesota represents 1,432,000 automobiles as aginst 1,387,929 in 1962, an increase of 3.2 per cent; and, 313,000 trucks and buses in 1963 as compared to 303,613 in 1962, an increase of 3.1 per cent.

(An annual increase of three per cent in registrations, auto sales and fuel consumption is often accepted in automotive and highway circles as normal.)

For the nation, the estimated increase in automobile registrations for 1963 was four per cent and for trucks and buses, 3.9 per cent, for a total estimated registration of 82,058,000 vehicles and a national increase of 3.8 per cent.

Estimated increases in the other states in the five-state area are: Iowa, 2.7 per cent; North Dakota, 3.5 per cent; South Dakota, 3.1 per cent; and Wisconsin, 2.9 per cent.

Check Visibility Factors on Cars

Safety Chief Warns of Stickers on Windshield

This is a good season, just before the real cold weather sets in, for motorists to check their cars for visibility factors, say officials of the Minnesota highway department safety division.

They have reference to heaters, defrosters and other aids to keep windows from steaming and frosting.

"The manufacturers of cars have been doing a great deal in recent years to improve visibility," says Earl M. Larimer, assistant safety director. "Windows are made larger, hoods are sloped to provide a maximum of visibility and headlights are being improved all the time," he added. The care and upkeep of these parts of a car, to insure the safety of the occupants, is strictly a matter of driver responsibility.

The problem of stickers and ornaments on cars does not seem to be getting any worse, although it does not disappear completely. The fad of hanging racoon tails, dice, dolls, monkeys and other diverting doodads on rear view mirrors and hood ornaments seems to have passed its height, with the help of suggestions from highway patrol officers. Stickers, other than state park, civil defense, auto license application and safety checks, are still taboo.

Larimer's comment on stickers was, "I can't quite imagine why people want to destroy the good work the manufacturers have done in improving visibility by plastering wind shields and windows with all kinds of travel stickers and advertising material. If the idea is that they think they are parading status symbols, they are much too common these days to achieve the distinction desired."

The law on stickers still holds, the department warns. And, the officials emphasize, Highway Patrol officers are still enforcing the law.

"The human race must be getting stronger. A few years ago, it took a strong man to carry 10 bucks worth of groceries home. Now any six-year-old can do it."—Owingsville (Ky.) News-Outlook.

WHY DOES GOD CARE?

We are so tiny in the vastness of space, so drab in the grandeur of nature. Why does God care about each one of us?

This question has always plagued the mind of man. It will probably never be completely answered to his satisfaction until he sees and believes the evidence of man's importance to God: *Thou hast made him a little lower than the angels.*

It remained for Jesus Christ to reveal the love of God. Sunday — World Communion Day — Christians will unite in the sacrament which is their richest experience of the glory and honor God has given.

The world over, men will rejoice in the Divine Love, so far-reaching, that God gave His Son for humanity.

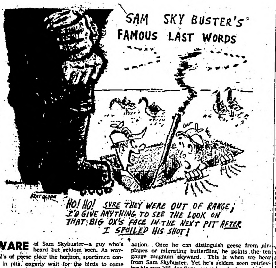
The ladies Aid of the Zion Lutheran Church will serve their annual smorgasboard on Saturday, October 5 in the Viking School Gym. Serving will be from 4:30 and on. The charge is $1.00 for adults and $.50 for children under 12. Everyone is welcome—plan to attend.

Rev. and Mrs. Blackwood Honored at Farewell Service

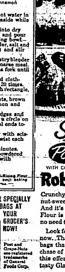
The Viking Covenant Church was filled on Sunday afternoon, when a host of friends from Viking and surrounding communities gathered to honor Rev. and Mrs. Blackwood and Bob, who will be leaving Oct. 1 to serve a new parish at Lake Jenny. The honored family was ushered in by Halward Anderson and Dwight Tangquist, afterwhich, Charles Sackett, chairman of the local congregation, gave a welcome and led in scripture and prayer. A hymn, "Blessed Be the Name of the Lord" was sung by the audience. Greetings were then given by Rev. C. Norman Ericson, District Church President. Mrs. Clarence Tangquist spoke on behalf of the Ladies Aid and presented Mrs. Blackwood with a lovly corsage from the Aid. Mrs. Lloyd Ranum brought a greeting from the Sunday School, and Larry Gustafson gave a farewell reading from the Young People's Society. Charles Sackett spoke on behalf of the congregation. Two musical selections were rendered by the string band, and a vocal duet was given by Mrs. Charles Sackett and Mrs. James Tostrup, accompanied by Mrs. Lillie Flodstrom. Miss Diane Anderson also rendered a vocal solo. Charles Sackett, master of ceremonies, then called upon visiting pastors for greetings. Among those present were Rev. C. Norman Erickson of Stephen, Rev. Lowell Jacobson of Erskine, Rev. Johnson of Hallock, Rev. Luther Englund of Warren, and Rev. T. J. Weltzin. David Droits gave a greeting on behalf of the Thief River Covenant Church, and the chairman read a greeting from Rev. Leonard Lindholm of Roseau and Rev. Clifford Anderson of Newfolden, who were unable to attend. Rev. Blackwood responded with a thank you from the family. The farewell service closed with the audience singing a hymn and the Table Prayer, after which the honored guests were ushered to the church parlors for a farewell reception. Mrs. Percy Stokke presided at the guest book, the serving tables were decorated with arrangements of fall flowers and yellow candles. The Viking Covenant Ladies were in charge of the arrangements.

Mr. and Mrs. Leonard Larson visited with Mr. Oscar Larson at Northwestern Hospital on Sunday evening.



SAM SKY BUSTER'S FAMOUS LAST WORDS
HO! HO! SURE THEY WERE OUT OF RANGE; I'D GIVE ANYTHING TO SEE THE LOOK ON THAT BIG OX'S FACE IN THE NEXT PIT AFTER I SPOILED HIS SHOT!
KENT OLSON

BEWARE of Sam Skybuster—a guy who's heard but seldom seen. As wavering V's of geese clear the horizon, sportsmen concealed in pits, eagerly wait for the birds to come within range. Not so with Sam. Somebody else might just get in the first shots, so he erupts into action. Once he can distinguish geese from airplanes or migrating butterflies, he points the ten gauge magnum skyward. This is when we hear from Sam Skybuster. Yet he's seldom seen retrieving his own kill, for Sam scores in cripples, not clean kills. Crippled birds fly off to die within a day or two—wasted to the sportsman.



GLAZED COFFEE RING
(A Robin Hood Presifted Flour recipe)

½ cup GRAPE-NUTS	⅓ cup shortening
2 tbsp. hot water*	⅔ cup milk
1¾ cups ROBIN HOOD All-Purpose Flour	¼ cup brown sugar, firmly packed
2 tbsp. sugar	2 tbsp. soft butter
3 tsp. baking powder*	½ tsp. cinnamon
1 tsp. salt*	
⅛ tsp. mace	

SPRINKLE . . Grape-Nuts with hot water in small bowl. Stir and set aside while preparing dough.
SPOON . . . . flour (not sifted) into dry measuring cup. Level off and pour measured flour into mixing bowl.
ADD . . . . . . sugar, baking powder, salt and mace to flour (not sifted) and stir well to blend.
CUT IN . . . . . shortening with pastry blender until mixture looks like coarse meal.
ADD . . . . . . milk, stirring with a fork until all flour is moistened.
TURN OUT . . onto lightly floured cloth-covered board and knead 20 times.
ROLL . . . . . dough to a 7x16-inch rectangle, ¼-inch thick.
COMBINE . . . softened Grape-Nuts, brown sugar, butter and cinnamon and spread on dough.
ROLL UP . . . . lengthwise. Seal edges and place sealed-side down in a circle on greased baking sheet. Seal ends together.
CUT . . . . . . ⅔ of way into ring with scissors at 1-inch intervals. Twist each section on its side.
BAKE . . . . . at 425° for 15—20 minutes.
FROST . . . . . while warm with powdered sugar icing and garnish with cherries, if desired.
SERVE . . . . . warm with butter.

*If you use ROBIN HOOD Presifted Self-Rising Flour (sold in some sections of the country) omit baking powder and salt.

Homecoming Oct. 5 at Bemidji College

Beaver Football Team to Face Mankato State

"Where have all the feathers gone?" That's the big question and motto this week on the Bemidji State College campus as students prepare for homecoming, which will be highlighted by the Beaver-Mankato Indian football game Saturday, October 5, at 3:30 p. m.

Preparations for the annual event were finished Monday when final elections for the homecoming queen were held. Coronation of the queen will be held Wednesday at 9 p. m., and the queen and her seven attendants will reign over the weekend festivities.

Vying for the title are eight finalists, who are Anitra Ciernia, Brainerd; Judy Earney, Frontenac; Cookie Hanson, Perham; Trish McAllen, Hallock, Judi Heikkila, Little Falls; Joni Pierce, Crookston; Phyllis Roth, Seattle; and Kathy Miller, Crookston.

The homecoming parade, at approximately 1 p. m. in downtown Bemidji will begin Saturday's activities.

Immediately following the parade the alumni coffee hour will be held in Pine Hall, West Lounge, at 2:30 p. m. All college alumni and faculty are invited. The inter-dorm social comittee will serve.

Climaxing the celebration will be the homecoming ball Saturday night, from 9 p. m. to 1 a. m. in Memorial Hall.

Following the football game an alumni fellowship hour and buffet supper will be held at the Elks Club.

Minimum Speeds in Force on Freeways

Slow Vehicles Urged to Take Alternate Routes

The Minnesota highway department urges motorists to watch for minimum speeds now posted and to be posted on sections of freeways in Minnesota, in the interests of traffic safety and smooth traffic flow.

Operators of slow moving vehicles that cannot be driven at the posted minimum speed should take alternate routes; the department advises. Although this may be an inconvenience for a comparatively few motor vehicle operators, the benefit to traffic safety and the traffic flow is immeasurably greater, the department points out.

Freeways and expressways are designed and constructed to accomodate large volumes of fast moving traffic—anything that hinders traffic, such as a slow moving vehicle, destroys the purpose of a freeway or expressway.

Any speeds below the posted minimum is prima facie evidence that the speed is not reasonable or prudent and that it is unlawful.

While to date the department has posted minimum speeds only on TH 5, TH 494 and 35W in the Bloomington - Richfield area, it is currently making studies for posting them elsewhere. Eventually all freeways in Minnesota will be so posted, and future studies will determine whether some other highways will be similarly posted.

State legislation provides for establishment of minimum speeds, which are determined only after engineering and traffic studies are made by the highway department. Chief application of minimum speeds is on the Interstate highways or other freeways and expressways.

Plummer School Homecoming Is Rated a Success

Homecoming festivities at Plummer high school were considered successful although the East Grand Forks Sacred Heart Eagles stopped the Cardinals with a single touchdown to take a 27-6 victory.

A pep fest and bonfire started the festivities with the school song and cheers led by the cheerleaders. Selections were also played by the school band. Royalty led the grand march which opened the dance at 10 p. m. and music was provided by the James Thulein orchestra.

Homecoming royalty was crowned during the halftime ceremonies of the football game with announcements made by Phil Beving, football coach. Royalty included Mike Gagner, king; Cheryl Heupel, queen; Rodney Myhre, Earline Linder, Marvin Walter and Carolyn Parr, senior attendants; Linda Pederson and Robert Weiss, junior attendants; Arlene Malwitz and Larry Juneau, sophomore attendants.

Varied Program Offered on Bell Telephone Hour

Selections from the musical theatre, opera, concert stage, ballet and folk music will highlight the Bell Telephone Hour's first hour-long color-cast of the 1963-64 season at 9 p. m. Tuesday, October 8, over NBC-TV, according to J. M. Wilson, Northwestern Bell Telephone company local manager.

Performers featured in the first program include stage and movie star Robert Preston, Metropolitan Opera stars Richard Tucker and Anna Moffo, the Chad Mitchell Trio, international ballet dancers Rudolf Nureyev and Svetlana Beriosova and concert pianist Grant Johannesen.

"Programs this season, as in the past, are designed to appeal to the broad interests of a general music-loving audience rather than to the special interests of selected or limited groups," the telephone manager said.

Research shows that a cow starting off as a high producer not only stays high year after year, but lasts longer in the herd. People used to think early high production meant a short life in the herd.

Programs Are Set for MEA Conclave Here

Program arrangements have been completed for the 25th biennial Convention of the Northern Division Minnesota Education association to be held Thursday and Friday in Thief River Falls, according to Francis Hamerlinck, general chairman. Approximately 1,800 educators in northwestern Minnesota are expected to be in attendance for the two-day session.

Speakers at the general assembly meetings will be Bennett Cerf, noted humorist, president of Random House publishing company and television panelist on "What's My Line"; Adolph F. Rupp, head basketball coach at the University of Kentucky who has compiled a record of 684 victories and 134 defeats in 33 years of coaching at Kentucky; and Dean F. Berkeley, director of the Bureau of Field Services at Indiana State University and coach of five state and two national debate teams.

Cerf will speak on "Modern Trends in Literature and Humor" at 2:30 p. m. Thursday; Rupp will speak on "Our American Heritage in the 60's" at 10 a. m. Friday; and Berkeley will speak on "Penetrating Beyond Our Walls" at 10 a. m. on Thursday.

Thief River Falls Chamber of Commerce, in cooperation with the local education association, will serve coffee and cookies Thursday morning and afternoon and Friday morning. A number of exhibits will also be located in Lincoln high school and Washington elementary school. General sessions, due to space limitations, will not be open to the public but anyone interested is invited to visit the schools to view the displays.

Counties included in the Northern Division MEA are, Kittson, Roseau, Lake of the Woods, Koochiching, Marshall, Beltrami, Pennington, Red Lake, Clearwater, Mahnomen, Hubbard, Wadena, Cass, Itasca, Crow Wing and Aitkin.

First general session of the convention will open at 10 a. m. Thursday in the Lincoln high school Gymnasium with Miss Daisey M. Norgart, Bemidji, NDMEA president, presiding. Welcomes will be extended by M. R. Hankerson, superintendent of schools; Orin Green, Mayor; and Peter Probasco, president of the Thief River Falls Education association. A. L. Gallop, executive secretary of the MEA, will speak on "Our Professional Image".

Friday afternoon will be devoted to section meetings. Balloting for officers of the association, delegates to the MEA delegate assembly and a proposed amendment to the division constitution will take place in the Lincoln high school foyer Thursday from 9 a. m. to 4:30 p. m.

Section meetings will be held for adult education, art, agriculture, business education, classroom teachers, elementary education, elementary principals, English, home economics, industrial arts, librarians, mathematics, modern languages, music, physical education, science, secondary principals, social studies and superintendents.

Jas. Wilson Heads Lions Committee on Halloween Fete

Delegation of Members of Goodridge Club Pass Along Lion to TRF Group

In the business session at the Lions club luncheon last Wednesday, President O. D. Belch appointed James Wilson, manager of the local telephone exchange, as general chairman of the committee to arrange details of the Lions annual community Halloween festival to be held Thursday, October 31. Others serving on the committee are Orville Hanson, Phil Hess, Eugene Nesland and Clarence Mattson.

Presenting the local club with a traveling miniature lion that had originated in the Winnipeg Lions club was a delegation from the Goodridge club, including Wallace Payne, president; Ernest Swanson, secretary; Dr. David Brown, Orvis Olson and Sheldon Knutson.

The Goodridge group had received the trophy from the Middle River club, and the Thief River Falls club was instructed to pass it along to another club in the district, the object being to build up a closer relationship between the various groups.

Filings Made For All Posts On Council

One Contest Appears On Ballot; Three New Candidates Join List

While there are filings for every position to the Thief River Falls city council to date, only one contest appears to be in the making. Filings close Tuesday for all city offices which include aldermen from each of five wards, two aldermen at large, mayor and treasurer. Election day is November 5.

In the council race this year, Robert Carlson has filed to oppose Elmer B. Benson for first ward alderman. Benson is one of the senior members of the council and Carlson is a former council member.

Arthur Christianson, contrary to his intentions announced previously, filed for reelection from the second ward. In the third ward, vacated by Donald M. Olson, Ambrose Wysoski has thrown his hat in the ring and as of today is unopposed.

Dr. A. E. Jacobson has filed for reelection in the fourth ward. With Milton Reierson vacating his alderman's post in the fifth ward, Lowell Swenson has filed for that position.

Roy Jorgenson has filed for reelection as alderman-at-large and John McGinley has filed for the alderman-at-large post vacated by Roy Lee. Mayor Orin Green, who was undecided about seeking another term, also filed for reelection.

21 Men from VFW Post 2793 Attend Rally at Badger

Twenty-one members of the Veterans of Foreign Wars Post 2793 in Thief River Falls attended the Ninth District fall rally held last Sunday at Badger. A total of 167 delegates were registered for the rally.

Harold Anderson of Thief River Falls, district commander, presided at the session with Edwin Myers of Fairmont, department commander, as a special guest. Thief River Falls turned in cards for 100 paid-up members for 1964 and one life membership. Ada was awarded the bid for the winter rally to be held in December.

Attending the rally were Les DeBriyn, Post 2793 commander, L. W. Perkins, Roy A. Jorgenson, Albert Anse, Al Saxberg, Howard Comstock, Bennie Wold, Lewis Stenseth, Melvin Stenseth, Henry Bolstad, Del Harbott, Selmer Dimmen, Arnold K. Kelley, Oliver Mossestad, LeRoy Bruggeman, LeRoy Welsh, Hjalmer Rafteseth, Ole Ness, Harold Anderson and L. H. Torstenson.

$1,168,735 Contracts Let On New School Buildings

$146,265 Below Estimate on Jr. High, Elementary

Letting of contracts on construction of the new junior high and 10-room elementary schools in T. R. Falls at a cost $146,265 below the architects' estimate took place at a special meeting of the board of education Thursday evening. Bids were opened at an afternoon session and bids of all apparent low bidders at the opening were accepted at the adjourned meeting held in the evening.

Total contract price for the construction was $1,168,735 or $146,265 under the estimate of $1,315,000. This computes out at 12.20 per square foot. Board members expressed extreme satisfaction at the bids received and accepted no alternates which would reduce building costs and subsequently the quality of the buildings. There were seven general contract bids, six electrical bids and five mechanical bids.

Low bidder on the general contract was Adelfson & Peterson of Minneapolis with a bid of $845,200. This was only $68,700 under the high bid of $913,900 among seven contractors seeking the general contract. Low mechanical bid went to Lee Plumbing and Heating of Thief River Falls for $223,525 while the high bid was $292,200. Roley Electric of Warren had the low electric bid of $100,010 while the high was $122,200.

Substantial completion date for the elementary school is August 31, 1964, with final completion in 30 days after that date. Sustantial completion of the junior high school is set for December 31, 1964, with final completion in 30 days. "Substantial completion" means that buildings should be ready for use although minor finishing work may remain to be done.

In addition to the construction cost included in the contracts let on Thursday, the school district must pay an architect's fee of six per cent on the total contract. Based on present figures, this would be just over $70,000. The board will also consider installation of water, sewer, street surfacing, curb and gutter and sidewalk with money available through the previous sale of $1,495,000 in bonds.

May Start Next Week

Start of construction is dependent upon legal technicalities to which contractors must conform before work can begin. It is possible, however, that some work on construction could get underway next week.

It was noted at the board meeting that the $1,495,000 bond issue authorized by the school district voters also included provision for improvement of presently existing school buildings and sites. This will mean the return of two temporary classrooms at Knox elementary school to library use, remodeling and improvement to bring the senior high school home economics department up to standard and remodeling to permit greater utilization of the area vocational-technical school.

Several other improvements may be possible without using money from the general fund due to the favorable bids received Thursday. Consideration is being given to an informal ground-breaking ceremony prior to the start of construction.

RANKING high at the 4-H Junior Livestock show last week in South St. Paul was Ward Johnson of the Happy Acres 4-H club. Winner of a purple ribbon in the show, Ward sold his 95-pound lamb at auction to the Union State Bank of Thief River Falls for $1.50 per pound or $145. Blue ribbon winners from Pennington county were Spencer Oen, Happy Acres, Hampshire lamb, and Harold Myers, Silverton, Angus steed. Julie Oen of Happy Acres received a red ribbon on her crossbred hog.

Soil Test Termed Good Insurance

Your crops need a decent standard of living if you expect low cost and higher profit yields per acre. And blindly pouring fertilizer on your fields doesn't mean you'll help your crops.

Test your soil before you fertilize. Then you'll know which nutrients your crops need.

Farmers are urged to bring soil samples to the trailer by the postoffice Thursday, Friday or Saturday, October 17, 18, or 19. The farmers will pay one dollar per sample but the total cost of testing the soil will be taken off the fertilizer bill by any fertilizer dealer at Thief River Falls or St. Hilaire. So the testing will cost the farmer nothing.

The best time to test your soil is now, in the fall. It's easier to find time, easier to get into the field, easier to handle the soil and easier to plan for next year's fertilizer application.

Soil testing should be done properly on each field every two years. Don't forget the hay meadows and pastures. Much can be done to increase profits from these fields.

Every time you sell grain or forage or livestock from your farm you're selling plant food from your soil. It stands to reason that you have to replace that plant food if you want to keep getting good yields. But how are you going to know if you're feeding your soil the right things?

Soil testing is the answer. A one-pound soil sample will tell you what's lacking in 20 million pounds of your topsoil. Once you know what your soil needs, it's easy to fertilize for heavy crop yields. Well fertilized crops develop more roots and can do better when it's dry or wet. When it's dry more and bigger roots gather more water. When it's wet the heavier roots carry the plant longer. So the right kind of fertilizer is the best insurance there is in trying to get a good crop next summer.

Rotary District Governor Visits In City Today

Duluth Man Attends Club Assembly and Speaks at Regular Local Session

Governor of Rotary District 558, Almon D. Olsen of Duluth, is a guest of the Thief River Falls Rotary club today. Last night he met with officers and directors of the club and their wives for a dinner meeting at the Rex cafe and this morning he attended a club assembly for officers and committee chairmen.

Rotary regulations require that a district governor visit every club in his district at least once during the Rotary year which begins on July 1. Governor Olson delivers his official address at the noon meeting today.

All committee chairmen will give a verbal and written report of their committee activities to the governor at the club assembly, according to Al Bacon, club president.

Governor Olson has been in Rotary for nearly a quarter of a century, serving the Duluth club as secretary, vice president and president as well as chairman of many club committees. Rotary became international at Duluth in 1912 when the Winnipeg club was admitted to the organization.

Teenage Dance Is Slated by Jaycees

Music by "The Charms" will be furnished when the Thief River Falls Jaycees sponsor the monthly teenage dance on Friday, October 11, from 8:30 to 11:30 p. m. in the Thief River Falls city auditorium. Thirty free records of "The Shift", a number recorded by the Charms, will be given away as well as two long-play albums purchased by the Jaycees.

Open to Grazing

Effective October 1, farmers can graze the acreage they diverted under the 1963 feed grain and wheat stabilization programs without special approval, Winton Knutson, chairman of the county Agricultural Stabilization and Conservation committee, has announced. This applies uniformly throughout the country.

He stressed, however, that this relaxation of program provisions applies only to grazing the feed grain and wheat diverted acres. Hay on such acreages still may not be harvested.

Further, the relaxation does not apply to acreage diverted under the conservation reserve program, which may not be grazed or harvested through the whole year.

Altogether, a total of 630 farms in the county are participating in the 1963 feed grain and wheat stabilization programs.

Oklee Residents Injured in Crash Thursday Morning

Edmund Gibau and Mrs. Laura Bernier Still at Northwestern Hospital

Two traffic accidents, involving a total of four vehicles and personal injury to several Oklee residents, were investigated Thursday by the Pennington county sheriff's office. Two of the injured persons are still hospitalized at Northwestern hospital in Thief River Falls.

The first mishap occurred about 8:25 a. m. on highway 1 about 13 miles east of Thief River Falls. A car drivn west on highway 1 by Clarence Sanderson, Goodridge, struck the rear wheels of a cream truck driven by Dwight Myhrer, rt. 4, TRF, which was making a left turn on to the highway after coming from the north on a township road. About $150 damage was done to the car with little damage to the truck and there were no injuries. The accident occurred in heavy fog and smoke conditions, the sheriff's office reported.

The second crash happened about 10:20 a. m. on SAR 3 about 18 miles southeast of Thief River Falls. A car driven by D. O. Roisland, rt. 4, TRF, entered SAR 3 from his farm driveway and collided with a car driven by Edmund Gibau, Oklee, which was traveling west on SAR 3.

Gibau received a severe forehead laceration. His wife was treated and released at Northwestern hospital. Mrs. Laura Bernier, Oklee, another passenger in the Gibau car, received a severe injury in which it was reported her nose was almost completely severed. Both cars were extensively damaged. Gibau and Mrs. Bernier are still hospitalized.

COMMANDER of the 14th Army with headquarters in Minneapolis is Major General Chester Dahlen, son of Mrs. Lydia Dahlen of Thief River Falls. General Dahlen has received numerous decorations for service in World War II and the Korean campaign. The present assignment is his first in Minnesota since 1936.—U.S. Army Photo

Major General Dahlen Assumes Duties with Mpls. Headquarters

Major General Chester A. Dahlen returned home for an extended period today for the first time today since 1936. The general, a native of Detroit Lakes, and son of Mrs. H. S. Dahlen of Thief River Falls, arrived in Minneapolis to take up duties as the new commanding general of the XIV United States Army Corps.

The last time General Dahlen resided in his home state was from 1933-36 when he was a captain, fresh out of West Point and serving with the Third Infantry Regiment at Fort Snelling.

Between then and now, the 53-year-old general has been cited for gallantry in combat during World War II and the Korean War, been decorated by three different countries and served an additional five years overseas, including his last stint as commander of the 7th Infantry Division in Korea.

World War II found the general in the middle of the Pacific campaign.

He received the Silver Star for gallantry while directing an assault on two enemy battalions on Leyte. He added an Oak Leaf Cluster to the medal for his part in heavy fighting in the Zig-Zag Pass area on Luzon and also was awarded a Purple Heart when he was seriously wounded during that campaign.

In addition, General Dahlen received the Bronze Star with Oak Leaf Cluster and the Combat Infantryman's Badge.

Eight years later, the hardened combat veteran was called on again to help halt the Communist tide in Korea. During his service as commander of the 23rd Infantry Regiment, the general and his men fought in the third Korean winter campaign and the Korean summer-fall campaign of 1953.

For action in Korea, General Dahlen received his second Combat Infantryman's Badge and the Legion of Honor from the United States, the French Croix de Guerre, with Bronze Star and Korea's Order of Merit.

In his present position, the general will be in charge of training and supervising some 500 officers and enlisted men in active Army slots, nearly 115,000 Army Reservists and over 12,000 Army Reserve Officer Training Corps (ROTC) ca-

Retailers Hold General Meeting Tuesday Morning

Coming events in Thief River Falls will be topics of discussion Tuesday at 9:30 a.m. when the retail trade committee of the Chamber of Commerce holds a general meeting in the Rex cafe. All retailers are urged to be in attendance.

Subjects of major interest will be the Northern Division Minnesota Education association convention to be held October 10 and 11 and the annual Town and Country Days to be held October 16 through 19.

Production on Parade

23 Cattle Consigned To Top of Nation Sale

Twenty-three top-quality dairy cattle have been consigned to the Fifth Annual Top of the Nation Dairy Sale to be held Thursday, October 17, at the livestock pavilion on the Pennington county fairgrounds in Thief River Falls. Final screening and selection of the animals consigned was completed last week by Dr. E. C. Frederick, Crookston, sale manager.

Included in the list of cattle offered for sale will be 21 Holsteins and two Brown Swiss of which seven are purebred and 16 are grades. Nineteen of the cattle consigned are springing heifers which are due to freshen on or about the day of the sale or shortly thereafter.

All cattle consigned have minimum production records of 400 pounds of butterfat if grade animals or 460 pounds of butterfat if registered cattle. Springing heifers are out of dams with these minimum requirements and have also been checked to determine if they are of satisfactory type.

Seventeen consignors, who are members of the six Dairy Herd Improvement Association groups in the area, have consigned the 23 animals. These consignors include two from the Marshall County D. H. I. A., three from Pennington D. H. I. A., four from Northwest No. 1 D. H. I. A., five from Northwest No. 2 D. H. I. A., one from Red Lake D. H. I. A. and two from East Polk D. H. I. A.

"Show Window Sale"

"This is a 'show window' sale," stated Dr. Frederick in discussing the fifth annual event. "This is a sale where top D. H. I. A. dairymen of northwestern Minnesota show the quality of cattle they have available. They have consigned some of their best animals. I know, because I drove over 1,200 miles making the selections for this event.

"All animals have acceptable type. Practically all are ready to calve or have just calved. This gives you assurance that the animals are reproductively sound. All animals are healthy, TB and Bangs tested within 30 days of the sale and most are calfhood vaccinated," Dr. Frederick concluded.

Theme of the sale is "Buy with Confidence". Certificates of registry and transfer will be furnished on all registered animals sold.

One of the top production animals consigned to the sale is a registered Holstein first-calf heifer consigned by Nelson Brothers of Hallock. She is out of a dam with records of 546 pounds of butterfat as a three-year-old and 668 pounds of fat as a four-year-old.

K. Einar Karlson of Roseau has consigned a grade Brown Swiss springing heifer out of a dam with a record of 613 pounds of fat as a nine-year-old cow. Marian Augustine of rural Thief River Falls has consigned a springing heifer from a dam with a record of 609 pounds of butterfat as a six-year-old. This is a grade Holstein two-year-old.

Consignors Listed

Consignors this year include the following with the number of years of consignment listed in parenthesis: Marian Augustine (1), Donovan Bruggeman (3), James R. Muzzy (1) and Walter Stein-

Farewell Said To Rev Swan Family At EFC Sept. 25

As a token of appreciation of the nine years he served the church as pastor, Rev. and Mrs. Joseph Swan and family of this city were honored guests at a farewell party at the Evangelical Free church on September 25. The farewell was hosted by the congregation, with Norris Trontvet, chairman of the church, as master of ceremonies at the program.

Opening the gathering was the singing by the parish of some of the favorite hymns and choruses of Rev. Swan. A short meditation was given by Rev. Ole Sande and greetings were given from the WMS, by Mrs. Floyd Dalzell; choir director Orville Trontvet; Wallace Reierson, Sunday School superintendant; Carroll Carlson, on behalf of the young people; the Crusaders, by Ronelle Vatthauer; and by Clyde Christenson, vice-chairman of the church, on behalf of the congregation.

It was noted that in the nine years of Rev. Swan's pastorate here, church membership had increased thirty per cent and Sunday school membership by 60 per cent. A number of improvements also have been made in the church and many parish groups organized.

Music was furnished by the ladies' trio and the male quartet. Pastors of the Mission Covenant Church, Newfolden Free Church, First Baptist, St. Vincent Free Church, and Strathcona Free Church each brought greetings. Rev. and Mrs. Swan responded, and the choir sang the closing benediction.

A social hour followed the program, with ladies of the parish serving a luncheon. The Swans were tendered a parting gift, a purse of money, from the members of the church.

Leaving here last week, the family will be located at Orange Grove, New Jersey, where Rev. Swan has accepted a pastorate.

Morris Bye to Give up Superintendency of Anoka School System

Morris Bye, Anoka school superintendent for 21 years, today said he will resign next July 1. Mr. Bye had previously been associated with the Thief River Falls schools as principal and superintendent.

Bye, 68, said there was "no particular reason" for his resignation before the mandatory retirement age of 70.

"It was a cold, calculated maneuver on my own part, based on the idea that maybe I should take time off to do some of the things I want to do," said Bye. "I just feel I'm getting too close to the alloted three score and 10 years.

"I'll miss the job, I'm sure. It has been quite a challenge."

Bye started his career as a high school basketball coach in York, N. D., a post he held for four years. He was born at Brandon, Minn., about 13 miles west of Alexandria.

After earning a bachelor's degree in English at the academy of Concordia College at Moorhead, Minn., Bye went on to take a master of educational administration degree at the University of Minnesota.

The name Bye, later made famous in football by his son, Billy, at the University of Minnesota, was the first entered on sports records by the senior Bye at Concordia. He played guard two years on the college football team and three years of basketball, captaining the team in his senior year.

From York, Bye moved to Thief River Falls high school, where he was made principal in a half-year. After three years as principal he served 17 as superintendent of schools in Thief River Falls.

Bye came to Anoka in 1943 as superintendent of city schools, and area reorganization in 1952 made him superintendent of district 220.

An elementary school built in Coon Rapids in 1956 was named Morris Bye School in his honor.

He has served as president of the Minnesota Education association, the Minnesota Association of School Administrators, the Thief River Falls Rotary Club, the Anoka Kiwanis Club and was district lieutenant governor of Kiwanis.

Bye said he and his wife, Ida, are uncertain about their plans following his retirement in July. The couple has two sons, Bill, business manager of the Minnesota Vikings, and Jim, an attorney in Dever, Colo.

Bye's resignation has not yet been accepted by the board of Anoka - Hennepin School District No. 11.

Catholic Youth to Meet in Crookston

13th Convention of CYO Scheduled for Oct. 10-11

"Christian Renewal" is the theme of the 13th annual convention of the Catholic Youth Organization (CYO) of the Crookston Diocese. The convention is scheduled for Oct. 10 and 11 at Mount St. Benedict Academy in Crookston.

Following registration from 9 to 10:30 a. m., Mother Mary John, OSB, will give a brief address of welcome.

The Rev. Joseph Sheehan, pastor of St. Mary's Church at Euclid and chancellor of the diocese, will represent the Rev. Laurence A. Glenn, bishop of the diocese, in giving the keynote address.

Main speaker at the first afternoon session will be the Rev. Richard McCathy, St. Bridget's Church, Minneapolis.

Father McCarthy will discuss the topic: "What does it mean to be a Christian in the world today?"

In afternoon sessions both days there will be panels for delegates and worshops for priests.

Arrangements for the special event are being made by the Rev. Jerry Noesen, assitant pastor at St. Joseph's Church, Red Lake Falls.

General direction of the convention will be under the Rev. James Bernauer, diocesan moderator of the CYO and pastor of St. Joseph's Church at Oslo.

Each parish in the diocese affiliated with the CYO will be entitled to send four offical delegates. However, other young persons of high school age or older have been invited to attend.

Decision Pending on Result of Union Vote at Warroad

13 Challenged Ballots May Decide Outcome of Voting in Marvin Plant

The union situation at the Marvin Lumber and Cedar Co. at Warroad was still muddled following another representation election among production workers.

An election, conducted by the Minneapolis regional office of National Labor Relations Board (NLRB), resulted in 57 votes for International Woodworkers Union, no votes for the Carpenters Union, 61 votes for no union, 13 challenged ballots and two void ballots.

Raymond Sandburg, NLRB representative who conducted the election, said the election will be "unfinished" until processing of the challenged ballots is completed.

Union efforts to organize the plant have attracted attention because the Marvin company is the largest employer in Warroad, and the millwork factory is the largest in this part of Minnesota.

An election in June was thrown out by NLRB because William S. Marvin, the lumber company president, made a speech to employes before the voting. The NLRB ruled the speech to be a threat to close the plant if the men voted for the union.

The lumber company, one of numerous Marvin family enterprises was started by George Marvin, now about 80 years old, who came to Warroad 60 years ago.

Two other union efforts to organize the plant were voted down during the last 10 years.

PKM Electric Co-op Reduces Its Rates

Approves Average Cut of 6.4 Pct. in Charges

First major rate reduction on the purchase of electricity for nearly all of the 3,481 customers of PKM Electric Cooperative, Inc. will become effective October 20, announces Manager Robert Graham of Warren, on behalf of the board of directors.

Averaging a reduction of 6.3 per cent, the lower cost of power will save customers about $38,000 annually, or slightly over $10 each.

"Timing of future rate reductions is closely linked to how rapidly patrons expand their use of electricity. If the present reduction stimulates an above normal spurt in electrical consumption, an additional rate reduction will be possible within a relatively short period of time," said the PKM News in its explanation of the first reduction in the history of the 22-year old concern which covers mostly farm patrons in Polk, Marshall and Kittson Counties.

American Luth. Churches Plan for Laymen's Sunday

Observance of national laymen's Sunday is scheduled in more than 3,500 local congregations of The American Lutheran Church, Oct. 20.

Materials to assist local committees in preparing for the observance have been mailed to leaders of men's organizations from the national offices of the Brotherhood of the ALC in Minneapolis.

Theme being emphasized in program materials is 'Love Your Neighbor as Yourself."

Offerings which will be received in local churches throughout the country will be used to underwrite specific Brotherhood projects including work with problem youth.

The federal Bureau of Indian Affairs has 12,000 employees, about one for every 34 Indians on reservations.

READY to make his parachute leap over the Bastogne drop zone at Fort Campbell, Ky., is Pfc. P. McCullough, son of Mr. and Mrs. Patrick D. McCullough of rural Newfolden. In front of him is a 120-pound P.A.E. pack which he must unfasten approximately 150 feet above the earth, letting it fall to the end of 20-foot straps holding it. This weight, plus 50 pounds of parachute and his own weight of 160 pounds, promise a rather rough reunion with the earth.

KITCHEN KARNIVAL

Features from the kitchen of
MRS. DALE FOLGER

A happy choice for some chilly afternoon when you want a little extra heat in the kitchen . . . or just any time at all, for that matter, when you're baking potatoes or preparing a roast, or just out to please the family with something extra tasty, why not spring a surprise that will have everyone anticipating supper for hours? They'll sniff appreciatively, and isn't the smell of cooking the stuff out of which memories of home are created?

Mrs. Folger says that the secret of the success of this dish is in the long, slow baking, and in the quality of the catsup used.

BAKED BEANS

3 cups Navy beans
1 small bottle catsup
2 cups chopped celery
3 small onions, chopped
¾ cup brown sugar
9 or 10 slices bacon
salt and pepped to taste
water to cover

Soak beans overnight in cold water. Next morning, drain, and add fresh water to cover. Also add ½ teaspoon baking soda. (Use a large kettle, as the soda will cause foaming.) Cook until tender. Drain off water. Rinse beans in cold water. Fill the bean pot with layers of beans, bacon, brown sugar, catsup, celery and onions, with seasoning on each layer. Reserve several bacon slices for the very top. Add enough water to cover. Bake, covered, in a 300 degree oven for 6 to 8 hours. Remove cover during the last hour.

The Folgers have two children, Tammy, 5, and Joel, 7. Mrs. Folger is a sewing enthusiast, making clothing for her daughter, and things for hte house. (A recent project is drapes.) Active in parish work at Redeemer Lutheran Church, where she teaches Sunday school, she also takes an interest in civic affairs. But her family, she confesses, is her main interest, and favorite job. She is, admittedly, a contended and happy homemaker.

The family owns a large tent which is used on the back of the station wagon for camping out, a favorite diversion in summer, when they frequent area parks. They visit Canada each summer also, and camp out, while there. Mr. Folger is a Jr. high school teacher, a post which he has held for the past seven years since coming here from Herman, Minn., where he taught for a year.

Large Crowds at Mt. Olive Church Anniversary Sun.

Large crowds were in attendance Sunday at special programs marking the 45th anniversary of the founding of Mt. Olive church at Trail. More than 200 persons attended the dinner and lunch served in the VFW hall.

Rev. John Moldstad of Thornton, Ia., who served the congregation from December of 1952 to April of 1955, was the speaker at the 3:30 p. m. anniversary program. Entertainment included numbers by the Sorenson Brothers quartet from Fisher, Mt. Olive Sunday school children and piano duet by Mrs. Dale Carlson and Mrs. Norman Madson.

Prof. B. W. Teigen, who served the congregation from 1937 to 1941 and is now president of Bethany spoke at the 11:30 a. m. service.

Founding fathers of the congregation were listed on a monument donated by Selma Strand and dedicated Sunday at the cemetery north of Trail. Founders of the congregation included Rev. J. E. Thoen, Ole Aaknes, Adolph Grundesen, Grunde Grundesen, Andrew Homme, Sigrid Moen, Ole Sorenson, Iver Strand, Sigrid Tweeton and Olaf Vangen.

Mrs. Ingaborg Sorenson of Fisher, wife of one of the founders of the congregation, was presented with a corsage.

Dale McCullough Finds Paratrooper Life Isn't Dull

Newfolden Soldier Joins "Screaming Eagles"; Also Is Message Center Clerk

Rugged life as a paratrooper seems to agree with Pfc. Dale P. McCullough, son of Mr. and Mrs. Patrick D. McCullough of rural Newfolden. He is a graduate of Goodridge high school and was an employee at Armour's meat packing plant in South St. Paul before entering service.

Inducted into the Army in December of 1962, Pfc. McCullough completed basic training at Fort Leonard Wood, Mo. After eight weeks of training in communications he volunteered to become a paratrooper in May of this year. He was sent to Fort Benning, Ga. where he finished three weeks of training and made his five qualifying parachute jumps despite a wrenched back he had injured while jumping from the 250-foot towers.

Pfc. McCullough now serves a "Screaming Eagle" in the 101st airborne division at Fort Campbell. Aside from parachute jumps and keeping in top physical condition, McCullough is the message center clerk. He handles all of the battle group's paperwork distribution in the sergeant-major's office at the battle group headquarters.

STEER, Inc., Has Fall Round-ups at Two Communities

Roseau and Clearbrook To Host Fall Events Oct. 8-9 and Oct. 10-11

Steer, Inc., a unique organization to raise money for missions, will sponsor a number of annual fall round-up gatherings this year in Nebraska, South Dakota, North Dakota and Minnesota. In previous years, one large gathering was held for the entire area.

Two of the smaller sessions this year are being held in Roseau and Clearbrook. The Roseau round-up will be held Tuesday and Wednesday at the city auditorium in Roseau and the Clearbrook round-up will be held Thursday and Friday at the Elim Lutheran church in Clearbrook.

Featured at Roseau will be the "King's Messengers" of Strathcona and speakers including: Dr. William Green, home secretary of the Pocket Testament League; Rev. Rudy Rabe, missionary to India with the Oriental Missionary Society; Rev. Dick Dugan, representative of Missionary Revival Crusade; and Miss Delores Robe, missionary to Africa with the Sudan Interior mission. A fellowship supper will be served at 6 p.m. Wednesday in the Moe Lutheran church.

The same speakers will be featured at Clearbrook with Rev. Dugan as soloist and song leader. Evening services will begin at 8 p.m.

STEER, Inc., has gained international attention through its unique stewardship program and in its first seven years has channeled nearly $100,000 to 54 different missionary agencies working in nearly every country in the world. Home office is at 508 Horace av. N. in Thief River Falls.

Myron Carlson Tops DHIA IN September

Orville Peters, supervisor of the Pennington County Dairy Herd Improvement association, lists the following herds as the top ten in the association for the month of September:

	Milk Av.	Fat Av.	Test Av.
Myron Carlson	1004	39.3	3.92
Dale Svendsgaard	981	35.0	3.57
L. & W. Mansick	1018	34.1	3.35
Clyde Christenson	908	33.4	3.66
Paul [illegible]	734	30.9	4.21
A. Peterson	829	29.8	3.55
[illegible] Farm Inc	802	28.7	3.61
Carl Finstad & Son	805	28.4	3.53
Curtis Johnson	791	28.4	3.59
John Hortness	790	28.1	3.53

The herd averages are affected by the number of dry cows in the herd. The amount of milk or butter fat produced is averaged out over all the cows. This gives the farmer a record of the earning power of the herd of the month.

If too many dry cows are included in the herd then the average for that month may be low even though the cows which are milking produce a lot of milk.

There were 26 herds on test with a total of 765 cows and an average of 29.4 cows per herd during September with the Pennington association; 78 percent of which were milking. The average amount of milk produced per cow was 721 pounds which tested 3.66 percent fat. This amounted to 26.4 pounds of butterfat per cow.

Sixteen cows finished with over 500 lbs. B.F. during the testing year, in a 365-day or less lactation. They were:

Area Teachers at Bemidji Institute

Five from TRF Attending Sessions Monday Nights

Bemidji State college announced this week that 52 northern Minnesota high school teachers are currently enrolled for an in-service institute in mathematics, physics and chemistry.

The institute is sponsored by the National Science Foundation which also gives those attending a book and travel allowance. Sessions of the institute will run each Monday evening through December 9.

Area teachers in the chemistry section include Lawrence Brown, Thief River Falls; James Turgeon, Oklee; and Billie Blakenfeld, Goodridge.

Those participating in the physics program include Raymond Ulferts, Thief River Falls. Teachers enrolled in the mathematics program include Edwin Broughton, Clayton Restad, and John Schmitz, Thief River Falls; Don Coburn, Manhattan Beach; Mrs. Helen Doughman, Northome; Bernard Elschens, William McKinley, Christopher McCrady, Bagley.

of Rhyme & Reason

— BY MARY LINDEN

"SO WHAT I AM SAYING NOW, in a sense is that we are the heirs of Theodore Roosevelt, and that what we must do today is to prepare for those who are our heirs. The steps we take in conservation and recreation will have very little effect upon all of us here immediately and in this decade. What we are doing in a real sense is preparing for those who come after us."

The above paragraph is taken from the speech given by President John F. Kennedy at the University of North Dakota fieldhouse recently. He also had some advice for the students which is worthy of comment here.

". . . I urge those of you who are students to recognize the obligation which any educated man or woman must bear to society as a whole. This school was not developed merely to give its graduates an economic advantage in the life struggle. We do not seek merely, I am sure at this school, to graduate lawyers, farmers or doctors, who may lead their communities in income.

"What we seek to advance, what we seek to develop in all of our colleges and universities, are educated men and women who can bear the responsibilities of responsible citizenship, who can make judgments about life as it is, and as it must be, and encourage the people to make those decisions which can bring not only prosperity and security, but happiness to the people of the United States and those who depend upon it.

"So in that great effort, I urge you to participate. Nothing will give you more satisfaction. No need is greater. And I hope that all of us, not only in the field of our immediate interest but in the field of our resources, will also make the necessary and immediate decision."

●

And speaking of youth, several complaints have been heard about youthful drivers using city streets for drag strips. These exhaust-roaring characters, and their main attention to beating a competitor out of the starting blocks at traffic lights, are a menace to pedestrians and other motorists. These are good drivers who could be among the best if they would outgrow their adolescent attitudes. Driving a car is a privilege that requires full adult responsibility.

●

An employer discovered an employee getting his hair cut on company time, and reprimanded him. "Why not," the employee said, "it grew on company time, didn't it?" "Not all of it," the employer snapped. "Well," the employee retored, "I'm not going to have all of it cut off."

●

WORDS WORTH REPEATING: Some people are smarter than they look—and this is a comforting thought . . . A highbrow is a person who can tell whether the symphony orchestra is playing or tuning up . . . The cost of keeping a youngster amused today is greater than the cost of educating his father . . . The Bureau of Internal Revenue is always looking for people who have what it takes.

Red Lake Tribal Council Honors Youthful Guides

Twenty-four boys and girls from the Red Lake band of Chippewa Indians who provided guide service on the reservation this summer were recognized Friday evening at a banquet held in the elementary school dining room in Red Lake.

The 24 guides, eight girls and 16 boys aged 16 to 18, were guests of honor at the banquet and presented with certificates by Gov. Karl Rolvaag. Parents of the guides were also special guests at the banquet which was sponsored by the tribal council and attended by about 150 people.

Last summer the young people conducted about 350 tours of the reservation for tourists contacting the guide service headquarters in Bemidji.

Robert F. Wilhelm of St. Hilaire Dies; Services Tuesday

Funeral services for Robert F. Wilhelm, age 70, of St. Hilaire, who passed away at Northwestern Hospital Saturday, Oct. 5, will be held Tuesday, October 8, at 2 p. m. at The American Lutheran Church of St. Hilaire. Rev. Lawrence Winter will officiate, and interment will be made in The St. Hilaire community cemetery. Visitation hours for Mr. Wilhelm at Sinding's Funeral Chapel are until Tuesday noon and at the church one hour prior to services.

Lester Nordhagen Infant Interred Friday Evening

Services were held for the infant son of Mr. and Mrs. Lester Nordhagen on Friday evening October 4th at 7:30 P.M. at the Green Funeral Chapel. Rev. Leland Steen officiated, and interment was made in the family plot at Greenwood cemetery.

Surviving the child are his parents; one sister Shirley and four brothers, Leslie, Bruce, Richard, and Stephen; the maternal grandparents, Mr. and Mrs. Adolph Srnsky, Sr. of Grand Forks, N. D. and his paternal grandmother Mrs. Olaf Nordhagen of Thief River Falls.

He was preceded in death by a brother, David.

Nels Thompson of Newfolden Dies; Services Pending

Nels M. Thompson, a lifelong resident of the Newfolden community passed away Sunday morning at the Emmaus rest home in Warren at the age of 66 years.

Time of the services is pending, with the Green Funeral Home in charge of arrangements.

Final Rites Held On Saturday For Andrew Korgen

Final rites were held on Saturday for Andrew Korgen, 62, of Newfolden, a life-long resident of New Maine township, and at the time of his death chairman of the board of county commissioners of Marshall county.

Rev. Clifford Anderson officiated at the services, which were held at the Evangelical Free Church of Newfolden. Interment was in the Augustana cemetery. In charge of arrangements was the Green Funeral Home of this city.

Mr. Korgen died on Tuesday morning, October 1, at Northwestern hospital.

Born on July 15, 1901 in New Maine township, Marshall county, he received his education and grew to manhood there, and farmed the old homestead until his passing. He was active in civic affairs of his community, serving on the township board of New Maine township for several years, taking an interest in conservation, soils, highways, and drainage problems. In 1952 he was elected county commissioner of the 4th district of Marshall county, and was re-elected both in 1956 and 1960.

Surviving Mr. Korgen are two brothers, Bennie H. of Duluth, and Reinhard of Chevy Chase, Md.; two sisters, Emelie Korgen of Newfolden and Mali Korgen of Columbia, S. C. Preceding him in death was a brother, Magne.

Mrs. H. Newhouse Longtime Grygla Resident, 81, Dies

Mrs. Helen Newhouse, a resident of the Grygla community for many years, passed away on Wednesday evening, October 2 at the Northwestern hospital at the age of 81 years.

Funeral services will be held this (Monday) afternoon, October 7, at 2 p. m. in Our Saviours Lutheran Church east of Grygla, with Rev. Julian Erickson officiating, and interment will take place in the church cemetery. The body may be viewed at the church for one hour prior to the services. Green Funeral Home of this city is in charge of arrangements.

Mrs. Newhouse was born on July 7, 1882, near Faribault. She moved to Crookston with her parents when she was a young girl, and lived there for several years. In 1900 they moved to a farm near Fourtown. Her parents also operated the Jelle postoffice for some time.

On March 20, 1905, she was united in marriage to Theodore Newhouse and they farmed near Crookston. Later, they moved to Wilmington, where they operated a store for some time, moving to Fourtown in 1917 and farming there. Mr. Newhouse died in 1930. His widow continued to reside in Fourtown after his death. She was a member of Our Saviour's Lutheran Church and the ladies aid of that parish for many years.

Surviving are two sons, Elmer and Leonard, both of Grygla; two daughters, Evelyn (Mrs. Gullik Byklum and Myrtle (Mrs. John Byklum) both of Grygla, two foster-sons, Walter Jelle of Grygla, and Arlan Overby of Denver, Colo. A foster-daughter, Delna (Mrs. Bob Wells) Meline, Ill., also survives, along with 11 grandchildren and 19 great-grandchildren.

Provencer O. Berg Dies Unexpectedly; Rites Tuesday

Provencer O. Berg, 38, Holt, died unexpectedly on Wednesday, October 2, as he was at work in a beet field south of Warren.

Funeral services are set for Tuesday afternoon, October 8, in the Bethlehem Lutheran church in Newfolden. Rev. Elder Oscarson will officiate and interment will be in the Oak Grove cemetary. The body is lying in state at the Green Funeral home here until 11 a.m. on Tuesday and at the church for one hour prior to the time of services.

Provencer Berg was born January 15, 1925, in Newfolden to Mr. and Mrs. Pete Berg. He attended school and grew to manhood there and was drafted into the U.S. Army in World War II and had served for seven years in both the Army and the Air Force.

On March 1, 1952, he was united in marriage to Betty Lee at Newfolden. After their marriage they lived in Minneapolis for five years before moving to Newfolden where they made their home for about four years. They then moved to Holt, where they have since resided.

Mr. Berg is survived by his wife Betty; one son, Bruce, and two daughters, Vickie and Tammy, all at home, and by his parents, Mr. and Mrs. Pete Berg of Newfolden.

ENROUTE to Pennsylvania from Thief River Falls is this piggy-back shipment of turkeys processed at the Land O'Lakes plant in Thief River Falls. It is the fourth piggy-back shipment of turkeys this year, utilizing refrigerator trucks transported on Soo Line railroad flatcars. The truck-tractor which moved the van on to the railroad is shown just as it left its load at the loading site. John Lang, manager of the Land O'Lakes processing plant, stated that regular truck shipment and shipping of turkeys in refrigerator rail cars are also taking place. The plant is in full operation with one shift working on the processing of the area's turkey flocks.

Hospital Aux. Style Show Set For October 26

Mrs. S. E. Sinding and Mrs. Fred A. Sorenson are co-chairmen for the event. Mrs. R. J. Dryden will be the commentator, Mrs. Norman Peterson is in charge of hospitality, Mrs. Robert Flynn and Mrs. James L. Nepper are in charge of decorations, Mrs. Lowell Swenson and Mrs. Earl Dagg will preside at the tea table. The models will be coordinated by Mrs. Everett Amundgaard.

The following stores have signified their willingness to participate: Bjorkmans, Elaines, Hamiltons, Junior Shop, Larson's Style Center, Liebermans, Penneys and the S. and L.

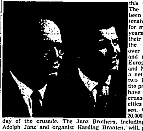
Gamble's Stores Give Information On Scholarships

Twenty four B. C. Gamble scholarship awards will be presented at the end of the school year, according to Stan Pladson, owner of the Gamble's store in Thief River Falls. The $350 scholarships will go to high school seniors who have demonstrated acceptable scholastic aptitude plus outstanding salesmanship ability during their senior year.

The 24 awards will be made in a 23-state area. During an October sales contest, stores will compete for the right to award one of the scholarships by attempting to reach the highest percentage of sales increase over their October quotas.

Janz Brothers To Present Gospel Crusade Beginning October 13th

Plans are materializing for the United Crusade, featuring the Janz Brothers of Germany, which will begin Sunday and continue for two weeks at the Thief River Falls city auditorium. In preparation for the crusade, seven local churches are holding united prayer meetings this week.



The Janz team has been engaged in an extensive radio ministry for many years. Eight years ago they began their first broadcast in the German language over radio Luxembourg and now cover all of Europe, South America and North America with a network broadcast in two languages. During the past seven years they have conducted large crusades in European cities with crowds in Essen, Germany, reaching 20,000 on the concluding day of the crusade. The Janz Brothers, including Hildor, Leo and Adolph Janz and organist Harding Braaten, will present a program of music and gospel speaking.

Churches cooperating in the appearance of the crusade are the Assembly of God, Salvation Army, Our Saviour's Lutheran, Faith Lutheran Brethren, Evangelical Free, Mission Covenant and First Baptist, all of Thief River Falls.

Junior College Group To Meet

To formulate plans and methods of approach to be used for the establishment of a junior college in Thief River Falls, a meeting of the local Junior College Committee will be held Tuesday at 8 p.m. in the Lincoln high school cafeteria. All committee members are urged to be in attendance, according to Francis Hamerlinck, secretary.

National Legion Chief to Be Feted

Daniel Foley to Be Guest in Minneapolis Saturday

National leaders of The American Legion are planning to join with Minnesotans in celebrating a homecoming for National Commander Daniel F. Foley, 42-year-old Wabasha attorney Saturday evening, October 12 at the Radisson Hotel, Minneapolis, and Sunday afternoon at Wabasha.

Carl L Lundgren, Minneapolis, is general chairman of the event, and emphasizes that all phases of both the Minneapolis and Wabasha programs are open to the general public.

The Banquet officially welcoming home Minnesota's first American Legion National Commander, will be highlighted with an address by Lt. Gen. John W. O'Daniel, USA, Ret., San Diego, for whom Foley served as chauffeur during World War II. Maj. General Ellard Walsh, St. Paul, will be the toastmaster of the program.

State officials, led by Gov. Karl Rolvaag, will be joined by U. S. Senators Humphrey and McCarthy, and First District Congressman Quie in greeting Foley. National President of the Legion Auxiliary, Mrs. Luther D. Johnson, Valley, Nebraska, will also join the fete, flanked by Minnesota's two past national presidents, Mrs. Lee Hutton, Excelsior, and Mrs. A. C. Carlson, Willmar.

It is expected that most of the dignitaries will proceed to Wabasha for the home town celebration the following day, Sunday, which will feature a huge parade at 1:00 p.m. followed by a brief lakeside public program sponsored by Wabasha civic organizations, led by Wabasha American Legion Post No 50.

Open House Oct. 10 at Potato Wash Plant in Karlstad

The new KMR Packers potato wash plant at Karlstad will play a major role in the third annual Kittson County Potato Fair which will be held at Karlstad on Thursday, October 10.

An open house at the new plant will be a feature of the day and the public will be invited to look over the $370,000 structure which has now been completed along the Soo Line railway tracks.

Free coffee will be served at the plant during the afternoon and the potato exhibits which will be vying for recognition will be on display at the plant.

Dr. Orin Turnquist, Horticulturist from the University of Minnesota and considered as "Mr. Potato Man" by most growers will be on hand to discuss various aspects of the potato industry.

Raspberries and Carrots Listed as Garden Oddities

More garden odditiest were brought into the Times office during the past several days by local gardening enthulasts. Among them were a heavily loaded branch of second-crop raspberries from the Otto Johnson patch at St. Hilaire.

L. L. Furan of 411 LaBree av. N., claims a carrot grown in his garden is on a par with the heavily-publicized birth of quintuplets in South Dakota. A large carrot has split open of its own accord and appears to have five or six smaller carrots grown together inside.

From the Peter Efteland garden at 124 Kinney av. S. came two onions weighing 1 lb. 9 oz. and 1 lb. 5 oz. Efteland reported that many of the onions from his small garden weighed nearly a pound.

Unseasonably Hot Weather Prevails Here During Week

Unprecedented high temperatures which prevailed here during September continued through the first week of October, with high readings of 85 last Tuesday and 82 Saturday being recorded at the municipal airport. Readings in excess of 90 degrees were registered Sunday at several points in North Dakota, with the 102 mark being attained at Huron, S. D.

High and low readings here for the week included 85 and 54 Tuesday; 72 and 45 Wednesday; 72 and 31 Thursday; 79 and 50 Friday; 82 and 49 Saturday; 70 and 48 Sunday; and 42 Monday morning. There was no rainfall during the week.

The forecast is for partly cloudy skies and scattered showers.

450 State Future Farmers to Go to U.S Convention

Approximately 450 Future Farmers of America members from over one-hundred local chapters in Minnesota will be represented at the 36th national convention of Future Farmers of America at Kansas City, Missouri, October 8-11. This is the largest delegation from Minnesota to attend the national convention.

Roger Hardy, Sacred Heart, state FFA president, and Curtis Hage, Halstad, state FFA secretary, are the two official delegates who will represent the state at the annual business meetings. Keith Klien, Greenbush, state FFA treasurer; Drew Naseth, Faribault, state FA reporter and Clarence Schloesser, Le Center, state FFA vice-president, are the alternate delegates.

Editorials . . .

"Whether we work or sleep, are earnest or idle, rejoice or moan in agony, the river of time flows on with the same resistless flood; and it is only while the water of the river of time flows over the mill-wheel of today's life that we can utilize it. Once it is past, it is in the great, unreturning sea of eternity. Other opportunities will come, other waters will flow; but that which has slipped by unused is lost utterly, and will return not again."

—Edward Howard Griggs

Should Marshall Resign?

At a meeting in Duluth recently, Governor Rolvaag stated that the interstate highway program is lagging in northern Minnesota "because there isn't enough interest in the problems of northern Minnesota in the highway department." He expressed the hope that State Highway Commissioner James C. Marshall, "Would exercise the good judgment to tender his resignation."

We are not in a position to speak for the central-Minnesota city of Duluth. Up here in northern Minnesota we have none of the so-called interstate highways so we are not in position to pass judgment on whether or not they have been neglected.

But from our observation of road development over a period of many years, we are satisfied that northern Minnesota has been treated very fairly by the state, and we can see no justification for complaint about a lack of interest in the overall northern area by the present commissioner.

We do know that he has the respect of the officials in the department who serve under him, and most of whom have served under several commissioners. Our guess is that most of his subordinates are hopeful that he will not resign, and that is because their main interest is in the road program. They do not want the department to be converted into a political machine. And that, we think, would probably be the hope of most of the people of the state.

Morris Bye Retires

Morris Bye, superintendent of schools at Anoka since 1943, has announced his retirement at the end of the present school year. Prior to his moving to Anoka Mr. Bye served as the head of the Thief River Falls school system over a period of 17 years and his many friends in this community will be interested in the following tribute paid to him by the Anoka County Union:

"The resignation of Superintendent of Schools Morris Bye, effective at the end of the present term of school July 1, 1964, will bring to an end an era unequalled in Anoka-Hennepin district 11 and probably in the state of Minnesota. Recognized as an outstanding educational leader and contributor in the field of education, as well as the community, Supt. Bye's accomplishments are so numerous it's difficult to chronicle all of them.

"Morris Bye's life has been dedicated to the education of youth, to giving them the best education possible, to fitting them for the future. With this goal in mind he has labored hard and long, directing the transformation of a small, inadequate school system to one of the finest and largest in the state. And yet, through all this devotion to his crusade for better schools and curricula, he has found time to be of service to his community, to the upgrading of the teaching profession and improvement of learning on a state and national level.

"To list a few of Supt. Bye's activities and honors, he is a member of the Minnesota Education Association and was named president, 1950-52; member of the Minnesota Association of school administrators and president of that group in 1943; member of the Society for Study of Education, NEA; life member of The National Education; member of Phi Delta Kappa, and many others.

"On the community level, he is a member and past president of Anoka Kiwanis club; was Lt. Governor of Kiwanis District Four; was a member and chairman of Trustees of Zion Lutheran Church; chairman of Community Hospital building campaign, 1961. Others include the naming of Morris Bye elementary school in Coon Rapids in his honor; establishment of the Morris Bye Scholarship by the Anoka-Hennepin Education Association.

"These honors to Superintendent Bye have come during his lifetime, something that doesn't usually happen, which is a further tribute to the organizational ability, leadership, judgment and overall administration work of this man. Few men have given as much of themselves to their chosen field as has Morris Bye and while we all regret his decision, we honor it. We know of no one who has done more to deserve the right to slow his hectic pace and enjoy some leisure time.'

Much of what the Anoka poper has said about Mr. Bye's record in that community could be said with equal justification about his record here both as an outstanding school administrator and as a public spirited citizen. No one was ever more deserving of such a fine tribute.

Equality of Opportunity

President Kennedy is now all-out for equality of opportunity, and that idea should have tremendous popular appeal. But, as usual, we are a little skeptical about some of these campaign proposals. When he speaks of equality of opportunity we are not sure that he knows whereof he speaks.

There is the possibility that President Kennedy recognizes the inequality of opportunity that may keep him from achieving greatness. He inherited wealth, which enabled him to buy power. But power, in itself, is not greatness.

Abe Lincoln didn't inherit millions, but he did inherit an inspiration, probably from his mother, that encouraged him to prepare himself for greatness, should the opportunity present itself. When the opportunity did present itself, he was prepared.

This question of equality in opportunity is not easily defined. Hardship, in itself, is not necessarily an evil. The youngster who is relieved of hardship does not necessarily receive a benefit. Being relieved of hardship may retard development.

So in his appeal for equality of opportunity, whether that be racial equality, economic equality or political equality, we hope the President will stress the importance of ideals of service and self-help in the development of capacity for service, as an essential to equality.

True equality will never be achieved. Success will not be determined by effort alone, or by capacity. We move forward or back as the bouncing ball bounces.

These are some of the things we think the President should take into consideration when he speaks of equality of opportunity.

Interesting Opinions . . .

"Experience should teach us to be most on our guard to protect liberty when the government's purposes are beneficent . . . The greatest dangers to liberty lurk in insidious encroachment by men of zeal, well-meaning but without understanding."

Anna Barzen, Plaintiff
vs.
Charles McMahon, Albert C. Jerome, J. M. Sponsel, Isaac N. Smith, Math Barzen and Louis Stokke, also all other persons unknown claiming any right, title, estate, interest, or lien in the real estate described in the Complaint herein, Defendants

The State of Minnesota to the above Named Defendants:

SUMMONS

You are hereby summoned and required to serve upon plaintiff's attorney an answer to the Complaint which is on file in the office of the Clerk of the above-named Court within twenty (20) days after service of the Summons upon you, exclusive of the day of service. If you fail to do so, judgment by default will be taken against you for the relief demanded in the Complaint.

This action involves, affects, or brings in question real property situated in the County of Pennington, State of Minnesota, described as follows:

A tract of land lying in and being a part of the Northwest Quarter (NW¼) of Section Thirty-three (33), Township One Hundred Fifty-four (154) North, Range Forty-three (43) West bounded as follows:

Beginning at the point of intersection of the North line of Second Street and the center line of the alley in Block Forty-three (43) of the Original Townsite of Thief River Falls, Pennington County, Minnesota; thence West along the North line of Second Street a distance of 610 feet; thence North along a line parallel to and 460 feet West of the West line of said Block 43, to an intersection with the southerly right of way line of Minnesota Trunk Highway Numbers 1 and 59; thence easterly along said southerly right of way line to an intersection with the centerline projected, of the alley in said Block 43; thence South along the centerline of said alley to the point of beginning; containing 4.01 acres more or less.

Also the following easement for purposes of ingress to and egress from the above property from the West as follows:

A 40 foot wide strip, the North line of which is the southerly right of way line of Minnesota Trunk Highway Nos. 1 and 59; which begins at the West line of the above described tract and terminates at the West line of the existing 60 foot wide access space which provides access to said Trunk Highway.

The object of this action is to obtain the judgment of the above-named Court that the plaintiff is the owner of the above described premises and that the defendants herein have no estate or interest therein or lien thereon and for costs and disbursements.

Detroit Lakes Edges Prowler Eleven 20-19

Quarterback Pete Irvine's accurate forward passing provided Detroit Lakes with a pair of touchdowns and set up another, but it was a pair of successful placekick extra-point conversions that gave the Lakers a 20 to 19 win over a never-say-die Prowler squad in a Homecoming game played at Detroit Lakes on Friday night.

This week the Prowlers will engage in another Homecoming game when they travel to Grand Forks where, on the Hyklen field gridiron, they meet coach Julian Gasperlin's well-rated Sacred Heart Eagles. Kickoff time for the game is at 7:00 p. m.

In Friday night's entertaining and well-played game, one of the better games played by the two teams this season, the Prowlers, displaying a strong offense and moving the ball well, gained a 6 to 0 first period lead. The Prowlers had one drive in this period halted by a fumble on the Laker 10-yard line. Moments later, following a Laker kick to midfield, a successful pass, with Rick Jensen throwing to lanky Bob Olson, resulted in a touchdown. Jensen made the catch on the Laker 40-yard line and sped down the south side-line to cross the east goal for the touchdown. The play carried 53 yards.

The Lakers, failing to gain yardage consistently by their running game, resorted to the airways, and with Irvine hitting his targets well, coach Haldo Norman's white-jerseyed squad took control of the play in the second period. A pass, Irvine to Siekas, gained 56 yards, to the Prowlers' 5-yard line, and fullback Harvey Sprafka plunged over left guard for the touchdown. Jones placekicked the point to give the Lakers a 7 to 6 lead. And later in the period the Lakers capped another drive with a touchdown when Irvine whipped a pass to Siekas for a touchdown, a 10-yard gainer. Jones' placekick try was blocked, and the Lakers held a 13 to 6 lead at the half-time intermission.

Opening the second half, the Prowlers, with strong running by Don Mathieu, who was being shifted to left halfback at times, moved down into Laker territory. Mathieu, on a 13-yard dash through right tackle, crossed the west goal-line for a touchdown, and the Laker lead was sliced to a point. A successful point conversion was nullified by an offside, and on the second try a running play was stopped.

The Lakers, inspired by the huge Homecoming crowd, came back with a quick touchdown, with the scoring play being a 10-yard Irvine to Siekas pass completion.

The following kickoff produced the most explosive play of the game as Rick Jensen, gathering in the kick on the Prowler 16-yard line, raced upfield, dashed through a melee of players in midfield, and broke loose for an 84-yard touchdown run. Larry Joppru's placekick conversion pared the Laker lead to one point, 20 to 19.

The Prowlers, in the ebbing minutes of the fourth period, provided the Lakers and their fans with several anxious moments as, with Rick Jensen directing the attack (Jensen also saw action at halfback spot in the absence of Rich Nelson, who was sidelined by a knee injury), they moved to the Laker 13-yard line. A 5-yard gain was nullified and the Prowlers were charged with an illegal procedure penalty. The Prowlers attempted a pair of passes on their third and fourth downs, but both were incomplete and the Lakers gained possession. Conservative football in the final minute by the Lakers, with time-consuming line plays being utilized, "ran out the clock" and preserved the Lakers' 20 to 19 lead.

Former Oklee Man Named to Warden Post at Bemidji

G. R. (Gust Clemenson, former Oklee man, has been appointed area game warden for the Bemidji area and the family moved last week from Hinckley where they have resided since leaving Oklee in 1956.

While in Oklee Mr. Clemenson was bulk agent for the Standard Oil Company. A native of Gonvick, he graduated from Gonvick high school before attending Bemidji State College.

Clemenson replaces Pat McFall, who has been in Bemidji for ten years and who has been transferred to the air warden's post at Mankato.

The Clemensons will reside at 1007 Minnesota Avenue in Bemidji.

Grouse Hunters Have Poor Luck

Conservation Dept. Lists Opening Weekend Results

Heavy foliage combined with a lower grouse population were responsible for spotty hunting success over the opening week end of the new season, according to reports from field personnel of the conservation department's game and fish division.

One of the better areas was Kittson county where sharptail hunters reported seeing and bagging more birds than over the opening week end last year. Bag checks by field men showed that 75 per cent of the sharptails taken were birds hatched this year, which indicated good nesting success this past spring.

Elsewhere, however, reports were not so bright. In sections of Lake of the Woods county which have produced good numbers of sharptails in the past, hunting success was below last year.

Hunters reported seeing a fair number of sharptails in eastern Marshall county.

Ruffed grouse hunting in the area south of the Lake of the Woods was also slow with heavy foliage hampering hunters and reports of fewer birds than in 1962. Hunters in northeastern Minnesota also said they saw fewer birds than last year.

Hunting pressure on both ruffed and sharptail grouse was very light on the opening.

Morris Merchant Receives Award

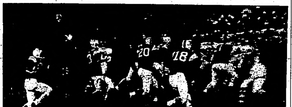
George T. Juergensen, owner of the Super Valu store at Morris, Friday won the distinguished service award conferred annually by the Minnesota Retail federation. The award goes to a Minnesota merchant who has given conspicuous and outstanding service to retailing and to his comunity.

Juergensen was a founder of the Morris Junior chamber of commerce and has been a director and president of the chamber of commerce and chairman of the retail committee. Farming four hundred acres, he has been a leader in production of grains and cattle and a leader in the 4-H club movement. He was a director of the Stevens county fair for nine years.

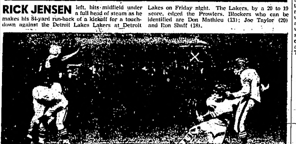
TURN TO PAGE 6 FOR ADDITIONAL SPORTS

KEN LARSON (40) is attempting to out-maneuver Detroit Lakes' Paul Hanson (30) as he moved up field after catching a Rick Jensen pass in the third period of the Prowlers vs. Lakers game on Friday night. Larson, who played a fine all-round game for coach Bill Herzog's team on Friday night, is playing his first season of varsity football. Don Mathieu (13) cuts in to attempt a block on defending Laker.

RON OLSON is shown on a sweep of left end in Friday night's Prowlers vs. Lakers game at Detroit Lakes. This first-period effort by the Prowler halfback, shown at right, netted fine yardage as Olson outsped the Laker defenders to pick up a first down at midfield. This first-period drive by the Prowlers was halted on the Laker 10-yard line by a fumble.



RICK JENSEN left, hits midfield under a full head of steam as he makes his 84-yard run-back of a kickoff for a touchdown against the Detroit Lakes Lakers at Detroit Lakes on Friday night. The Lakers, by a 20 to 19 score, edged the Prowlers. Blockers who can be identified are Don Mathieu (13); Joe Taylor (20) and Ron Shaff (18).



LAKER halfback Dan Jones placekicks successfully in the third period following Mike Siekas' touchdown on a 20-yard pass-and run. And this placekick conversion, the second of the game for Jones, provided Detroit Lakes with their one-point, 20 to 19, win over the Prowlers in a Laker Homecoming tilt played at Detroit Lakes on Friday night. Bob Olson of the Prowlers makes a leaping attempt to block the kick.

Keeping Score with "Huck" Olson

Their Finest Effort

While it didn't produce a victory, and it ended in a one-point loss, 20 to 19, the play of the football Prowlers at Detroit Lakes on Friday night was a fine effort, perhaps the best of the season. The coaches—Bill Herzog, Jerry Westby, George Schlieff, and Al Shaff—can be proud of the play of the Prowlers, and the players, too, must feel a measure of satisfaction in knowing that they played well.

To play real well, against strong opposition and the odds created by being the visitors at a Homecoming game, is worth more, and of more benefit to a player, than to win a game while playing poorly.

And the Prowlers had their chances of turning in a win on Friday night, a win that would have been labeled, and rightly, an upset. In the fourth period, in the last four minutes of the game, the Prowlers made a drive that carried well into the Laker zone. And it was a penalty, called on an overanxious Prowler backfielder who moved before the ball-snap, that halted the threat. The Prowlers, instead of being inside the 10-yard line, were back out on the 13-yard line and were forced to resort to a couple of passes, which were broken up.

The Prowlers played without the services of Rick Nelson, and his loss forced a reshuffling of the backfield. Nelson, a junior with fine speed and excellent potential as a breakaway runner, suffered a knee injury in last week's scrimmage. It is hoped that he will be available for Friday night's game at Grand Forks against Sacred Heart, but it is doubtful.

Nelson's absence from the lineupon Friday made it necessary for coaches Herzog and Westby to alter the Prowler backfield assignments. Don Mathieu saw service at right halfback and at left half, being at left half when Rick Jensen took over the quarterbacking duties. With Buzz Olson at quarter, Jensen was used at the left halfback post. It was a shuffled and scrambled backfield.

He Will be a Good One

While the 'B' team football games do not provide the color or the finesse that is on exhibit during the varsity games there is much that is worthwhile. In these 'B' team games, for the fans who take their football seriously. It is encouraging to watch the effort that is put forth by these boys, and to realize that for some of the boys this effort is but a preliminary to a future career with the varsity squad. And for others, lacking in coordination and skills necessary for football, it will be the only high school football they will ever play.

The Prowler 'B' squad defeated the East Grand Forks 'B' squad, 18 to 6, in a game played on the Lincoln field on Wednesday night. And playing a sparkling role in that victory was David Halvorson, the son of the Harold Halvorsons of rural Thief River Falls. David, a sturdily-built freshman, accounted for the three touchdowns, and all of these touchdowns came as the result of long runs. Dave can pick 'em and lay 'em down in fine style. The fact is there is a marked similarity in the play of Dave and of Paul Klungness, when Paul was a freshman. David was making his touchdown runs on slants off left tackle, and when he got under way he outdistanced the defenders.

There will be a 'B' game at the Lincoln high field tonight, Monday, but the game will be limited to ninth graders. The Crookston high school ninth graders will be playing coach Al Adams Prowler ninth graders. Kickoff is at 7:00 p. m.

Geese and Ducks

Early reports on the waterfowl season, which opened at noon on Saturday, is that there appeared to be more geese than ducks.

And the hunters who were along the "firing line" at Thief Lake on Sunday morning had one of the finest shoots ever experienced. Goose limits were the rule rather than the exception. And in these goose limits were quite a number of Canadas. There were a few white and blue geese taken, too.

The mallard hunting on Saturday afternoon, as well as the goose hunting, was on the slow side, and this was due to the mid-summer temperatures that prevailed. A necessity for Saturday's opener was a supply of sunburn salve and mosquito lotion. But Sunday, with shift in the wind, from the south-west to the north and northeast, brought cooler temperatures and more anxiety to the ducks. That we have enjoyed a mild fall can be judged by the number of blue-winged teal that were bagged at Thief Lake. These ducks are usually gone by this late date. And believe it or not, there were some curl-tail mallard drakes being shot.

The duck hunting situation is bright.

Stay Away from 'Tame' Deer, is Plea

Conservation Dept. Asks Public to Leave Them Alone

The Minnesota conservation department has warned people to avoid deer which seem to have lost their fear of humans and appear to be seeking handouts and companionship.

The department said it has received several calls from rural Twin City area residents recently complaining that deer have been hanging around their homes and that children are trying to make pets out of them.

Deer that have been removed due to complaints have been captured, ear tagged and released at the Carlos Avery wildlife area north of the Twin Cities.

John Moyle, supervisor of research for the Department, says that these so called "tame" deer will become more wild during the fall and that people should stay away from them. The deer will probably become nervous or aggressive as weeks go by and there is danger of being cut by the animal's sharp hooves or punctured by antlers.

County Board Raises 1963 Levy Slightly

Votes $481,110 Levy Tuesday, Including One Mill for Co. Fair

The Pennington county board at its October session Tuesday adopted a tax levy for 1963 of 481,110.64, or 93.45 mills, compared to $471,855.43 or 91.65 mills for 1962. The 1963 levy is based on the assumption that the city of Thief River Falls will make its usual contribution of $10,000 to the court house sinking fund from the earnings of the municipal liquor dispensary.

The levies for the various funds in 1962 and 1963 are as follows:

	1962	1963
Revenue	$119,083.65	117,384.66
Road & bridge	102,969.00	102,969.00
Welfare	215,050.75	224,215.00
Sanatorium	9,782.06	9,730.57
Court House Sinking	19,821.53	19,088.75
School Transp.	2,574.22	2,574.22
Co. Fair	2,574.22	5,148.45
	$471,855.43	$481,110.64

The board's action in raising the levy for the county fair from one-half mill to a full mill followed a hearing attended by 28 persons, all but three or four of whom apparently favored the increase, which will be used to help pay off the debt taken over by the new Pennington County Fair association from the Pennington County Agricultural society, now being liquidatel. The fair supporters' delegation was headed by Ray Oen, president, and Jon Metusalem, secretary.

In other business Tuesday, the board arranged to appraise tax-forfeited lands in the county which will be offered for sale in December. The fees of the county coroner also were set up in conformance with a new state law.

The board was to continue its session Wednesday night to finish the work of setting up ditch maintenances levies.

County 4H Council Votes to Offer Two Scholarships

Two County 4-H Members To Receive $150 Grants After Starting College

Pennington county 4-H council has established two scholarships for outstanding 4-H'ers, according to Paul Stelmaschuk, Pennington county agent. These 4-H'ers, one boy and one girl, will be selected from applications by the 4-H awards committe and a school official. First scholarships will be granted to students graduating in the spring of 1964 and given to the two selected candidates in the second one-fourth of second semester of the 1964-65 college term.

Following are the rules for the scholarship awards:

1. Who shall receive them: One boy and one girl who graduates from high school and who belonged to a Pennington county 4-H club.
2. College to attend: Any accredited college.
3. Size of scholarship: Two scholarships: One for a boy and one for a girl of $150 each. Amount of the scholar can not be larger. This is more of a recognition for 4-H work and encouragement to go on to college.
4. Source of money: From the general fund.
5. The scholarship shall be awarded annually if qualified candidates are found.
6. Selection of candidates: Candidates will file an application for the scholarship. The application will include an account of school courses, grades, and statement from school officials, an account of 4-H club work and achievement, other activities and plans for occupation or career. The awards committee, county agents, and where possible, a school official from the school where the 4-H'er graduates will select the 4-H'ers to receive the scholarships.
7. When to award: After the first quarter of college attendance if a grade average of "C"is maintained.
8. Repetition: Give to the 4-H'er only once so as to reach as many as possible.

CALLERS for the Town & Country Days' square dance to be held Wednesday, October 16, at 8 p.m. in the National Guard armory in Thief River Falls will be Martin and Terry Mallard of Saskatoon, Sask., Canada. Martin has been calling since 1954, now calls for five clubs, a beginner class and a group of wheelchair dancers. Both Martin and Terry were on the staff for the International square dance convention last year and have as a motto, "Friendship Is Square Dancing's Greatest Reward." Leon Bischel is in charge of hospitality with LuVerne Inman planning the coffee hour at 11:30 p.m. All square dancers in the area are invited to attend.

Grade Pupils Join in Fire Prevention

Pupils in Thief River Falls elementary schools will join with 4,500,000 boys and girls across the country to help combat the increasing toll of deaths and property damage in fires. The campaign began Monday with the start of the year-long school Junior Fire Marshal program and the annual observance of National Fire Prevention Week (Oct. 6-12).

Objectives of the Junior Fire Marshal program is to help eliminate common causes of fires in homes. Boys and girls will inspect their homes for fire hazards with the help of parents. Special check lists are provided for them. When the pupils complete their home reports, they qualify as Junior Fire Marshals.

The Junior Fire Marshal program is sponsored in local schools by Union State Bank Insurance agency with the co-operation of school officials and the fire department.

A check list for the pupils' home report is carried in the current issue of the Junior Fire Marshal magazine. The list covers the most frequent causes of home fires, including worn electrical connections, overloaded circuits, improperly stored flammable materials, unscreened fireplaces, defective heating systems, rubbish and improper adult smoking habits.

"Last year there were more than 350,000 fires in dwellings in the nation," stated Roy Langevin, city fire chief. "a total exceeding the number of fires in all other types of buildings put together. More than 11,800 people lost their lives and many more thousands were injured. Fire is the number one cause of accidental injury and death of children in homes.

"Most of these fires were caused by carelessness, neglect, or oversight. They could have been prevented by removing common hazards like the ones for which the Junior Fire Marshals are inspecting their homes. That's why we feel that the school program is such an important part of fire prevention work."

Livestock Clinic To Give Prospectus On Cattle Feeding

Session October 18 Is Part of Northwest Town And Country Days Here

Will it pay to buy feeder cattle this fall and sell them as fed cattle about a year from now? What is the outlook for cattle prices? What can a farmer pay for feeders this fall? Are dairy feeders the thing to buy or should beef feeders be preferred?

These questions on beef, as well as similar questions on sheep and hog feeders, will be answered at an outlook meeting on Friday, October 18, as part of Northwest Town and Country Days in Thief River Falls.

The livestock clinic will be held in the sales barn just west of thief River Falls, according to Paul Stelmaschuk, Pennington County agent. Grades of cattle will be displayed so farmers will have a chance to see what choice, good and common feeders are selling for now and what they may bring on the market a year from now.

In addition, the best feeding programs will be discussed. Should the cattle be fed only hay and then finished on grain next fall? Should the ration be hay plus some grain right along or should it be mostly grain from the beginning? These and other feeding programs will be aired to see which will be the most profitable for the farmer.

Cattle will be displayed from 7 p. m. to 8 p. m. and the speaking program will start at 8 p. m. Two University of Minnesota specialists will be on hand to speak during the livestock clinic.

R. L. Electric Co-op Acts to Reduce Rates

Saving to Members Expected to Amount to $46,000 a Year

A new schedule of reduced rates for electric power will be put into effect by the Red Lake Electric Cooperative, Inc., on Sunday, October 20, it was announced this week by Leonard Melin, president, and Charles M. Kleven, manager.

The officials estimated that the new rate will result in an annual saving to members of $46,000. They added that the amount of individual savings for each member will be determined by his monthly consumption of current, since the rate schedule is on a declining scale whereby the more a patron uses, the less it costs proportionately.

The reduced rate, it was pointed out, is made possible by the steadily increasing use of electricity by members; the reduction in cost of wholesale power and a general decrease in the cost of operation.

The rate reduction will result in a savings to the members on general farm and home service; small power and commercial service; rural schools, churches, and halls; and large power service. The yardlight rental, water heater, standby rate, and limited service rate will remain the same.

It is also planned that along with the reduced rate the cooperative will still continue to pay some capital credits on an annual basis. This is in accordance with the principles of a true cooperative where the savings are passed on to the member-customers.

Don Bruggeman Is Elected President of 4-H Council

Election of officers was the main business of the Pennington County 4-H leaders council meeting on Monday evening. The new officers include president, Don Burggeman; vice-president, Robert Parnow; secretary, Mrs. Silas Hanson; and treasurer, Harold Halvorson. The awards committee is comprised of Dale Svendsgaard, Mrs. Ernest Swanson, Edgar Naplin, Mrs. Robert Parnow and Bernard Meyers.

Junior leaders elected officers also with Kathy Svendsgaard of Mayfie as secretary and Mark Bruggeman of City View as reporter. Two scholarships were approved to be given at the county fair to the outstanding girl and boy in 4-H club work.

Annual Achievement Banquet will be held November 6, at 6 p. m. in the National Guard armory. As has been done in the past, the Chamber of Commerce is sponsoring the banquet. Four junior leaders will be waiting on the head table.

Miss Carolyn Offerdahl, home agent, explained the food preparation record to the group as there are many changes and additions in the requirements.

The Chamber of Commerce is again sponsoring an airplane ride for 13 4-H club members, to Grand Forks on Saturday, October 12. This is an expense-free trip for the 4-club members.

Serving of the Top of the Nation Dairy sale luncheon was taken over by the leaders council. The women on the committee are Mrs. Leonard Melin, Mrs. Julian Lendobeja, Mrs. Harold Dupree and Mrs. James Muzzy.

After adjournment of the business meeting, Bruce Howick gave a report on his trip to conservation camp.

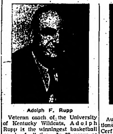
Carnival Slated October 18th at Newfolden School

Newfolden high school will present its annual fall carnival on Friday, October 18th, in the school. There will be a midway of fun in the gymnasium with cake walk, shooting gallery, basketball throw novelty stand and many other events. In other parts of the building will be movies and lunch.

Voting for king and queen candidates will take place all during the evening and at 11 p.m. there will be an assembly in the gymnasium for the crowning of the king and queen of the carnival.

Proceeds from the carnival are used to carry on activities sponsored by the student council during the school year.

City Hosts 1,800 at NMEA Conclave Today

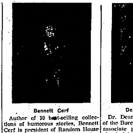


Adolph F. Rupp

Veteran coach of the University of Kentucky Wildcats, Adolph Rupp is the winningest basketball coach of all time. In 33 years at Kentucky, Rupp has a record of 684 victories and only 134 defeats for an 84.2 percentage. He will speak on "Our American Heritage in the 1960's" at the third general session on Friday at 10 a. m.

Rupp has coached four NCAA national championship teams and developed 20 players who have achieved All-America status a total of 28 times. He has twice been named national "coach of the Year" and is known to thousands as "Baron" or "The Man in the Brown Suit".

A graduate of Kansas where he played guard under the coaching of Phog Allen, Rupp is a member of basketball's Hall of Fame. Reference to "The Man in the Brown Suit" is made because of his superstitious preference for a brown wardrobe on the night of Kentucky basketball games.

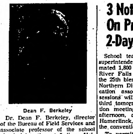


Bennett Cerf

Author of 10 best-selling collections of humorous stories, Bennett Cerf is president of Random House Publishing company, writer of a syndicated column and regular panelist on the television program "What's My Line?". He will speak Thursday at 2:30 p. m. at the second general session of NMEA in the Lincoln high school gymnasium.

Among Cerf's works are "Out On a Limerick", "The Laugh's On Me", "Try and Stop Me", "The Encyclopedia of Modern American Humor" and "Reading for Pleasure". As a publisher he has given the public such works as "Thirty Seconds Over Tokyo", "The Snake Pit", "No Time for Sergeants", "Don't Go Near the Water" and many others.

Cerf's 35 years of work with books and their writers has given him a comprehensive view of the literature of the times. His topic Thursday will be "Modern Trends in Literature and Humor."



Dean F. Berkeley

Dr. Dean F. Berkeley, director of the Bureau of Field Services and associate professor of the school of administration at Indiana University, will open the Northern Division Minnesota Education association 25th biennial convention in Thief River Falls Thursday. He will address the first general session at 10 a. m. in the Lincoln high school gymnasium on the topic, "Penetrating Beyond Our Walls".

Dr. Berkeley, winner of the international speaking contest of Toastmasters International in 1959, has coached five state and two national championship speech teams.

Admission to all of the general sessions will be restricted to NMEA delegates only with admission by MEA membership cards. Sessions are not open to the public due to space limitations, according to Francis Hamerlinck, local junior high school principal and general chairman of the convention.

3 Noted Speakers On Program for 2-Day Convention

School teachers, principals and superintendents totaling an estimated 1,800 are flowing into Thief River Falls today (Thursday) for the 25th biennial convention of the Northern Division, Minnesota Education association. Two general sessions will be held today and a third tomorrow morning with section meetings scheduled Friday afternoon, according to Francis Hamerlinck, general chairman of the convention.

To permit visiting educators an opportunity to shop in Thief River Falls stores, retail merchants in the city have announced that their places of business will be open until 9 p. m. on both Thursday and Friday evenings. The city's supermarkets, however, will be open on Friday evening only.

Three nationally-known speakers are on the convention program. In order of their appearance they include Dr. Dean F. Berkeley, director of the Bureau of Field Service at the University of Indiana; Bennett Cerf, president of Random House Publishing company, columnist and television personality; and Adolph Rupp, head basketball coach at the University of Kentucky. Background and speaking topics for each is listed elsewhere in today's Times.

Due to space limitations, general sessions will be closed to the public with admission by presentation of MEA membership card only. A large number of displays are arranged at the school, however, and the public is invited to view these at any time.

Thief River Falls Chamber of Commerce and the local education association today are cooperating in the serving of coffee and cookies from 8:30 to 10 a. m. The two groups will also serve coffee at the cafeteria from 3:30 to 4:30 p. m. today and 9 to 10 a. m. Friday.

First General Session

Daisey M. Norgart, Bemidji, president of the Northern Division, will preside at the first general session at 10 a. m. in the Lincoln high school gymnasium. Mrs. Frank Harger will be at the organ and music will be furnished by the school band and orchestra directed respectively by John Moum and James Solsten. Rev. R. A. Wangberg will pronounce the invocation and welcomes will be given by M. R. Hankerson, superintendent of schools; Mayor Orin Green; and Peter Probasco, president of the local education association.

A. L. Gallop, executive secretary of the Minnesota Education association, will speak on "Our Professional Image". Francis Hamerlinck, junior high school

ASC Makes Final Payments To Soil Bank Participants

Patrick W. Culkins, office manager of the Pennington County Agricultural and Stabilization and Conservation Service office, said today that the final payment statements for soil bank participants have been prepared by the county ASCS office, and can be signed at the county office any time at the convenience of the contract-holder.

He said that the first payments would be made Monday, October 14. He also stated that approximately $700,000 would be paid to participants this year.

United Crusade for Christ Opens Here on Sunday

Beginning Sunday evening in the Thief River Falls city auditorium, the United Crusade for Christ is the result of many months of careful planning on the part of seven local pastors and their congregations, according to Rev. W. R. Dalzell, general chairman. Featuring the Janz Brothers team, the crusade is scheduled to continue through Sunday, October 27th.

A choir composed of the choir members from local and area churches, will sing during the crusade and delegations from many points in northwestern Minnesota, southern Manitoba and North Dakota are expected to attend. Plans are under way to have a large, male-voice choir from Steinbach, Manitoba, assist in the music for one evening.

The Janz Brothers are heard in this area through their radio program over a Fargo radio station. In their evangelistic meetings they have drawn very large crowds in Germany, France, Switzerland and Canada and the results for the churches have been exceptional.

The planning committee for the crusade includes Rev. Culver of the Assembly of God, Rev. Hankenstad of Our Savior's Lutheran, Rev. Hillestad of the Salvation Army, Rev. Solberg of Faith Lutheran Brethren, Rev. Swan of the Evangelical Free, Rev. Langager of the Mission Covenant and Rev. Dalzell of First Baptist. It is the expectation and hope of the committee that the Bible and it's message will become much more relevant and meaningful as a result of this crusade, Rev. Dalzell said.

United Fund Lagging

Solicitors Urged To Report Collections

Solicitors in the Pennington County United Fund campaign are urged to complete their canvass and return their collections to the Thief River Falls Chamber of Commerce office, according to Arnold Narverud drive chairman. Receipts to date have been very light with only several of the business district solicitors reporting.

"We still hope to have all receipts in and tabulated by Tuesday, October 15," Narverud said. "This means that solicitors will have to put forth some extra effort in completing their drives if the campaign is to proceed on schedule."

Included in the budget, which totals, $17,295, are the Girl Scouts, $2,000; Boy Scouts, $4,000; Salvation Army, $4,500; Red Cross, $2,000; U.S.O., $160; Arthritis and Rheumatism Foundation, $405; Sister Kenny Foundation, $1,000; Minnesota Society for Crippled Children and Adults, $1,100; Children's Home Society, $480; and Minnesota Association for Retarded Children, $1,100.

Narverud urged giving a "fair share" to the United Fund campaign and noted that payroll deduction plans are available for those who wish to contribute on a monthly basis.

Solicitors in the business district include John McGinley, James Wilson, Jon Larson, Dr. O. D. Beich, Arnold Kelley, Roger Tunberg, Milton Relerson, Morris Goddard, L. B. Hartz, Glenn Peterson, Bruce Hall, Terry Donnan, James Carlson, Orin Green, George Hildre, Jon Metusalem, James Dale and Jerry Wigness.

Also Ellsworth Jorgenson, Donald L. Olson, A. J. Rau, Robert Kinsman, Milton Schlechter, Lloyd Bennes, J. B. Holter, Stan Pladson, Roy Jorgenson, Clarence Mattson, Douglas Remick, Les Gustafson, Orvis Oien and Sherwood Orvik.

Note Vandalism

Vandalism at Centennial park on the east edge of Thief River Falls was reported today by the Pennington county sheriff's office. On Monday evening a car was driven over seven recently planted trees in the park, causing varying amounts of damage. The incident is under investigation by the sheriff's department.

Filings Close for City Office; Only Two Races Develop

Four Persons Will Seek Alderman-at-Large Post At Election November 5

Filings for Thief River Falls city offices closed on Tuesday with formal opposition in only two positions, according to Gordon Relerson, city clerk. Election will be held on Tuesday, November 5, from noon to 8 p. m. at polling places to be announced later.

Four persons have filed for alderman-at-large with two to be elected. They include Roy Jorgenson, incumbent, John McGinley, Leroy C. Welch and L. H. Thorstehson. Roy Lee, veteran council member and current chairman of the council, did not file for reelection.

In the only other post where there is opposition, Robert Carlson has filed for alderman in the first ward to oppose incumbent Elmer B. Benson. Orin Green, mayor, and Mrs. Morris Odegaard, treasurer, both filed for reelection and neither is opposed.

Other filings in the various wards include Arthur B. Christianson, incumbent, Ward II; Ambrose Wysoski, seeking post vacated by Donald M. Olson, Ward III; Dr. A. E. Jacobson, incumbent, Ward IV; and Lowell Swenson, seeking post vacated by Milton Relerson, Ward V.

Nat'l Business Women's Week Is Being Observed

This week the national spotlight is focused on the working woman, with National Business Women's Week being observed throughout the country, under the sponsorship of the National Business and Professional Women's Clubs Inc.

Using as their theme, "The Responsibility of Full Partnership," the group, comprised of 53 state units with 70,000 members in over 8,500 clubs, seeks the goal of full partnership of women in our democracy, all working together to make this week "one that greatly enhances the prestige of all working women." Partnerships are sought within the BPW clubs, with community business men, with religion, with industry, young women, rural women, and with the government on all levels, and in other areas. Special emphasis is being placed on the need for education, which the group calls the "golden mean" which enables women to rise above the average. They call attention to the fact that today the well-educated, well-informed woman is sought out by business and professions, and is given the best chance to rise to the top.

The BPW played an important role in passage of the "Equal Pay" law recently enacted by Congress, and has played and will continue to play a part in the betterment of men and women everywhere. The 170,000 members of the organization across the country are accepting this challenge on the 44th anniversary of the founding of the BPW Clubs, Inc.

Elaine's CHATTER

Sorry to have missed so many of the past few weeks, but with summer, golf, fishing, etc. it was a bit hard to sit down and think up somthing to write.

Read an article recently on how to make a pot roast last all week. Ma, the cook at our house, went them one better and made it last TWO WEEKS, and still had some left over!

On Sunday it was just plain good old pot roast and it was still recognizable toward the end of the week. Then she did all the things the book said (plus a little of her own initiative) and the outcome was amazing (to say the least). The day it appeared decorated with stewed oranges it had a most unusual flavor, and the dash of cocoanut added for trim was interesting. The water chestnuts added a bit of oriental . . . to say nothing of the cup of sherry. Finally we were invited out to dinner 3 nights in a row and we decided we had enough. You just can't make something out of nothing.

It's the same way with clothes. A woman will try to "do over" last year's outfit and after spending quite a bit of money for trimmings and time, you still do not have what you want. The sensible thing to do is come to ELAINE'S and select something brand new, everybody will be happier, including us!

Knits are very important fashionwise and will take you everywhere. Pick from a large selection of colors in one, two and three-piece styles and priced to fit all budgets . . . from 17.95 and up.

We have so many pretty things to show you: coats, suits, dresses and a tremendous stock of sportswear.

We're not much on coupons but below is one that is good for Thursday, Friday and Saturday of this week only and you better use it for your winter coat now.

HAPPY HOMEMAKING

by Carolyn Offerdahl

PENNINGTON COUNTY HOME AGENT

Setting the table for a meal is not unlike setting a stage for a play, and in the same way that a stage makes a play more exciting, meaningful and real to most of the audience, so does the setting for a meal make it more pleasing, satisfying and enjoyable. The homemaker who recognizes this relies on table settings to make the plainest of meals appealing and to give an illusion of change when the menu is essentially the same from day to day.

Appointments for the table include flatware, hollowware, glassware, dinnerware, linens and decorations. It is with these that the homemaker, three times daily, creates a picture. The picture may be one of neatness, order and beauty, or it may be one of confusion and ugliness.

Which it is, depends on how much importance the homemaker attaches to the appearance of the dining table. Neither time nor money are influences, since it takes no longer to set an orderly table than a disorderly one, and it takes no more money to purchase appointments which are attractive and harmonize than those which are unattractive.

Today, beautiful appointments are available at all prices. But remember, beauty is not achieved through the use of expensive appointments, but rather through the harmony of the appointments, their cleanliness and the orderliness of their placement.

Each person who sets a table expresses something of herself. She expresses a feeling for color, an appreciation for design, a love of beauty, dignity and concern with detail.

So the next time the table is set for the family, set it as if the most important company was coming for dinner. It is no more difficult and doesn't take any more time. I am sure the meal will be more relaxing. Try it and see if I'm not correct.

Heart-of-Home Program Provided Homemaking Hints

Energy and Time-Saving Methods Presented by Rehabilitation Specialist

Heart-of-the-Home program consisting of four classes taught by Mrs. Marion Melrose, home economist in rehabilitation, for homemakers to learn energy-saving techniques, has recently been completed in Thief River Falls.

Proper posture in housework for the prevention of fatigue was one of the factors dealt with at the first class. Those attending this class also learned the relationship between good posture and the correct working heights.

In the second class it was pointed out that much energy and step-wasting can be avoided by the proper arrangement of the kitchen. Homemade cupboard devices were demonstrated to show homemakers proper methods of storage of kitchen utensils and supplies.

Class number three brought out energy-saving techniques for housewives to follow while cleaning in the home. A high point of the class was where instruction was given on how to make a bed by completing the process with one trip around the bed.

The last class dealt with the proper use of laundry facilities so as to get the best performance from the equipment at hand. It was also pointed out how to iron while sitting at an adjustable ironing board.

Carolyn Offerdahl, Heart-of-the-Home chairman and Pennington county home agent, announces a total of 12 homemakers attended this community service program. It was co-sponsored by the Minnesota Department of Health, University of Minnesota Agricultural Extension service, and the Minnesota Heart association.

Masons To Build Addition to 'U' M Cancer Hospital

Members of Northern Lodge No. 236, A. F. and A. M., are joining the Masons of Minnesota in a drive to raise $1,100,000 for addition of two more stories to the cancer hospital at the University of Minnesota. Robert Flynn of Thief River Falls and Ernest Swanson of Goodridge are co-chairmen of the local drive.

The original hospital for cancer patients was opened about five years ago and since then has served more than 4,000 patients. It was built by the Masons at a cost of more than $1 million. Upon completion it was turned over to the University of Minnesota which has since been operating it at its full capacity of 80 beds. The new addition will provide room for another 50 beds plus room for research.

All members of Northern Lodge No. 236 will be contacted and asked to donate to the campaign, the co-chairmen said.

ATTENTION of a group of kindergarten pupils was focused on Roy Langevin, city fire chief, as he displayed fire department equipment Tuesday at the fire hall. Visitation of kindergarten students to the fire department was part of local activities during National Fire Prevention Week being observed October 6-12. In the above photo, Chief Langevin is showing the group a mask which is used by firemen when smoke would otherwise prevent them from carrying out their duties at the *scene of a fire*. Langevin cautioned the children against playing with matches or playing around autumn bonfires. He also showed them the dragging hooks used for recovery of drowning victims and mentioned the forthcoming danger of thin ice on the river.

Students Join in Fire Prevention Week Activities

(Continued from Page 1)

Every family should make a home inspection regularly. He emphasized one item on the Junior Fire Marshal report that will help to save lives: planning in advance escape routes from every room in the house for every member of the family if a fire should break out.

The school children completing the home report and qualifying as Junior Fire Marshals will receive an official badge and a plastic fire helmet from the Union State Bank Insurance agency. The school which does the best job of completing reports will receive a special Junior Fire Marshal achievement award flag.

Through the program, the schools are provided with fire prevention and safety material including filmstrips, copies of the Junior Fire Marshal magazine for each pupil, and teachers' guides, resource and study manuals.

Subscriptions To Magazines Sold by Fire Department

Roy Langevin, chief of the Thief River Falls fire department, announced today the start of its annual magazine subscription campaign, to be conducted throughout this area for the purpose of acquiring additional sickroom equipment for free home use of any resident who is sick, disabled, or bedfast.

The local department has on hand for free use of residents a portable oxygen apparatus, several hospital beds with mattresses, adjustable and folding type wheel chairs, two invalid walkers and portable sickroom equipment is housed with the fire department, and is available for temporary use without charge to any resident.

Bonded representatives of the publisher, with credentials signed by the officers and members of the department, will call on residents of the area to explain the plan in detail. Any magazine order, new or renewal, will help further this project and make this program a success. Delivery on all orders is guaranteed. Donations will not be solicited or accepted.

Langevin said, "We trust that you will grant the representative the courtesy of an interview, and all consideration given our community service project will be greatly appreciated."

Peter Tandberg Is Named To MSBA Delegate Assembly

Peter Tandberg, chairman of the school board of Independent School District No. 447 at Newfolden, was elected as a member of the Delegate assembly of the Minnesota School Board association at a recent area meeting held at Karlstad. The delegate assembly is the legislative body of the association and will meet on December 2 and 3 in Minneapolis to take up matters to come before the entire membership at the state convention in January.

Other delegates from this area elected at the meeting were: Mrs. Virginia Sunberg, Hallock; Ralph Hvidsten, Stephen; and William Paulson, Greenbush.

Miss Gunda Simundson, age 78, a resident of Erickson's Rest Home of this city, and a longtime resident of the area, died Wednesday, October 9, at Northwestern Hospital of this city.

Time of the services will be Friday, Oct. 11 at 2 p. m. at Sinding's Funeral Chapel, with Rev. T. J. Weltzin officiating. Interment will be at Lanstad cemetery west of Thief River Falls. Visitation hours at Sinding's will be until the time of services on Friday.

A complete obituary will appear in the Monday issue of the Times.

Robert Wilhelm Interred Tuesday At St. Hilaire

Robert Friedrick Wilhelm, a resident of St. Hilaire, died at Northwestern Hospital in this city on October 5 at the age of 70.

Funeral services were held at the ALC Church at St. Hilaire, on Tuesday, October 8, with Rev. Lawrence Winter officiating. Interment was made in the St. Hilaire cemetery. Sinding's Funeral Chapel was in charge of the arrangements.

Mr. Wilhelm was born December 21, 1892, at Brownton, Minn., and was educated in the rural school there. He lived in Brownton until 1916, working as a farm hand and engaging also in commercial threshing. In 1918-19, he served with the armed forces in France. He farmed at Bottineau, N. D., after the war. On August 8, 1925, he married Elizabeth Knopfle at Bottineau, and they made their home on his farm, until 1936, when they moved to the St. Hilaire community. In 1952 they moved to California, where they lived moving to St. Hilaire.

Mrs. Wilhelm survives, along with two daughters Sylvia (Mrs. Ahlert Johnson) St. Hilaire; three sons, Lawrence, Long Lake; Vernon, Hutchinson, Minn.; and Earl, El Paso, Texas; 11 grandchildren; one sister, Viola (Mrs. Albert Nornberg) Los Sierra, Calif.; and five brothers, Ebert, Brownton; Andrew, Minot, N. D.; Ellert, Salem, Ore.; Ernest and Lambert, both of Bottineau, N. D. One brother preceded him in death.

Rites To Be Held On October 10 For Nels M. Thompson

Nels M. Thompson, a lifelong resident of the Newfolden community, passed away on Sunday morning, October 6, at the Emmaus Rest Home in Warren, Minnesota at the age of 66 years.

Funeral services will be held on Thursday afternoon, October 10, at 2:00 p. m. in the Westaker Lutheran Church. Reverend Elder Oscarson will officiate and interment will be in the church cemetery. The body will lie in state at the Green Funeral Home until 11:00 a. m. on Thursday and at the church for one hour prior to the time of services.

Nels Thompson was born on June 19, 1897 in Newfolden township, and received his education and grew to manhood there. Mr. Thompson was a single man.

In 1918 he and his brother Otto bought the home farm and had farmed together until the passing of his brother in July of 1962. Later the same year he disposed of the farm and lived in Newfolden for a short time, since which time he had made his home at the Emmaus Rest Home in Warren.

He is survived by one sister (Dagne) Mrs. Ernest Asp of Minneapolis and several nieces and nephews.

Preceding him in death were 3 brothers and one sister.

Services Friday At Strathcona For Helmer Wold

Thorp Loan Has Application for Loan Office Here

Ely, St. Peter, Luverne Also Included Before Commerce Commission

Appliction by Thorp Loan & Thrift company to do business in Thief River Falls wil be studied at a hearing October 21 before the Minnesota State Commerce commission at the state capitol in St. Paul.

Robert M. Conway, vice president and general manager of the Minnesota-based industrial loan corporation, stated that the Thief River Falls hearing would be the first of four hearings on applications submitted by Thorp. Other sites proposed are Ely, St. Peter and Luverne.

Thorp has originally filed applications for 20 sites but recently withdrew all but the four mentioned above. Withdrawals were made for administrative convenience, Conway said, and the four selected for early hearing were considered by Thorp to be the "outstanding" locations.

Conway and other officers of the corporation have been in Thief River Falls on several occasions recently. A remodeled, ground floor location in the downtown area has already been selected.

Thorp presently operates 20 industrial loan outlets in Minnesota and Iowa. Conway expressed enthusiasm at the welcome Thorp has received in Thief River Falls. If the license is granted, he said, the office would be opened within two weeks.

1964 Feed Grain Price Supports Stay at '63 Level

Marshall County ASC Announces Next Year's Rate for Corn, Barley

Price support for corn, grain sorghum, and barley in 1964 will again be made available through both loans and support payments, Marcel Dahl, chairman of the Marshall county Agricultural Stabilization and Conservation committee, pointed out today. Growers will qualify for the supports by participating in the 1964 feed grain program, for which the signup period is planned for early next year.

The total national average price-support levels for the three feed grains in 1964 will be the same as in 1963, the chairman explained, but a slightly larger proportion of the support will be made available through loans. As last year, the loan rate will vary according to counties. The support payment for each of the three grains, however, will be the same amount per bushel in all counties.

For the feed grains covered by the program, the loan rate; support payment, and total national average support are, respectively: Corn (per bu.), $1.10, 15 cents, $1.25; barley (per bu.) 84 cents, 12 cents, 96 cents; grain sorghum (per cwt), $1.77, 23 cents, $2.

Emilie Carlson Is Newfolden Queen

Crowned Queen of School's Homecoming This Week

Reigning over Homecoming festivities at Newfolden high school was Queen Emilie Carlson. The official crowning ceremony came as the climax of the annual homecoming program in the auditorium on Monday evening, Oct. 7. The queen's attendants were: from grade 7, Cindy Green; grade 8, Deanna Jarshaw; grade 9, Janet Holmstrom; grade 10, Laurie Engen; grade 11, Linda Nyvall; grade 12, Janet Hestekind.

The remainder of the program consisted of musical numbers and *skits arranged by the student* council, Lunch, served by the council, followed the program, and a pep rally around the bonfire completed the evening's activities.

Homecoming activities continued on Wednesday with a parade of floats led by the band through town. In the football game the Newfolden Nordics were scheduled to face a strong team from Hallock.

Appearing in newspapers of the Minnesota Editorial Association through the cooperation of the U. S. Soil Conservation Service and the University of Minnesota Institute of Agriculture

Roseau River watershed citizens have been awarded a court order giving their Drainage and Conservancy District the power to function under the Minnesota Watershed Act, according to George Loughland, Chairman of the Minnesota Water Resources Board. Operation under the state's watershed act will make it possible for them to operate in broader areas of soil and water conservation.

"We worked nearly 50 years getting rid of trees and brush—now we are planting trees as a crop," says Hans Cleven, Marshall-Beltrami SWCD cooperator. He now has a certified tree farm on the land that he spent so much time and money to clear. Cleven planted 22,500 more trees this year for timber production on land taken out of crop production. He adds that although he may never harvest the tree crop, it's an investment for his family's future.

Beavers and their meadow-flooding dams are a "pain in the neck" to most farmers and are removed at the first opportunity. But, that's not true for Roger Angstman, Sherburne SWCD cooperator. Angstman told Henry Wilson, Soil Conservation Service technician at St. Cloud, that he was happy to have beavers build four dams on Battle Brook. The brook meanders through a wildlife area on his and a neighbor's land. He says, "The open water in the beaver ponds is great for ducks. And my neighbor and I like the high water table for adjacent sandy crop land." They find the high water table most helpful during a dry spell like they had in June.

A total of 420,630 acres will go "out of inventory" by 1975 due to urban expansion and construction of highways, airports and similar projects, according to the Minnesota Soil and Water Conservation Needs Inventory published in 1962. This leaves a net change of 368,703 acres going "out of inventory."

QUESTIONS Answered for VETERANS

Additional information or assistance on veterans' benefits may be obtained by visiting or writing the VA Contact Office at the Fargo VA Center, Elm Street and 21st Avenue North, Fargo, North Dakota.

Q—Are veterans of World War I entitled to a pension? If they are, is there a required age and do they have to be retired?

A—A pension may be payable to a wartime veteran, regardless of age, if he is totally and permanently disabled not as a result of his military service. The veteran must be unable to pursue a gainful occupation by reason of such disability and his income from all sources must be under certain statutory limits. Details to fit an individual case are available at any VA office.

Q—I have been told that anyone entitled to use the word "G. I." is entitled to veterans' benefits. Is this right and what does "G. I." mean?

A—The term "G. I." might be defined as "government issue" and referred to varied supplies, equipment, clothing, etc., issued to individuals or units in the service. In time it became a slang term referring to the servicemen themselves. It has no standing as an entitlement to Federal benefits.

Q—Why are widows of World War II or of Korean Conflict veterans unable to get pensions from the Government on the same grounds that World War I widows can?

A—That is no longer true. Since July 1, 1960, widows of World War II or of Korean Conflict veterans have been eligible to receive pensions on the same basis as World War I widows. In brief, the deceased husband had to have at least 90 days of service which part was during wartime, he had been discharged under conditions other than dishonorable and the widow's annual income is within statutory limits. Individual details may be received at any VA office.

Lincoln Wins Title in Cross-country

Wins N.W. Conference Meet Held on Tuesday

Coach Roger Solheim's Prowler cross-country squad, paced by the one-two finish of Orrin Joppru and Joel Headley, made a successful defense of its Northwest conference cross-country title on Tuesday afternoon in the meet held here. Joppru turned in a time of 5:52 over the 1.4 mile course at the Tourist Park south of town.

The Prowlers, with a total of 27 points, held a 15 point edge over coach Don Thompson's Bemidji Lumberjacks, who had a score of 42 points. Coach Ambrose Kramer's Roseau Rams squad earned third place with 54 points, while the Crookston Central Pirates had a total of 12 points.

The first ten finishers in the conference meet were as follows: 1) Orrin Joppru, Thief River Falls; 2) Joel Headley, Thief River Falls; 3 Dave Blashill, Bemidji; 4) Eddie Broten, Roseau; 5) Lynn Larson, Roseau; 6) Roy Lelorme, Thief River Falls 7) Steve Honebrink, Thief River Falls; 8) Charles Rogers, Bemidji; 9) Peter Lund, Bemidji, and 10) Lynn Hendrickson, Bemidji. The Prowlers' Larry Sletten finished in 11th place to complete the scoring for coach Solheim's squad.

Newfolden Takes Karlstad 27 to 10

Terry Strandquist Makes 3 Touchdowns for Nordics

The Newfolden Nordics snared the Karlstad Rabbits, 27-10, on the home field on Friday, October 4. This win coupled with Hallock's 13 to 7 triumph over Stephen on Friday evening, put the Nordics in a four way tie with Baudette, Hallock, and Stephen for second place in the Top-of-the-State Conference with 3-1 records. Kennedy leads the loop with a 4-0 records.

Terry Strandquist was the offensive star for the Nordics as he scored three touchdowns and two extra points. His first touchdown came on a pass from twin brother, Jerry, in the third quarter on a play that covered 65 yards; the second on a 17 yard running play, and the third on a 20 yard runback of a pilfered Rabbit pass. His two extra points were on pass receptions from Jerry. Jerry Strandquist, quarterback, scored the other Nordic touchdown on a four yard sneak and he added the extra point with a conversion boot.

The Rabbits presented a rugged defense the first half and the intermission ended in a scoreless tie. In the second half, the long scoring pass seemed to break the Rabbits spirit and the Nordics began to score quite easily.

Coach Elseth cited the excellent defensive work of the entire team but especially the work of linebackers, Keith Grandstrand and Harley Lind, who had 15 and 17 tackles respectively, Tackle Bruce Elseth; and end Ken Anderson. Alan Leigh, Junior halfback, turned in his best running of the season on offense.

Storing Vegetables

The well planned home garden provides not only vegetables needed during the growing season but also vegetables that can be stored for use during winter.

Vegetables and fruits are still alive after they have been harvested and placed in storage. To keep them living as long as possible, we regulate temperature and humidity of the storage room.

A separate room in the basement can be made to store most of the products. Such a room should have a ventilator shaft connected to a window to provide ample ventilation and proper room temperature—between 32 degrees and 40 degrees F. Most basements are too warm for potatoes, apples and root crops. These require both cool and moist conditions.

Onions require cool temperatures but dry air for good storage. Usually they are stored in mesh bags hung from the ceiling in the regular storage room.

Squash and pumpkins require a warm, dry place. The modern basement is usually just right for these conditions.

Store only high quality products free from defects and disease. Make sure they are mature. Pumpkins and squash should be cured for a few weeks to harden the shells.

Cut off tops of carrots to remove a part of the crown with the green top of the vegetable. Place in 10-gallon crocks and cover with a burlap bag. Carrots must be kept in a room where the temperature does not exceed 40 degrees F.

Card of Thanks

We wish to express our sincere thanks to Rev. Arneson, and Mr. Baker for their words of comfort; to those who sang, and the organist; for floral tributes; to the Green Funeral Home and to Tarna Ladies' Aid for serving lunch; to those who sent food to the house and anyone who helped in any way during our recent bereavement. The family of Hilda Fellman 1t81c

In Memoriam

In memory of our dear daughter Connie, who passed away Oct. 5, 1962:

One year has passed since that sad day.
The one we loved was called away,
God took her home, it was His will.
But in our hearts, she liveth still.

Sadly missed by her parents and sisters, Mr. and Mrs. James Conn. 1t81p

LEGAL NOTICE

Sept. 19-26-Oct. 3-10-17-24

NOTICE OF MORTGAGE FORECLOSURE SALE

NOTICE IS HEREBY GIVEN that default has occurred in the conditions of that certain mortgage dated the 20th day of April, 1961, executed by Robert J. Looker and Berniece G. Looker, husband and wife, as mortgagors to First Federal Savings and Loan association of Thief River Falls, as mortgagee, filed for record in the office of the Register of Deeds, in and for the County of Pennington and State of Minnesota, on the 1st day of May, 1961, at 10:00 o'clock a.m., and recorded in Book 105 of Mortgages, page 509; that no action or proceeding has been instituted at law to recover the debt secured by said mortgage or any part thereof; that by reason of such default and in accordance with the terms and provisions of said mortgage, the mortgagee does hereby declare the total unpaid balance of said mortgage to be immediately due and payable; that there is due and claimed to be due upon said mortgage, including interest to the date hereof, the sum of Four Thousand Nine Hundred Ninety-three and 39/100 dollars ($4,993.39); and that pursuant to the power of sale therein contained, said mortgage will be foreclosed and the tract of land lying and being in the County of Pennington, State of Minnesota, described as follows, to wit:

Lot Eleven (11) of Block Five (5) in Highland Addition to the City of Thief River Falls,

will be sold by the sheriff of said county at public auction on the 4th day of November, 1963, at 10:30 o'clock a.m., at the front door of the courthouse in the city of Thief River Falls, Pennington County, Minnesota, to pay the debt then secured by said mortgage and the taxes, if any, attorney's fees, costs, and disbursements allowed by law, subject to redemption within twelve (12) months from said date of sale.

Dated September 10, 1963.

Keeping Score with "Huck" Olson

Will Have to Share Headlines

The T & S Implement team of the Business bowling league, holding first place in that high-average circuit with a 13 and 3 mark, are becoming a bit tense under the pressure being exerted by the Len's Tire Service and Holsum Bread squads. The Len's and Holsum are but three points behind the T & S. It's just a matter of time before the rest of the league will be taking the measure of these "upstarts".

But the T & S will have to share this week's headlines with the Hamm's Beer team of the Friday night City League. The *Hamm's, in their first month of* play, have swept every series, picking up 16 points. The team is bowling at an average of 836 pins per game, holding a 16-pin lead over the Western Oil & Fuel who, in gaining second place with a 14 and 2 mark, are bowling at 820-pin per game average.

For the Hamm's squad, Harold Johnson is carrying a 150-pin average, Chuck Krause is rolling at a 171-pin pace, Gary Anderson is bowling at a 152-pin average, Emil Dostal is at a 171-pin average, Truman Hemmedstvedt is rolling a 172-pin average, and free-swinging Marv Washnesky is pacing the club with an 180-pin average.

A Rough Start

The Fort Frances Royals, who joined the Manitoba junior hockey league this season, were treated roughly in their league opener this past week-end. The Brandon Wheat Kings invaded the Memorial Arena at the Fort for a pair of games on Saturday and Sunday, and the Wheat Kings trounced the Royals by scores of 18 to 2 and 17 to 2. It is evident that the Royals, with their present roster, do not belong in the same league with Brandon, and the four Winnipeg junior teams.

In fairness to the Fort Frances squad it must be mentioned that they failed to obtain the services of several players that had been expected to perform with the Royals. Bob O'Leary, a very highly-regarded junior player, and who was a member of the International Falls Broncos a couple of seasons ago, is being claimed by the Flin Flon Bombers, who hold his card. And Keith Christianson, a star for International Falls on the Broncos state championship team of 1962, is attending Minnesota U at Duluth. And the Fort Frances club officials are having difficulty in obtaining top-flight junior players because of the lack of required schooling. Almost all of the players performing in junior hockey are of high school and freshman college age, and Fort Frances school facilities, for the players wishing to enter college, are inadequate.

Miscellany

Rolf Wangberg, one of the finest distance runners to come out of Lincoln high school, is attending Luther College in Decorah, Iowa. And Rolf, in this his freshman year, is running as the number two man on the Luther cross-country team. I'll make a prediction that before Rolf concludes his college career, and after he gains a bit more maturity, he will be a top-notch small college miler. . .Paul Klungness, another of last season's Prowlers' top athletes, is running with the Dartmouth college freshman football team as a "first stringer". Paul apparently does not have any trouble with his left thigh. You will recall that Paul pulled a muscle in that thigh during the district track meet last spring, and was forced to default his regional track titles in the dashes and hurdle events, and the broad jump. . .And Paul's brother Gary, who transferred to Concordia college from North Dakota State, where he completed his freshman year, is out for freshman football at the Cobber school. . . .Arlo Brunsberg, who has just completed a season of baseball with the Detroit Tigers' farm team in Knoxville, Tenn., is spending a few weeks at his home in Fertile. Arlo will be playing baseball in the Florida Instructional league this winter, and it is apparent that the Detroit front office thinks highly of Arlo's baseball potential. Bill Freehan, the bonus player from Michigan U who has been doing a great amount of catching for the Tigers, was used as a first baseman by the Tigers during the latter weeks of the season. If Freehan is to be considered as a first baseman, and with catcher Gus Triandos placed on the trading block, Arlo's prospects can only be termed as bright.

SHORTSTOP Zoilo Versalles of the Minnesota Twins will be on the program of the 4-H livestock achievement banquet program to be held Thursday, October 17, at Lincoln high school. Approximately 100 4-H club members from Roseau, Marshall, Kittson, Pennington, Red Lake and Lake of the Woods counties who received blue or red ribbons at fall livestock shows will attend. The Minnesota Twins program will follow the banquet at 8 p.m. in the Lincoln high school auditorium and is free to the public. Both the banquet and program are sponsored by the Northern Minnesota Farmers Union Shipping association.

TURNING the corner stride-for-stride are Orrin Joppru (left) and Joel Headley of the Lincoln high school Prowlers cross country team as they competed in the Northwest Conference meet in Thief River Falls Tuesday. Joppru placed first with a time of 5:52 in the 1.4 mile run with Headley finishing a strong second. The one-two finish of Joppru and Headley, seventh and eighth place finish of Roy Delorme and Steve Honebrink and 11th place finish of Larry Sletten gave the Prowlers a 12-point margin over the favored Bemidji Lumberjacks.

Schedule, Friday, Oct. 11

Bemidji at Crookston.
Thief River Falls at Sacred Heart.
St. James at East Grand Forks.

The defending conference champion Bemidji Lumberjacks disposed of another challenger on Friday night when, in a game played on the Bemidji State college field, coach Red Wilson's Jacks defeated the Roseau Rams, 32 to 0.

And this week the Bemidji Lumberjacks disposed of another challenger on Friday night, when, in a game played on the Bemidji squad will be facing another threat too, when they meet the Crookston Pirates on Crookston's Highland Park field. The Crookston club, scoring a 19 to 6 win over East Grand Forks in their conference-opener last week, are given a "dark horse" chance of upsetting the undefeated Jacks. Coach Lowell Larson's Crookston team, with quarterback Steve Erie exhibiting an accurate passing arm, and with fullback Ken Epema showing fine power on drives into the line, is compiling a fine record, having lost but one game, that being the season-opener against a top-ranked Moorhead Spuds team. A couple of weeks ago, Crookston registered a 27 to 7 win over well-regarded Warren team.

In other action by conference teams on Friday, the Thief River Falls Prowlers will play coach Curly Gasperlin's Sacred Heart Eagles on the Hylden field in Grand Forks; and Grand Forks St. James will play at East Grand Forks Central. The Roseau Rams have an open date.

This week's schedule:

Wednesday, Oct. 9—
Hallock at Newfolden
Baudette at Kennedy.
Friday, Oct. 11—
Greenbush at Karlstad

The Hallock Bears, on a pair of first-period touchdowns by Mickey Olson and Doug Streed, defeated the Stephen Tigers, 13 to 7, in the feature game in "Top-of-the-State" conference play last week. The Stephen touchdown, and the conversion point, were scored by Dean Stengrim, the conference scoring leader. The defeat dropped the Tigers into a four-way tie for second place in the league standings, and left the Kennedy Rockets as the lone undefeated team.

In another feature game, and which was played at Newfolden, coach Sheldon Elseth's Nordics, after being held to a scoreless tie in the first half, ripped through the Karlstad Rabbits for four touchdowns in the second half to win by a 27 to 0 score. Quarterback Jerry Strandquist, entering *the game for the Nordics in the* second half, sparked the Newfolden club to their decisive win.

Summer Season Ends on Moderate Upturn, Reserve Bank States

The economy of the Ninth district seems to have ended the summer on a moderate up-note, the Federal Reserve Bank of Minneapolis reported in its current Monthly Review.

Farmers have produced larger crops than expected at midyear, with final output above the five-year average and at near record proportions. Prices received by farmers improved some during the third quarter following a sharp slump in livestock prices in the spring period. While little improvement is expected in farmers' net income position, gross farm income may have expanded more than usual seasonally during the third quarter. Current reports indicate favorable machinery and equipment sales in rural areas. Recent generous rainfall has insured good fall pasture and feed conditions over much of the district; it also has permitted good seeding conditions for the important winter wheat crop, the bank said.

Total nonagricultural employment increased only moderately during the sumer period, although manufacturing and construction strong gains. In general, district employment trends seem to be following approximately the same pattern as the U.S., although weekly hours worked in manufacturing have been consistently higher in the district during the summer.

Expansion trends in such business indicators as bank debit, retail trade, industrial use of electric power, and personal incomes have been strong in recent weeks, the bank added. Since January this year, personal incomes have averaged better than 6 percent above the first eight months of 1962 for a performance above that of the U. S., where improvement was below 5 percent.

District mining and oil industry activity during recent months has not quite matched the same period a year ago in terms of output and employment.

In district banking, both time and demand deposits increased during the summer, with time and savings deposits continuing to a strong upward thrust. Bank loans, seasonally adjusted, also advanced moderately by late September, while total investments declined slightly. Bank borrowings at the Federal Reserve bank and the use *of Federal funds at district* commercial banks showed a declining trend from late June to late September, indicating a moderate liquidity improvement.

Emmett Mousley Will Attend Odd Fellows Parley

District deputy grand masters, regional directors and grand lodge officers of the Grand Lodge of Odd Fellows will attend a two-day workshop in St. Cloud October 12th and 13th. The purpose is to initiate the greatest drive for members in the history of the I. O. O. F. Among those attending will be Emmett Mousley of Thief River Falls.

"The objective of the Odd Fellows Lodge is to make good men better citizens, better sons, husbands and fathers," stated Grand Master Walter A. Johnson, of Clinton, Minnesota, Grand Master of the I. O. O. F., "We want to bring our principles of friendship, love and truth to more men, and the best way to do it is through a concerted drive for new members."

The membership campaign will begin November 1st with the hope of increasing the number of Odd Fellows in Minnesota by "1000 MORE IN '64."

State Creamery Men Hear Mondale at '63 Convention

Hear of Trade Barriers; Association Votes to Oppose NFO Campaign

Atty. Gen. Walter F. Mondale Wednesday told the Minnesota Creamery Operators and Managers association that "trade barriers have kept the Midwestern dairy industry in a state of arrested development."

Speaking at the group's annual meeting in the Hotel Leamington, Mondale also was critical of the U. S. Department of Agriculture's administration of federal milk marketing orders, saying that "it has been used in the past to subsidize milk processing in Eastern areas while Midwest dairy products were diverted to government storehouses under the support program."

He said that as a result of recent hearings, the surplus prices in Eastern markets now are being brought more in line with the competitive prices in Minnesota and Wisconsin.

Mondale said that with additional funds made available by the tax on colored margarine, the state will increase its efforts to expand markets for Minnesota dairy products.

The delegates at the convention without dissent passed a slate of resolutions that included one that would oppose efforts of the National Farmers Organization (NFO) to sign creameries to its master contract. The association pledged its fullest support to other dairy groups which also are attempting to combat what it called the NFO's "aggressive and unfair tactics."

In a business session, Clinton Conley, Browerville, was elected president; Clifford Rasmussen, Nicollet, vice president, and Frank Karsnia, Detroit Lakes, secretary-treasurer. New directors include Karsnia and Elmer Enstad, Austin.

National Guard Is Given New Chief

General Donald Grant Appointed by Rolvaag

Brigadier General Donald C. Grant, 50, Golden Valley, was appointed commanding general of the Minnesota National Guard 47th "Viking" Infantry Division by Governor Karl F. Rolvaag, according to an announcement received from the governor's office Friday.

The retiring commander, Major General Robert P. Miller, Appleton, will pass command of the division to General Grant during colorful "change of command" ceremonies tonight, Monday, October 7, at 7:15, in the Minneapolis National Guard Armory.

General Grant, a native of Minneapolis, is a graduate of Central High School. He and his wife, Norma, have three children: Donald C., Jr., 18, Sheri, 15, and Richard, 11.

In civilian life General Grant is Warehouse Superintendent for Western Electric Company, Inc., Minneapolis. He has been with that firm 32 years.

General Grant joined the National Guard as a private in 1928 and was commissioned a Second Lieutenant in 1937. He served with the 151st Artillery during World War II in campaigns through North Africa and Italy.

He was released from federal duty as a Lt. Colonel in 1946. Grant served active duty again during the Korean Crisis as commander of the 125th Field Artillery.

In 1957 he was promoted to Colonel and Executive Officer of the 47th Division Artillery and took command of the Artillery as a Brigadier General in May of 1962.

Luth. Insurance Firm Names Head

Harold A. Smith, senior vice president of Lutheran Brotherhood, has been elevated to the presidency of the Minneapolis-based fraternal insurance society by the organization's board of directors.

He succeeds Carl F. Granrud as head of one of America's largest fraternal companies, with nearly two billion dollars of life insurance in force.

Mr. Granrud, during whose 12-year term the society experienced its greatest growth, continues as chairman of the board and chief executive officer.

T. R. FALLS MAN BUYS ROSEAU SERVICE STATION

The Fox Service station at Roseau has been sold to a Thief River Falls man, Glen Johnson, who recently returned from two years in Alaska, Roy Kveen, former owner, reported in the Roseau Times-Region.

Johnson, a native of Thief River Falls, is married and he and his wife have a 12-year-old child. They moved into the station quarters Sept. 29, and assumed official operation of the business on Monday.

Farm Income Tax Short Course Set

Slated in Lowry Hotel, St. Paul, October 21-23

The University of Minnesota's Institute of Agriculture will hold its 21st annual farm income tax short course on Oct. 21, 22, and 23.

The short course, conducted by the department of agricultural short courses and sponsored by the agricultural extension service and the department of agricultural economics, will be held in the main ballroom of the Hotel Lowry in St. Paul. The course will cover three areas: Income tax preparation, Federal Income taxes, and State Income taxes.

There will be a number of talks by experts in the field of taxation as well as specific discussions on pertinent tax problems facing farmers. The program will include members of the Internal Revenue Service and the Minnesota Department of Taxation.

The fee charged to participants will be $12.50 for the three day course or $10 for attending on Tuesday, Oct. 22, and Wednesday, Oct. 23.

—John Milton

Wiretapping?

Attorney General Robert Kennedy has asked Congress to give him laws legalizing wiretapping and encouraging intimidated witnesses to talk. Wiretapping as we recall it, was prohibited because of abuses, and Congress should not act hastily in legalizing its use again.

If wiretapping is authorized, the authorization should be limited to a responsible federal police organization such as the FBI. The right to wiretap should not be given to politicians.

In his appearance before the Senate crime investigating committee Kennedy told of how awful the conditions are in some states. In the report we saw, Massachusetts was not listed as one of the states that has a serious crime problem. But Massachusetts does have the reputation of being one of the most corrupt states in the union, and in his zeal for what is right we suggest that the Atorney General give his home state a careful once-over.

Of Course We Should Sell

Our politicians at the national level have been reluctant about expressing their views on proposed sales of surplus wheat to Russia. Their main concern seems to be the possible reaction of voters in the coming election campaign. What is best for the country appears to be a matter of secondary importance.

The critical shortage of food in the Communist countries should strengthen our confidence in our own system. Assuming that the Communist nations will pay a fair price for the commodities they so desperately need, we can see no good reason why we should refuse to sell to them the farm products we have too much of.

Our friends the Canadians, the Australians, the New Zealanders, have been selling to the Communists, and the trading seems to have been reasonably successful and satisfactory. Because we are afraid we might help them, we actually have been hurting ourselves. Our relations throughout the world have been deteriorating and maybe its about time to back away and get a better view of the overall picture while we still have a few friends.

Automation

To many, "automation" is a bad word. It is considered bad by many because they think of it in terms of unemployment — machines replacing men.

Automation is a comparatively new word, but its meaning is substantially the same as mechanization, and mechanization has been with us for many centuries. According to the Financial Post of Toronto:

"The word automation is one which few people define in the same way. To some it signifies something very new and exciting; to others something cold with menace.

"For the very reason that it is so ill-defined and so emotionally charged, it makes an ideal subject for assembling conferences of well-meaning and impressionable people where speeches that sound profound can be made and where cries of horrified alarm can be emitted.

"Automation, of course, has been an advancing process over some millions of years. It got a big forward push when the steam engine was invented. It got another when old Henry Ford rationalized the processes of auto making and when the public at large first got some idea of an assembly line."

The Financial Post points hopefully to a study of automation that has been conducted by the Columbia University's Bureau of Applied Social Research, checking on what is happening to productivity per U. S. worker in various industries. It states:

"The Columbia study says its findings will help explode "the current hysteria over automation". It sees nothing unusual in productivity growth rates over the past decade. "Productivity growth (in U. S. manufacturing) was lower during the 1950s than it was in the 1920s.

"Only about half of U. S. workers are employed in industries where productivity is growing faster than 2½ per cent per year and only one worker in 20 is in industry where labor productivity is growing at more than 5 per cent per year.

"It is in manufacturing industries that the excited believe great new mysterious monsters are chiefly at work. The Columbia study finds that's wrong; that the per-man productivity increase has been about the same in manufacturing and non-manufacturing.

"Productivity increase has been fastest (over 5 per cent per year) in aircraft and missiles, utilities, telephone, coal mining, chemicals.

"In the 4 per cent-5 per cent per year group are agriculture, forestry, fishing, textiles, automobiles, petroleum.

"In the 3 per cent-4 per cent group are things like retail stores, lumber, railways and food manufacturing.

"In the slowest group measured (under 1 per cent per year) are sewage and garbage disposal, education, hospitals."

The Financial Post is satisfied that the Canadian and U. S. economies must grow faster to provide jobs for today's unemployed, plus the onrushing torrent of younger people reaching their first job age. But, it concludes:

"We won't make progress toward that goal if we are totally wrong in the diagnosis of today's problems.

"The current hysteria shouts against "automation" are nothing but a repitition of the blind fury of the Huddersfield weavers who smashed the first "automated" textile machinery.

"But if the past 100 years of man's history has demonstrated anything good and unequivocally, it is that the increasing application of "automation" has been the greatest liberating force of all time—the liberation of human beings from jobs that machines can do just as well. And in the same century the standard of living of everybody—from richest to poorest—in the most highly automated part of the world has improved the most."

Vietnam—Why?

The Kennedy administration obviously *is not proud of its record in South Vietnam.* Just why this area has become our problem, rather than the problem of the United Nations or the nations that have had special interests in that remote area, is not clear. And it probably will not be made clear. All we know is that American soldiers are fighting a war that the American people know little about, and our country is supporting with our dollars a government of doubtful integrity or capacity.

The comment from around the world is not favorable. In its issue of August 29, the Manchester Guardian of England, summod up the situation in this critical language:

"Things go from bad to worse in South Vietnam, and it is hard to see how the United States can maintain its support for President Diem much longer, or how he can survive without it. For years he and his highly personal Administration have been kept in power by American aid (at a cost of more than $5,000 millions), not because he was a great success, but because there was no one better in sight.

But the state department's comment on Friday, that it "did not regard the political conflict as detrimental to the prosecution of the continued war against Communist Viet Cong guerrillas" suggests a queer sense of priorities."

Canada's Sale of Wheat

The New York Times thinks Russia's crop failure, as indicated by the purchase of a huge tonnage of Canadian wheat and flour, may weaken Khrushchev's personal strength in the Soviet Union. The Times points out that some of the most severe criticism Khrushchev leveled at the Communist operations under Stalin ten years ago, pointed up the failures of agriculture up to that time. Then, and since then, he has promised great improvements in the farm program, and more and better food for the people. The recognition of failure, as indicated by the recent purchase in Canada, may have political consequences, according to the Times.

Looking forward to better markets for some of our surpluses, the Times states hopefully:

"The United States cannot take an active part in the fight behind the Kremlin's walls. But Washington can make constructive use of the sale of wheat by Canada. We will directly benefit from Russian sales of gold, which will mean less pressure on our own gold stock. The indirect benefits, however, are incalculable.

"To accomplish this end, the United States must be prepared to turn away from our own artificially high agricultural price supports. The support program has given the Common Market an excuse to reject the American demand for a more liberal European attitude. Moreover, our huge and coninuting surpluses have served as a deterrent against change, for there seemed no rational way to reduce them. But the Administration now has an opportunity to adopt more flexible policies, geared to the new conditions, that will encourage an expansion in foreign trade.

"If persistent agriculutual failure is the Achilles' heel of the Soviet economy, the United States has never been able to exploit the Herculean strength of our own capacity to produce on the farms. The Canadian-Russian deal offers a chance to move out of the rut created by rigid adherence to artificial prices and by European countermeasures.

"The path to trade expansion and greater integration in industry and agriculture is now open. We should not hesitate to undertake new policies that will hasten progress toward these objectives.

Mrs. Olga Farstad and Ila Relerson of Moorhead were coffee guests at the Norman Hagen home of rural Argyle and visited with Mrs. Jennie Anderson, who is an aunt of Mrs. Relerson.

Supper at Bethlehem Lutheran Church

Supper will be served at the Bethlehem Lutheran Church of Newfolden on Wednesday, Oct. 16, serving starts at 5 p. m. and on the menu is baked ham with raisin sauce, mashed potatoes and gravy, glazed carrotts, sliced tomatoes, pickles and jelly, dark bread and rolls, pumpkin delight dessert and coffe. There will be a free will offering taken. Hostesses are Mrs. Anton Anderson, Mrs. Albert Knutson, Mrs. Grace Dyrud, Mrs. Amanda Tunhiem, Mrs. Norman Ueland and Mrs. K. H. Hjelle. Everyone is welcome.

Attend Dedication at Olland Church

Mr. and Mrs. Cambell Thompson and Junice and Mr. and Mrs. Clarence Skyberg and Harvey of Newfolden, Mr. and Mrs. Curtis Thompson and family and Mrs. Gary Carlson and children of Thief River Falls were among the approximately 400 who attended the dedication services of Sept. 29 at Olland Lutheran church northeast of Greenbush, a part of Rev. Snipstead's parish.

Items from the church history revealed that the offering March 13, 1900, was $6.05, which was to be used in purchasing books for the secretary, treasurer and ministerial records. On Oct. 13, 1900, at a special meeting, a resolution was approved that the minister's salary was not to exceed $75 per year. Clarence Skyberg's mother, was a member of the first confirmation class.

Pastor R. J. Huglen served as pastor of Olland church for nine years. Rev. J. I. Nystuen, brother-in-law of Mrs. Torkel Forland of Newfolden, served eight years. Membership in Olland has now increased from 38 to its present membership of 145.

A REVOLUTIONARY ACHIEVEMENT
the magnificent
Magnavox
new
ASTRO-SONIC
Stereo
High
Fidelity

This astounding development exceeds all previous accomplishments in the perfect recreation of music—Stereophonics from FM radio as well as records with incredible fidelity, to give you the greatest musical entertainment you have ever experienced—and all this without a single tube! . . . and only from Magnavox.

The Astro-Sonic has such great tonal dimension it can fill a concert hall like a full symphony orchestra—and in your home can "whisper" the full beauty of music, or shake the walls with the crescendo of a great symphony.

Vacuum tubes and components damaging heat—the source of most service troubles—are eliminated. The Astro-Sonic is so reliable that *the parts are guaranteed for five years*—twenty times as long as the standard industry guarantee for tube sets.

The Classic Contemporary, model 670 in sable or natural walnut, $495

Now solid state circuitry—a by-product of the billion dollar space age—gives ten times the efficiency of a comparable tube set—uses but one-tenth the power—no more than a small light bulb.

Now, large exponential treble horns—ten times as efficient as conventional cone speakers—reproduce treble tones without a blemish of distortion. High efficiency 15" bass woofers give you bass definition you have never heard before.

A new "Micromatic 60" record player completely eliminates pitch distortion—for the turntable speed is as accurate as your electric clock! The new pickup plays at only 1/10 ounce touch, banishing record and stylus wear—therefore the diamond stylus is guaranteed for ten years and your records can last a lifetime.

Come in for a thrilling demonstration of this Stereo marvel.

Highway Dept. Seeks Litterbug Solution

Minnesotans are suddenly becoming more concerned about highway littering, and their continued interest, and that alone, could bring a long-sought end to the problem, says the Minnesota highway department.

Letters to the department requesting information on littering have increased sharply from civic organizations, garden clubs, students and individual citizens thruout the state. They want to tell the facts to others, letters indicate; they want to see a clean Minnesota.

The citizen who takes the time to help check littering is doing a service for his fellow citizens, highway officials believe. It is only through the individual that the problem will be eliminated.

Highway littering is a nationwide and even worldwide problem. Highway litter pickup costs an average of $200,000 annually in Minnesota. The Texas highway department reports that it cost $1,400,000 last year to pick up letter from roadsides and parks; Michigan set aside $446,000 for roadside cleanup this year; Louisiana spends about $200,000 annually to cleanup her highways, and reports that been cans average more than 780 cans to each mile of highway.

Oklahoma currently is seeking a solution to its litter problem and has written all the states asking for ideas on solving it. Connecticut stepped up its anti-litter campaign using a dog with a "Mona Lisa smile" as its symbol. No state has yet found an answer to the problem. Although all recognize that the solution is in individual action, during the past decade no way has been found of exciting the pride of a large enough number of people to have an appreciable effect.

The state highway department has campaigned against the litterbug for many years—coaxing, urging, threatening with fines, but it has availed little. At most, these measures have kept littering at about the same level for five years, while travel and vehicle registration increase about three per cent annually.

Anyone who has ideas on solving this continuing problem is invited to contact the Minnesota Highway Department, Public Information Section, St. Paul, 55101.

600 FHA Girls to Go to Conference at Climax Oct. 19

The members of the Climax chapter of the Future Homemakers of Amrerica are preparing for the coming district fall conference *of the FHA which they will host* Saturday, October 19, at the Climax school. More than 600 girls, representing the thirty-six chapters in District I, have registered to attend the day long conference. District Vice - President, Margo Monson of Climax, will preside over the business session.

Mrs. Betty Dietz, presently home extension agent from Finley, N. Dak. and formerly a FHA Chapter advisor at Climax, will be the event's featured speaker. Another program highlight will be a district chorus composed of FHA members from various chapters, under the direction of Mrs. LeRoy Larson of Climax, which will present several numbers. The noon meal will be served by the Climax Band Mothers Club.

FU Exchange OK's Patronage Refund

Central Exchange Will Distribute $7.1 Million

The largest cash retirement of patronage refund stock in the history of American cooperatives — more than $7.1 million in cash for local co-ops in the Northwest — was announced today by the Farmers Union Central Exchange, South St. Paul.

Some 177 farmer-owned Minnesota co-ops will share in the record setting cash payment, with a total of $1,343,054 to be paid out in this state.

The cash retirement, authorized by the Central Exchange's board of directors, totals $7,103,373 for 799 local co-ops from Lake Michigan to the Pacific. Patronage refund stock for half of 1954 and all of 1955 will be cashed in.

The stock represents savings earned by local cooperatives while purchasing farm supplies from the Central Exchange during 1954-55.

Young Geese Are Moved to Roseau Wildlife Area

One hundred Canada geese at the Minnesota conservation departments' Carlos Avery game farm were moved to new homes in the northern part of the state last week. Forty of the young geese were transferred from the game farm to pens on the Roseau River Wildlife Management area in Roseau county and another 60 moved to the Lac qui Parle area in western Minnesota.

As part of a project to establish populations of geese that will return to Minnesota each spring to nest, the conservation department has been taking young geese hatched by captive flocks at the game farm and transferring them to state-owned wildlife areas.

There, the birds are kept three years in captivity and then released as free-flyers in the spring to nest. The birds, both adult and their new young, are then allowed to fly south during the fall migration in the hope that some of them will return to the wildlife area to nest the following spring, obeying a strong homing instinct common to all geese.

"Breathe deeply and say Ah - love you!" says Tammy, the hilarious Miss from Mississippi. The doctor who appears worried about the state of his heart is Peter Fonda. Tammy is played by Sandra Dee. And the picture is "Tammy and the Doctor" . . . all about a very infectious kind of heart-trouble called boy-meets-girl. Starts Sunday, Oct. 13 at the Falls.

Seat Belts Added to Many 1964 Cars

Manufacturers Praised by State Safety Chief

Major auto manufacturers who are installing safety seat belts as standard equipment in 1964 passenger cars deserve high praise for contributing to traffic safety, says Garnet E. Hall, safety director of the Minnesota highway department.

Hall called it a major step in promoting the use of seat belts in every car in the nation, an event that would reduce annual traffic fatalities by an estimated 5,000 lives.

Two big problems still remain, Hall pointed out; first, to convince motorists who don't have seat belts to get them; and second, to convince everyone to use the belts at all times, from the time they step into the car until they get out.

Very few people use seat belts in city driving, studies show. Yet, slightly more than half of all accidents that cause injury or death occur at speeds less than 40 mile per hour. Studies have shown that at 30 miles per hour an impact will create a force 30 times the strain of gravity.

The stamp will be printel in blue and black and on white paper.

Three Fined $250 Each, Forfeit Car for Deer Shining

Three "deer shiners" were apprehended by state game wardens near Northome recently with the aid of the landowner on whose property the men were hunting.

When taken into custody, the men had a deer which had been shot with buckshot and then finished off with a .22 pistol.

The three men were identified as Gary Kitschler, 22, 5002 Sixth St. N. E., Minneapolis; Duane B. Brown, 26, Walker; and Edward A. Quam, 27, 17920 30½ North, Wayzata.

The men pleaded guilty before District Court Judge Gordon McRae at International Falls on September 30. They were fined $250 apiece and wardens seized their car, a 1963 Oldsmobile, and the two guns.

Explain Trapping Rights on State Wildlife Areas

The Minnesota conservation department acted today to clear up possible confusion concerning the right to hunt and trap on certain state-owned wildlife management areas.

The Department says the confusion has apparently arisen due to the wording of the 1963 hunting synopsis with reference to the permit required to trap on the following wildlife areas: Mille Lacs, Lac qui Parle, Roseau River, Hubbel Pond, Orwell and Thief Lake.

A special permit must be obtained from the wildlife area manager to trap on these six areas but no permit is required to hunt except the regular hunting license.

Some of these areas may contain clearly posted refuges within their boundaries on which no hunting or trapping is allowed at any time.

AT THE CHURCHES

Community Methodist

Rev. A. Dean Headley, Pastor

"Nature's Crown, Man's Faith" will be the sermon theme for the 9:30 and 11:00 worship services this Sunday. The beauty of autumn can remind us of death or of a preparation for life-Spring. How may we develop a faith to meet the present needs? The school will meet at 9:30 and 11:00 for all ages through grade 6 at both hours, grades 7-8-9 at 11:00, and grades 10-11-12, at 9:30 with the adult class. There will be baptisms of infants at both hours, phone office for the service.

At 7:00 the men of the church will meet for an organization and planning session, all are cordially invited. At 8:00 the official board will hold a regular meeting with commissions, organization leaders, and trustees cordially invited to attend. *It is important for every one* to be present. Study, and bring the agenda received in the mail this week.

There will be no MYF this evening, but Sunday, Oct. 20, both Juniors and Senior MYF will go to Wadena for the Fall District Rally. Make plans now to attend.

The Prayer fellowship meets Tues., 10:00 at the parsonage; Released Time classes Wed., 11:00 at Epworth Hall; the Junior choir 7:15, and the senior choir 8:00 for their regular rehearsal. The all church rummage sales will continue this Friday in the Attic, back of Epworth Hall, from 9 to 5:00.

Members will be received into the church Sunday, Oct. 27, at both worship services.
